Vaibhav Global Limited is a proud global Indian Company.

An international electronic retailer of fashion jewellery and lifestyle accessories.

Among few consistently profitable enterprises in the fast-growing e-commerce space.

Operating a 24x7x365 'e-store', represented by nationally-prominent US and UK television channels, and supported by our robust e-commerce platform.

In 2015-16, our e-store addressed 362,000 customers, sold 8.1 million products and generated ₹1,276 crore in revenues.

Vaibhav Global is a vertically-integrated fashion retailer on electronic retail platforms

- 110 million FTE (full-time equivalent) households on TV shopping in the US, UK and Canada
- Positive customer engagement metrics – a customer base of 1.9 million, retention of 46% and repeat purchase of 17x

We own and operate the Liquidation Channel, USA, and Jewellery Channel, UK, which are strong brands in their own right

- Sizeable B2C franchise in developed and mature markets
- Growing recognition of deep value enables scaling to adjacent categories (for instance into fashion textiles)

We stock a wide range of jewellery and non-jewellery products

- Fashion jewellery: Bracelets, bangles,

earrings and studded jewellery, among others

- Fashion accessories: Watches, handbags and scarves, among others
- Lifestyle products: Home décor, bed linen, pillow covers, towels, among others

We operate state-of-the-art assets

- Established, efficient and low-cost manufacturing operations in Jaipur, India
- Our manufacturing set up in Jaipur comprises three units; cumulative production capacity of three million units per annum
- Our new capacity in SEZ is a 'green building' with 'Gold' level facility across 1,00,000 sq. ft

We possess a dynamic hybrid supply chain infrastructure

- Ongoing investments in customer interface, production, warehousing

facilities, supply chain and CRM (customer relationship management) that enables us to engage with our customers better

- Outsourcing from China, Thailand, Indonesia and India marked by effective trend-spotting; we have a continuously expanding global supply chain capacity of 12 million pieces
- Scalable model with limited capital needs

We own a solid infrastructural backbone

- Professional, experienced management team with in-depth knowledge and industry experience
- Talent pool across marketing, merchandising, operations, technical and strategic functions

KEY HIGHLIGHTS, 2015-16

Home TV Network crossed the 100 million households mark; FTE increased 11%

- 110 million households on FTE basis
- 79.6 million households in the US

Infrastructure augmentation

In a business where the product price is fixed, it is essential that we enhance our operating efficiencies to remain at the top of our game. Towards this extent, we embraced a number of initiatives during the year under report. In a significant initiative, we laid the foundation of progressive cost optimization by commissioning our environmentally-sustainable and tax-efficient SEZ production facility in a Gold Standard green building in Jaipur - ahead of schedule and at lower-than-estimated costs.

This facility made it possible for us to scale our capacity by a substantial 100% to a cumulative 7 million units per annum. The facility also augmented our competitiveness through a strategic SEZ location that provides attractive tax and excise duty benefits.

During the year under report, we also commissioned a new, cost-effective call center in Mexico to support our existing US-based retail operations. This establishment delivered operating costs to lower and satisfaction levels higher than our Kansas equivalent, strengthening our overheads management. The Company initiated a process of diverting some of the post-sales customer service calls to Mexico from Kansas and Austin with similar or better service levels, reducing operating costs in this area.

The Company strengthened its business during the year under review through the

- POSITIVE ATTITUDE

launch of a new Hybris (SAP company engaged in enterprise multi-channel e-commerce and product content management software) in May 2015. The website is in the process of stabilising and will service enhanced throughput. The Company also initiated the development of apps for various platforms and devices for LC, USA, and TJC, UK, recently, which are expected to be launched during the current financial year translating into enhanced customer service and delight.

The Company's recently-upgraded customer engagement platforms proceeded towards optimization. Even as this took longer than expected, I am optimistic that with quality application delivery capabilities, our US and UK platforms will deliver enhanced customer experience and attract larger traffic throughput. We believe that the enhanced customer experience will catalyze traffic to our retail channels and generate higher revenues.

Margins uptick

Though our 2015-16 revenues and net profit declined 7% and 61% respectively, I must point to our gross margins, a vital indicator of the health of our business, which grew a robust 210 basis points to 63% during the year under report. Some of the principal reasons for this development comprised an increase in average product prices and engagement cessation in the third-party sale of rough stones (B2B), a low-margin business segment.

Our business model was validated on Black Friday (November 28, 2015), a red letter day at Liquidation Channel, USA (US TV sales platform), as we crossed USD 1 million in sales for the first time. Some proprietary brands, launched over the last few months, performed well in the holiday season over generic sales. We constantly fine-tuned offerings following customer feedback; we withdrew underperforming lines; we expect to sustain the improved momentum.

What is creditable is that in FY16, we added 2.23 lac customers (total 18.65 lac customers). Repeat customer buying activity was 17 times (18, previous year). The average annual purchase per customer was 24.5 pieces (25.9 pieces, previous year). Our customer retention was 45% in the US and 53% in the UK, which compare favorably with larger peers.

New schemes introduction

During the year under report, we launched the 'Budget Pay' EMI scheme and easy returns policy, which elicited a positive customer response and translated into superior realizations. Budget Pay EMI purchases, covering USD 20-plus products, and an easy returns policy in the US has resulted in a higher working capital outlay. We may need to deploy some additional capital when Budget Pay is launched on the website. We feel that the returns policy will prevent customers from switching allegiance and attract new ones.

Going forward

What gives me confidence is that the other major players in the US market have grown on a large base.

We are distinctively placed; we are differentiated in the US and UK through our discount electronic retailer positioning, which is relevant considering that discounters have traditionally thrived in most environments.

Besides, our costs as a percentage of sales are lower than major players without compromising service or reach initiatives. Our retention rate of around 50% continues to be one of the highest in the industry. The average purchase frequency of 25-26 products per year is robust, validating our product quality. Based on these realities, we expect to drive our topline and EBITDA across the foreseeable future.

Before I close, I would like to reiterate that Vaibhav Global is now operating on expanded capacities. We are focused on leveraging our fixed-cost investments to and create a strong, globally-competitive franchise in the fashion and related segments.

With my best wishes,

Sunil Agrawal

A BRAND NEW 1,00,000 SQ. FT JEWELLERY MANUFACTURING SHOWPIECE IN JAIPUR SEZ

At Vaibhav Global, we are excited by this asset addition, reinforcing our scale and addressable customers.

