# Latent Fingerprint Kits

Our kits simplify print-taking procedures by including all the needed materials in an easy-to-carry case. These kits facilitate field investigations with their complete and portable array of equipment and supplies.

Kits range in size and complexity from the Patrol Officer's kit used for basic crime scene investigations to the more complex and inclusive FBI and Police Officer's kits, suitable for a wider range of crime scene inquiries.

Additionally, we can build a kit, or customize the components of an existing kit, to fit your particular needs. Call us with a list of your requirements. We will be happy to work with you in getting you the exact materials you need.

## Patrol Officer's Kit

An excellent basic kit for a field officer.

### Kit Contents:

- 50 Latent Print Cards
- 1 Camel Hair Fingerprint Brush
- 1 1 1/2" Latent Lifting Tape in Jar
- 1 Black Fingerprint Powder in 4 oz Jar
- 1 Sturdy Dual-Snap Lock Case  
4 3/8"W x 4 5/8"H x 8 3/8"L

#1-4262	Compact Patrol Officer's Kit	\$22.95
#1-4263-P	Same as #1-4262 but w/Latent Plus Fiberglass Fingerprint Brush	\$24.95
#1-4263-Z	Same as #1-4262 but w/Zephyr Fiberglass Fingerprint Brush	\$26.95

## FBI Kit

- 2 Latent Plus Fiberglass Brushes
- 25 White Latent Lift Cards
- 25 Black Latent Lift Cards
- 1 4 oz Jar White Fingerprint Powder
- 1 4 oz Jar Black Fingerprint Powder
- 1 1 1/2" Roll Fingerprint Tape Clear
- 1 Pair Cotton Gloves
- 1 Razor Knife (Utility)
- 1 Sturdy Dual-Snap Lock Case  
4 3/8" W x 4 5/8" H x 8 3/8" L

#1-4265	FBI Kit	\$38.75
---------	---------	---------

## Police Officer's Kit Featuring Both Regular & Magnetic Powders

Contains all the basics for lifting prints with magnetic or standard powder.

Our best kit.

### Contents:

- |  |                                  |
|--|----------------------------------|
| 1 1 oz Jar Black Magnetic Powder             | 1 1 1/2" Frosted Tape in Jar     |
| 1 1 oz Jar Bichromatic (Silver/Black) Powder | 50 Latent Print Cards            |
| 1 2 oz Jar Black Fingerprint Powder          | 1 Camel Hair Brush               |
| 1 1 oz Jar Silver/Gray Powder                | 1 Regular Magnetic Applicator    |
| 1 1 1/2" Clear Lifting Tape in Jar           | 1 Lock Case 8"W x 3 1/2"H x 12"L |

#1-4268	Kit	\$51.60
#1-4268-P	Replace Camel Hair Brush w/Latent Plus Brush	\$53.57
#1-4268-Z	Replace Camel Hair Brush w/Zephyr Brush	\$54.82

## **Basic Powders**

- ◆ Perfect for non-porous surfaces
- ◆ Black is used for most applications
- ◆ Heavy Black powder minimizes dust floating in air
- ◆ Other colors are excellent for dark background situations
- ◆ Use with our Feather Duster, Fiber Brushes and Camel Hair Brushes

## **Bichromatic**

Bichromatic Powder has the unique ability to change from black on light-colored surfaces to silver on dark-colored surfaces. Excellent for dusting multi-colored areas.

#1-4018-2	2 OZ	\$5.30
#1-4018-4	4 OZ	\$9.80
#1-4018-16	16 OZ	\$29.90

## **Fluorescent**

### **BLACK**

#1-4002-2	2 OZ	\$5.30
#1-4002-4	4 OZ	\$9.80
#1-4002-8	8 OZ	\$17.20
#1-4002-16	16 OZ	\$29.90
#1-4002-128	128 OZ	\$179.90

- ◆ Excellent for use with alternate light source, laser, or ultraviolet light.
- ◆ Fluorescent colors contrast with almost any background.
- ◆ Apply with fiberglass brush.

