GX200 BLUE/RED

GX SERIES

Quiet computing

Designed for
Mainstream Gamers

The GX200 BLUE/RED mid-tower case by Antec is a great choice for a well-rounded gaming system, with its rugged exterior styling, room for expansion, USB 3.0 connectivity, and builder-friendly touches. The front intake grill optimizes airflow and includes two high-performance 120mm LED fans, plus a removable dust filter. Inside, the GX200 BLUE/RED boasts a spacious interior, ideal for high performance graphics cards up to 15" (380 mm) in length. The extra-large CPU cutout, routing holes for cable management, and seven expansion slots let you build or upgrade your system with ease. And we've included two USB 3.0 ports on the front panel, for lightning fast data transfer and compatibility with next-gen peripherals. On top, the convenient storage compartment lets you easily store your accessories and mobile devices. Finished with a windowed side panel to show off your work, the GX200 BLUE/RED is a fine addition to your gaming arsenal.
