OPERATIONS

Gross sales for the financial year 2016-17 stood at ₹ 206.73 crores as against ₹ 218.99 crores in the previous year. Sales lower by ₹ 12 crore, owing to labour strike towards fag end of the Financial Year affecting revenues of about 11 days and general slowdown in demand for packaging material (paper & paper products) due to demonetisation effect witnessed in the economy during the last 4 months of the FY 2017. Operation at the Paper Mill was lower by about 6% during the year.

Printing & Packaging Division operated with slightly lower volumes & the Conversion tonnage was down by 2%.

58th Annual Report 2016-2017

Operating profit reduced to ₹ 3,260 lacs from ₹ 3,626 lacs, owing to above factors. Finance costs increased from ₹ 165 lacs to ₹ 389 lakhs in line with higher term funds utilisation, reflecting full year's charge post implementation. After making a depreciation provision of ₹ 951 lacs (Previous year 797 lacs), profit before exceptional items & tax was ₹ 1,920 lacs (Previous year ₹ 2,663 lacs). Exceptional items Nil as against last year's non recurring item (net) of ₹ 822 lacs. PBT decreased to ₹ 1,920 lacs (Previous year ₹ 3,485 lacs including exceptional items (non recurring)). After making a provision for tax of ₹ 659 lacs (₹ 1,076 lacs in the previous year), net profit decreased from ₹ 2,409 lacs to ₹ 1,261 lacs.

CREDIT RATING

ICRA has assigned a long term rating of **[ICRA]A-** upgraded from earlier rating of **[ICRA]BBB+** with a stable outlook and a short term rating of **[ICRA]A2+** to the Company's line of credit. Assigned Ratings will continue with negative implications, owing to labour strike.

CURRENT PROSPECTS

Co-generation facility consisting of 50tph CFBC Boiler, Steam Turbine of 11 MW capacity, Electro Static Precipitator (ESP) commissioned in the previous year, was stabilized in the year under review. New Transmission line of 66KV is under implementation to bring down the overall energy cost is delayed by procedural issues. These have since been sorted out and likely to be completed within 3 months of resuming operations, after the end of labour strike, which also caused delay in this phase of the Project.

The market conditions for paper continue to be extremely competitive, with supplies from new capacities and rising input prices. It is a task for the management to get back the orders, lost owing to labour strike and to report a reasonable performance for FY 2017-18, after making good the loss of revenue in the first quarter.

Your management perceives an opportunity for growth by enhancing its box manufacturing capacity with a new plant at another location, which is important for managing the new risk factors that have emerged now. Various site options are under consideration. An increase in paper making capacity through brown-field improvements to support the higher conversion capacity planned is seen as the way forward.

Overall Turnover and operating profit is expected to be much lower in the current year, with cost increase and loss of production caused by the labour strike.

CAPITAL EXPENDITURE PLANS

The Company's plan for the upgradation / modernising / balancing of the existing paper machines with focus on quality & higher grades to sustain in the competitive situation will continue, after stabilising the operation, post resumption. Capital expenditure planned for enhancing the box manufacturing capacity has been completed. Plans for conserving water resources & ETP facility & a new 66KV transmission line for Power evacuation are in advanced stage and will be completed in about 3 months on resuming the operations. Adding box manufacturing capacity with a new plant at another location is under active consideration of your management, to minimise the emerging new risks.

This will be financed through debt & internal accruals, to obtain optimum returns. Large capital expenditure, and substantial capacity increase is under consideration and will be taken up after completing above capex, at the opportune time.

CORPORATE GOVERNANCE

As per SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 separate Report on Corporate Governance, along with Auditors Certificate confirming the compliance is attached.

ENERGY CONSERVATION MEASURES

The particulars required under Section 134 (3) (m) of the Companies Act, 2013 with regard to energy conservation measures are furnished in the Annexure.

ENVIRONMENTAL PROTECTION

Your company has always endeavoured to remain in harmony with its eco-sphere and tried to equitably balance the interest of all stakeholders in it, often going beyond the statutory impositions placed by regulatory authorities. In such efforts are included the installation of a 0.5 acre hold tank and a 2 km delivery pipeline for irrigating otherwise dry lands. The treated effluent water is utilized for irrigation purposes in the nearby fields of third party farmers with excellent crop yields.