Some of the core advantages of this world-class facility include the following:

- The facility has enhanced our jewellery manufacturing capacity by 100%; the Company can produce and process a range of jewellery and non-jewellery lifestyle fashion accessories
- The building enjoys the LEED (Leadership In Energy and Environmental Design) gold plaque, indicating an embrace of the highest sustainable design and resource conservation standards

- The building is perhaps the only jewellery manufacturing unit in the region with a 200 KW rooftop solar panel arrangement; this enables the facility to address up to 20% of its energy requirement and moderate its energy bill
- The unit possesses a water treatment plant to recycle 100% of the water consumed for manufacture; it possesses double-glazed windows that filter natural sunlight while eliminating solar heat; it possesses 40 'pipes' that collect sunlight from the rooftop, refract multiple times and disperse onto workspaces, maximizing natural light utilisation
- The building comprises an automatic mould storage facility that, at the press of a button, brings the relevant mould to the user; the machine can store 60,000 moulds across 36 trays at any given point of time, reducing the time to locate a particular mould and create a safe repository
- The unit is equipped with two state-of-

the-art 3D printers; these have collectively reduced product development costs by 33%

- The facility comprises a 50-seater training center that exposes workers to industry best practices and competencies
- The unit has a specially-made precious metal dust collection niche on worker benches, which captures up to 5-6% of total wastage
- The unit provides zero tax and MAT credit benefits by the virtue of its SEZ location

The unit was established ahead of schedule and at a cost lower than the usual cost of constructing a similar facility following extensive value-engineering.

REINFORCED CUSTOMER SERVICE THROUGH THE ADDITION OF RETURN ABILITY AND BUDGET PAY TO STRENGTHEN MARKETPLACE EXCITEMENT

At Vaibhav Global, we aligned with the broader market through the introduction of a returns ability and Budget Pay in the US for the first time in 2015-16.

- The concept of return ability enables customers to return products within 30 days from the date of receipt, applicable across the television and web platforms
- Under Budget Pay, the customer enjoys the added convenience of paying across

three installments (upfront payment, on the 30th day and on the 60th day), staggering the cost and enabling customer to plan purchases aligned with cash flows; this facility is available for products mostly USD 20 and above

- Following the introduction of these, we strengthened average selling prices, factoring in the probability of bad debt creation and product returns
- Following Budget Pay, products under this basket comprised almost 20% of collective gross sales

Following the introduction of these schemes, we enhanced the customer lifetime value, growing purchase frequency while enhancing brand appeal, intimacy and loyalty. Besides, we boosted our portfolio, enhancing customer attraction.

“THE YEAR 2015-16 WAS ALL ABOUT CREATING A PLATFORM FOR OUR NEXT GROWTH LEVEL.”

Review by Puru Aggarwal, *Group Chief Financial Officer*

Q&A

Q What was the highlight of the company's working in 2015-16?

A The headline of 2015-16 was our investment reinforcement of the business frontend and backend, which tie in with our focus of providing continuously better service. Since we are a consumer-driven business, any improvement in this generates a direct impact on our financials.

Q Why did the company report subdued financial performance during the year under report?

A One must appraise this performance in the context of initiatives we embraced which are expected to unleash long-term benefits. For one, in a significant overhaul, we migrated our web operating platform to the world-class Hybris with SEO capability, dashboards and analytics. These will not only provide customers with a more engaging experience, enhancing conversion and repeat purchase prospects; they will also empower our response to analytics that could have business-wide impact in terms of service, inventory management, logistics, pricing and merchandising etc.

Issues related to the web platform impacted our e-commerce revenues during the year under review. While we agree that we were not completely satisfied with the Hybris update, we introduced a new vendor with speed. The result is that the fully-updated Hybris launch is

expected by July 2016. But once online, we expect to more than recoup the sales loss by winning customers through a more enriching virtual shopping experience.

Q What were some of the other initiatives embraced during the year?

A We invested nearly ₹49 crore from our accruals, among the highest in recent years, showcasing our commitment to grow the business. Concurrent with the implementation of Hybris, we established a greenfield jewellery manufacturing complex in a Jaipur SEZ that will effectively double our manufacturing capacity to 7 million pieces per annum. This commissioning will not only grow sales but will also help us leverage economies to control per unit costs. Besides, the gold standard LEED-certified facility will help us moderate energy and consumable costs through design efficiency. The SEZ location will enhance our established competitiveness achieved through shrinking project timelines, design and engineering innovation.

We also established our second 60-seater call center in Mexico. The location is strategically proximate to operations in Austin and cheaper vis-à-vis mainland US real estate and operational costs. Besides, Mexico shares the same time zone with Austin, yet another significant benefit. We were enthused by the customer service from this Mexico facility, making it possible to strategically diversify our dependence from a single call-center and improve our responsiveness to

customers. We acquired a second UK channel (Channel 652) that has not only made it possible to penetrate 25 million (FTE basis) UK households but enhanced our television visibility through a larger channel bouquet.

Q How did the Company strengthen its Balance Sheet?

A We achieved ₹1.4 crore decline in interest expenses for India operations in 2015-16 by retiring long-term debt to near-zero, capitalizing on lower interest rates and renegotiating bank charges. The result was robust interest coverage and an attractive net debt-equity ratio of 0.15.

Q Can you throw some light on your margins?

A During the year under report, we strengthened our average selling price from USD 23 to USD 24. However, if one were to appraise this sequentially across quarters, our average selling prices rose sequentially from USD 20.5 to USD 22.4 to USD 25.4 to USD 28.5. Following this increase, gross revenue growth across the quarters moved from a negative 9.4% to a positive 6.6%, which indicates the impact that higher ASPs have on our topline. Our strategy of fixing gross margins and working backwards on costs and pricing enabled us to protect our overall profitability. We benefitted from lower engagement in our opportunistic B2B business, which has lower margins. Combined with our conscious efforts to cover the cost of budget pay, our gross margins expanded by a respectable 210

bps to 63% in 2015-16.

Q What other factors strengthened the Company's profitability?

A We appraised margin-enhancing product extensions that translated into the following initiatives:

- We launched beauty products synergic with our fashion lifestyle products; these products were well received in the UK market
- We launched branded homegrown products under various collections; these enabled us to aggregate and market a higher number of products under a 'set', grow aspirational product value and leverage India's heritage value (favourite theme in our target markets) through the Royal Jaipur, Hidden Treasures and Tribal Collection etc.

Q What are the Company's plans for 2016-17?

A We expect to get the latest version 5.7 of Hybris up and running by July 2016. The other initiatives comprise growing our homegrown brands focus and enhance the new SEZ manufacturing unit capacity. We created a professional talent pipeline and recruited from top institutes (IIMs, NID and MDI, Gurgaon) to strengthen project execution. As a result of superior customer engagement programs and customer-side and infrastructure-part investments, we are prepared for the next stage of growth.

KEY STRENGTHS

Robust supply chain – We focused on reinforcing our supply chain

The procurement of quality resources in a competitive manner is Vaibhav Global's core strength. The Company's sourcing infrastructure covers most major procurement hubs (China, Bangkok, Thailand, Indonesia and India), widening the product basket. Besides, the company launched homegrown branded jewellery collections and cosmetic care products synergic with its lifestyle fashion products.

Global competitiveness – Our showpiece greenfield manufacturing unit in Jaipur SEZ will enhance production capacity 100%

Vaibhav Global enjoys over 25 years of rich experience in jewellery manufacturing and marketing. The Company established a low-cost asset base through the strategic location of its manufacturing facility in Jaipur, which employs over 1700 well-trained workmen, driving economies of scale and optimising overheads. By the virtue of this, the Company is not only able to effect quicker turnaround times and cash in on demand up-cycles, but also possesses a huge product basket (following the launch of over 150 new designs every single day) that enhances marketplace excitement.

