HD830 External Hard Drive

ARMOR FOR YOUR DATA

HD830 External Hard Drive

Whereas other external drives might be durable, the ADATA HD830 is virtually indestructible. It features a robust triple-layer construction and sturdy aluminum exterior that can withstand 3000kg of downward pressure. What's more, it's waterproof and dustproof.

A Knight in Shining Armor

The HD830 is crafted with a boldly grooved surface with a sandblasted finish and two sturdy side columns that give it the look of a true warrior.
Nearly Unbreakable

The tough aluminum exterior isn't just capable of surviving nasty drops and blunt force, but can also handle 3000kg of downward pressure.

Passed **3000KG** Pressure Resistance Test

Water and Dust are No Match for This Warrior

The HD830 exceeds the IP68 rating and is dustproof and waterproof. It can handle submergence in 2 meters of water for 120 minutes.

Military-Grade Toughness

The HD830 meets the U.S. Military's MIL-STD-810G 516.6 standard and can survive falls from up to 1.22 meters.

Features

- 3000kg high pressure-resistance
- Military-grade shock-resistance – Drop-tested from 1.22m
- Beyond IPX8 Waterproof (Can survive 2m of water for 120 minutes)
- IP6X dustproof
- Durable triple-layer construction
- Shock sensor technology
- Aluminum exterior with a sandblasted finish and two sturdy side columns