The Company has installed & been operating the Electro Static Precipitator (ESP) Systems for its Boilers for controlling dust emission and dust extractor system for controlling dust at its fuel handling system. Centrifuge and other machineries have been installed for effluent treatment. Fuel shed with roofing, controls dust emissions and conserves the resources.

In order to ensure environmentally safe disposal of solid wastes, the Company has started disposing Ash and plastic waste to recyclers authorized by KSPCB. Ash is used in brick manufacturing and plastic is being used in cement kilns.

The Company has engaged the expert services of University of Agricultural Sciences, Gandhi Krishi Vigyana Kendra, Bangalore for a study of 'Utilisation of Paper Mill Effluent for Agricultural Purpose'. After 4 years study, a final report has been issued concluding that the effluent generated by the paper mill contains small amount of nutrients, higher amount of salts and are within limits of Central Pollution Control Board norms. The finding further says that mill effluent along with additional dose of nitrogen has significant effect in increasing the crop yields.

DIVIDENDS

Your Directors recommend a Dividend of 15% i.e. ₹ 1.50 per equity share of ₹ 10 each (last year 30% i.e. ₹ 3 per share). The total distribution including dividend tax amounts to ₹ 270.81 lacs (₹ 541.61 lacs)

MANAGEMENT DISCUSSION AND ANALYSIS

i) Industry Structure & Developments :

The Indian Paper Industry has been historically segmented on a three dimensional matrix identified by size, grades manufactured and raw materials utilised. Government policies on indirect taxation rates applicable to output have relied on this segmentation. Generally, tariff rates have protected smaller units utilising “unconventional” raw material. Over the years, the growth of various segments, investment levels in specific segments, technological changes, industry fragmentation and intensity of competition have been significantly influenced by the Government’s tariff policy.

Over 600 players currently populate the industry and the estimated output across all grades is about 13 million metric tonnes per annum (MTPA). The three broad segments of the market are Writing and Printing Grades (Cultural), Packaging Grades (Industrial) and Newsprint.

The “Industrial” Segment of the paper market broadly comprises of Corrugated Case Materials (CCM) and Duplex Boards -white lined and coated or uncoated. Fragmentation is severe in this segment which constitutes about 50% of the total output of Paper & Board. This segment entirely relies upon “unconventional” raw material such as waste paper (imported and domestically sourced) and, to a limited extent, on agricultural residues. The average size of units in this segment is now about 15,000 MTPA and most units cater to local area demand from small semi-auto corrugated box factories and small printers. Although the other segments in the Indian paper industry are also fragmented by international standards, the degree of fragmentation is less severe.

Historically, the bulk of the output of “Cultural” grades - comprising of writing, printing, office stationery paper and speciality paper has been the preserve of the larger producers, who use forest based raw materials in integrated pulping facilities augmented by imported market pulp. This segment has been consistently taxed at higher rates due to its size and use of “conventional” forest based raw material. Investment in plant for these players has also been higher. With a relatively smaller number of players and high import tariff protection, prices of end products, generally perceived to be of higher quality, have been high. “Lower end cultural grades” manufactured by smaller players using unconventional raw materials in low investment, low-tech plants cater to consumers in the price sensitive sub-segment of this market. This sub segment has historically depended heavily on the tariff differential based on size and raw material for its viability. Some of the mid-sized players in the writing and printing segment are in the process of expansion and modernization and are installing wider/faster machines with full fledged de-inking plants to produce the higher quality that is increasingly preferred and for which consumers are willing to pay more. Several of the “large-integrated” forest based producers have also recently increased forest based pulping capacities. The cultural paper segment contributes about 40% of the annual paper and paperboard production with a current demand growth rate of about 6 to 7% per annum. The high investment levels required and limited “conventional” fiber resources are the major deterrents to growth in this segment for both existing players as well as new entrants.

58th Annual Report 2016-2017

The Indian Paper industry which ranks 11th in production, globally, in recent times has registered faster growth rates of about 7%. The domestic demand is expected to grow at about 6 to 7% p.a. Paper industry plays an important role in the socio-economic development of the country.