Large, dynamic and engaged customer base –We enhanced our USA reach 11% to cover 110 million households (FTE basis)

Vaibhav Global's online B2C retail strategy hinges on low-costs; this purely online play circumvents the need to lock into high-rental commercial properties. In a bid to keep costs tightly under control, the Company advertises products and engages with customers through both television channels (The Liquidation Channel, USA, and TJC, UK) as well as the online platform. The Company's expert team of television hosts not only attracts customers but also provides tangible incentives for them to keep coming back and drive repeat sales.

Customer centricity – The web-commerce platform upgradation to Hybris, the Mexico call centre, acquisition of a new UK channel, Budget Pay introduction and returnability enhanced customer centricity

At Vaibhav Global, the jewellery retail business is akin to customer fulfillment (logistics and inventory management, IT support and customer service). Vaibhav Global ensures that products (including buffer quantities) are in the warehouse before they are advertised and reach customers on the promised day (or earlier).

Scalable model – Our senior-level recruitment across our Company will enable us to put our vision into active implementation

Despite inflation, Vaibhav Global capped costs through scale leverage – scale of procurement, scale of operations and scale of airtime acquisition. Concurrently, the company rejuvenated its talent pool through enhanced fresh and enthusiastic employees across countries.

During his tenure, hhgregg was also acknowledged as an IR 500 (244) and IR Social 500 (448) Company. Kevin is a graduate of Morehead State University and University of Kentucky.

He has a passion for creating strategy, as well as delivering innovation and execution against that strategy. Outside of the office, Kevin enjoys spending time with his family, is very physically active and enjoys sports and doing almost anything outdoors.

Mr. Jeff Allar

Group Senior Vice President, HR

Mr. Jeff Allar brings over 31 years of industry experience working for major international Companies including IBM, Unilever, and the Stonyfield Farm unit of Groupe Danone, where he was the Vice President of Human Resources. In his last role, he led HR and organizational development for Affiliated Construction Services (ACS), a global engineering services firm headquartered in Madison, Wisconsin, USA catering to the clientele like John Deere, Caterpillar, Cummins, Harley Davidson, General Electric and many more. The opportunity to join an exciting and growing Company such as VGL led his wife and him to make the decision to change path one more time and make the move to Austin, Texas in the USA. Away from work, he enjoys golfing, family history research and his charity of choice is to be involved with agencies and organizations that fight domestic violence. He finds it interesting to see our products on TV or the internet and observes the great job our hosts do in connecting with our consumers to purchase our jewelry and lifestyle products. He is a big believer in building relationships and follows the saying “People like to work with people they like”! What Jeff has to say about VGL’s vision, mission, and values is very inspiring. For him, vision, mission and values create the overall purpose of the organization – what we do, why, and how. They are the guideposts that frame our behavior at work every day. If you are ever wondering about something that you are working on or if a decision you are about to make is the right thing to do, he suggests that we refer the vision, mission, and values to help us make the right decision.

Mr. Vineet Vashist
Chief Technology Officer

Mr. Vineet Vashist comes to us from Aritzia, a leader in women's fashion in Canada. While there, he led the effort to lay the foundation for e-Commerce growth working with cross-functional teams to align systems, processes and organisation structures to long-term growth as well as creating the Product Management discipline to drive consistent growth in e-Commerce revenue through continuous improvement. Prior to Aritzia, Vineet progressively moved through various roles with Abercrombie & Fitch where in his last role as Director IT e-Commerce, he led all roadmap, architecture, development, and integration of e-Commerce initiatives with operational and capital budget of combined \$25 million. He grew a small e-Commerce team into a specialized organization of 25 employees split into specialized disciplines of Front End Development, Native App Development, Systems Integration, Web Engineering and Product Information Management.

Vineet brings strong expertise and a proven track record in leading the transformation of a traditional IT organization into more nimble and agile one by helping revamp the processes, team roles and tools. He has managed an aggressive portfolio with an annual budget of over \$20 million to deliver new strategic capabilities and operational enhancements to Aritzia and A&F. Vineet is a graduate of The Ohio State University and is an avid follower of all sports but in particular – Cricket and American Football. Outside of game time, you will likely find him enjoying a hike with his two dogs.

Mr. Pushpendra Singh
Vice President, HR Asia

Mr. Pushpendra Singh started his career with NTPC as a Management Trainee immediately after completing post-graduation in Management. His keen sense of dynamics of human behavior had him win approval of not just his managers but his peers early on. He rose rapidly in ranks as his prowess in HR was prodigious. At Reliance Communication, he was widely acknowledged for his strategic thinking, solution orientation and logical aptitude. He has thrived in roles that demand quick thinking and action. His vast and versatile experience coupled with an undying urge to challenge himself got him moving again. He joined VGL Group in 2011 and is credited with restructuring and re-visioning HR to make HR an effective Business Partner. Currently, he is dedicated to making VGL a Great Place to Work. His efforts have led to accelerated employee engagement for productivity gains at VGL. He was awarded "20 Most Talented HR Leaders in Industry" by World HRD Congress in 2013.

Mr. Raj Singh

Vice President Operations, VGL India

Mr. Raj Singh is a graduate in Chemistry and trained in Mechanical Maintenance. He began his career with Shrenuj & Company Ltd. In his career of 21 years, he has gone strength to strength improving and innovating businesses. His current stint with VGL Group appears to be a crescendo of an ever climbing career. At VGL, he is instrumental in turning strategy into operational & financial success. His initiatives like Gems Studded Stainless Steel Jewelry, Ion Plating, etc., are groundbreaking in the Jewelry industry. For an industry that is type cast as labor intensive, Mr. Singh has led many automation drives and is successful in grinding out cost efficiencies. His relentlessness is not limited to saving costs and improving product quality as his versatility reflected in the construction of VGL's SEZ Factory in record time. He affirms that SEZ factory is one of the most environment-friendly buildings in the Country. It helps that Raj has a huge appetite for work while being able to relax outside of it. He loves his family and is fond of traveling with them.

Mr. Nitin Dugar

*Chief Operating Officer,
Liquidation Channel USA*

Mr. Nitin Dugar has been associated with VGL group since 2003. He joined the group at the Bangkok facility looking after Silver factory operations; he then moved to Gold unit and finally relocated to the USA in 2006. Currently, working as Chief Operating Officer at Liquidation Channel, he oversees the Company's key strategic projects, new initiatives and process improvements. He is a Science graduate and an MBA from Mumbai. Before joining the VGL group, he has worked with the marketing department of the prestigious Godrej Group in managerial roles. Mr. Dugar loves to read about American Politics, Economy, Cricket and Cooking for leisure. A native of Mumbai, he now lives in Austin, Texas with his wife and son.