### **HEAVY BLACK [Less Dust]**

#1-4003-2	2 OZ	\$7.65
#1-4003-16	16 OZ	\$41.95

### **RED FLUORESCENT**

#1-4036-2	2 OZ	\$9.80
#1-4036-8	8 OZ	\$29.90

### **WHITE**

#1-4007-2	2 OZ	\$5.30
#1-4007-4	4 OZ	\$9.80
#1-4007-16	16 OZ	\$29.90

### **GREEN FLUORESCENT**

#1-4040-2	2 OZ	\$9.80
#1-4040-8	8 OZ	\$29.90

### **SILVER [Gray]**

#1-4004-2	2 OZ	\$5.30
#1-4004-4	4 OZ	\$9.80
#1-4004-16	16 OZ	\$29.90

### **YELLOW FLUORESCENT**

#1-4049-2	2 OZ	\$9.80
#1-4049-8	8 OZ	\$29.90

# Fingerprint Powders

## Magnetic Powders

- ◆ Produces cleaner prints with enhanced visibility.
- ◆ Ideally used on porous, grained, and/or horizontal surfaces.
- ◆ Fluorescent powders can be photographed with or without the use of a UV lamp.
- ◆ Bichromatic powder is ideal for multi-colored surfaces.

### BICHROMATIC [Silver/Black]

#1-4025-1	1 OZ	\$6.25
#1-4025-8	8 OZ	\$29.50
#1-4025-16	16 OZ	\$39.95

### BLACK

#1-4021-1	1 OZ	\$6.25
#1-4021-8	8 OZ	\$29.50
#1-4021-16	16 OZ	\$39.95

### SILVER/GRAY

#1-4057-1	1 OZ	\$6.25
#1-4057-8	8 OZ	\$29.50
#1-4057-16	16 OZ	\$39.95

### WHITE

#1-4054-1	1 OZ	\$6.25
#1-4054-8	8 OZ	\$29.50

### RED FLUORESCENT REGULAR GRADE

#1-4037-1	1 OZ	\$6.95
#1-4037-8	8 OZ	\$29.55

## Magnetic Powders

### GREEN FLUORESCENT REGULAR GRADE

#1-4032-1	1 OZ	\$6.95
#1-4032-8	8 OZ	\$29.50
#1-4032-16	16 OZ	\$39.95

### YELLOW FLUORESCENT REGULAR GRADE

#1-4073-1	1 OZ	\$7.50
-----------	------	--------

# Magnetic Applicators

- ◆ Especially designed for use with magnetic powders.
- ◆ Cluster of powder forms at the end of the wand.
- ◆ Does not damage or scratch latent prints.

STANDARD APPLICATOR

#1-4050

\$17.50

**NEW  
PRODUCT!**

- ◆ Powerful rare earth magnet
- ◆ Steady and flowing magnet movement
- ◆ Smooth face is easily cleaned of powder

CSI MAG-SEARCH™ MAGNETIC APPLICATOR

#1-4055

\$18.65

# Fingerprint Brushes

## Fiberglass Brushes

### **Latent**

- ◆ Non-abrasive applications using regular powders.
- ◆ Type of fibers same as popular Zephyr Brush.
- ◆ Length: 7 3/4"

#1-3000	Each	\$7.75
	50 or more, each	\$6.95

### **Latent Short**

- ◆ Short brush designed to fit smallest fingerprint kits.
- ◆ Length of glass bristles is the same as full-size brush.
- ◆ Length: 6"

#1-3000-S	Each	\$7.75
	50 or more, each	\$6.95

### **Zephyr**

- ◆ Thousands of filaments become softer with use.
- ◆ No coarse fibers.
- ◆ Extremely soft. Holds powder well.
- ◆ Length: 6 1/2"

#1-3001	Each	\$8.95
---------	------	--------

## Feather Duster

- ◆ MARABOU FEATHER BRUSH
- ◆ 4" long feathers

#1-3004	White	\$7.85
#1-3005	Red	\$7.15

## Powder Brushes

- ◆ For use with regular (non-magnetic) powders of all colors.
- ◆ Squirrel and goat hair brushes are made from softest high grade hair available.
- ◆ All brushes come in clear plastic tubes with caps.

REGULAR	#1-3007	\$4.75
---------	---------	--------

GOAT HAIR  
Overall Length 6 1/4"  
Bristle Length 1 1/4"

DELUXE	#1-3009	\$5.75
--------	---------	--------

GOAT HAIR  
Overall Length 7"  
Bristle Length 1 7/8"

MAXIMUM COVERAGE	#1-3011	\$6.75
------------------	---------	--------

GOAT HAIR  
Overall Length 7"  
Bristle length 2"

CONTINENTAL	#1-3013	\$8.95
-------------	---------	--------

SQUIRREL HAIR  
Overall Length 5 1/4"  
Bristle 2"

# Chemical Enhancement & Development

## Cyanoacrylate Super Fumer

- ◆ Super glue fuming process used to develop latent prints.
- ◆ Excellent for use on plastics - polyethylene bags, vinyl plastic, and drug paraphernalia.
- ◆ Works on shiny surfaces.
- ◆ Protects latent prints.
- ◆ Use with standard black or fluorescent dusting powders.
- ◆ Can be chemically treated for use with blue light or high intensity light.