Despite several infrastructural impediments there is a strong growth in demand in several sub-segments of the Indian Paper Industry. There is perceptible shift in preference for higher quality products in both the Industrial and Cultural Segments and players with the right grade-quality mix are seeing opportunities for profitable growth.

ii) Opportunities & threats:

The Indian Government's policy for the paper industry lacks perspective. It is necessary that the Government come up with a clear policy on pulpwood plantations that can benefit the paper industry in terms of introducing more virgin fiber into the fiber basket. In the face of fierce global competition, sustenance of industry with only agro-based raw materials and recycled fiber will be very difficult to achieve. The Government also needs to create a more conducive atmosphere for investment into this sector.

In the medium term, much of the growth in the packaging segment of the Industry is expected to be based on recycling of waste paper. This is already the trend in China. Indian paper companies in the packaging segment are also expected to fuel their near to medium term growth through waste paper imports from regions of surplus such as North America and Europe. Large Chinese producers have set up their own sourcing networks in these regions to supply their huge capacity additions; they possess relative buying strengths and constitute a cost threat to that extent. Over time, however, as domestic capacities stabilize and domestic collection improves, a larger proportion is expected to be sourced domestically with the fiber basket being upgraded by pulp imports. The strength of any firm in this industry is however expected to come from a presence throughout the supply chain from raw material to packaging production and delivery.

Whilst this is a capital-intensive industry, the current structure of depreciation tax shields, finance (interest) costs and relatively short-term repayment horizons places severe limitations on fresh investments.

This phenomenon has effectively increased the project cost on expansion and new green-field investments. At the same time, the continuous reduction of import tariffs keeps margins under pressure.

The absence of large-scale investments and green field projects in a rapidly growing economy with one of the lowest per capita paper consumption rates is testimony to this situation.

iii) Segment wise or product wise performance:

Segment wise revenue, results and capital employed are furnished for i) Paper & Paper products and ii) Power, in the notes on accounts.

iv) Outlook:

Growth rate of the Indian economy was about 7.1% in 2016-17, as against 7.6% in 2015-16. GDP growth in Q4 was affected by Demonetisation. Growth forecast for 2017-18 is 7.5% as per UN report.

Innovative cost containment and cost cutting will be required by paper mills to not only maintain business volumes but to capture a larger portion of a slowly growing pie.

GST (Goods & Service Tax) proposed to be introduced, from 1-7-2017 is expected to replace the existing multiple indirect taxes, removing barriers to movement of goods & services, improving the efficiency & the GDP.

v) Risks and Concerns:

New, large scale manufacturing capacities are being created in several down-stream industries such as electronic goods, white goods, cell phones and fast moving consumer goods. These industries that have been seeing a year-on-year growth of 8 to 10% are expected to also slow but not as much as the general slowdown in the economy.

The Government has also prioritized policies aimed at promoting rapid upgradation in supply chain systems for retail distribution and export of fruits and vegetables. The automotive components industry is also growing and demanding wooden packaging substitutes. The footwear and garments exports segments are growing but at a more moderate pace as export markets slow.

All these and other trends indicate that there will be a better than average growth in the demand for high-quality, world-class packaging material produced in state-of-the art facilities and delivered just-in-time.

Whilst one would ordinarily expect these trends to encourage strong players in the paper converting industries to either expand or paper producers to forward integrate and seize the opportunities for growth, this has not actually happened due to the uncertainty from the flip flop tariff policy decisions.

During February 2008, corrugated box manufacturing was taken off the list of products reserved for the small scale industries. This change should see consolidation of production in the corrugated box industry as well as a significant shift in the overall quality of boxes. These changes would elevate the quality requirements for corrugating case paper – both liners and fluting, placing significant pressure on paper manufacturers in terms of fresh investments in paper making processes to meet the emerging quality requirements. New, better capitalized and organized players are expected to enter the market. However, the current tariff structure in the entire value chain from raw material for the paper industry to the final consumer product as well as the vertical value chain split described earlier will shape the speed of evolution and growth of this segment.

vi) Internal Control Systems:

Your company has an adequate internal control system in place. The internal control system is proactive. The company has an audit committee which oversees the adequacies of the internal control systems and reports to the Board.

58th Annual Report 2016-2017

vii) Discussion on financial performance with respect to operational performance:

Gross sales for the financial year 2016-17 stood at ₹ 206.73 crores as against ₹ 218.99 crores in the previous year.

Sales lower by ₹ 12 crore, owing to labour strike towards fag end of the Financial Year affecting revenues of about 11 days and general slowdown in demand for packaging material (paper & paper products) due to demonetisation effect witnessed in the economy during the last 4 months of the FY 2017. Operation at the Paper Mill was lower by about 6% during the year.

