MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC AND INDUSTRY OVERVIEW

Economy

India's economy slowed down to 3.1% growth in Q4 FY 2020 on the back of the COVID-19 pandemic. Growth in Q4 was the slowest since the global financial crisis, which happened more than a decade ago. The FY 2019-20 GDP growth stood at 4.2%, in sharp contrast to expected GDP growth of 7.5%. The government also revised the growth for the first three quarters of FY 2019-20 to 5.2% in Q1, 4.4% in Q2 and 4.1% in Q3 showing a decelerating trend. Indian economy was struggling through a subdued economic environment with consumption, exports and private investment witnessing severe slowdown. Exports contracted by more than 3% during the entire financial year and consumption, which was the key growth engine, fell even more. The overall slowdown got further impacted due to the pandemic and rating agencies expects a 25% contraction in the June quarter. After six weeks complete lockdown the government started easing restrictions in a phased manner to give pace to economic activities. The IMF projects sharp contraction of 4.5% in Indian economy in 2020, and expectations of a bounce back in 2021 with a robust 6% growth rate. The government is also taking initiatives to spur growth and provide support for the economy, along with fostering domestic industries through 'Atmanirbhar Bharat'. Early indicators show robust demand for FMCG in rural markets with consumption reaching 85% of pre-COVID-19 levels as per AC Nielsen data. With several countries deploying significant efforts and resources in the development of a vaccine, any medical breakthrough can provide a sustainable solution to the crisis.

Indian Textile Industry

India's textiles industry goes back several centuries and is among the oldest industries in the country. It accounts for 14% of the industry output and is one of the largest contributors to the economy, accounting for ~2% of the GDP. After agriculture, it is the second largest generator of income, employing close to 40 million people, and contributing 10% to the country's manufacturing, owing to its labour intensive nature. The industry is vertically integrated with almost all sub-sectors and is thus integral to the economy. India is the second largest producer and exporter of textiles after China and fourth largest producer and exporter of apparel after China, Bangladesh and Vietnam. The textiles and apparel industry constitutes ~11% of the total exports of the country.

However, one factor affecting India's textile trade is currency fluctuation that remains a challenge for the industry. Exports have been a core feature of India's textile sector. Indian textiles and apparel exports were estimated at \$35.5 billion in 2019 and is expected to grow at a CAGR of 11% over the next decade to reach \$100 billion by 2029. Exports of both man-made textile and readymade garments have seen a major boost. A major factor behind

the robustness of India's textile industry is its strong production base with a wide range of fibres and yarns. India is among the top producers of jute and silk, and beyond its natural fibres such as cotton, jute, silk and wool; and synthetic, its manmade fibres such as polyester, viscose, nylon and acrylic have also created a niche for themselves in the market. Company is proud to be part of this illustrious history of textiles in India. A vertically and horizontally integrated manufacturer of textiles, Company produces High quality fabrics. This business vertical has been nurtured by strong channel partner relationships and has been a key enabler for its widespread reach throughout India.

Indian Apparel Industry

The Indian apparel industry was estimated to be worth \$62 Billion in 2019 and is projected to reach ~\$129 Billion in 2029 growing at CAGR of ~7.6% over 2019-29 period. The Indian apparel sector is one of the fastest growing in the world, backed as it is by a robust demand growth. The country's apparel market is driven mainly by menswear.

The branded apparel industry is closely linked to growth in consumption and overall economic and consumer sentiment. The industry is likely to face strong headwinds in the short term driven by multiple factors, including social distancing measures, impact of lockdowns and slowdown in consumption. The retailing sector has been impacted with malls being shut and risk of prolonged or recurring lockdowns leading to lower footfalls. The retailing industry is also witnessing a collaborative approach with retailers and mall owners restructuring business arrangements in a mutually conducive manner to tide over this challenging period. The government is moving, decisively towards resumption of economic activity along with ramping up of health support facilities and managing the process surgically rather than through expansive lockdowns.

