Memoria

In touch with your senses.

Washbasins with vanity units provide ample storage space divided into boxes, putting your bathroom in order and making your life easier.

We have placed shelf units in the back of the mirrors with sliding doors. Therefore you can easily reach the items that you have set aside for daily use.

Memoria

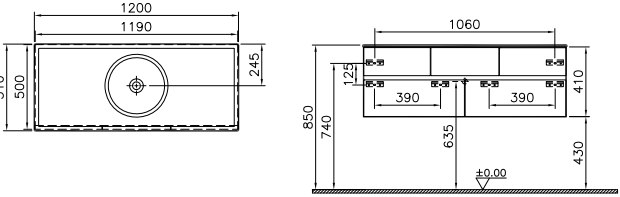

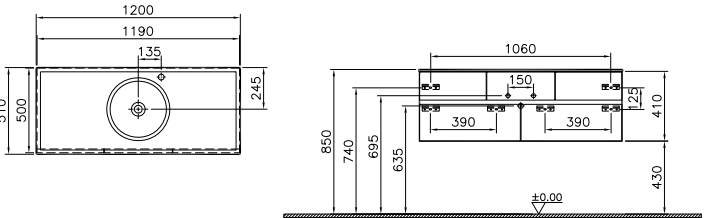

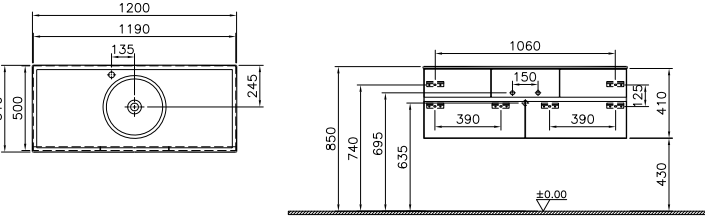

We have designed storage solutions in different sizes and dimensions. You can use the shelf system inside the cabinet to store your towels. Those who wish to save on space, may prefer tall units with a special mechanism.

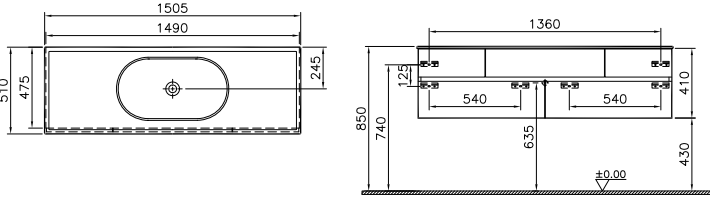

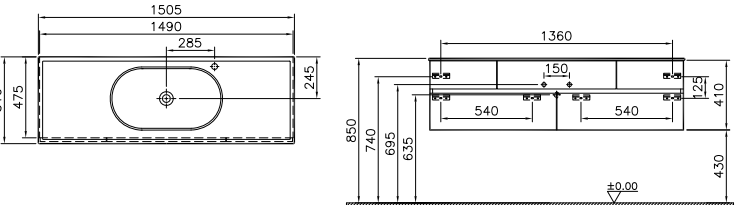

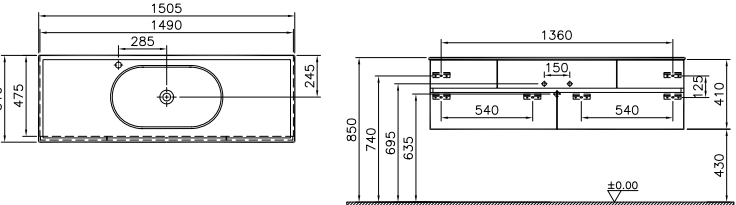

The color black which is used inside the drawers not only emphasizes elegance, but also determines the trends.

Inspiration from nature.

It is difficult to transport the peaceful atmosphere of nature to bathrooms. Organic shapes, pure touches and thin lines are needed. All of these necessities come together in Istanbul series which carries the signature of the famous designer Ross Lovegrove. Istanbul series is inspired by nature and detailed shapes reminiscent of flowing water. Offering three color options, Istanbul series completes its perfection together with the ceramic, Inifit washbasins and faucets.

Memoria Black & White

Masterful blend of angular forms and smart details.

With Memoria Black & White, Christophe Pillet returns to his outstanding Memoria series for VitrA with a masterful play on nuances. The slim profiles and gracefully angular forms of the Memoria Black & White series' components are complemented by smartly conceived details to create an exclusive bathroom experience. A rich variety of modules in different sizes allows you to mix and match units and position them any way you want to create your self-designed bathroom.

