3. Additional services are available and should be discussed at the time of scheduling the installation.
4. Installation appointment will be scheduled with a 10 working day lead time – shorter and longer lead times are possible at the discretion of installer

* Power source must be suitable, tested unit

Tripp Lite Exclusive FREE UPS INSTALLATION

Save IT resource, save budget.
Take advantage of Tripp Lite's free UPS installation service!

IT staff will often be tasked with the laborious task of installing 50 to 150kg UPSs. If done professionally, the costs can be astronomical. During March and April, Tripp Lite will perform this service for customers for free.

Other manufacturers leave the UPS on the doorstep. Tripp Lite puts it in the rack!

Selected rack-mounted Tripp Lite UPS* in the 2200VA to 10KVA range, sold **between March 1st and April 30th**, will qualify for free professional certified installation.
