Product

Skin peeling liquid

Risk type

Chemical

The product does not contain the appropriate instructions for use and warnings. Furthermore, the product is sold as a skin peeler but its list of ingredients mentions thioglycolic acid, which is authorised as a rinse-off substance for use on hair only. Thioglycolic acid is a skin sensitizer and may cause injuries when applied directly on the skin.

The product does not comply with the Cosmetic Products Regulation.

Category

Cosmetics

Type

Professional

Description

Skin peeling product listing thioglycolic acid as one of its ingredients, and sold with the intention to treat skin-related conditions by professionals.

Packaging description

The product is packaged in white cardboard boxes containing 5 vials of 10ml each, with indications in English, Spanish and Portuguese. Product sold online.