The black option of the award-winning Memoria Black & White collection also creates perfect harmony in bathrooms.

The open shelf unit of Memoria Black & White smoothly revolves on its hinge to reveal a mirror on its back side. Tall and slender, the dual-purpose unit cuts a contemporary figure in its tasteful combination of patterned oak and matte black or matte white.

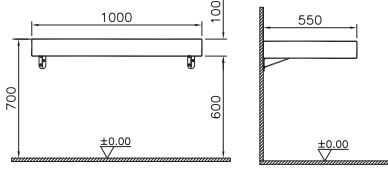

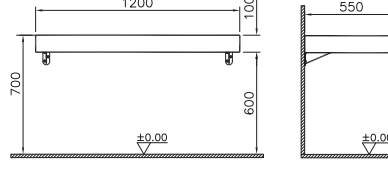

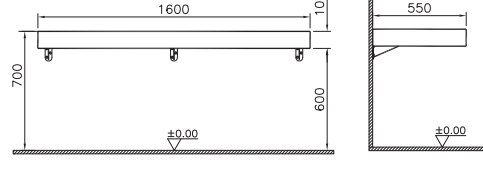

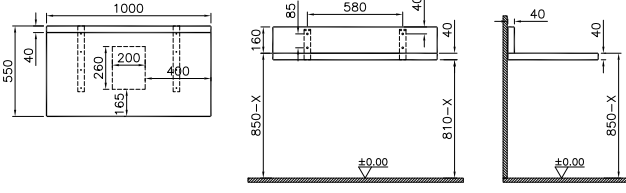

Wide, full-extension drawers with 40 cm and 80 cm widths provide ease of use and ample storage spaces.

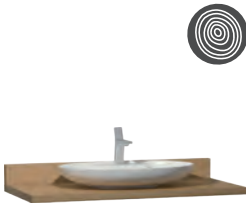

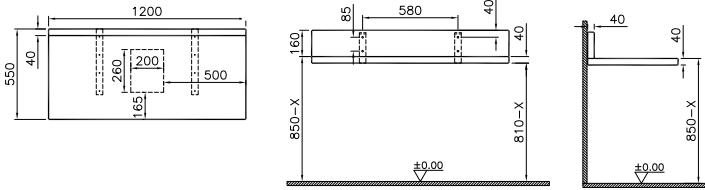

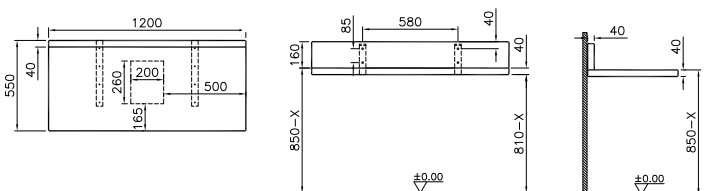

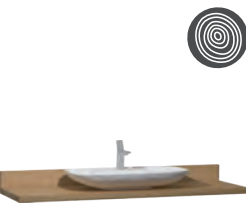

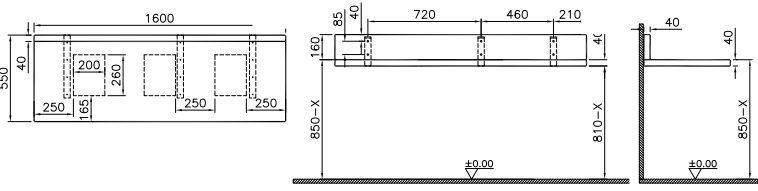

Roomy tall units store all necessary bathroom items neatly together, opening up space for daily activity.

Elegance

Classic style at its finest...

The tall unit and mid unit selections enable you to personalize the storage spaces in your bathroom. The curved shapes and the legs of the furniture put an emphasis to the nostalgic appearance of the series.

The oval mirror emphasizes its visual harmony with the soft lines of the design. The LED lighting makes it easier to use the mirror, especially in bathrooms without adequate daylight.

Who says modern spaces cannot be classic?
The Elegance Series destroys all of the taboos known about the classical style. Round lines, nostalgic details and marble textures are coming to bathrooms with Elegance. The units with glass doors and swan shaped faucets of the series add grace to the space.

Geometric and pure design for authentic pleasure.