The key metro cities have been worst hit in terms of number of cases due to the high density of population while rural and semi-urban areas have been less impacted. Higher farm income, reverse migration and increased public expenditure is likely to result in restoration of demand in rural and semi-urban areas, including discretionary demand as suggested by preliminary trends that point towards potential rebound in demand for two wheelers and automobiles. Consumer behaviour and choices will also get impacted with Work from Home norms and a shift in preference towards comfort and casual wear. Near-term trends will witness sharp contraction resulting in consolidation in the industry and well-capitalised businesses in the organised sector are likely to gain in the long term.

The major challenges in the Indian apparel industry are increasing competition, sustained discounting that is expected to moderate margins and product obsolescence due to ever-evolving fashion trends.

OUTLOOK, OPPORTUNITIES AND THREATS

The initial response to the pandemic was through expansive, countrywide, administrative lockdowns to safeguard public health. But prolonged lockdown led to disruption in economic activity and the trend now is towards opening up of economy and business activities. Economic recovery is expected to be gradual because a certain amount of social distancing will continue over the short to medium term to avoid another wave of infection. The process of recovery is likely to be gradual and uneven across different sectors with discretionary consumption taking the brunt as spending is geared towards essentials, healthcare and connectivity that enables work from home. Sectors catering to social distancing, including personal mobility, packaged foods, telecom, and home improvement, automation, white goods, and consumer electronics, are likely to witness pent up demand and recover faster. On the other hand businesses such as retail, hospitality, tourism, cinemas, exhibitions, social gatherings etc. may see restricted activity.

It is difficult to predict consumer behaviour even after the restrictions are lifted but fashion consciousness and retail therapy have become a core part of human lifestyle and are likely to recover and gain momentum eventually. Also, the impact is likely to vary with rural and semi-urban areas witnessing faster recovery and low incidence of new cases. This period can be a test of survival for many companies, especially those with leveraged balance sheets, high-cost structures and concentrated geographic and channel concentration. The future belongs to companies and businesses that can sail through these turbulent waters as the industry goes through a phase of consolidation. Based on its good financials and disciplined cost control the Company has the ability to protect interests of all its stakeholders. With the added strength of its strong brands and robust pan India distribution network the Company is well positioned to meet the near-term challenges and emerge stronger and more committed to its long-term vision of pursuing sustainable and profitable growth.

RISK AND CONCERNS

The biggest risk in recent times has been the impact of macro events on consumer sentiments. Fashion wear is a discretionary expenditure and in times of liquidity crisis the impact on the consumer confidence has a protracted impact on discretionary spending.

Increasing competition can result in pricing pressure as other players offer discounts and extend sale periods to drive revenue growth. The Indian markets have attracted foreign brands who spend heavily on advertisement and promotion to establish their presence, thereby increasing costs for the Company to maintain its visibility in the market.

The apparel industry needs continuous product innovation to track fashion trends and changes in consumer preferences. The ability to create products in line with changing trends at affordable price points is critical to maintain the brand pull and connect with the consumer. With shifts in consumer taste the Company may be left with unsold inventory or mark down in value of stocks.

Company is uniquely placed in the sector with an integrated business model that encompasses design, manufacturing and sourcing, distribution and logistics and retailing. The Company has an in-house team of designers that track national and international trends to create innovative fashionable products that customers would relate to. The Company has state-of-the-art manufacturing facilities that ensure quality and timely deliveries.

ENVIRONMENT & SAFETY/NATURE & SECURITY

Your Company is highly committed to environment friendly processes and operations. Therefore, it undertakes its operations in such a manner that it does not affect the Environment in one hand and also maintains the required Environmental balance in the other hand. The Company actively pursues safety and health measures continuously. Your Company has always ensured the Environmental Safety, complied with the various Environmental Laws from time to time and further commits to follow the same in future.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Sound internal control systems are a prerequisite for building and enhancing shareholder value in the long run. The Company has a sound system of internal controls commensurate with the size of the Company and the nature of its business to ensure that all assets are safe guarded and protected against loss from unauthorised use or disposition and that transactions are authorised and recorded reported correctly and adequately. The Company's internal control are supplemented by internal audits, review by management and documented policies, guidelines and procedures. The internal control is designed to ensure that financial and other records are reliable for preparing financial information and for maintaining accountability of assets.