#1-6002	1 oz	\$4.95
#1-6006	1 lb	\$43.78

## Fuming Solvent / Debonder

- ◆ A clean-up agent for cured Super Fumer.

#1-6032	2 oz	\$4.95
#1-6038	8 oz	\$10.89

## Aluminum Fuming Dishes

- ◆ Accelerate the cyanoacrylate fuming process by placing aluminum dish and hot plate inside fuming chamber.
- ◆ Ideal for heating Super Fumer.
- ◆ Fuming dish is 23-mm (.9") in diameter, 5-mm in depth (.2").

#1-6017	Aluminum Dishes Box of 144	\$18.95
---------	-------------------------------	---------

## Fuming Hot Plate

- ◆ Provides uniform heating.
- ◆ Heats Super Glue and other objects.
- ◆ Built-in thermostat for protection
- ◆ Easy to use.
- ◆ Large 3" heating surface.

#1-7001	Fuming Hot Plate	\$12.75
---------	------------------	---------

## Fuming Packets - The Finder™

**One-Step Cyanoacrylate latent fingerprint developing system.**

- ◆ Pre-measured cyanoacrylate gel is sandwiched between two layers of aluminum foil. Pull apart foil to activate.
- ◆ Resealable packets. Use until exhausted (about 15 hours).
- ◆ Use in large (e.g. vehicles) or small areas.
- ◆ Develops fingerprints on metal, plastic, and wood.

#1-6200-5	The Finder™	5 pkts	\$15.56
#1-6200-20	The Finder™	20 pkts	\$55.00
#1-6200-100	The Finder™	100 pkts	\$230.00
#1-6200-300	The Finder™	300 pkts	\$670.00

## Enhancement & Development

### ***Fuming Wand Kit***

***Simplifies the cyanoacrylate (CA) fuming process.***

- ◆ Wand directs vapor onto any surface.
- ◆ Portability allows evidence to be processed immediately at the crime scene.
- ◆ Butane-powered heating warms cartridges of Super Glue (CA). (Butane not included.)
- ◆ Self-igniting feature makes wand easy to use.
- ◆ Variable temperature regulator enhances control and safety.

#### **Contents of kit:**

- 1 Carrying Case
- 1 Fuming Wand
- 3 Hulk Cartridges

**#1-6150 Fuming Wand Kit**

**\$149.65**

### **Glue Cartridges**

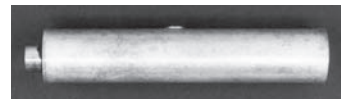

- ◆ Pre-loaded with cyanoacrylate (Super Glue).
- ◆ Attach to wand tip.

- # **1-6156** Lynn Peavey™ Cartridges  
25 minutes of fuming per cartridge.  
4 cartridges per pack.

**One pack. \$39.80**

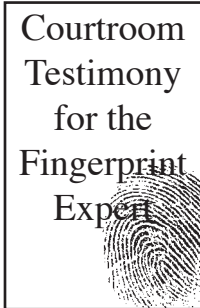

- # **1-6152** Sirchie TM Hulk Cartridge  
60 min. of fuming or 5 ten-minute burns.

**Each \$13.20**

### ***Courtroom Testimony for the Fingerprint Expert Book***

For a full description of  
this book, see page 103.

#**9-2012** *Courtroom Testimony for  
the Fingerprint Expert* **\$29.95**

## Chemical Enhancement & Development

### Adhesive Tape Developer

Now black tape can be treated for fingerprints with CSI Forensic's white, premixed solution. The white solution has an indefinite shelf life, unlike the black solution. Powders (50 g) can be mixed with 16 oz Photo-Flo and 16 oz H<sub>2</sub>O.

#### **DIRECTIONS:**

1. Shake solution well.
2. Pour into small container to soak tape for approximately 75 seconds.

#1-0032-W	Adhesive Tape Developer (white powder) 50g	\$29.95
#1-0032-B	Adhesive Tape Developer (black powder) 50g	\$29.95
#1-0033	Adhesive Tape Developer (liquid) 16oz	\$29.95

### un-do™ Adhesive Remover

This adhesive remover is ideal for recovery of latent fingerprints on the underside of sticky tape. It allows the investigator to remove the tape from most surfaces without damaging the tape or the object that it is being removed from. Prints can be developed by the standard methods for sticky tape once removed. Objects that can be removed include stickers, price tags, labels, duct tape, velcro, gum, stamps and more.

