...A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

The Board of Elections in the City of New York, as provided under Section 3-200 of the New York State Election Law, is responsible:

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

This year we have implemented numerous initiatives, and on behalf of all the Commissioners, I would like to thank the dedicated staff who continue to strive to create a highly effective agency and improve the voter experience to serve the 4.6 million registered voters.

Our Executive Management team, led by Michael J. Ryan, Executive Director; Dawn Sandow, Deputy Executive Director; Pamela Perkins, Administrative Manager; and Georgea Kontzamanis, Operations Manager, was able to successfully implement many initiatives and worked with various agencies and elected officials across the City to improve our Election Day Operations and our overall day-to-day process.

This 2015 annual report will highlight many of the successes of the agency and include a detailed analysis of each of the departments within the Board of Elections in the City of New York.

The Board procured 3,000 tablets and distributed them to our poll site coordinators, Assembly District Monitors, and Board Voting Machine Technicians. The tablets provided them with the ability to look up the voters' poll site address using our poll site locator and thereby improve the voter experience. The tablets allowed us to communicate in real time with Board staff to quickly respond and resolve incident tickets and to transmit the Unofficial Election Night Results.

This year the Board of Elections in the City of New York hired Election Center, a nonprofit organization whose purpose is to promote, preserve, and improve democracy. They observed classes as well as Election Day operations throughout the five boroughs and provided various recommendations. As a result of their observations, our Poll Worker Training Program was revamped to meet the new initiatives that were implemented.

We received continued positive feedback regarding the Board's poll site locator www.nyc.pollsitelocator.com, which allowed voters the ability to identify whether they had a primary election, if so, to locate their poll site (with turn-by-turn directions) and view a sample ballot.

With the upcoming 2016 Presidential Election, the agency is faced with four elections including the Presidential Election. The Commissioners of the Board of Elections in the City of New York voted to convert 120 temporary positions into permanent job titles. We also increased the hourly wage of temporary workers to \$13.

The Board retained Evan Terry & Associates, a third-party expert, to evaluate the use of poll sites to determine whether they meet Federal ADA requirements.

The following annual report will detail many of the advancements made during the year in much more detail. This report highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit the website for more information, including various appendices not included in the printed version.

Our outreach staff continued to go across the City, visiting all five boroughs for our yearlong effort to register eligible voters, continue public education efforts, and recruit poll workers. We saw continued success with our www.nyc.electiondayworker.com as a mechanism to sign up poll workers and increase our database of voters who wish to receive pertinent messages from the Board. In an effort to expand upon our already transparent process, we worked with a vendor to provide live webcasting of all our Commissioners, hearings and/or committee meetings. Please visit the Board's website www.vote.nyc.ny.us to view archived meetings and sign up to receive notices of upcoming meetings.

Communications and Public Affairs

VALERIE VAZQUEZ
Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the voting system, the Board continued its education efforts in 2015 to ensure New York City voters were becoming more familiar with using the voting system during the 2015 Election cycle and focus on voter registration and pollworker recruitment.

As a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2015 public education campaign centered on a multi-pronged approach:

1. Continued voter education to raise awareness and prepare voters to use the voting system;
2. Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the system on Election Day; and
3. Increasing voter registration by attempting to register new voters at all scheduled outreach events.

2015 Public Education Campaign Goals

- Continue to Educate NYC Voters
- Recruit New Poll Workers / Register new Voters

The 2015 Public Education Program targeted voters in all five boroughs. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities. By Federal mandate, all public educational material was provided in English, Spanish, Chinese, Korean and Bengali.

The public education campaign continued to use and build upon a surround-sound communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.

Communications and Public Affairs Cont'd

- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.
- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.
- Educational materials in multiple languages were distributed at community events and made available on the Board's website.
- Targeted media outreach was conducted that focused on providing information about the new voting system and encouraging eligible voters to serve as poll workers and interpreters. Campaign highlights such as an online voter survey, the posting of online sample ballots and the distribution of voter tips prior to Election Day were pitched to the media to help spread information to all NYC voters.

Additional highlights of the 2015 public education campaign include:

- The Board's continued posting of online sample ballots in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team continued to proactively engage local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.
- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.
- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages starting when the poll sites opened and continuing until the poll sites closed.