The key constituents of the internal control system are:

- Establishment and review of business plans
- Identification of key risks and opportunities
- Clear and well-defined organisational structure and limits of financial authority
- Continuous identification of area requiring strengthening of internal controls

- Operating procedures to ensure effectiveness of business process
- Systems of monitoring compliance with statutory regulations
- Well-defined principles and procedures for evaluation of new business proposals
- capital expenditure
- A robust management information system
- Strong internal audit and review system

The Company has an Internal Audit Department to monitor the Internal Control systems and its implementation.

The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal controls systems and suggests improvement for strengthening them.

HUMAN RESOURCE

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
Bang Overseas Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **Bang Overseas Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, and the Statement of Profit & Loss, statement of changes in equity and statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit/loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain

audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine

that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, the Statement of Change in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of written representations received from the directors as on March 31, 2020 and taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2020 from being appointed as a director in terms of section 164(2) of the Act.
 - (f) As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
 - (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and

according to the information and explanation given to us:

Annexure -B**ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT****Report on the Internal Financials Controls under Clause (i) of Sub-section 3 of Section 143 of the Act.**

1. We have audited the internal financial controls over financial reporting of Bang Overseas Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1

SIGNIFICANT ACCOUNTING POLICIES:

1. Background

Bang Overseas Limited (BOL or the Company) incorporated in India is involved in business manufacturing and trading of Textile and Textile products.

2. Basis of preparation of Financial Statements

i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except defined benefit plan measured at fair value of plan assets less present value of defined benefit plan.

iii) Current & non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees as per the requirement of Schedule III, unless otherwise stated.

3. Use of Estimate

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard.

4. Property, plant and equipment

Tangible assets

The Company has applied for the one time transition exemption of considering the carrying cost on the transition date i.e. 01st April 2016 as the deemed cost under IND AS. Hence regarded thereafter as historical cost.

All items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure i.e. directly attributable to the acquisition of the items.

Subsequent costs are included in the assets carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation

Depreciation on the property, plant and equipment is provided on straight line method at the rates prescribed and in the manner specified in Schedule II to the Companies Act, 2013 for the manufacturing units. Other units fixed assets have been continued depreciated by following written down value method. The gain and loss on disposal are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss.

5. Intangible Assets

Computer software

Computer software are stated at cost, less accumulated amortization and impairments, if any.

Amortization method and useful life

The company amortizes computer software using straight-line method over the period of 6 years.

Gain & Losses on disposal are determined by comparing proceeds with carrying amount. These are included in the statement of Profit and Loss.

6. Cash & Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments with maturities of three months or less that are readily convertible to known amounts

of cash & which are subject to an insignificant risk of changes in value.

7. Leases

Operating lease

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company, as lessee, are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

8. Inventories

Inventories are valued at lower of cost or net realisable value. Cost is determined on following basis:

- i) Raw material and manufactured finished goods are valued at cost. Cost is determined by using average cost method.
- ii) Trade goods are valued at cost on FIFO basis.

9. Investment in subsidiaries

Investment in subsidiaries are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discounted Operations, when they are classified as held for sale.

10. Investment in other financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

1. Those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

2. Those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

1. **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.
2. **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However, where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) **Income recognition**

Interest income

Interest income from debt instruments is recognized using the effective interest rate method.

Dividends

Dividends are recognized in the Statement of Profit and Loss only when the right to receive payment is established.

11. Impairment of non- financial assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

12. Derivative financial instruments

Derivative financial instruments such as forward foreign exchange contracts, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

13. Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A

qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

14. Provision & contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

15. Revenue recognition

Revenue from contracts with customers is recognised when control of the goods is transferred to the customer which usually is on delivery of goods to the transporter at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Revenue are measured at the fair value of the consideration received or receivable and net of indirect taxes.

The Company does not expect to have any contracts where the period between the transfer of promised goods to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

A contract asset is the right to consideration in exchange for goods transferred to the customer. If the company performs by transferring the goods to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. The Company does not have any contract assets as performance under right to consideration occurs within a short period of time and all rights to consideration are unconditional.