#1-6027	un-du Adhesive Remover (4 oz) <i>NOT approved for use in California</i>	\$8.50
#1-6028	un-du Adhesive Remover (4 oz) <i>APPROVED for use in California</i>	\$9.95

# Lifting Tape

- ◆ Lifts powdered latent prints.
- ◆ Available in both clear and frosted.
- ◆ Range of sizes.
- ◆ Packaged in bags or jars.
- ◆ *Quantity Discounts.*

# Lifting Tape Dispensers

- ◆ *Metal* - Made of anodized aluminum.
- ◆ Sharp serrated blades provide excellent cut.
- ◆ Accommodates one inch diameter core size.

#1-2003 Dispenser for 1 1/2" Tape \$7.45

#1-2004 Dispenser for 2" Tape \$8.65

# Lifters

## Clear Adhesive Sheets, Large

- ◆ Finger and Palm Prints.
- ◆ Shoe and Tire Prints.
- ◆ Better than tape for large lifts.
- ◆ Peel protective backing & use adhesive lift-like tape.
- ◆ Cover with clear overlay sheet (see listing this page).
- ◆ Transparent.

### Clear Adhesive Lifters

#2-4010	6 1/2" x 6 1/2"	100 Sheets	\$29.93
#2-4050		500 Sheets	\$132.30
#2-4250		800 Sheets	\$183.75
#2-5005	8" x 10"	50 Sheets	\$29.93
#2-5020		200 Sheets	\$108.15
#2-5080		800 Sheets	\$388.50
#2-6003	9 1/2" x 13 1/2"	35 Sheets	\$23.74
#2-6010		100 Sheets	\$61.95
#2-6025		250 Sheets	\$152.25

## Clear Overlay Sheets

### For Use With Clear Adhesive Sheets, Large

- ◆ Place overlay sheets on lifted latents.
- ◆ Polyester sheets protect evidence.

#2-7001	8" x 8 "	100 Sheets	\$26.95
#2-7002		200 Sheets	\$58.00
#2-7003		2500 Sheets	\$489.00
#2-7005	9" x 12 1/2"	50 Sheets	\$22.40
#2-7020		200 Sheets	\$78.65
#2-7080		800 Sheets	\$268.55
#2-8003	10" x 14"	35 Sheets	\$21.65
#2-8010		100 Sheets	\$49.55
#2-8025		250 Sheets	\$109.95

## Large Lift Cards & Roller

### For Use With Clear Adhesive Sheets, Large

- ◆ Large enough for shoe & tire prints.
- ◆ Attach lift sheet to glossy side of card.
- ◆ Non-glossy side of card can be used for sketches and notes.

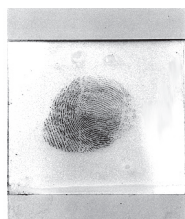

#1-4064B	8 1/2" x 11" Glossy Card	100 Sheets	\$17.95
#2-9010	4" Rubber Roller		\$14.50

## Rubber-Gelatin Lifters

- ◆ Linen, rubber, or polyester bonded with adhesive gelatin conforms to irregular, uneven, and grainy surfaces.
- ◆ Adhesive gelatin surface picks up latent prints and dust impressions.
- ◆ Low tack will pick up dust but not tear paper on which the dust print appears.

## Hinged Lifters

- ◆ Simplifies latent print-gathering process.
- ◆ Lifts, seals, and protects prints in a one-step process.
- ◆ Combines lifting tape with a backing sheet.
- ◆ Includes write-on tab for initials and date.

### White

#2-4450W	2" x 2"	12 pk.	\$4.45
#2-4452W	2" x 4"	12 pk.	\$7.76
#2-4454W	4" x 4"	12 pk.	\$8.91

### Transparent

#2-4450T	2" x 2"	12 pk.	\$4.45
#2-4452T	2" x 4"	12 pk.	\$7.76
#2-4454T	4" x 4"	12 pk.	\$8.91

## Fingerprint Card Envelopes

- ◆ Ideal for organizing multiple latent prints. Numerous cards can be placed in one envelope.
- ◆ Accommodates standard print cards, such as our #1-4060.
- ◆ Easy to file 6 1/2" x 3 3/4" Chain of Custody envelopes.
- ◆ Custom printing available on 5,000 or more cards.