The new co-generation system installed in the previous year, stabilised during the year under review, is working satisfactorily.

Printing & Packaging Division operated with slightly lower volumes & the Conversion tonnage was down by 2%.

Operating profit reduced to ₹ 3,260 lacs from ₹ 3,626 lacs, owing to above factors. Finance costs increased from ₹ 165 lacs to ₹ 389 lakhs in line with higher term funds utilisation, reflecting full year's charge post implementation. After making a depreciation provision of ₹ 951 lacs (Previous year 797 lacs), profit before exceptional items & tax was ₹ 1,920 lacs (Previous year ₹ 2,663 lacs). Exceptional items Nil as against last year's non recurring item (net) of ₹ 822 lacs. PBT decreased to ₹ 1,920 lacs (Previous year ₹ 3,485 lacs including exceptional items (non recurring)). After making a provision for tax of ₹ 659 lacs (₹ 1,076 lacs in the previous year), net profit decreased from ₹ 2,409 lacs to ₹ 1,261 lacs.

viii) Material developments in Human Resources/Industrial Relations front:

The industrial relations climate in the Company during the year was generally cordial and harmonious. except towards the end of the financial year. Previous settlement for a period of 4 years, signed with the Workers' Union was in force upto 31-3-2016. Negotiation for a 4 year agreement was in progress. There was an unwarranted and unjustified labour strike from 20-3-2017 at the Paper mill and from 21-3-2017 at the Box unit, despite the ongoing negotiation. Management is viewing this disciplinary issue seriously and looking for a longer settlement.

The focus of HR activities is on employee involvement in operations of the company for effective results.

Efforts are being directed at building a strong management team oriented to entrepreneurial thinking and innovation in problem solving.

As on 31st March 2017, the Company had on its rolls, 374 employees consisting of 241 workmen and 133 technical/ supervisory/ Administrative staff in different locations.

Directors would be chosen from diverse fields of expertise drawn from management, finance and other disciplines. The Nomination and Remuneration Committee will ensure that the candidate is not disqualified in any manner under Section 164 of the Companies Act, 2013.

REMUNERATION POLICY

The Company has adopted a Remuneration Policy for the Directors, KMP and other employees, pursuant to the provisions of the Act and Listing Regulations.

The key principles governing the Company's Remuneration Policy are as follows:

Remuneration for Independent Directors and Non-Independent Non-Executive Directors

- (i) Independent Directors (ID) and Non-Independent Non-Executive Directors are to be paid sitting fees for attending the meetings of the Board and of Committees of which they may be members, and receive commission within regulatory limits, as recommended by the Nomination and Remuneration Committee and approved by the Board.

58th Annual Report 2016-2017

- (ii) Overall remuneration should be reasonable and sufficient to attract, retain and motivate Directors aligned to the requirements of the Company, taking into consideration the challenges faced by the Company and its future growth imperatives.
- (iii) Remuneration paid should be reflective of the size of the Company, complexity of the sector/ industry/ Company's operations and the Company's capacity to pay the remuneration and be consistent with recognized best practices.
- (iv) The aggregate commission payable to all the NEDs and IDs will be recommended by the NRC to the Board based on Company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board.

The Nomination and Remuneration Committee will recommend to the Board the quantum of commission for each Director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and Committee Meetings, individual contributions at the meetings and contributions made by Directors other than in meetings.

REMUNERATION FOR MANAGING DIRECTOR (MD) / KEY MANAGERIAL PERSONNEL (KMP)/ REST OF THE EMPLOYEES

- (i) The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence remuneration should be market competitive, driven by the role played by the individual, reflective of the size of the Company, complexity of the sector/ industry/ Company's operations and the Company's capacity to pay, consistent with recognized best practices and aligned to any regulatory requirements.
- (ii) Basic/ fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience. In addition, the Company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings. The Company also provides all employees with a social security net subject to limits, by providing Insurance cover and accidental death etc. The Company provides retirement benefits as applicable.
- (iii) In addition to the basic / fixed salary, benefits, perquisites and allowances as provided above, the Company provides MD remuneration by way of commission, calculated with reference to the net profits of the Company in a particular financial year, as determined by the Board, subject to the overall ceilings stipulated in Section 197 of the Act. The specific amount payable to the MD is based on performance as evaluated by the Nomination and Remuneration Committee and approved by the Board.