SOCIAL RESPONSIBILITY

At Vaibhav Global, we strongly believe in giving back to the society by doing our part in solving socio-economic challenges of our time. We are proud of the success of our CSR program partnership with Akshaya Patra Foundation, the world's largest NGO that serves wholesome mid-day meals to over 1.5 million children in over 10,000 government and non-government aided schools in 10 states in India. In doing so, the Foundation fights the cause of hunger, malnutrition and illiteracy among children in India. The organisation is of the belief that there is a dire need for the operation of Akshaya Patra to be replicated so that it realises the vision that "no children in India should be deprived of education because of hunger". The Foundation's mission is to reach out to 5 million children every school day by 2020. The programme

spans 141 Schools and 322 Anganwadis in Jaipur. Our 'One for One' program entails us serving one mid-day meal to a hungry school going child for every piece sold on our UK live TV channel- TJC. So far, VGL has served over five million meals under 'One for One'.

We have undertaken a number of initiatives such as supporting Prem Niketan foundation for helping them with their old age home, school and treatment of needy patients at their hospital. We also work with the Hare Krishna Movement, Jaipur which undertakes various educational / social awareness activities and also with Jan Chetna Sansthan in Mount Abu for empowerment of rural women.

In our effort to tackle every social challenge head-on, we have associated with Umang

NGO, working for the differently-abled members of our society. We have also supported the Anandilal Poddar Mook Badhir Vidyalaya financially and also empowering some through vocational training & employment.

Social Initiative

Taking forward our commitment towards the betterment of society, the employees of the Company participated in *Blood Donation camps* organized by the Mehek Diya Foundation and Jain Social Group (Gem City) Jaipur. VGL team members donated over 200 units of blood in 2016.

We gave training and also employed differently-abled members of the society through our partnership with the Youth for Jobs NGO.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

Retail has played a major role in supporting the global economy. In developed economies, retail is one of the most prominent industries. Improving GDP growth, greater disposable income, and increasing consumer spending are driving retail industry and offers opportunities for retail segment players.

Total retail sales in North America reached \$ 5,254 billion in 2015, including \$ 4,785 billion in the US alone. More than a fifth of the world's retail sales occurred in the US, making it a highly lucrative market to operate in. Retail sales tend to be driven by personal income, consumer confidence and interest rates, therefore retail sales trends tend to resemble that of the economy at large. In 2016, US retail sales are expected to grow to around \$ 5 trillion in value.

The UK retail industry is valued at around £ 340 billion/\$ 500 billion, representing 18% of the country's GDP. Consumer spending has been the main driver of UK economic growth, aided by high employment, low interest rates and benign inflation.

The US has well-established distribution channels for retailers operating varied formats. Significant opportunities for growth exist in the US retail market for online retailers. In 2015, retail e-commerce sales amounted to \$ 340 billion, likely to grow to \$ 400 billion in 2016 and further projected at \$ 480 billion by 2018. E-commerce sales have been gaining market share, accounting for around 7% of total retail sales in 2015 as compared to 6.4% in 2014.

The jewelry segment in US grew 2% in 2015, at \$ 63 billion and fashion/imitation jewelry outgrew this pace by growing 3%, highlighting its growing popularity. In UK, jewelry sales rose 1% to £3.2 billion in 2015 with imitation jewelry being major driver.

Online retailing has become increasingly attractive for a wide range of products as the internet search is comparatively user

friendly with better bargains. Taking a cue, leading retailers, to increase consumer engagement, have been focusing on creating a strong presence through online sales channels, supplementing their existing stores. The increasing use of mobile technology is an additional factor in making online retailing attractive and convenient.

An increasing amount of website browsing is occurring through customers using mobile devices, both smartphones and tablets. In 2015, around 20% of online spending in Europe was done using mobiles. In UK, this number was higher with 28.6% of customers using their mobile devices. The major growth in online sales is the result of higher sales via mobiles/tablets as compared to using PCs and laptops. Vaibhav Global has a growing mobile commerce presence in the US and UK markets and is slated to benefit significantly from these evolving trends.

Overall, the retail industry is dependent on macroeconomic factors such as GDP, disposable income, and consumer spending. Consumers will continue to drive growth in organized retail by expanding the market and compelling retailers to widen their offerings in terms of brands and in terms of variety. Also discounted retailers will continue to be favored. As developed countries emerge from recessionary trends, and unemployment rates beginning to fall, the retail industry is experiencing signs of renewal in growth.

Vaibhav Global is an electronic retailer of fashion and lifestyle products in the US, UK and Canada markets sold on our proprietary TV shopping and web platforms with direct access to 110 million TV households. The Company delivers deep value proposition to discount seeking customers and has developed a robust B2C franchise in its focus markets organically. This is an achievement very few Indian companies have been able to accomplish.

The Company has expanded its portfolio, focusing on adjacent product categories that target similar market segments. While fashion jewelry forms a large part of the portfolio, the Company also sells lifestyle accessories, home textiles and cosmetics all of which are targeted at the same customer and enable access to a larger part of the customer's shopping value pie.

Products sold in developed markets are either sourced from micro-markets across India, China, Thailand and Indonesia, or manufactured at the Company's facilities located at Jaipur, India.

During 2015-16, revenues were lower by 7% to ₹1276 crore. While rising competitive intensity and some key technology transitions undertaken over the last two years have had an impact on our volumes and topline, we have made several initiatives that we believe will help us consolidate our market position and enable us to resume on our growth path. Revenues in the retail segment declined by 4.9%. Wholesale revenues were lower by 25.1%, also due to our strategic decision to de-focus from opportunistic trading in loose gemstones. EBITDA margin during 2015-16 was at 6% of revenues compared to 10.7% of revenues in the previous year. This was the impact of larger organizational capacity created by the Company for growth, which did not materialize during the year. With the current capacities across functions, we can now deliver reasonable growth without having to make any significant investments over the medium term. Profit after tax (before exceptional items) was 3% of revenues.

In 2015-16, realizations were consciously increased to adjust for the additional customer benefits of Budget Pay and easy returns provided to customers. TV realizations increased to \$24 compared with \$23 in the previous year. Web realizations increased to \$15 compared with \$14. Going forward, our objective would be to maintain realizations at current levels across an expanded portfolio of products and categories as we believe we are in a

sweet spot to serve our customers' demand and aspirations.

During the year, cash flows from operations were impacted due to additional working capital absorbed by the introduction of installment payment and easy returns for our customers. As a consequence, we have invested in additional working capital float, which is now in the system and is enabling us provide more beneficial terms of trade to our customers. We believe this investment to drive deeper engagement in the market and deliver positive returns in the medium term.

Over the last two years, we have invested in expanding our physical infrastructure, customer interface, technology platforms and people resources. We believe that these investments will allow us to meet our full potential to make deeper inroads within our targeted markets by delivering a deep value proposition from our portfolio of high quality fashion and lifestyle products.

