## A Renowned History

Koch Supplies is one of the oldest businesses in Kansas City, establishing its roots as Koch Butcher Supply Company over 130 years ago. In fact, the grandchildren of people who did

business with Koch Supplies during the World War II era are now running many of their family's businesses and are some of our best customers. Many of the associates at Bunzl Processor Division/Koch Supplies have tenure of over 20 years, with their relatives and children working alongside them.

In 2001, Koch Supplies became a proud part of Bunzl Processor Division - a leader in the food processing and food packaging industries.

Bunzl Processor Division offers more than 35,000 different supply items and 14 distribution centers serving Central and North America, including the Caribbean and Mexico.