A contract liability is the obligation to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the company performs under the contract.

16. Employee benefits

Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by

employees are recognised as an expense during the period when the employees render the services.

Post –employment Benefits

The Company operates the following post-employment schemes:

- a. defined benefit plans such as gratuity; and
- b. defined contribution plans such as provident fund.

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution plans

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are charged to Statement of Profit and Loss as incurred.

Other employee benefits

The liabilities for earned leave is determined on the basis of accumulated leave to the credit of the employees as at the

year-end charged to the statement of profit and loss as per the Company's rules being the short term benefits.

17. Foreign Currency translation

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

18. Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax

liabilities and assets are reviewed at the end of each reporting period⁶⁶

19. Earning per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year,

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

20. Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Segment Reporting

Operating segments are reported in manner consistent with the internal reporting provided to the chief operating decision maker. The management assesses the financial performance and position of the Company and makes strategic decisions. The chief operating decision maker consists of the Directors of the Company.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, sonority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

(f) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis are given below:

Particulars	31-Mar-20	31-Mar-19
Defined Benefit Obligation (Base)	45,67,813	41,55,824

Particulars	31-Mar-20		31-Mar-19	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	51,58,855	40,70,903	46,85,302	37,11,721
(% change compared to base due to sensitivity)	12.90%	-10.90%	12.70%	-10.70%
Salary Growth Rate (- / + 1%)	40,54,566	51,69,317	36,93,208	47,00,221
(% change compared to base due to sensitivity)	-11.20%	13.20%	-11.10%	13.10%
Attrition Rate (- / + 50% of attrition rates)	43,55,160	47,37,920	38,90,561	43,60,490
(% change compared to base due to sensitivity)	-4.70%	3.70%	-6.40%	4.90%
Mortality Rate (- / + 10% of mortality rates)	45,63,274	45,72,332	41,49,544	41,62,074
(% change compared to base due to sensitivity)	-0.10%	0.10%	-0.20%	0.20%

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

Please note that the sensitivity analysis presented above may not be representative of actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior period. For change in assumptions please refer to section 5 above, where assumptions for prior period, if applicable, are given.

36. Financial Risk Management:**Financial risk management objectives and policies**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments.

Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Exposure to interest rate risk

Particulars	As at 31st March 2020	As at 31st March 2019
Borrowing Bearing Fixed rate of interest	5,75,03,365	6,45,23,502

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty

Total	49,00,23,430	55,16,32,455

Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below analyses the financial liability of the company into relevant maturity groupings based on the remaining period from reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flow.

37. Capital Risk Management

Risk Management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Company monitors capital on the basis of the following debt equity ratio:

39. Fair Value Measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans repayable on demand approximate their carrying amounts largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The carrying amounts and fair values of financial instruments by category are as follows:

Particulars	As at 31st March 2020		As at 31st March 2019			
	Carrying Amount	Level of input used in		Carrying Amount	Level of input used in	
		L1	L2		L1	L2

Trade Payable	26,88,97,320	-	-	36,18,08,406	-	-

The Financial Instruments are categorised in two level based on the inputs used to arrive at fair value measurement as described below

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

BANG OVERSEAS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Bang Overseas Limited ("hereinafter referred to as the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprising of the Consolidated Balance Sheet as at March 31, 2020, and the consolidated statement of Profit and Loss, the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2020, of consolidated profit/loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates and jointly controlled entities in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial

statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision

and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of Subsidiaries included in the consolidated financial statements, which constitute total assets of Rs. 13,37,38,955 as at 31st March 2020 and the Total Profit of Rs. 13,54,774 for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements to the extent they have been derived from such financial statements is based solely on the report of such other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group companies, incorporated in India is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in “Annexure A”.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 33 to the consolidated financial statements.
 - ii. The Group did not have any long term contracts including derivative contracts, for material foreseeable losses, if any as at March 31, 2020.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, incorporated in India.