PERFORMANCE EVALUATION CRITERIA OF INDEPENDENT DIRECTORS

- (1) Attending Board/Committee Meetings.
- (2) Going through the agenda papers and providing inputs in the meetings of Board/ Committees.
- (3) Guidance to the Company from time to time on the various issues brought to their notice.
- (4) Discharge of duties as per Schedule IV of the Companies Act, 2013 and compliance to other requirements of the said Act or other regulatory requirements.

Information as per Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8 of Companies (Accounts) Rules 2014 and forming part of the Directors' Report for the year ended 31st March, 2017.

A) CONSERVATION OF ENERGY

Conservation of energy is an ongoing activity receiving major emphasis at all stages of manufacturing. Energy consumption is systematically monitored and conservation of energy is implemented in a phased manner.

1. Steps taken/ impact on conservation of energy:

- i) The Company generates steam for process requirements as well as power generation by Circulating Fluidised Bed Combustion (CFBC) Boilers, which are energy efficient.
- ii) The Company continues to phase out high energy consuming devices especially in the areas of stock refining vacuum systems and pumping systems to incorporate modern equipment.
- iii) Static inverter drives have been installed for boilers, ID/FD fans and for all the rewinders to reduce energy consumption(PM5)
- iv) Variable frequency drives have been installed on all the fan pumps of the new machine. This allows a continuous saving of energy at varying process conditions.
- v) Paper Machines line shaft drives modified to AC variable / DC drives, resulting in energy savings.

- vi) High Capacity Motors are provided with soft starters which contribute about 5% savings compared to conventional starters.
- vii) Installation of capacitor banks to optimize power factor and other energy saving devices.
- viii) Recycling of back water in new machine, to conserve fresh water
- ix) Construction of fuel shed, for storing fuel items in good condition, resulted in reduced wastage & energy savings
- x) Replaced old press section in Machine No.1 with higher nip load press part resulting in saving in steam consumption.
- xi) Replaced boiler air pre-heaters and economizer coils resulting in improved boiler working efficiency.
- xii) Installed water flow meter at relevant lines to monitor and control the water consumption resulting in saving of fresh water and pumping energy.
- xiii) Boiler cooling water collected in a tank and fed to cooling tower which result in saving of fresh water and pumping energy.
- xiv) Micro Travel Showers introduced on all machines to conserve fresh water consumption and pumping energy.
- xv) PM-4 line shaft main motor replaced with VFD
- xvi) Factory Pump house motor provided with VFD with Auto pressure monitoring
- xvii) The existing AFBC Boiler is replaced with new CFBC Boiler with higher efficiency
- xviii) The New boiler is equipped with variable frequency drives for all motors
- xix) Replaced the existing 7.8MW Triveni make turbine with High efficient Siemens make turbine.
- xx) Energy meter is installed in all HT feeders
- xxi) Installed VFD for cooling water pump
- xxii) Replaced new coal handling system with better coal crusher system with less dust emission
- xxiii) All the cooling system water is connected to cooling tower thereby reducing the cooling tower water consumption.
- xxiv) Invested on LED light fittings in the new boiler area
- xxv) New 50TPH Boiler equipped with VFD Drive for all auxiliaries, feed water pumps, ID Fan, PA Fan, SA Fan
- xxvi) Digital Bomb calorimeter has been installed which has resulted in Fuel Saving.

IMPACT OF ABOVE MEASURES:

The above measures have resulted in reduced consumption of energy & consequent favourable impact on cost of production of goods.

2) Steps taken by the Company for utilizing alternate sources of energy

Company is using biomass fuel in the Co-generation system

3) Capital Investment on energy conservation equipments

Major investments were made in FY 2015-16 towards cogeneration facility as reported last year

58th Annual Report 2016-2017

REPORT ON CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES(CSR) FOR THE FINANCIAL YEAR 2016-17

[Information as per Section 135 of the Companies Act, 2013 and Companies (CSR Policy) Rules 2014]

1. A brief outline of the Company's CSR Policy, including overview of projects or programs proposed to be undertaken and a reference to the weblink to the CSR policy and projects or programs

The Company is consistently taking up various community welfare initiatives for the benefit of the people living in neighbouring villages. The Company's CSR activity mainly covers areas situated around the factory premises.