CSR ACTIVITIES

The Company believes that corporate social responsibility delivered in the context of its business makes it more effective and sustainable. VGL is sensitive to the needs of local community and impact of operations on them. As a responsible corporate citizen, our Corporate Social Responsibility (CSR) Strategy complements our business philosophy and objectives. The Company ensures community ownership in all initiatives and helps to manage self-supportive community based institutions. We encourage collaboration with various NGOs to support in CSR activities at group level. During the period under review, VGL contributed a sum of ₹137.71 lacs to various social institutions in areas of mid-day meal, education, health and scholarship. The main beneficiary have been recipient Akshaya Patra, Umang, Manav Seva Sangh Prem Niketan, Jan Chetna Sansthan, and Hare Krishna Movement. At group level, the following major initiatives were undertaken :

- VGL sponsors one Akshaya Patra mid-day meal for every item sold at The Jewellery Channel, a step down subsidiary, UK and is currently feeding 14,186 students everyday.
- Programme spanning across 141 schools in Jaipur with 10+ vehicles providing logistics support.
- Donation of ₹75,000 to Umang that strives for an inclusive society that provides equal opportunity for all, by enhancing the quality of life of individuals with various disabilities.

SWOT ANALYSIS

Strengths

- Exclusive end-to-end business model covering the entire electronic retail industry across the US and the UK, delivering strong growth momentum, expanding market share, maintaining stable margins and generating robust cash flows.
- Low-cost operations at both retail and manufacturing levels.
- Efficient sourcing units that allow expansion in other product categories.
- Successful homegrown brands such as ILIANA, Rhapsody, J Francis, Karis, Elanza, Strada, Genoa and Eon 1962.
- Successful in-house curated collections such as Royal Jaipur; Tribal Jewels of India; Treasures of the Orient; Bali Legacy; D'Italia; Milaan, etc.,
- Exclusive designer brands such as Guiseppe Perez; Stefy by Stefania and Ivano; Jewel Studio by Prachi; Jewel Studio by Shweta; Rachel Galley; Lucy Q; Sugar by Gay Isber, etc.,
- Scalable business model with limited capex requirements.
- Strong managerial and talent pool across operations, technical and strategy functions.
- In-depth knowledge and vast experience in the jewelry and retail markets.
- Highly experienced senior management team and Board of Directors.
- ISO 9001-2008 certified world-class gems and jewelry manufacturing facility.

Weaknesses

- Exposure to foreign exchange and raw material price instabilities.
- Fewer cutting-edge technologies when compared with European jewelry manufacturing countries like Italy, Spain and France.

Opportunities

- Large potential of increasing revenue per household.
- Deeper penetration of adjacent product categories.
- Acquisition potential for an additional 40 million TV households in current markets.

- Launch of mobile commerce applications that add a new dimension to our customer engagement initiatives.
- Faster electronic retail segment growth vis-à-vis the overall retail segment (in target markets).
- Strengthening asset base with the latest manufacturing and product development technologies.
- Reinforcing the low price point 'discount' model in both the US and the UK markets, which should receive stronger traction as the 'value' retailers have always done well in any market cycle.
- Potential to replicate the end-to-end discount electronic retail business model in other developed and developing countries.

Threats

- Increase in rough and gemstones prices.
- Low cost end-to-end business model being adopted by existing or new competitors.
- Heightened competitive intensity with externally-funded players looking to drive aggressive strategies in the market.

OUTLOOK

Based on the growing visibility of our retailing platforms – Liquidation Channel in the US and the Jewellery Channel in UK – we believe that we are well-positioned to grow our market share in target markets and create customer loyalty by constantly delivering deep value to the discount seeking buyer. This has been augmented by ongoing focus on new product development and entering adjacent product categories targeting similar customer segments and following their buying behavior.

We have continued to invest in the business to improve our competitive positioning and value proposition to buyers. We have recently made several initiatives to further strengthen our competitive positioning. During 2015-16, we also operationalized new facilities at a Special Economic Zone (SEZ) in Jaipur that expand our annual manufacturing capacity to 6 million pieces. We expanded the outsourced call center to a facility in Mexico. We will continue to invest selectively in future growth opportunities and expect returns on these investments to follow in the coming years.

Currently, we believe that VGL is one of few Indian companies to successfully create a strong, respected and sizeable B2C franchise in developed markets globally. This also makes us unique from the consumer's perspective as our extreme cost consciousness translates into better value in our products, thereby deepening the relationship. Given that most of the initiatives have been completed successfully, we see strong reason to grow reasonably over a period of time and deliver value to our shareholders.

RISK AND CONCERNS

The Company is exposed to various risks which are normal in any business enterprise. Accordingly, the Company has a strong risk management policy in place which is developed by taking in account all possible risks. The risk management system enables it to recognize and analyze risks early and to take appropriate action to overcome or minimize the same. The business risks and opportunities so identified are integrated into the business plan and a detailed action plan to mitigate the identified business risks is thereafter drawn up and its implementation monitored.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The internal control framework is designed to ensure proper safeguarding of assets, maintaining proper accounting records and providing reliable financial information and other data. This system is supplemented by internal audit, reviews by the management and documented policies, guidelines and procedures. The Company has a well-defined organization structure, authority levels, internal rules and guidelines for conducting the business transactions. The Company intends to undertake further measures as necessary in line with its intent to adhere to procedures, guidelines and regulations as applicable in a transparent manner.

M/s S.S. Surana & Co., Chartered Accountants, an external independent firm carries out the internal audit of the Company operations and reports its findings to the Audit Committee. Internal Audit also evaluates the functioning and quality of internal controls and provides assurance of its adequacy and effectiveness through periodic reporting. Internal Audit is carried out as per risk based internal audit plan which is reviewed by the Audit Committee of the Company. The Committee periodically

reviews the findings and suggestions for improvement and is apprised on the implementation status in respect of the actionable items.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

On a consolidated basis, the Company recorded total operating revenues of ₹1276 crore in 2015-16, which represents decline by 7.2% compared with ₹1376 crore achieved in 2014-15. The Company registered a net profit of ₹40 crore in 2015-16 as compared with ₹103 crore for the financial year 2014-15. The decline in profits is mainly due to lower top-line, higher depreciation and airtime cost.

A. Retail via a 24x7 TV Shopping Network

TV home shopping sales comprises 73% of the total retail sales through live shows on all major cable, satellite and DTH platforms. Your Company sold 5.9 million pieces during the current year against 6.8 million pieces during the last year. Average selling price per piece was \$ 24 as compared to \$ 23 in the previous year.

B. Web Sales

Almost 18% of total sale came from the web which was decreased from ₹256 crore in 2014-15 to ₹223 crore in 2015-16. Web sales comprise catalogue sales, rising auction and live TV streaming. Volumes under this segment were decreased from 2.9 million pieces in 2014-15 to 2.3 million pieces in 2015-16. Average selling price per piece was \$ 15 as compared to \$ 14 in the previous year.

C. B2B Sales

B2B sales comprise wholesale distribution to various retail chains in the US and the UK as well as opportunistic sale of rough gemstones to various manufacturers. B2B sale was ₹121 crore for the current financial year as compared to ₹161 crore in previous financial year.

DEVELOPMENT PLANS

We are keen to invest in expanding marketing, operations, human capital, facilities and technologies to build the infrastructure that will enable us to meet customer expectations by delivering a deep value proposition to discount-seeking consumers.

