There's a Flex solution for every space, from desktop to boardroom. Visit crestron.com/flex to see the complete product line, including P-Series desktop phones, C-Series customizable integrator kits, and R-Series mobile video conferencing.

Room scheduling

Starting at \$780

Crestron room scheduling makes it simple to locate and book the right meeting space with the right technology. Choose from our complete ecosystem of products – touch screens, indicators, and occupancy sensors – and run the software you prefer. Only Crestron lets you decouple your scheduling hardware from your software, so you can easily change applications as your needs change.