The home page of the Board's website prominently features tools and resources working towards the Board's priorities — including public education on voting the new way, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers. With the click of the mouse, users will also be able

to translate the entire NYC BOE website into Spanish, Chinese, Russian, Korean, or Bengali, enlarge their text and share the entire webpage with a friend. The website also highlights the Board's social media pages and allows readers to sign up for email updates from the BOE. The Board's website had a total of 917,170 visits, with 184,522 clicks to the poll site locator.

WWW.NYC.POLLSITELOCATOR.COM

Poll Site Locator (PSL) is a web application optimized for viewing on a smartphone, tablet or desktop screen. With one simple address search from any device, voters have instant access to the latest poll site information from wherever they are. They see where to vote — along with Google Maps™ directions from their current location or home address, a list of upcoming elections, a full contest list, access to a sample ballot and much more.

If changes occur, be it through unplanned events or regular redistricting, voters can subscribe to email alerts. The site handles all the leg-work so that election officials can just sync the site and sit back while all their Change Notices are delivered electronically. Voters using Poll Site Locator are up-to-date, confident and empowered on Election Day.

NEW DESIGN OF DEDICATED MAILING PRIOR TO GENERAL ELECTION:

In an effort to improve communications with the voters, the annual Voter Information Notice Mailer was significantly changed in the past year. Originally, all five languages were printed in one mailer and distributed to all voters. The new version provided the following segmentation:

- Queens voters received the Voter Information Notice in all five covered languages: English, Spanish, Chinese, Korean, and Bengali
- Bronx and Staten Island voters received the Voter Information Notice in English and Spanish
- Manhattan and Brooklyn voters received the Voter Information Notice in English, Spanish and Chinese

By using this targeted approach that reflects the federal language assistance requests, the Board was able to more effectively deliver information to the voters and create better print efficiencies for current and future mailings.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, I am, along with my staff, responsible for all activities that pertain to registering people to vote in the five boroughs of New York. This includes:

- Overseeing the boroughs' responsibility to maintain the records of all registered voters. According to the New York State Board of Elections database, the total number of registered voters in the City of New York for **2015** is **4,551,796**. This number includes both Active and Inactive voters (Active voters – **4,107,700**; Inactive voters – **444,096**). These figures are run biannually, on March 1st and November 1st of each year, and posted on the New York State Board web site.
- Reaching out to all eligible voters in the City of New York and making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished by:
 1. conducting registration drives at various community activities and locations (street fairs, work fairs, community organization meetings, senior citizen community centers) and providing materials that explain the voting process.
 2. working with the Department of Education by visiting city high schools and providing students who are going to be eligible to vote with registration applications and materials that explain the process of voting.
 3. distributing voter registration materials to the public. All voter registration materials are translated, in accordance to law, in the four languages – English, Spanish, Chinese, and Korean.
- Providing and making sure that all registration materials are updated in accordance with New York State law.
- Sorting all registration applications according to borough, time stamping them, tracking the numbers, and coding – Registration, Department of Motor Vehicles and Agency, Code "9" selected city agencies, Code "D"- Department of Education. The registrations are put in borough order and distributed to the boroughs on a daily basis for borough processing into the voter system.

Voter Registration Cont'd

- In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the federal government committed sweeping election reforms that would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006, all first-time voter registrations within the State of New York have to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. To accommodate the voter, the registration application was redesigned to provide a box where this HAVA ID information is required. Those who do not provided the necessary identification information, will receive a "First Time Voter Letter" asking them to provide the identification information. If no identification has been sent by the time of the election, the voter will be asked to provide this information at the poll site. If the voter still does not provide it, he/she will not be allowed to vote on the machine but will have to vote by affidavit ballot.
- Ordering and tracking all voter registration materials both in the Brooklyn Voting Machine Facility, where voter registration is stored, as well as in the General Office.
- Making sure that all Voter Registration materials are updated and translated into the four languages required by law — English, Spanish, Chinese, and Korean.
- In 2010 the State Board of Elections redesigned the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2011 the State Board of Elections redesigned the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is done in English, Spanish, Chinese, and Korean.
- Providing Russian translation "Registration and Voting" booklet on the web page with English registration application. This was done per State Law.

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 20 City agencies must provide voter registration forms to their clients, contractors, subcontractors (literally anyone with whom they come in contact) in the performance of services, mailings, and whatever other transactions take place on a daily basis.

