

Jabra Evolve2 40 - USB-C UC Mono

How does the microphone boom arm work?

You can use the microphone boom arm for the following voice control functions.

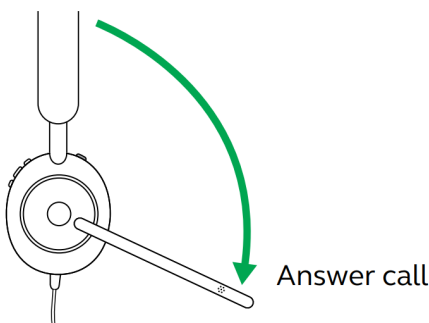

Mute/unmute microphone

To mute the microphone, move the microphone boom arm up. To unmute the microphone, move the microphone boom arm down.

Answer incoming call

To answer an incoming call, move the microphone boom arm down.

Note

These boom arm functions are on by default. You can change the setting using [Jabra Direct](#).

The microphone boom arm is designed and intended to be bent inwards towards your mouth. Bending the boom arm outwards could cause damage to the headset.