In accordance with the requirements under the Companies Act, 2013, SIPM CSR activities, amongst others, will focus on:

RURAL DEVELOPMENT PROJECTS: Strengthening rural areas by improving accessibility, drinking water, sanitation, power and livelihoods, thereby creating sustainable villages.

ENVIRONMENTAL SUSTAINABILITY: Ensuring environmental sustainability, ecological balance, protection of flora and fauna, conservation of natural resources and maintaining the quality of soil, air and water.

The CSR Policy is posted on the website of the Company :www.sipaper.com

2. Composition of CSR Committee

- (i) Mr Manish M Patel - Chairman
- (ii) Mr M G Mohan Kumar – Member (Independent Director)
- (iii) Mr S R Chandrasekara Setty-Member (Independent Director)

3. Average net profit of the Company for the last 3 financial years : ₹ 2043.12 lakhs
4. Prescribed CSR expenditure (2% of the amount as in Item 3 above) : ₹ 40.86 lakhs
5. Details of CSR spent during the Financial year
 - (a) Total amount to be spent for the financial year : ₹ 40.86 lakhs
 - (b) Amount unspent, if any : ₹ 35.61 lakhs
 - (c) Manner in which the amount spent during the financial year is detailed below

Particulars	₹
Contribution towards Prime Minister's National Relief Fund	5,25,000

6. In case the Company has failed to spend 2% of the average net profit of the last 3 financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Board's report

Company has planned for following CSR projects for the benefit of villagers in the villages around the factory :

- i) Chlorination plant for drinking water for Chikkayanachatra & Banchalli hundi villages.

ii) Sewage Treatment Plant for the 3 villages Chikkayanachatra, Thandavapura & Banchalli hundi.

Land finalization for the project is awaited from Gram Panchayath. Amount could not be spent pending finalization of land by Gram Panchayath (GP). On finalizing the above, Company will be spending on the project.

However the Company has made a contribution of ₹ 5,25,000 towards Prime Minister's National Relief Fund which is eligible CSR Expenditure, during the year.

Current Developments on the above stated CSR projects : Deputy Commissioner (DC), Mysuru had instructed Tahsildar to identify Kharab land for the purpose & report. - (v) According to the information and explanations given to us, the Company has not accepted any deposits for which the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder are applicable.
- (vi) We have broadly reviewed the cost accounts and records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Companies Act, and we are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have, however not made a detailed examination of the records with a view to determine whether they are accurate.
- (vii) (a) According to the records of the Company, the Company is generally regular in depositing undisputed statutory dues including provident fund, employees’ state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities

- (b) On the basis of our examination of the documents and records, disputed statutory dues to the extent which have not been deposited with the appropriate authorities are as under:

Statute	Nature of the Dues	Amount in dispute not acknowledged ₹	F. Y. to which the amount relates	Forum where the dispute is pending
Central Excise Act, 1944 / CENVAT	Excise Duty	8,15,339		CESTAT, Bangalore
	Penalty	50,000	2008-09	
Credit Rules, 2004	Excise Duty	840	2014-15	Commissioner of Central Excise Appeals, Mysore
		10,680	2015-16	

Except dues stated in the above para, there are no other dues of income tax or sales tax or wealth tax or service tax or duty of customs or duty of excise or value added tax or cess which have not been deposited on account of any dispute.

- (viii) According to the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to the bank as at Balance Sheet date.
- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. The term loans raised during the year have been applied for the purpose for which they were obtained.
- (x) According to the information and explanations given to us by the management, we report that no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with Directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act 1934.

58th Annual Report 2016-2017

Annexure II” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of THE SOUTH INDIA PAPER MILLS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **THE SOUTH INDIA PAPER MILLS LIMITED** (“the Company”) as of March 31, 2017 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

CORPORATE INFORMATION

The South India Paper Mills Ltd is a public limited Company, incorporated under the provisions of the Companies Act, 1956. The Company is engaged in the manufacture of Paper, Paperboards, Cartons and Power Generation. Corporate Identity No. (CIN) of the Company is L85110KA1959PLC001352. Equity Shares of the Company are listed on the BSE (Bombay Stock Exchange) in India.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

1.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenditure during the year. Examples include provisions for doubtful debts, provision for employee benefits, provision for taxation, useful lives of depreciable assets, provisions for impairment, provision for contingencies, provision for warranties / discounts etc. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

Future results could differ from those estimates. The effects of changes in accounting estimates are reflected in the financial statements in the period in which results are known and, if material, their effects are disclosed in the financial statements.