The law requires that the Board of Elections supply these agencies with all the materials they will need in the performance of these tasks, i.e. registration forms, display boxes, booklets, posters in all the four languages that are required by law

(English, Spanish, Korean, and Chinese). The total number of Code "9" registration applications that were given out in **2015** was:

English	178,000
Spanish	96,000

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested **20,000** Code "D" registration forms to be delivered to the designated offices of the CUNY schools. The "Code "D" registration applications contain a small box at the upper left-hand corner with the letter "D" in it. This enables the board to track how many of these registrations are processed. INFORMATION NOTICES

In August of each year, the Board of Elections sends out Voter Information Notices to all Active and Inactive registered voters. These Information Notices give voters all the necessary information regarding the upcoming elections as well as inform them where their poll site is and what district the voter must vote at.

Many voters had commented in the past that their poll site had been changed and they were not aware of it, so that when they went to vote they had to vote at another poll site.

In 2005, the Information Notices were redesigned to include notice to the voter that his/her poll site changed. The space on the Information Notice indicating the change of poll site was **BOLDED**.

- The Normal file – the poll site remained the same.
- The **Bold** file – the poll site has been changed.

The 2015 Information Notice was redesigned to include the instructions for the use of the new voting machine.

The total number of Information Notices sent out to Active voters in August 2015 was **3,914,916**.

In August of 2015 Information Notices **3,812,939 TOTAL – ACTIVE VOTERS ONLY**

The Confirmation Notices are sent out to the voters whose Information Notices were returned to the Board of Election as undeliverable. Confirmation Notices are sent to check again whether a voter is indeed not living at the address which appeared on the Information Notices.

If the Confirmation Notices are returned undeliverable, then the voter is made Inactive. The Inactive code is **X**. This voter goes from an Active to an Inactive (A to X) status.

In January we began the distribution of our usual supply of registration forms (in all four languages) to all the libraries and post offices in New York City. Included with these were posters, a display box, and order forms which could be faxed to us requesting replacement supplies.

DEBRA LEIBLE
Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions varying in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists.

DOOR CLERKS Door Clerks were renamed Accessibility Clerks and are assigned to poll sites with alternate accessible entrances where doors cannot remain open or where other assistance is required. They are assigned to doors and elevators that do not have Braille and they act as warning clerks where there is a hazard of someone tripping or bumping into something on the way into the poll site.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two INSPECTORS at each Election District or board, one enrolled Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. POLL CLERKS are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of Polls.

Once the Polls Close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag, which contains the Portable Memory Device (PMD), the Zero Report and the Results Tape. The ENR team uses the Radio Frequency Identification (RFID) Station to verify that the all of the Small Yellow Scanner Pouches and PMDs have been delivered. Once verified, the ENR Team uses the Election Night Reporting Laptop to upload and transmit the Results to the Board of Elections.

A.D. POLL SITE MONITORS are a bi-partisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Accessibility Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, nyc.electiondayworker.com, or by indicating interest in serving when completing their Voter Registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2015, we had 316 available Adjunct Trainers and Assistant Trainers to conduct poll worker training. There were 2,852 classes at 97 training sites throughout New York City. These classes train the poll workers to use the Basic Poll Worker Manual, visual aids, and various voter information forms and materials used on Election Day. Demonstrations of the AutoMARK Ballot Marking Device (BMD) and the Optical Scanner Voting System are included in the training. The Board assigned 80,216 workers to class and trained 43,678 poll workers in 2015. We continued to use step-by-step laminated instructions for the BMD and Scanners. The purpose of these cards is to make it easier for the Poll Workers to open and close the BMD and Scanners simply by working in teams of two — one reading the step-by-step instructions and the other performing the required steps.

The Basic Poll Worker Manual replaced the Poll Worker Procedures Manual. It contains a section on diversity and incorporates the customer service training from the Poll Worker classes. The poll site signage provides voter information and assistance in all five (5) mandated languages based on what is required in each borough. These multi-language materials include "How to Use the Scanner" and the NYS Voter Bill of Rights.

NURSING HOMES PROGRAM

The Board of Elections provides special services to Nursing Care Residential Facilities and their occupants. During the 2015 Special Election, State Primary, and General Election, Board staff made 162 visits to Nursing Home facilities and delivered 6,667 Absentee Ballots to residents.

EDO DEPARTMENT

EDO Department Staff assists with educating voters on the BMD, Scanner, and Election Procedures. They organize demonstrations of equipment when requested throughout the five boroughs as well as attend recruitment events for Poll Workers. In 2015, there were 11,457 Poll Workers recruited through various events and organizations.