#4-1005	100/Pkg	\$9.95
	500/Pkg	\$44.75

### Black

#2-4432B	18.3 cm x 36 cm (7.2" x 14.2")	\$11.32/2 pk.
#2-4422B	13 cm x 36 cm (5.2" x 14.2")	\$8.23/2 pk.
#2-4421B	13 cm x 18 cm (5.2" x 7.1")	\$20.30/10 pk.

### White

#2-4422W	13 cm x 36 cm (5.2" x 14.4")	\$8.23/2 pk.
#2-4421W	13 cm x 18 cm (5.2" x 7.1")	\$20.30/10 pk.

### Transparent

#2-4422T	13 cm x 36 cm (5.2" x 14.4")	\$8.23/2 pk.
#2-4421T	13 cm x 18 cm (5.2" x 7.1")	\$20.30/10 pk.

## Latent Print Backing Cards

### White Glossy Cards Bound Into Pads Quantity Discount Pricing

- ◆ Preserve and document latent prints.
- ◆ White glossy side of cards is for mounting of latent prints.
- ◆ White non-glossy side features pre-printed form for recording latent print information.
- ◆ Cards are bound into easy-to-use pads of 50.

### White Gloss Cards in Pads

			Quantity	Cost
#1-4060	3 1/2"x 5"	50 cds/pad	1-9 pads	\$4.00 ea
			10 -19	\$3.70 ea

			5-9 pks	\$9.99 ea
			10+	\$8.99 ea

## Handiprint Handprint System for Positive Identification

**Use for major case prints, prints at autopsy,  
shoe and tire prints.**

- Excellent for Autopsy Handprints
- Tireprint Comparison Standards
- Finger and Palm Prints
- Shoeprint Comparison Standards
- Lifting Latent Shoeprints
- Multipurpose

Handiprint material is a flexible, very slightly elastic plastic. It is white in color and has an exceptionally smooth adhesive coating. It has distinct advantages for handprinting over ink methods because it will often conform to the curves of the palm with minimal slippage.

1  
Lightly dust palm side of hand with black fingerprint powder.

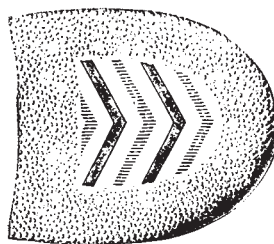

2  
Separate release paper from handiprint lifter material (HLM). Spread fingers, and press hand on adhesive side of HLM.

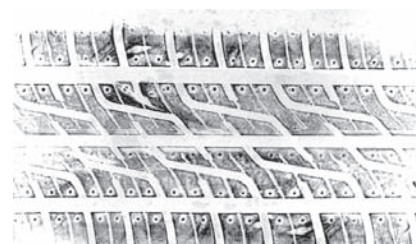

3  
Lift hand, HLM will adhere. Press HLM in center of palm, along length of each finger and around the sides of fingertips. Press around thumb as much as possible.

4  
Lightly redust thumb. Roll thumb on the HLM as you would for an inked print. Cover HLM with a piece of clear plastic. Write identifying information on back of HLM.

Record Shoe Prints

Record Tire Prints

### HANDIPRINT SERIES:

#### White Adhesive Lifters With Matched Clear Polyester Covers

#2-1012.	4" x 8"	100 Sheets.	\$21.68

**Individual Fingerprint Strips  
For Taking Fingerprints**

• **Use for Prints at Autopsy**

• **Major Case Print**

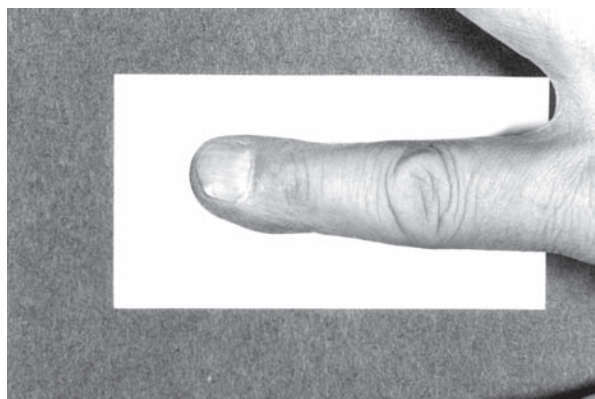

• **Elimination Fingerprints**

The Fingerprint Strips are 2" X 3¾". The release liner is scored for rapid removal.