HUMAN RESOURCES , MATERIAL DEVELOPMENTS AND INDUSTRIAL RELATIONS FRONT INCLUDING NUMBER OF PEOPLE EMPLOYED

Your Company recognizes the importance of its human capital. VGL continues its focus on development of human resource which is one of the most critical asset. The Company firmly believes that engaged and competent employees are critical to fulfill its business objectives and hence all the HR initiatives were aimed at creating alignment and stimulation so that the employee can fulfill their potential and deliver value for the enterprise.

We continuously aim to provide career development and growth opportunities to our people. It provides dual opportunities for people to grow in the managerial and technical capabilities aligned with their career aspirations. The Company is committed to create an environment of learning and development, promote internal talent and develop cross functional expertise.

The Company has embarked on several human resource initiatives to enhance the productivity of the organization and each individual. VGL has laid down high emphasis on driving an effective and transparent performance culture. Top performers and high achievers are recognized for their exemplary performance as part of the rewards and recognition.

In order to enhance employee motivation and build a performance driven culture, the HR team pursued numerous employee engagement programs and cultural & sports initiatives. The people oriented best HR practices enables the Company to attract and retain the best of available talent. Some of these initiatives are:

- i) Regular medical examination of all employees.
- ii) SDMH Blood donation camp 30th April and 1st May, 2016
- iii) Mehek Diya Foundation Blood Donation Camp – 13th May, 2016
- iv) Employees Stock Option Plan (ESOP)
- v) Performance-based incentive plan
- vi) Suggestion-based reward program
- vii) Succession planning through identification of second level of managers of all units, locations and functions

- viii) Identifying potential talent and offering growth opportunities within the organization
- ix) Reward program for employees who have obtained qualification while working in the Company
- x) 360-degree appraisal system
- xi) Training & employing specially abled people in association with Youth for Jobs(NGO)
- xii) Weekly Quality awards to encourage employees
- xiii) Annual Function – 20th March, 2016
- xiv) Employee & Family engagement through celebrations of festivals like Christmas and functions like Children's Day, Women's Day

The Company continued to maintain amicable industrial relation footprint by focusing on increased worker level engagement through formal and informal communication and training forums.

As on 31st March, 2016, the Company had 3,711 employees which will increase in line with the growing business aspirations in the current fiscal year.

 - c. Major accounting entries involving estimates based on the exercise of judgment by management.
 - d. Significant adjustments made in the financial statements arising out of audit findings.

- e. Compliance with listing and other legal requirements relating to financial statements.
 - f. Disclosure of any related party transactions.
 - g. Qualifications in the draft audit report.
5. Reviewing with the management, the quarterly financial statements before submission to the board for approval.
 6. Reviewing with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue etc.), the statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice and the report submitted by the monitoring agency monitoring the utilization of proceeds of public or rights issue and making appropriate recommendations to the Board to take up steps in this matter.
 7. Review and monitor the auditor's independence and performance and effectiveness of audit process.
 8. Approval or any subsequent modification of transactions of the Company with related parties.
 9. Scrutiny of inter-corporate loans and investments.
 10. Valuation of undertakings or assets of the Company wherever it is necessary
 11. Evaluation of internal financial controls and risk management systems.
 12. Review with the management, performance of statutory and internal auditors and adequacy of the internal control systems.
 13. Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit.
 14. Discussion with internal auditors of any significant findings and follow up there on.
 15. Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board.
 16. Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern.
 17. To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of nonpayment of declared dividends) and creditors.
 18. To review the Whistle Blower mechanism.
 19. Approval of appointment of CFO after assessing the qualifications, experience & background etc. of the candidate.
 20. Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.
 21. The Audit Committee shall have authority to investigate into any matter in relation to the items specified in section 177(4) of Companies Act, 2013 or referred to it by the Board and for this purpose shall have power to obtain professional advice from external sources and have full access to information contained in the records of the Company.
 22. The Auditors of a Company and the Key Managerial Personnel shall have a right to be heard in the meetings of the Audit Committee when it considers the auditor's report.

Independent Auditor's Report

To the Members of Vaibhav Global Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Vaibhav Global Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, its profit & loss and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matter in the notes to the standalone financial statements:

Accounting Policy 8c with regard to identification of specific item of inventory and determination of net realizable value which is based on judgement of the management which is supported by evaluation of independent expert. This is relied upon by us.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(2) As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e. On the basis of written representations received from the directors as on 31st March, 2016, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we give our separate Report in “Annexure 2”.
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 26 on Contingent Liabilities to the standalone financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;

Annexure 2 to the Independent Auditor's Report

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Vaibhav Global Limited on the standalone financial statements for the year ended 31st March, 2016]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Vaibhav Global Limited ("the Company") as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes accompanying financial statements for the year ended 31st March, 2016

Note No.1 Significant Accounting Policies

1. Basis of Preparation of Financial Statements

- a. The financial statements have been prepared in compliance with the applicable Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other pronouncement of Institute of Chartered Accountant of India, with relevant provisions of Companies Act, 2013; applicable guidelines issued by the Securities Exchange Board of India (SEBI) and generally accepted accounting principles applicable in India (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires changes in the accounting policy hitherto in use.
- b. The financial statements have been prepared under historical cost convention on an accrual basis.
- c. All the assets and liabilities have been classified as current or noncurrent as per Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of product and time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current – noncurrent classification of assets & liabilities.

2. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management believes the assumption used in the estimates is prudent and reasonable. Difference between the actual results and estimates are recognized in the period in which the results are known /materialized.

3. Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses. Cost includes capital cost, freight, duties, taxes and other incidental expense incurred during the construction / installation stage attributable to bringing the asset to working condition for its intended use.

4. Depreciation and Amortization

- a. Depreciation on Fixed Assets, other than assets acquired on lease, is being provided over the useful life of an asset on written down value method and in the manner specified in Schedule II of the Companies Act, 2013.
- b. Assets acquired on lease are amortized over the period of lease in equal installments.
- c. Intangible Assets are amortized over their respective individual estimated useful lives on WDV basis.

5. Intangible Assets

Intangible assets are recognized if it is probable that future economic benefits that are attributable to the asset will flow to the company and the cost of the assets can be measured reliably.

6. Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine

- a. the provision for impairment loss, if any, required or
- b. the reversal, if any, required for impairment loss recognized in previous periods.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined

- a. in the case of an individual asset, at the higher of net selling price and the value in use.
- b. in the case of a cash-generating unit (a group of assets that generates identified independent cash flows), at the higher of the cash generating unit's selling price and the value in use.

Value in use is determined as the present value of estimated future cash flow from the continuing use of an asset and from its disposal at the end of its useful life.

7. Borrowing Cost

Borrowing Costs attributable to the acquisition or construction of qualifying assets are capitalized as a part of the cost of such assets. All other borrowing costs are charged to revenue.