Voting Equipment Operations Unit/Poll Site Management

JOHN P. O'GRADY
Chief Voting Machine Technician

VOTING MACHINE FACILITIES

The Voting Machine Facility Staff continued to increase their knowledge of scanners and BMDs, which resulted in enhanced efficiency in the preparation of the equipment for an election. This year Voting Machine Facility Staff were trained by ES&S on preventative maintenance on both scanners and BMDs to increase their knowledge of the equipment. The average time to test and prepare the scanners and BMDs is about 50 to 60 minutes per device.

During 2015, the Voting Machine Facility Staff with the assistance of ES&S were able to address equipment problems on Election Day within 29 to 41 minutes.

POLL SITES

In 2015, the Board of Elections VEOU-Poll Site Division goals were:

- The continuation of making polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- Ensuring that each polling site contained appropriate square footage, had an accessible entrance that was visible, was technology-friendly and reliable, and contained a survey that included; schematics for accessing polling sites and floor plans that detailed the placement of the Election Day equipment.

Federal Court Order Implementation:

In response to the requirements of the United Spinal Association Federal Court Order, VEOU reviewed 356 final surveys with accessibility barriers submitted by Evan Terry Associates, the court-appointed expert. Only 217 of the final surveys were received prior to the completion of the election cycle. As a result of the reviews, solutions to overcome barriers in the 217 poll sites were implemented. The solutions included but were not limited to; the placement of additional accessibility clerks and the installation of door props, cones, ramps and mats in polling sites.

BOE-VEOU reviewed and updated its procedures where necessary in order to comply with the requirements of the court order. One area of enhancement to the procedures is poll site floor plans and schematics. These will clearly identify by letters all accessible entrances and pathways leading into and out of the polling room. This will allow for the placement of accessibility clerks and/or equipment where needed to resolve any barriers within the poll site. In addition, the Board modified and continues to enhance its Facility Management System for tracking of the solutions to barriers.

In accordance with the requirements of the court order, BOE surveyors attended a four-day training program provided by Evan Terry Associates about how to conduct poll site surveys. The class consisted of two days of classroom training and two days of hands-on field surveying accompanied by an Evan Terry Associates staff person as the lead surveyor. This class greatly enhanced the BOE-VEOU surveyors' ability to identify and recommend solutions to accessibility issues at poll sites.

In addition, the Board also developed an application that allows our surveyors to record their findings in the field in real-time. This will allow the Board's management team to review surveys, conducted by staff, while they are still on-site. In addition, the Board of Elections has trained their poll site surveyors on the use of Turbo-CAD, which allows the Board to display the proper placement of equipment in the polling room.

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

In 2015, work progressed smoothly on the build-out of the new Queens office at 118-35 Queens Boulevard and will be move-in ready on December 14, 2015.

The new facility is comprised of the entire 11th floor, half of the 10th floor, and space in the lobby which will serve as a customer service area with public computers.

The new facility features a spacious, state-of-the-art training room and large conference rooms. It also features a state-of-the-art Disaster Recovery Room, which will serve as a backup for all five boroughs.

At our General Office at 32-42 Broadway, the first phase of the renovation has been completed.

This consists of:

- Painting of the entire space
- New flooring throughout both buildings
- New 6th floor pantry
- New ADA compliant bathroom on the 7th floor of 42 Broadway

Starting in December 2015, the second phase of the renovation will kick off. It will include, completion of all new bathrooms in both 32 and 42 Broadway.

New reception counters for the 7th floor of 32 and 42 Broadway, as well as all new ceiling tiles, new lighting, and a new executive area pantry will also be part of phase two.

At **450 West 33rd Street**, which houses the Manhattan VMF, the Brookfield Properties facade renovation project is more than 50% completed. Also, we are upgrading all mechanical rooms and building systems.

At **200 Varick Street**, all renovation work is completed as of December 2015. This includes painting of the space, new flooring, new carpeting, and new light fixtures. A new computer room AC unit has been installed as well.

We are in the process of ordering all new work stations which will be in place early 2016.

SHERWIN SUSS
Agency Chief Contracting Officer

The procurement Department's function is to oversee and process all of the Board of Election contracts for goods and service to ensure compliance with the New York City Procurement Policy Board Rules (PPB Rules).

The PPB Rules were developed to ensure that all city agencies procurement practices are uniform in application; and provide fair and equitable treatment to all persons doing business with the city.