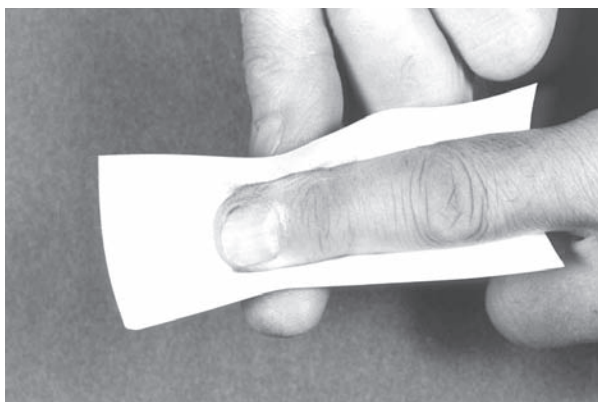

**Easy To Use:**

1. Lightly dust fingers with black fingerprint powder. Include sides and fingertips.

2. Remove release liner from fingerprint strip and discard liner being careful to minimize touching the adhesive surface. Set fingerprint strip down, adhesive side up. Gently press finger on adhesive surface.

3. Lift finger and adhering fingerprint strip. Wrap fingerprint strip around sides of finger and fingertip. This assures that all surfaces with ridge detail are recorded.

4. Separate finger from fingerprint strip. Place adhesive side of fingerprint strip on sheet of 8" x 8" clear plastic. Label and initial the back of each fingerprint strip, indicating hand and finger position as well as case information.

Each set includes 50 fingerprint strips and 10 - 8" X 8" pieces of plastic film.

Instructions are included.

### Post Mortem Finger Ridge Restoration Fluid

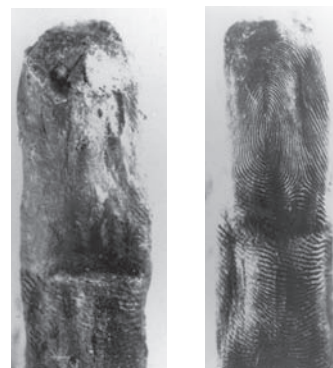

- **Allows Fingerprints to Be Taken When Previously Not Thought Possible**
- **Softens the Skin And Allows for Restoration of Fingerprints**
- **Manufactured Especially for CSI Forensic Supply Customers**

*Procedure:*

*Digits are removed and covered with our special soaking solution.  
Soaking requires 3 days to approximately 14 days.*

# 1-0020	Post Mortem Fingerprint Ridge Fluid 16 oz. bottle	
1 - 5 Bottles	Post Mortem Fingerprint Ridge Fluid	\$18.75 ea.
6 - 9 Bottles		\$17.50 ea.
10 + Bottles		\$15.90 ea.

**Before**

**After**

### Amido Black

Enhances latent prints contaminated with blood on porous and non-porous surfaces with a BLUE-BLACK stain, but will not develop a normal perspiration-based print. Gather physiological samples and conduct all fingerprint development methods prior to use. Sensitive to proteins found in blood and some other body fluids.

#1-0021	Amido Black 25g	\$9.90
---------	-----------------	--------

### Ardrox Fluorescent Dye

This fluorescent dye is designed for enhancing latent prints developed with cyanoacrylate. It saturates the latent print surface and remains in minute crevices to provide excellent ridge details. **Ardrox** treated prints fluoresce YELLOW/GREEN. Use U.V. lamps, forensic light sources or lasers to view results. **Ardrox** is available in a 500ml spray bottle or 1 qt. (946ml) container.

#1-0022	Ardrox Dye	Spray 500ml	\$18.95
#1-0023	Ardrox Dye	1 Quart 946ml	\$20.45

### Basic Red 28 Fluorescent Dye

**Basic Red 28** is a fluorescent latent print dye used to stain cyanoacrylate developed latent prints. It can be used alone or mixed with **Basic Yellow 40** to provide a wider range (about 415nm) of fluorescence. Shelf life of mixed solution is approximately six months and unmixed powder can be retained indefinitely. Both the powder and solution should be stored in a dark bottle. Mixed solution should be used in a fume hood or flammable liquids cabinet. The shelf life for the working solution is six months and for the powder it is indefinite.

#1-0024	Basic Red 28 Fluorescent Dye 25g.	\$12.95
---------	-----------------------------------	---------

### Basic Yellow 40 Fluorescent Dye

Our pre-mixed **Basic Yellow 40** contains no harmful solvents, gives off no irritating fumes, and is non-flammable. It can be used after cyanoacrylate fuming on surfaces such as cans, leather, and plastics, and fluoresces well between 365nm and 485nm.