ANNEXURE A TO INDEPENDENT AUDITORS REPORT

Referred to in paragraph (f) of the Independent Auditors' Report of even date to the members of **Bang Overseas Limited** on the consolidated financial statements for the year ended March 31, 2020

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of Bang Overseas Limited ("hereinafter referred to as "the Holding Company"), and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
 - (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial

Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

CONSOLIDATED NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020**Note 1: Statement of significant accounting policies:****1. Background**

Bang Overseas Limited (BOL or the Company) incorporated in India is involved in business manufacturing and trading of Textile and Textile products.

2. Basis of preparation of Financial Statements**i) Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except defined benefit plan measured at fair value of plan assets less present value of defined benefit plan.

iii) Current & non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees as per the requirement of Schedule III, unless otherwise stated.

3. Use of Estimate

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent

liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard.

4. Principle of Consolidation

The Consolidated financial statements relate to Bang Overseas Limited ("the company") and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:

- i) The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intragroup balances and intra-group transactions.
- ii) Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- iii) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year.
- iv) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- v) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.

5. Other Significant Accounting Policies

These are set out under "significant Accounting Policies" as given in the company's standalone financial statements.

(e) Financial Assumptions :

The principal financial assumptions used in the valuation are shown in the table below:

Particulars	For the period ending	
	31-Mar-20	31-Mar-19
Discount rate (per annum)	7.20%	7.70%
Salary growth rate (per annum)	5.50%	5.50%
Attrition /Withdrawal rate (per annum)	4.00%	4.00%
Mortality rate (% of IALM 0608)	100.00%	100.00%

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields / rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, sonority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

CONSOLIDATED NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020
(f) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below has been determined based on reasonably possible changes of assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis are given below:

(In Rs.)

Particulars	As on	
	31-Mar-20	31-Mar-19
Defined Benefit Obligation (Base)	4,731,409	4,283,564

Particulars	31-Mar-20		31-Mar-19	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	5,344,245	4,216,194	4,829,262	3,825,772
(% change compared to base due to sensitivity)	13.1%	-11.1%	12.7%	-10.7%
Salary Growth Rate (- / + 1%)	4,199,746	5,354,421	3,807,057	4,844,132
(% change compared to base due to sensitivity)	-11.3%	13.2%	-10.6%	12.9%
Attrition Rate (- / + 50% of attrition rates)	4,520,909	4,899,688	4,015,993	4,489,736
(% change compared to base due to sensitivity)	-1.7%	1.3%	-4.1%	3.1%
Mortality Rate (- / + 10% of mortality rates)	4,726,883	4,735,916	4,277,252	4,289,846
(% change compared to base due to sensitivity)	-0.1%	0.1%	-0.1%	0.1%

Please note that the sensitivity analysis presented above may not be representative of actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior period. For change in assumptions please refer to section 5 above, where assumptions for prior period, if applicable, are given.

35. Segment Reporting:

Based on the “management approach” as defined in Ind AS 108 Operating Segments, the Director of the Company has been identified as Chief Operating Decision Maker (CODM). 36. Financial Risk Management:

Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments.

Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Exposure to interest rate risk

Particulars	As at 31st March 2020	As at 31st March 2019
Borrowing Bearing Fixed rate of interest	57,503,365	224,441,322

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty

Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below analyses the financial liability of the company into relevant maturity groupings based on the remaining period from reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flow.

39. Fair Value Measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

· Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans repayable on demand approximate their carrying amounts largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The carrying amounts and fair values of financial instruments by category are as follows:

(In Rs.)

Particulars	As at 31st March 2020		As at 31st March 2019			
	Carrying Amount	Level of input used in		Carrying Amount	Level of input used in	
		L1	L2		L1	L2
Financial Assets at amortised cost						
Investment	5,010,000	-	-	5,010,000	-	-
Trade Receivable	575,027,843	-	-	639,856,563	-	-
Cash & Cash Equivalent	4,037,101	-	-	2,997,530	-	-
Other Financial Assets	172,491,861	-	-	48,264,318	-	-
Financial Liabilities						
Borrowings	264,398,009	-	-	281,022,430	-	-

Trade Payable	305,606,146	-	-	377,483,202	-	-

The Financial Instruments are categorised in two level based on the inputs used to arrive at fair value measurement as described below

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