VENDOR DATABASE

The Board continues to expand its database of vendors. The Board continues to investigate ways to increase competition for goods and services and cost savings for the agency. The Board also avails itself of the many DCAS Citywide and State OGS contracts where cost savings can be maximized.

PREFERRED SOURCE SOLUTIONS AND MINORITY WOMEN BUSINESS PARTICIPATION

The Board continues to aggressively expand its use of Preferred Source providers through NYS Industries for the Disabled (NYSID), receiving excellent services at competitive prices while providing employment to New Yorkers with disabilities.

The Procurement Department is moving to implement the small purchase module now used by the mayoral agencies. Under the module vendors are randomly selected from NYC approved lists based on the goods and services provided by the vendor. This module also provides that when available at least 50% of the vendors solicited are certified minority women business enterprises. In this way we hope to increase awards to minority women businesses and help NYC reach its goal for minority women business participation.

Where possible and applicable, the Board strives to use local or NY based companies. In this way the Board contributes to the overall economic multiplier effect that plays a vital and supportive role in NY's economy.

Electronic Voting Systems Department

JOHN NAUDUS
Director, Electronic Voting Systems

"The mission of the Electronic Voting Systems (EVS) Department is to administer and support the Board's computerized voting systems during pre- and post-election activities conducted in each of the five counties in the City of New York."

The Board's computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots; the Election Management System for Ballot Marking Devices (BMD); and the Poll Site Voting System (PVS) used at the poll sites on Election Day. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process. In addition, EVS helps develop enhancements (subject to State Board of Elections (SBOE) approval and certification) that improve upon the smooth operation of the systems.

EVS provides assistance and support during pre- and post-election activities in each county. Some of these activities include:

- Testing the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots
- Writing the Portable Memory Devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each Poll Site Voting System scanners
- Re-canvassing election results
- Canvassing ballots for Write-in Votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit Ballots

The Board conducted three elections in the year 2015: the May Special Election, the September Primary and the November General Election. The Poll Site Voting System (PVS), the Ballot marking Devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots were used in all three elections.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

At the close of the polls on Election Night, the Poll Site Coordinators used tablets to transmit the unofficial election results directly from all poll sites active in the General

Electronic Voting Systems Department Cont'd

Election. The unofficial results on the Portable Memory Devices (PMDs) are read into tablets. The Tablets transmit the unofficial election results to an SFTP (Secure File Transfer Protocol) Server at the General Office.

ERM (Election Reporting Manager) Servers at the General Office read the unofficial results from the SFTP Server. At periodic intervals throughout election night, the unofficial results are electronically transferred to the Board's web site, the State Board of Elections, the Board's S-Elect system and the Media.

In addition, the materials used at all poll sites accompanied by an Election Night PMD Return Form are packaged and sealed according to the Board's established poll worker procedures. An NYPD detail transfers the materials to the Police Precincts. Bi-partisan teams of Board personnel receive the materials at each Precinct.

The materials received, which include the PMDs used in the Poll site Voting System on Election Day, the unofficial results on the PMDs are read into Election Night Results (ENR) laptops. This second reading of the PMDs insures that unofficial election results are sent to the General Office if a PMD was not read at the Poll Site. When the reading process is complete, the materials are re-sealed. At the end of the process, the bi-partisan team returns the Election materials to the NYPD. NYPD then transports the materials to the Board's Voting Machine Facilities (VMF).

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS AND THE RE-CANVASSED RESULTS

General Election

Average difference between the ENR and Re-Canvassed results: 1.8%

Primary Election

Average difference between the ENR and Re-Canvassed results: 0.26%

Special Election

Average difference between the ENR and Re-Canvassed results: 0.18%

For a breakdown of the use of both the ENR Laptops and the Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2015. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9:00pm to 9:00am the next morning) as follows:

Election	Number of views
Special	98,067
September Primary	288,963
General Election	383,658

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to re-use Portable Memory Devices (PMD) prior to the two year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software.

Teams of bi-partisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided on-site guidance and support throughout the entire archival process.

BALLOTS

For all of the Elections in 2015 combined, more than 316,000 ballots were cast in the city of New York. About 20,000 ballots were Absentee, Military and Affidavit ballots that were processed by the central scanning and tabulation system, or manually tabulated. In addition, more than 296,000 paper ballots were cast at poll sites, and scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2015.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Personnel and Records Management

NINA CRISPINO
Director of Personnel /
Records Management Officer

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged Violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

The Director of Personnel also serves as the Records Management Officer for the Agency. Monitoring the storage and disposal of Agency Records following the guidelines set forth by the NYS Retention and Disposition Schedule.

