The UNISLDSHF19 19in Vented Adjustable Mounting Depth Sliding Server Rack Cabinet Shelf offers a simple way to install non rack mountable equipment into a server cabinet or open server rack. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

Offering a weight capacity of up to 50 lbs (22.7 kg), the sliding rack shelf features a ventilated, cold-rolled steel shelf on two locking adjustable rails which allow the shelf to be installed into cabinets or racks with mounting depths from 20in (510mm) to 30in (744mm).