With different dimensions for maximum ease of use, countertop washbasin units with 60, 80, 100, 120 cm and vanity units with 60, 80, 100 cm width options complement graceful lines of the washbasin unit.

Soft-close drawers in the washbasin units support bathroom safety and silence. Drawer non-slip mats add extra elegance and comfort.

Frame's vanity basins are designed with expansive areas for toiletries and deep bowls to ensure your comfort. Washbasins are offered in white and matte taupe color options.

Frame

T4

Bright ideas, detailed solutions.

The appeal of the design is hidden in the detail. The T4 Series proves this fact once again. Immaculate details come together with simple lines and what surfaces is a functional design. The Series was designed by NOA Design.

Metropole

The natural allure of elegant simplicity.

Prestigious Metropole series by the award winning design group NOA adds to its attraction with a new range of bathroom furniture. High-tech and trendy, Metropole stands out for smart functionality in tastefully restrained forms. With its wide range of Infinit and ceramic washbasins, the series offers nearly endless possibilities for a restful and inspiring bathroom decor.

Metropole bathroom furniture targets different tastes with white and black combination.

Metropole

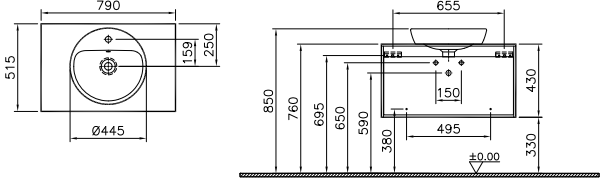

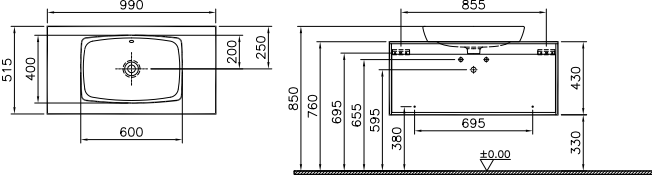

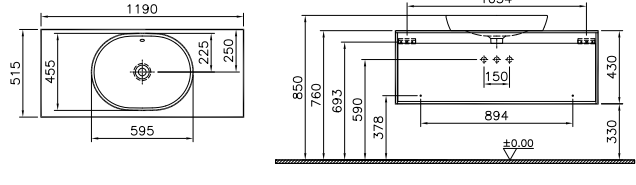

Metropole washbasin units are compatible with two basin options: Infit vanity and ceramic bowls. The pure white colour option of Metropole furniture contributes to an elegant natural bathroom decor.

Different dimensions for maximum ease of use: Infit vanity washbasins with 80, 100, 120 cm width options complement the graceful lines of the washbasin unit. The double drawer vanity unit with acrylic glass front is wide enough to neatly store anything you want with easy reach.

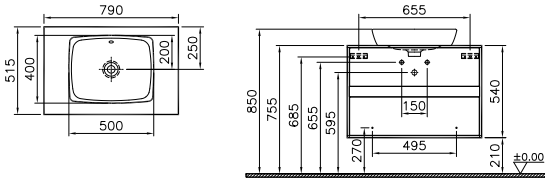

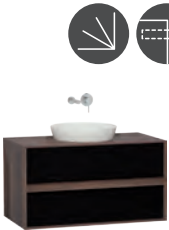

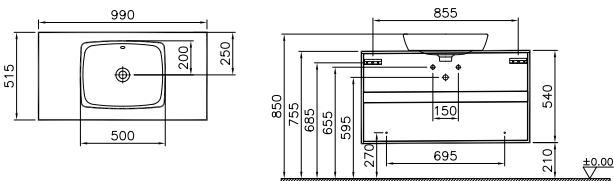

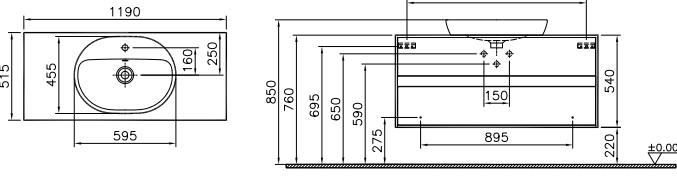

Tall and mid units with white acrylic glass doors offer ample space for all bathroom items.

System Infinit

Singular sophisticated design.

Designed for the System Fit Series, Infinit washbasins embrace the furniture and become one. This creates soft shapes and large spaces for use. The washbasins solved the design-related water splashing issue, and they also prevent the timber from being damaged.