GERALD SULLIVAN
Finance Officer

The Finance Department provides the fiscal infrastructure for the continued operation of all of the Board’s day-to-day operations as well as identifies the Board’s long term budgetary needs.

The department oversees the funding and allocation of the Board’s Other Than Personal Services (OTPS) and Personal Services (PS) budgets. The Accounts Payable unit within Finance is responsible for satisfying all financial obligations of the agency. The Budgetary and Special Projects unit is responsible for financial analysis of the Board’s current and future budgetary needs and the acquisition of capital funding for various agency projects. The Finance Officer provides ongoing financial analysis throughout the year, which includes support for the Executive Management team in the preparation and presentation of the annual Preliminary and Executive Budget testimonies before City Council.

The department interfaces directly and on a daily basis with the City’s Financial Information Services Agency (FISA) via the City’s Financial Information System (FMS). It works in close coordination with the agency’s Purchasing Department and provides financial reporting to the Comptroller’s Office, the City’s Department of Finance, the Office of Management and Budget, the New York City Council, and the Board’s Executive Management and Board of Commissioners.

CALENDAR YEAR 2015 BUDGET HIGHLIGHTS

In Calendar Year 2015, the Board of Elections conducted the following election events: a Special Election for the Eleventh Congressional District (May 5th), a Citywide Primary (September 10th), and a Citywide General (November 3rd).

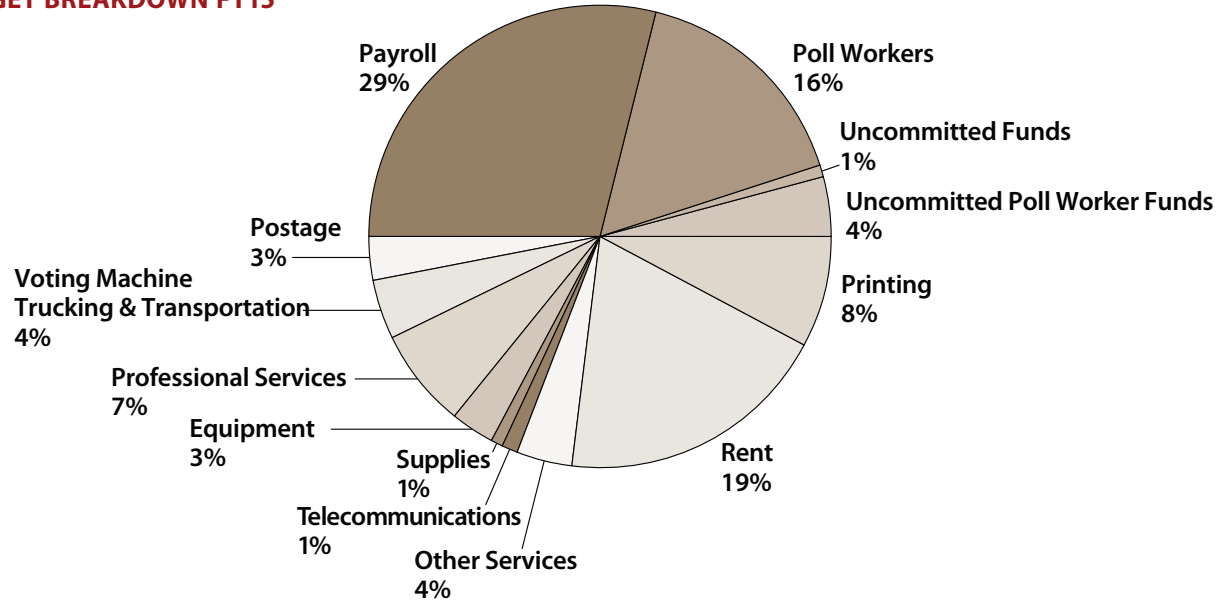

The department sought and obtained \$3.25 million in capital funding from the City’s Capital budget. This funded such projects as servers for a new Back-Up Software System, an upgrade to our Phone Bank system at the General office and Staten Island office, as well as the build-out and outfitting of a new Queens Borough office facility located at 118-35 Queens Boulevard.

Management Information Systems Department (MIS)

STEVEN FERGUSON
Director, MIS

OVERVIEW

The MIS Department experienced new and expanded challenges in 2015. In addition to our normal support for the 2015 election events, we expanded the scope and operations of our Election Information Systems. As in recent years, the Department has been required to respond to tight deadlines while at the same time providing ongoing operational support, systems enhancements, and major new development.