Notes accompanying financial statements for the year ended 31st March, 2016

8. Inventories

- a. Inventories are valued at lower of cost and estimated net realizable value. Cost is determined on 'First-in First-out', 'Specific Identification', or "Weighted Averages" basis as applicable. Cost of Inventories Comprises of all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of semi finished and finished goods are determined on absorption costing method.
- b. All raw materials purchased are simultaneously issued for production. Accordingly material-in-process includes such raw materials as well. Semi Finished Goods are goods manufactured and pending for pre-shipment inspection. Materials consumed are materials used in production of semi finished and finished goods only.
- c. Identification of a specific item and determination of estimated net realizable value involve technical judgment of the management. The valuation is further supported by certificate from an independent approved valuer, which has been relied upon by the Auditors.

9. Investments

Long-term investments including those held through nominees are stated at cost. Provision for diminution in the value of long-term investments (including Loans and Advances to Subsidiaries considered as a part of net investment) is made only if such a decline is other than temporary in the opinion of the management.

Current investments are carried at lower of cost and fair value.

10. Revenue Recognition

Sale of Goods:

Revenue from sales of goods is recognized when risk and rewards of ownership of the products are passed on to the customers, which is generally on dispatch of goods and is stated net of returns, trade discounts, claims etc.

Dividend on Investment:

Revenue is recognized when the right to receive payment is established.

Interest Income:

Interest Income is recognized on time proportionate basis.

Export Incentives:

Export Incentive including duty drawback is recognized on accrual basis in the year of export.

11. Foreign Currency Transactions:

a. Initial Recognition:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transaction.

b. Conversion:

Monetary items denominated in foreign currencies at the year-end are translated at closing rates. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction and investment in foreign companies are recorded at the exchange rates prevailing on the date of making the investments. Contingent Liabilities are translated at closing rate.

Exchange difference arising on translation of Loan and Advances to non – integral wholly owned subsidiaries and forming part of net investment, are recognized in foreign currency translation reserve. Such accumulated exchange differences are taken to statement of profit and loss account on liquidation or on proportionate basis on partial liquidation of such loans and advances.

c. Exchange Differences:

Exchange differences arising on the settlement of monetary items or on restatement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

d. Forward Exchange Contract not intended for trading or speculation purposes:

The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of contract. Exchange differences on such contract are recognized in the statement of profit and loss in the year in which the exchange rate changes. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense.

Notes accompanying financial statements for the year ended 31st March, 2016

12. Employee Benefits

- a. Short term and other long term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.
- b. Employee's Retirement benefits and long term Compensated Absences are recognized as an expense in the statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amounts payable, determined using actuarial valuation by an independent actuary using the projected unit credit method. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the statement of profit and loss.
- c. In respect of Employee Stock Options, the excess of market price of shares as at the date of grant of option granted to employee (including certain employees' of subsidiaries) over the exercise price is treated as Employee Compensation Cost and amortized on a straight – line basis over the vesting period.

13. Provision for Current and Deferred Taxation

- a. Income tax expense for the year, comprising current tax and deferred tax is included in determining the net profit for the Year.
- b. A provision is made for the current tax based on tax liability computed in accordance with relevant tax rates and Tax laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future Taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable Income will be available against which such deferred tax assets can be realized.
- c. The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

14. Earnings per Share

The basic earnings per share is computed by dividing the net profit after tax for the year by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per shares, net profit after tax for the year and weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares)

15. Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

16. Lease

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease or other systematic basis more representative of the time pattern of the user's benefits.

17. Provision, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- a. the Company has a present obligation as a result of past event,
- b. a probable outflow of resources is expected to settle the obligation and
- c. the amount of the obligation can be reliably estimated

Contingent Liability is disclosed in case of

- a. a present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation
- b. a possible obligation, unless the probability of outflow of resources is remote.

Contingent Assets are neither recognized, nor disclosed.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet Date.

Independent Auditor's Report

To the Members of Vaibhav Global Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Vaibhav Global Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the Consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the

audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2016, their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the notes to the consolidated financial statements:

- a) Accounting Policy 9b with regard to inventory of holding company. The identification of specific items and determination of net realizable value is based on judgement of the management which is supported by evaluation of an independent expert. This is relied upon by us.
- b) Certain financial information, including stock reserve as on 31st March, 2016 used for the purposes of consolidation has been compiled by the management and relied upon by us.

Our opinion is not modified in respect of these matters.

Other Matter

(a) We did not audit the financial statements of eight (8) subsidiaries, whose financial statements reflects total assets of ₹4,02,55,77,499/- as at 31st March, 2016, total revenues of ₹15,19,99,97,756/- and net cash flows amounting to ₹(3,04,65,371) lacs for the year ended on that date, as considered in the consolidated financial statements. Further, financial statements of one (1) subsidiary, whose financial statements reflects total assets of ₹1,69,07,99,047/-, total revenue of ₹3,40,73,857 and net cash flows amounting to ₹(5,99,22,534)/- for the year ended on 31st March, 2016 has been audited by one of us. These financial statements have been audited by respective auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements and our report on the Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors;

Notes accompanying consolidated financial statements for the year ended 31st March, 2016

Note No.1 Significant Accounting Policies for Consolidated Financial Statements

1. Basis for Preparation of Consolidated Financial Statements (CFS)

The CFS relates to Vaibhav Global Limited (“the holding Company”) and its Subsidiaries (together referred to as “VGL Group”) have been prepared in compliance with the applicable Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 (“The Act”) and other pronouncement of Institute of Chartered Accountant of India, on relevant provisions of the Act; applicable guidelines issued by the Securities Exchange Board of India (SEBI) and generally accepted accounting principles applicable in India (GAAP). The accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires changes in the accounting policy hitherto in use.

The CFS has been prepared under historical cost convention on an accrual basis.

2. Principles of consolidation

a. The Subsidiaries considered in the CFS are:

Name of the Subsidiaries	Country of incorporation	Ownership Interest/ voting power (%)	Financial Year ends on
Direct Subsidiaries			
Genoa Jewelers Limited	British Virgin Islands	100%	31st March
STS Gems Japan Limited.	Japan	100%	31st March
STS Gems Limited.	Hong Kong	100%	31st March
STS Gems Thai Limited.	Thailand	100%	31st March
STS Jewels Inc.	USA	100%	31st March
Step-down Subsidiaries			
The Jewelry Channel Limited UK.	United Kingdom	100%	31st March
The Jewelry Channel Inc.	USA	100%	31st March
PT STS Bali	Indonesia	99%	31st March
Jewel Gems USA, Inc.	USA	100%	31st March

b. The CFS has been prepared on the following basis:

- (i) The CFS has been prepared in accordance with the Accounting Standard –21, “Consolidated Financial Statements”.
- (ii) The CFS of VGL Group have been consolidated on a line-by-line basis by adding together the book values of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in un-realized profits or losses.
- (iii) The exchange differences on elimination of intra group balances & transactions are taken to consolidated statement of profit and loss.
- (iv) The CFS have been prepared by using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as those of the parent company’s independent financial statements unless stated otherwise.
- (v) The operations of foreign subsidiaries have been considered by the management, as non integral operations as described in Accounting Standard –AS 11 (revised) “Accounting for the effects of changes in foreign exchange rates”
- (vi) The difference between the cost to the Company of its investments in the subsidiaries and its portion of equity of subsidiaries at the dates they became subsidiaries, is recognized in the financial statements as Goodwill or Capital Reserve, as the case may be. This is based upon determination of pre-acquisition profits/losses and of net worth on the date of the acquisition determined by the management on the basis of certain estimates which have been relied upon by the auditors.
- (vii) Minority Interest in the consolidated financial statements is identified and recognized after taking into consideration;
 - o The minorities’ share of movement in equity since the date parent-subsidiary relationship came into existence.
 - o The profits/losses attributable to the minorities are adjusted against the income of the group in order to arrive at the net income attributable to the Company
- (viii) The goods lying in inventory of any entity may include certain goods which have been processed in and transferred from one or more group entity. For the purpose of consolidation, the amount of unrealized profits included in the value of such goods lying in the inventory of any entity as at the end of the financial period, have been eliminated to the extent of % of net profit of the same financial period of the entity from whom these goods have been procured.

