PREFACE

"The World's Pecan Center"

Albany, a city of 18,000 population is the commercial metropolis of Southwest Georgia. Albany, has a Commission-City Manager form of Government. Albany owns its water, light and gas plants; owns and operates a Municipal Abattoir, and owns a Municipal Auditorium, seating 1800 people.

Hydro-Electric Development

The South Georgia Power Company at Albany has two Hydro-Electric plants—one of 2,500 H. P., on Kinchafoonee Creek and one of 12,500 H. P., on Flint River. This Hydro-Electric Development makes it possible for the South Georgia Power Company to make very attractive wholesale power rates.

Health and Sanitation

Albany's water supply comes entirely from Artesian Wells. The quality of the water, the rigid sanitary regulations, the restrictions thrown around all milk and food supplies, combined with the wonderful climate, account for Albany's exceptional health record. Albany's death rate among white inhabitants in 1926 was 7.5 per thousand as against 11.5 per thousand for the United States.

Amusements

Albany is the Amusement center of Southwest Georgia. Radium Springs, is a resort par excellence. Sport at Radium Springs includes golfing, on the championship 18-hole course, trap shooting, swimming canoeing, fishing and hunting. The Kinchafoonee Club has a splendid 9-hole golf course. There are four Municipal Parks, with children's play grounds, tennis courts, etc. Good roads and the fine climate make motoring an all year pursuit.

Albany has a Municipal Auditorium, where the best road shows coming South are produced. A new \$300,000 Picture theatre, recently completed, is said to be the best motion picture house in Georgia outside of Atlanta.

Albany has Professional Baseball and one of the champion Basket Ball teams of the South.

Fine hunting and fishing delight the sportsmen. Albany is truly the Amusement center for all Southwest Georgia.

Fire Record and Insurance

In 1924, Albany won the award offered by the United States Chamber of Commerce, in the National Fire Waste Council for progress in Fire Prevention for cities of 20,000 and under. In 1925 Albany won the grand award for all cities in America. Again in 1926, Albany won the grand award for all cities in America. Albany, is the only city ever to win the grand award two years in succession. Albany's fire losses over a period of five years have averaged \$1.14 per capita. In 1927 the fire loss was \$0.44 per capita. The average for the United States is a little more than \$5.00 per capita. The result of this record has been a reduction in the past five years of \$85,000 a year in Insurance Premiums paid by Albany, which now enjoys the lowest Insurance rate in the Southeast.

Railroad Facilities

Albany's importance as a Railroad center is evidenced by the fact that 64 passenger trains a day are handled at the Albany Passenger Terminal.

Albany, is served by seven lines of railroads, operated by The Central of Georgia, Atlantic Coast Line, The Seaboard Air Line, Georgia South Western & Gulf, and The Georgia Northern Railroads. The Central of Georgia and The Atlantic Coast Line Railroads are spending hundreds of thousands of dollars enlarging their terminal and shop facilities at Albany. The completion of the Atlantic Coast Line's direct line from Albany to Tampa, Florida, has made Albany the Railroad gateway to Western Florida. It is now the second Freight terminus of the Atlantic Coast Line Railroad, ranking next to Richmond, Virginia, handling a heavy movement of freight between Florida and the Central West.

Why the City Directory first? It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because its an index to the city.

WHEN WRITING ADVERTISERS, PLEASE MENTION THE DIRECTORY.

PREFACE

(Continued from page 7.)

Excellent Passenger service is available into and out of Albany. There are six DeLuxe Passenger trains being operated daily to Cincinnati, Detroit, Cleveland, Chicago, and other important cities.

The excellent railroad facilities at Albany, make Albany the distribution center of this entire section.

Agriculture and Pecan Industry

Albany is the World's Pecan Center. Forty-two per cent of the pecans grown in Georgia are grown in Dougherty County and seventy-two per cent of the bearing pecans in Georgia are within a radius of 60 miles of Albany. Pecans have become one of the leading features of Southwest Georgia's Diversified Agriculture. Approximately five million pounds of pecans are handled through the Albany markets annually.

Albany is also the center of the Spanish Peanut Industry of the South. Eighty-seven per cent of all the peanuts grown in Georgia in 1926 were grown within 60 miles of Albany. In 1927, ninety-four per cent of all the peanuts grown in Georgia were grown within 60 miles of Albany. This industry is worth more than eight million dollars annually to the section.

Cotton, Tobacco, Hay, Peaches, Watermelons, Sweet Potatoes, Poultry, Cattle and Hogs are among the other cash crops grown in the Albany territory.

Industrial Development

Albany's Industrial Development is based on the local supply of raw material and upon the distribution facilities.

Albany has a cotton mill, a large hardwood mill, three peanut shelling plants, six fertilizer factories, a cotton seed oil mill, gins, processing plants for pecans, and numerous smaller industries.

Schools

Albany has just completed a \$250,000 High School building, one of the model High schools in the South. Albany has five grade grammar schools for white children and three for colored children. A new High school for colored children is nearing completion. There is also located at Albany, the Georgia Normal and Industrial College, a State Institution for colored pupils.

Good Roads

Albany is located on the Appalachian Scenic Highway, the Florida Short Route and the Western leg of the Dixie Highway. All three of these are popular motor routes from North to South.

Excellent Churches

Albany has three Methodist Churches, two Baptist Churches, a Presbyterian Church, an Episcopal Church, a Catholic Church and a Jewish Synagogue. The communicants of the various denominations dwell together in amity. No spirit of intolerance is ever evidenced.

Climate

Albany is built on a level plateau on the west bank of the Flint River at the head of Navigation. Its altitude above sea level is 212 feet.

As to climate we quote from the soil survey of Dougherty County issued by the United States Department of Agriculture.

"The climate of Southwest Georgia, in which Dougherty County is located, is characterized by long, warm summers and short mild winters. The summer weather usually begins the latter part of March and continues until late October or early November. The mean temperature for this part of the year ranges from about 60 degrees F. for the months of March and November to slightly above 80 degrees F. for the summer months, June, July and August. The hottest of these months July has a mean temperature of 82.9 degrees F."

ALBANY CHAMBER OF COMMERCE,

By J. Irwin Davis.

All Prosperous Business Men

Advertise in the

CITY DIRECTORY

DOES YOUR AD APPEAR- IF NOT, WHY?

HINTS FOR WISE MEN

☞ Directory advertising and success of business are Siamese Twins.

☞ \$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

Know how to correctly spell a name before saying it is not in The Directory.

☞ If you stood 1,000 men, who ought to buy your goods, in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

☞ Master minds of the Business World recognize advertising as the foundation stone upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.

Patronize Your City DIRECTORY

WHEN WRITING ADVERTISERS, PLEASE MENTION THE DIRECTORY.

Boost Your City

ADVERTISING PAYS

When you advertise in the directory you advertise your city as well.

This Directory is placed in libraries and with commercial organizations in various cities thruout the United States.

The City Directory is a complete index to your city and tells the story of its progress.

If your business is not listed as it should be, you are missing a golden opportunity, not only to increase your business but to promote the growth of your city as well.

The possibilities of the City Directory cannot be properly told in words.