Latest ideas for the contemporary family.

Combining contemporary forms with smart functionality, the Nest Trendy bathroom brings designer solutions within the reach of everyday families. Responsive to individual needs, Nest Trendy will be a wonderful addition to a trendy family home.

Nest - Design for All

Designed by NOA

VitrA for all, design for all!

Universal and aesthetic norms suitable for any age or condition in response to a large audience and diverse needs.

NEW

The mobile unit with two drawers is suitable for wet use, thanks to its water-resistant acrylic tray. Moreover it is easy to clean. The unit also has wheels that give mobility and can also be locked to prevent skidding and ensure safe use.

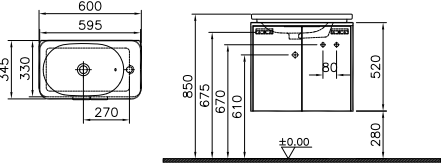

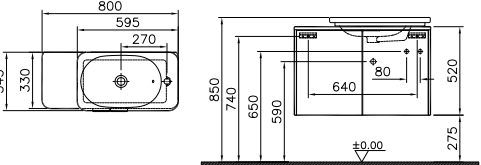

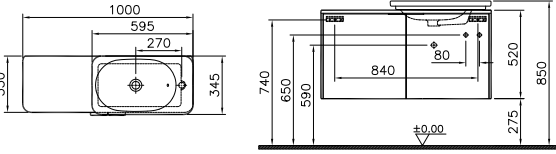

Nest - Design for All

NEW

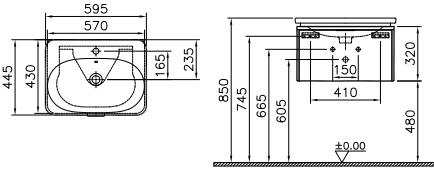

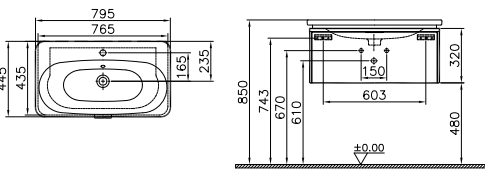

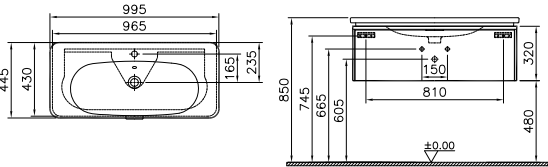

The water resistant acrylic top surface of the unit means that it can be used as a hygienic rest area after a shower. In addition to a large covered space for storage, the unit has lockable wheels for safe use.

Sento

Inspiring combinations from VitrA.

Sento with a Nordic clarity offers all the modules needed in a bathroom with functional and warm details. The series includes different solutions for storing cleaning materials. Sento has a multipurpose unit to house a washing machine and laundry basket. Fine and rounded corners ensure safety and enable easy cleaning in small bathroom spaces.

Impressive pieces, functional solutions.

The washing machine unit also has a closed cabinet to neatly store anything you want. In this section, there is a laundry basket and shelf for storing cleaning materials. The elegant upper unit provides extra storage with its drawer and shelf details.

The tall unit is suitable for storing different size of cleaning materials. Air vents inside of the cabinet prevent humidity by providing good ventilation.

Sento

Smart solutions for bathrooms.

Sento's modern lines and excellent color harmony are dazzling. Moreover, the series offers a large range of products with suitable solutions for smaller areas.

The tall unit, which is especially designed for functionality, has shelves for storage, a laundry basket and power plug, and a special area for storing personal care products.

The washbasin unit has a compact form that is suitable for smaller bathrooms and it provides extra storage.

The series offers various colors and forms for different tastes and preferences. Both mirror cabinets and flat mirrors offer LED illumination feature.

Sento's large range of products offer elegant combinations suitable both for smaller and larger bathrooms. Furniture with or without legs can create different atmospheres in bathrooms.

LED lighting stands out as an efficient solution that increases bathroom safety and strengthens the ambiance in bathrooms.

Combinations formed with matte cream color option create a natural ambiance in bathrooms. Sento offers washbasin units with door, single and double drawer options in different sizes and colors.

Fully extendable and double-drawer washbasin units are an ideal choice for users who prefer spacious storage areas.

With open and close storage spaces, mid units offer a neat bathroom experience and convenience for bathrooms.
