

UV131 USB FLASH DRIVE

THE BEAUTY OF SIMPLICITY

UV131 USB Flash Drive

Seamlessly crafted with a chromium-gray finish, the UV131 USB Flash Drive is a stylish statement about simplicity and durability. For those who demand high quality, it features a sturdy zinc-alloy housing with a streamlined exterior and capless design that delivers the ultimate in professionalism and ease-of-use. Thanks to its style and portability, the UV131 is not only an USB flash drive, but also a fashion accessory for your daily life.

A Simplistic Look

Featuring a stylishly professional chromium-gray exterior made of rugged zinc-alloy and a race car spoiler lanyard hole, ADATA's UV131 USB Flash Drive combines the best in good looks and durability for personal data storage.

Durable & Easy-to-go

The metallic zinc-alloy material is more durable and sturdy when compared to other plastic flash drives. Take the UV131 USB Flash Drive everywhere for durable, stylish and worry-free personal data storage!

A Racecar-Inspired Strap Hole

With a capless design delivering ease-of-use, the race-car spoiler lanyard hole makes the UV131 easier than ever to hold, plug in, or carry securely on your keychain.

SuperSpeed USB 3.1 Interface

For added safety and personalization, the UV330 includes a strap mount for attaching it to your lanyard or keychain of choice.