**Basic Yellow 40** is also available as a powder for those who prefer to mix their own solution. Mix approximately two grams in a liter of reagent alcohol. The shelf life is six months for the working solution and indefinite for the powder.

#1-0027	Pre-Mixed Basic Yellow 40	473.1ml (16 oz)	\$26.00
#1-0025	Basic Yellow 40	25 g (0.9 oz)	\$10.25

### Crystal Violet

**Crystal Violet** has two uses. It can be used to develop latent fingerprints on plastics and other surfaces, or it can be used as theft detection powder. When used for the development of fingerprints, **Crystal Violet** works well on the adhesive side of Scotch, electrical and Kraft tape. \*Technical note available on request. When using the powder for theft detection, apply to the surface using a fingerprint brush. Once the powder is on the person's hand, it turns violet.

#1-0026	Crystal Violet 25g	\$8.37
---------	--------------------	--------

### DFO

**DFO** is a chemical designed for the development of latent fingerprints on paper. The product develops approximately 2 to 4 times as many latent prints on paper items as Ninhydrin used alone. Use a high intensity light source or a laser to achieve fluorescence. Visible in the 450 - 600 nm range. It is recommended that any latents developed with **DFO** be photographed before processing.

#1-4046	DFO 1g	\$53.55
#1-4046-5	DFO 5g	\$248.75

### Ninhydrin Crystal

**Ninhydrin** is the classic chemical used to develop latent fingerprints on paper. **Ninhydrin** can be used on paper, cardboard, fabrics and some unpainted woods. A solution of **Ninhydrin** can be applied by spraying, swabbing or dipping into a tray of solution. Customer must supply solvent. ACS grade.

#1-0029	Ninhydrin 25g	\$27.20
#1-0029b	Ninhydrin 100g	\$89.95

### Small Particle Reagent

**Small Particle Reagent (SPR)** adheres just like fingerprint powders to the fatty constituents of latent fingerprints. **SPR** works equally well on wet and dry surfaces. It is particularly useful on surfaces that do not respond well to conventional powder techniques, such as greasy windows, concrete, rusty iron, etc. To use, simply spray the solution onto the surface. Mixing: add the powder to water then add Kodak Photo-Flo 200 according to directions. Note: Should not be used on porous surfaces such as paper or cardboard. Difficult to remove. Use caution when spraying indoors.

#1-0035	1 Pack MoS <sub>2</sub> (Molybdenum Disulfide) 30g	\$11.50
#1-0038	Kodak Photo-Flo 200, 1 pint	\$17.85

### Small Particle Reagent Master Kit

- |                               |                          |                          |
|-------------------------------|--------------------------|--------------------------|
| • 5-30g Jars MoS <sub>2</sub> | • 2- Spray Bottles       | • 1- Photo-Flo-200, 2 oz |
| • 5- Pair Vinyl Gloves        | • 1- Funnel              | • 1- Technical Note      |
| • 1- ½ Gallon Mixing Bottle   | • 1- Bottle Hand Cleaner |                          |

#1-0039	Small Particle Reagent Master Kit	\$87.31
---------	-----------------------------------	---------

**FINGERPRINT PADS**

Approved By All Government Agencies  
High Quality Fingerprint Pads

**Less ink** pads are considered to be "inkless". They leave a crisp clear imprint, never smear, dry instantly and leave no ink on fingers. Specially formulated ink does not dry out if pad is left open. Used by banks, notaries and some law enforcement agencies. May have to be enhanced to satisfy FBI requirements.

**Dark ink** pads are for law enforcement use. The dark ink gives very clear, crisp imprints, leaves very little residue on fingers, dries instantly and does not smear.

**Ceramic** is the premium pad surface. We have the finest ceramic pads in the industry.  
Buy porous plastic for top economy.

**1½" Round Pad - 1200 imprints per pad**

## Digit 10® - Inkless Fingerprint System

The **Digit 10** is completely inkless and does not require special fingerprint cards. Unlike ink, the **Digit 10** system is totally clean, and print cards can be handled immediately. Great for applicant printing, children ID programs, and even lower volume booking rooms.

The Replacement Kit consists of one pad and five developer sheets. Each pad produces approximately 500 ten-print cards.

#1-4164	Digit 10 Inkless Fingerprinting System (LE-10)	\$690.00
#1-4165	Digit 10 Portable Kit - Plastic Briefcase (LE-10K)	\$762.00
#1-4166	Replacement Kit - 1 Pad and 5 Developer Sheets (LE-110)	\$92.00
#1-4167	Large Replacement Kit - 1 Pad and 15 Developer Sheets (LE-115)	\$121.75

## Fingerprinting Stand

- **Folding Legs for Portable Transport**
- **20" x 12" x 9"**
- **10 Pounds Shipping**

Elevates printing surface above the standard desk or table to facilitate the best printing results.

