Product Descriptions

15 words

Introducing NETGEAR® Insight Instant VPN Router for one-step remote or site-to-site protected connection to your business.

25 words

Introducing NETGEAR® Insight Instant VPN Router for one-step remote or site-to-site secure connection to your business and firewall capabilities for a fully protected office.

50 words

The NETGEAR® Insight Instant VPN Router is the first Security Business Router managed by the NETGEAR Insight app or Insight Cloud Portal with easy setup, one-step Instant VPN, and anywhere remote/cloud monitoring and management. It enables business to instantly protect their networks with its secure VPN and firewall capabilities, rapidly and cost-effectively.

100 words

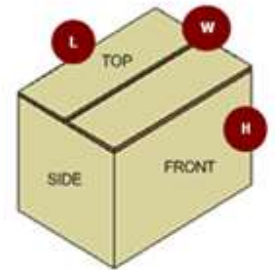

The NETGEAR® Insight Instant VPN Router is the first Security Business Router managed by the NETGEAR Insight app or Insight Cloud Portal with easy setup, one-step Instant VPN, and anywhere remote/cloud monitoring and management. It enables business to instantly protect their networks with its secure VPN and firewall capabilities, rapidly and cost-effectively. Its 5-year warranty and 90-day free phone and chat support make the Insight Instant VPN Router the most trusted cloud-managed security solution of the market. It is the newest addition to the Insight family, allowing management of Insight managed switches, Wireless Access points, network storage and VPN router under a centralized interface.