Notes accompanying consolidated financial statements for the year ended 31st March, 2016

3. Use of Estimates

The preparation of financial statements in conformity with (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management believes the assumption used in the estimates is prudent and reasonable. Difference between the actual results and estimates are recognized in the period in which the results are known /materialized.

4. Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses. Cost includes capital cost, freight, duties, taxes and other incidental expense incurred during the construction / installation stage attributable to bringing the asset to working condition for its intended use.

5. Depreciation and Amortization

For Parent Company

Depreciation on Fixed Assets, other than assets acquired on lease, is being provided over the useful life of an asset on written down value method and in the manner specified in Schedule II of the Act.

For Subsidiaries

Depreciation on Fixed Assets, other than assets acquired on lease, is being provided over the estimated useful life of an asset on Straight Line Method.

Assets acquired on lease are amortized in equal installments over the period of lease or estimated useful life, whichever is lower.

6. Intangible Assets

Intangible assets are recognized if it is probable that future economic benefits that are attributable to the asset will flow to the company and the cost of the assets can be measured reliably.

Intangible Assets are amortized over their respective individual estimated useful lives on a straight line basis.

7. Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine

- a. the provision for impairment loss, if any, required or
- b. the reversal, if any, required for impairment loss recognized in previous periods.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined

- a. in the case of an individual asset, at the higher of net selling price and the value in use.
- b. in the case of a cash-generating unit (a group of assets that generates identified independent cash flows), at the higher of the cash generating unit's selling price and the value in use.

Value in use is determined as the present value of estimated future cash flow from the continuing use of an asset and from its disposal at the end of its useful life.

8. Borrowing Cost

Borrowing Cost attributable to the acquisition or construction of qualifying assets are capitalized as a part of the cost of such assets. All other borrowing costs are charged to revenue.

9. Inventories

- a. Inventories are valued at lower of cost and estimated net realizable value. Cost is determined on 'First-in First-out', 'Specific Identification', or "Weighted Averages' basis as applicable. Cost of Inventories comprises of all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of semi-finished and finished goods are determined on absorption costing method. The Group periodically makes provisions on slow moving inventory, inventory held for melting or repair, and returned items.
- b. In case of the Holding Company, Identification of a specific item and determination of estimated net realizable value involve technical judgments of the management. The valuation is further supported by a certificate from an independent approved valuer, which has been relied upon by the Auditors.

Notes accompanying consolidated financial statements for the year ended 31st March, 2016

10. Operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

11. Investments

Long-term investments including those held through nominees are stated at cost. Provision for diminution in the value of long-term investments (including Loans and Advances to Subsidiaries considered as a part of net investment) is made only if such decline is other than temporary in the opinion of the management.

Current investments are carried at lower of cost and fair value.

12. Revenue Recognition

Sale of Goods:

Revenue from sales of goods is recognized when risk and rewards of ownership of the products are passed on to the customers, which is generally on dispatch of goods and is stated net of returns, trade discounts, claims etc.

Provision is also made for anticipated returns.

Dividend on Investment:

Revenue is recognized when the right to receive payment is established.

Interest Income:

Interest income is recognized on time proportionate basis.

Export Incentives:

Export Incentive including duty drawback is recognized on accrual basis.

13. Foreign Currency Transactions:

a. Initial Recognition:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transaction.

b. Conversion:

Monetary items denominated in foreign currencies at the year-end are translated at closing rates. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction and investment in foreign companies are recorded at the exchange rates prevailing on the date of making the investments. Contingent Liabilities are translated at closing rate.

c. Exchange Differences:

Exchange differences arising on the settlement of monetary items or on restatement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

Exchange difference arising on translation of Loan and Advances to non – integral wholly owned subsidiaries and forming part of net investment in parent company, are recognized in foreign currency translation reserve. Such accumulated exchange differences are taken to statement of profit and loss account on consolidation..

d. Translation

For the purpose of Consolidation, the amount appearing in foreign currencies in the financial statements of the foreign subsidiaries are translated at the following rates of exchange:

- Average rates for income & expenditure
- The yearend rates for assets & liabilities

Resulting difference due to differential rates is accumulated as foreign currency translation reserve.

Notes accompanying consolidated financial statements for the year ended 31st March, 2016

14. Employee Benefits

- a. Short term and other long term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.
- b. Employee's retirement benefits and long term Compensated Absences are recognized as an expense in the statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amounts payable, determined using actuarial valuation by an independent actuary using the projected unit credit method. Actuarial gains and losses in respect of post-employment and other long term benefits are charged to the statement of profit and loss.
- c. In respect of Employee Stock Options, the excess of market price of shares as at the date of grant of option granted to employee (including certain employees' of subsidiaries) over the exercise price is treated as Employee Compensation Cost and amortized on a straight – line basis over the vesting period.
- d. In respect of foreign subsidiaries, retirement benefits are governed and accrued as per local statutes.

15. Provision for Current and Deferred Taxation

- a. Income tax expense for the year, comprising current tax and deferred tax is included in determining the net profit for the Year.
- b. A provision is made for the current tax based on tax liability computed in accordance with relevant tax rates and Tax laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future Taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable Income will be available against which such deferred tax assets can be realized
- c. The carrying amount of deferred tax assets are reviewed at each balance sheet date. The carrying amount of a deferred tax asset is written down to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

16. Earnings per Share

The basic earnings per share is computed by dividing the net profit after tax for the year by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per shares, net profit after tax for the year and weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares).

17. Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

18. Provision, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- a. the Company has a present obligation as a result of past event,
- b. a probable outflow of resources is expected to settle the obligation and
- c. the amount of the obligation can be reliably estimated

Contingent Liability is disclosed in case of

- a. a present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation
- b. a possible obligation, unless the probability of outflow of resources is remote.

Contingent Assets are neither recognized, nor disclosed.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet Date.

33 The Group in earlier period had identified wholesale and retail as a reportable business segments. Over the recent past, the wholesale segment has started predominantly catering to the Groups retail segment as downstream manufacturing facility. In view of this, now the Group has only one reportable segment viz. ‘retail of fashionable & life style products’. Consequently, no segment results are being published for the year.

34 Previous year’s figure have been regrouped/ rearranged wherever necessary.