1.3 Inventories

Inventories are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. However, materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Cost is determined on a weighted average basis. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges.

Work-in-progress and finished goods include an appropriate proportion of freight, overheads, direct costs and excise duty (where applicable).

1.4 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.5 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.6 Depreciation & amortisation

Depreciation on fixed assets is provided on straight line method based on the following useful lives / residual values as prescribed in Part C of Schedule II of the Companies Act, 2013. Depreciation is charged on a

proportionate basis for all fixed assets purchased and sold during the year. Extra Shift Depreciation has been charged, where applicable.

Nature of Asset	Useful Life	Residual Value
Tangible Assets :		
Buildings	30 to 60 Years	Nil to 5%
Roads	5 to 10 Years	Nil to 5%
Power Generation Plant	40 years	5%
Plant & Machinery	5 to 25 Years	Nil to 5%
Furniture & Fixtures	10 Years	Nil
Vehicles – Motor Cars	8 Years	5%
Computers – Servers & Networks	6 Years	Nil
– End user devices	3 Years	Nil
Office Equipment	5 Years	Nil
Intangible Assets :		
Software – Note 1	6 Years	Nil

Note 1: Intangible Asset – Software is amortized over 6 years, based on management’s estimate of useful life.

1.7 Revenue Recognition

Sales of goods are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the despatch of goods to customers. Sales include excise duty (where applicable), but exclude sales tax and Value Added Tax.

Income from sale of electricity is recognized as and when electricity is generated and supplied to the grid.

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

1.8 Fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. The cost is net of VAT and CENVAT credit availed.

Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Land acquired on lease for 99 years or less is treated as leasehold land.

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use. Subsequent expenditure on an intangible asset after its purchase or completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of asset.

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest (if any).

1.9 Foreign Currency Transactions and Translations

Foreign exchange transactions are recorded at the rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss of the year.

58th Annual Report 2016-17

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date are translated at the exchange rates on that date; the resultant exchange differences are recognised in the Statement of Profit and Loss as income or expense.

Premium / discount on forward exchange contracts if any are amortised over the period of the contracts if such contracts relate to monetary items as at the Balance Sheet date.

1.10 Investments

Investments are either classified as current or long-term based on Management's intent at the time of making the investment. Current investments are carried individually, at the lower of cost and fair value. Long-term investments (excluding investment properties) are carried individually at cost less provision made to recognise any diminution, other than temporary, in the value of such investment. Cost of investments include acquisition charges such as brokerage, fees and duties. Provision is made to recognise any reduction in the carrying value of long-term investments and any reversal of such reduction is credited to the Statement of Profit and Loss.

1.11 Employee benefits

Employee benefits include provident fund, superannuation fund, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Others

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability, based on actuarial valuation made by an independent actuary, at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

1.12 Borrowing cost

Borrowing costs directly attributable to acquisition or construction of those fixed assets which necessarily takes a substantial period of time to get ready for their intended use are capitalised. Borrowing costs on general borrowings are determined using a capitalisation rate which is computed as the weighted average of the borrowing costs applicable to the borrowings of the enterprise that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are accounted as an expense in the period in which they are incurred.

1.13 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate

financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue / expenses / assets / liabilities”.

1.14 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis. The Company has not entered into any finance lease arrangements.

1.15 Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

1.16 Taxes on income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961 and at the rates enacted by the statute on the Balance Sheet date. Assets and liabilities representing current tax are disclosed on a net basis where there is a legally enforceable right to set off and where the Management intends to settle the asset and liability on a net basis.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain (as the case may be) to be realised.

1.17 Impairment

Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the company's fixed asset. If any indication exists, an asset's recoverable amount is estimated. An asset is treated as impaired when the carrying amount of asset exceeds its recoverable value. The impairment loss is charged to Statement of profit and loss in the year in which an asset is identified as impaired.

1.18 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Show cause notices issued by various Government authorities are not considered as contingent liabilities. However, when the demands are raised against such show cause notices after considering the Company's views, these demands are either paid or treated as liabilities, if accepted by the company, and are treated as contingent liability, if disputed by the Company.

