

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.

Case List - Evidence Items Stored in Vault Refrigerator 1 from the Afternoon of December 27, 2022 through January 3, 2023

This table is provided for informational purposes only.

NOTE: List includes cases with submitted evidence items stored in Vault Refrigerator #1 from December 27, 2022 (afternoon) through January 3, 2023. During this time frame, the temperature of Vault Refrigerator #1 was outside of the Laboratory's range of acceptability (average of 2–8 °C). A Test Report Status of **Distributed** indicates the final Test Report was issued on or before 12/27/22; a Test Report Status of **In-Progress** indicates a final Test Report had not been issued on or before 12/27/22. For cases identified as **In-Progress**, Laboratory analyses may have been performed on or after 12/27/22.

Initial Location of Fridge 1 indicates evidence item(s) for the listed case were stored in Vault Refrigerator #1 between 12/27/22 and 12/28/22, when operational temperatures of the refrigerator were between approximately 10 – 27 °C.

Initial Location of Fridge 3 indicates evidence item(s) for the listed cases were stored in Vault Refrigerator #1 between 12/28/22 and 1/3/23, when storage conditions of the refrigerator were between approximately 11 – 25 °C.

All evidence transactions are documented in the chain of custody record for each case. For additional information on a specific case, contact the laboratory at 206-262-6100 or toxlab@wsp.wa.gov.