In 2015, we were again working with staff limitations while installing a full range of new hardware, systems software, VM structure, and also providing greater capacity in our data network facilities for Executive Office (EO) and Disaster Recovery Site (DR)-(New Queens Office) data centers. At the same time upgrading, developing, installing, and expanding new and advanced computing capabilities such as mobile and cloud computing.

Our 2015 accomplishments would not have been possible without the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith, and N-Tier).

MIS AREAS OF RESPONSIBILITY

The MIS Department is responsible for all BOE **Election Information Systems (EIS)**, operations and management of two major data centers (Executive Office (EO) & Disaster Recovery Site (DR)), Mobile and Cloud Operations, user support, email and data security systems, data networks, phone systems and the print shop. In addition, our systems interface with other staff applications, organizations, and agencies including:

1. New York State Voter Database (NYSVOTER)
2. DMV Voter Registration Process via State BOE
3. NYC Agencies – Electronic Voter Registration (EVR/MA)
4. Interface for Election Night Results (ENR)
5. ES&S Systems and Functions
6. City Planning

EIS Mobile (AVID) Electronic Voter Registration/Multiple Agency Avid Mobile

EVR/MA is a new product whose initials stand for Electronic Voter Registration/Multiple Agency. While this product was designed to be used as a cloud-based electronic voter registration and absentee processing system for all voter types (regular, Temp/Perm Absentee, Military and Federal), we rolled out an initial version to support voter registration at city agencies.

This product offers a callable interface that city agencies can invoke to transfer information contained within their system to the cloud-based EVR system where an applicant can register to vote or modify his/her voter registration. Importantly, the ultra-secure environment sends encrypted transactions to the on-premise Board of Election systems — no voter information is held in the cloud. We also developed and distributed new transaction coordination servers and AVID 5 queues to support transactions from the EVR/MA system. We went live with DCAS as our first agency in the last quarter of the year.

EIS CORE AVID SUB-SYSTEM DEVELOPMENT & EXTENSIONS

In 2015, we rolled out two major initiatives to enhance the voter registration process. These included a major upgrade release of the voter registration system AVID version 5 and a new cloud-based registration system for city agencies EVR/MA.

AVID 5 is a totally rewritten version, taking advantage of the latest design techniques and underlying platform enhancements. The new design includes dynamically defined queues to support both physical paper-based document queues and virtual electronic transaction-based queues. To support the definition of these dynamic queues and other new configurable entities, we also rolled out a new companion AVID 5 System Administration product.

DATA CENTER & GENERAL SUPPORT

Our hardware, systems software, and network programs are managed and operated as part of our MIS program. In summary, MIS manages two major data centers (Executive Office and Queens DR Sites) and nine operating locations with over 500 work stations, over 100 printers and scanning devices with associated servers, and nine network centers with associated network equipment. These include:

1. MIS Infrastructure, Data Centers, System Software, Data Security, Backup Operations and Processing Support
2. VM infrastructure allocation and operations
3. Maintenance of all Application Authorizations and Access Security
4. Management and Operation of the Help Desk Process
5. Maintaining and Managing the internal and external Email and Exchange System

In 2015, we moved the additional operations tasks associated with the Queens Office and constructed a new DR Site with all the infrastructure and VM capabilities of our EO Datacenter.

EMAIL AND EXCHANGE PROGRAM

E-Mail and Exchange system was modified in 2015 to address new and expanding requirements for interfacing with multiple email facilities while maintaining the integrity and security of our internal system. We are also in the process of upgrading Exchange to the 2010 version and providing the ability for a controlled mail forwarding process for mobile email access through Office 365 Accounts. These outside accounts exist to:

1. provide the ability to read and respond to emails that were sent to user desktops while not on premise.
2. provide a copy of email off premise (for recovery purposes).
3. provide a completely independent email capability should both central and disaster recovery sites go down.