Contingent liabilities are disclosed by way of a note. Contingent assets are neither recognised nor disclosed in the financial statements.

1.19 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

II Others : Company had entered into a Power Purchase Agreement (PPA) with Karnataka Power Transmission Corporation Ltd. (KPTCL) on 30.03.2001 for supply of surplus electricity generated from co-generation power plant. By an Order of Karnataka State Government, PPA was assigned in favour of Chamundeshwari Electricity Supply Corporation Ltd (CESC). After complying with requirements of Section 9 (2) of the Electricity Act, 2003, the Company laid transmission lines to its own Printing & Packaging unit located about 1 km away from the co-generation power plant. During the year, CESC has filed a petition before Hon'ble Karnataka Electricity Regulatory Commission (KERC), Bengaluru, alleging breach of PPA and has claimed damages of Rs 37,75,72,966 for the period from April 2009 to March 2016 on account of reduction in supply of power to CESC and further seeking direction to the Company for removal of such dedicated transmission lines. Company denies any breach of the terms of the PPA and has obtained legal advice that the demand is baseless, frivolous and untenable and has filed objections before KERC. The matter is pending before KERC. Company has not acknowledged the said claim as debt.		37,75,72,966	-

5. Section 139 of the Companies Act, 2013 lays down the criteria for appointment and mandatory rotation of statutory auditors. Pursuant to Section 139 of the Act and the Rules made thereunder, it is mandatory to rotate the statutory auditors on completion of two terms of 5 consecutive years. The Rules also lay down the transitional period that can be served by the existing auditors depending on the number of consecutive years for which an audit firm has been functioning as auditor in the same Company. The existing Statutory Auditors M/s B S Ravikumar and Associates, Mysore (Firm Registration Number 006101S) have served the Company for many years before the Companies Act 2013 was notified and will be completing the transitional period (3 years) at the ensuing 58th AGM and cannot be re appointed as Statutory Auditor

Keeping in view the requirements of the Companies Act, 2013 the Audit Committee and the Board of Directors have at their meeting held on 10-08-2017, recommended the appointment of M/s Murthy Swamy & Associates, LLP, (LLPIN AAJ4718) Chartered Accountants, Mysore, as statutory auditors of the Company for a term of 5 consecutive years from the conclusion of the ensuing 58th Annual General Meeting till the conclusion of the 63rd Annual General Meeting of the Company to be held in 202.

M/s Murthy Swamy & Associates, LLP, Chartered Accountants have consented to and confirmed that their appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have also confirmed that they are not disqualified to be appointed as Auditors in terms of the provisions of the

Companies Act and the provisions of the Companies (Audit and Auditors) Rules, 2014. The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the members.

6. In order to protect your interest against fraudulent encashment of Dividend warrants, we request you to provide us the name of your bank, branch & the account number, if not already given, to enable us to incorporate the same in your Dividend warrants.
7. Pursuant to Section 205A of the Companies Act, 1956, all unclaimed dividends / unpaid dividends upto the financial year ended 31st March,1995 have been transferred to the General Revenue Account of the Central Government. Shareholders, who have not yet encashed their dividend warrants for the said period are requested to forward their claims in prescribed Form No. II of the Companies Unpaid Dividend (Transfer to General Revenue Account of the Central Government) Rules, 1978 to the Office of the Registrar of Companies, Karnataka, E-Wing, II Floor, Kendriya Sadana, Koramangala, Bangalore - 560 034.
8. Dividends pertaining to the financial year 1995-96 & onwards, remaining in the unpaid/ unclaimed dividend accounts of the Company shall, at the expiry of 7 years, be transferred to the Investor Education & Protection Fund of the Central Govt. Thereafter the shareholders shall have no claim against the Fund or the Company in respect of their unencashed Dividend warrants. As per the rules, Dividend for 2008-2009 which was unclaimed, has been transferred during the year to the Central Govt. Members who have not encashed their Dividend Warrants pertaining to the year 2009-2010 & onwards are requested to approach the Company, immediately for obtaining duplicate Dividend Warrant. As per the provisions of Section 124(5) and 124 (6) which came to force on 5th September 2016, Companies while transferring the unpaid dividend will also have to transfer the underlying equity shares, only if the dividend is not claimed during the said period of 7 years. Members may please take note of the same.