TABLET PROGRAM

The Tablet Program has been a multi-departmental program in which the MIS department has played a significant role in the programs planning, hardware selection, and initialization. MIS staff's achievements include:

1. Management of the inventory {Ultimately 3000 for (Poll Sites Coordinators, Information Clerks, Techs and BOE Staff)}
2. Asset Tagging and Unitizing
3. Configuration
4. Readyng the Windows OS, Election Responder, Poll Site Locator and Table Finder
5. Readiness and Testing of Verizon Jet Packs (Ultimately 1500)
6. Readiness (wiring and testing) of the Charging Carts
7. Testing of the EVS - ENR Software
8. Testing end to end connectivity
9. Temporary Space for Setup and Testing
10. Managing Mobile Device distribution to the Borough VMFs

DATA NETWORK & VOICE SYSTEM

The MIS Network Group, comprised of three staff members, is primarily responsible for the BOE WAN, LANs, and VoIP Telephone Systems at all BOE locations. These locations are the General Office, Borough Offices, and VMFs. To serve computing and communications needs for the agency, there is a Primary data-center in the EO and a DR site in Queens. Additionally, there are nine different Computer Rooms (aka LAN Rooms) at BOE locations other than the Executive Office. All BOE locations are interconnected via primary and backup links known as the Wide Area Network to these two datacenters. The group is responsible for maintaining 24x7 secure connectivity from the BOE datacenters to many outside entities, such as the New York State BOE datacenter, other City agencies (DoITT, FISA, DoB, DCAS), and voting machine vendors, and Cloud-based resources (servers and applications).

The Network Group provides frequent field service to all BOE locations for new installation and upgrades as well as to troubleshoot and repair connectivity issues, timely OS upgrades, computer room maintenance, facility support, special projects, and infrastructure to IT entities in other departments (EVS, VEOU, Phone Bank, City Time, etc.).

PRINT SHOP

In 2015, the Print Shop continued the publication of information such as Street Finders, Enrollment Books, Political Calendars, Voter Notices, Poll Worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notice to Work, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts and backup Poll Books in support of election events. The Print Shop continues to provide an important facility for the Board to communicate with the voting public, publish training and instructional material and information, and provide required information for political constituencies and interests such as District Maps. All of these are essential to support the election process.

Payroll

AMANDA BERINATO
Director of Payroll

The Payroll Department is responsible for ensuring that all employees at the Board of Elections are paid properly according to their timesheets from City Time.

The following tasks are performed by the Payroll department:

- Managerial Raises
- Non-Managerial Union Raises
- W-4 Changes & Direct Deposit (this is done for all Poll Workers as well)
- Stop Payments
- Processing of FMLA time, Advance of time, and Worker's Compensation time
- Maintain accurate Temporary & Permanent Employee lists
- Present Overtime & Vacancy Reports to Commissioners bi-weekly

The Payroll department is in the process of converting 120 temporary workers to permanent status. This conversion is budget neutral but it enables the selected staff to receive full benefits as a permanent employee.

Our mission in the Payroll Department is to help all employees to the best of our ability. We practice an open door policy where staff can feel comfortable to come to the Payroll department for any assistance that they may need concerning their pay.

Customer Service

DANIEL LAVELLE
Coordinator of Customer Service

The mission of the Customer Service Department (CS) is to provide information requested by any and all New York City residents.

The CS Department is comprised of three components: (1) Inbound Call Center; (2) Reception Counter; and (3) Online Inquiry. The department accommodates any requests and is operational throughout the year. CS provides language support in English, Spanish, Cantonese, Mandarin, Korean, Bengali, Hindi, and Punjabi. CS handles a diverse range of calls, e-mails, on-line chat requests, and in-person inquiries. These include requests concerning anything from a voter's registration status or poll site location, to information about the Poll Site Voting System. In addition, the Department also supports field staff and poll workers in tracking and resolving incidents that occur at the poll sites during an election.

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2015, the Board conducted three elections: a Special Election in Kings and Richmond Counties, the Primary Election, and the General Election. As in 2014, the Board printed ballots in no more than three languages in Queens County for the General Election. Additionally, we printed ballots in Richmond County in a "landscape" instead of the usual "portrait" style. Those efforts allowed the Board to print ballots in a significantly larger font size.

In 2015 the Ballot Management Department also continued to work with various advocacy and good government groups to improve the design and readability of the Election Day ballot. As a result of this effort, the Board submitted numerous recommendations for law changes to the New York State Legislature in order to address concerns such as small type, instructions, and overall readability.

All told, the Board spent approximately \$1.5 million dollars on ballots the 2015 Elections. Using a new "Ballot on Demand" system for all versions of absentee ballots and reducing the cost per Election Day ballot through the competitive bid process have allowed the Board to continue to reduce costs.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy-to-understand ballots, so that voters in the City of New York can have their voices heard.