Fingerprint card holder (Cat. No. 8-0065) and ink pad (Cat. No. 1-4092) can be attached to the stand with screws.

Fingerprint card holder and ink pad not supplied with stand.

#1-4093	Fingerprinting Stand	\$99.50
---------	----------------------	---------

## Palm Printer

Designed to simplify the palm printing process. Compressible roller surface facilitates printing hard-to-print areas of the hand. Each 17.8cm (7") ink cylinder produces 1000 palm prints and is easily replaceable using the #1-4161R Replacement Ink Roller. Water moistened towel will remove any residue from the hand. Steel construction, 9 lbs.

#1-4161	Palm Printer (PI-21)	\$297.00
#1-4161R	Replacement Ink Roller (PI-121).	\$88.00
#1-4168	Porta-Palm Printer (not shown)	\$78.60

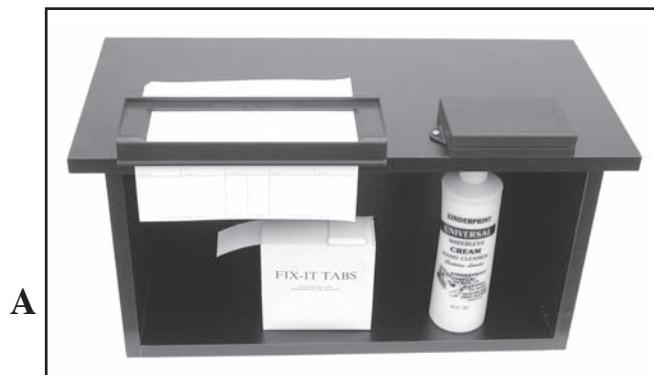

## Fingerprinting Stand

- Sturdy Elevated Melamine Stand Or Low Solid Wood Fingerprinting Stand
- Approx. Dimensions: (A) 21" x 9" x 11 1/2"  
(B) 24" x 6" x 2 1/4"
- Shipping Weight : (A) 16 lbs.  
(B) 4 lbs.

(A) Elevates printing surface above the standard desk or table to facilitate the best printing results. Comes with Fingerprint Card Holder (Cat. No. 8-0065) and Ink Pad attached to the stand with screws. Includes a roll of 500 Fix-It-Tabs and a bottle of Waterless Cream Hand Cleaner.

(B) The Low Fingerprinting Stand provides a stable working surface. Comes with a Fingerprint Card Holder (Cat. No. 8-0065) and your choice of ink pad or glass slab or steel slab.

#1-4170 (A)	Fingerprinting Stand (A) Includes Card Holder and Ink Pad	\$212.50
#1-4171 (B)	Low Fingerprinting Stand (B) Includes Card Holder and Glass Slab	\$88.00
#1-4172 (B)	Low Fingerprinting Stand (B) Includes Card Holder and Steel Slab	\$90.00
#1-4097	Replacement Ink Pad	\$20.99
#1-4173	Low Fingerprinting Stand (B) + Card Holder and Ink Pad	\$96.00

## Live-Scan Image Enhancer

Pre-Scan maximizes the quality of live-scan fingerprint images. Dry skin is a major factor affecting image quality for both electronic ten-print and single-finger systems. Pre-Scan helps to overcome dry skin problems by enhancing the definition of the finger ridges.

#1-4162	Pre-Scan Large Pad, 3" x 4.5" (PS-30)	\$59.00
#1-4163	Pre-Scan Small Pad, 1.75" x 2.25" (PS-5) (4 pads/pack) (Not Shown)	\$72.00

**FINGERPRINT TAKING EQUIPMENT**

**Fingerprint Ink**

*Water Washable!*

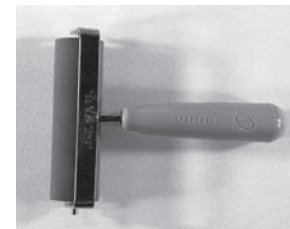

Perfect Print® ink is a special paste-type fingerprint ink for use with slabs and rollers. It differs from standard fingerprint ink in that it doesn't require special solvents to clean. It simply rinses off equipment and hands with water. Unlike standard ink, Perfect Print® ink dries immediately on the card, but doesn't dry on the slab. Perfect Print® ink is permanent, non-toxic, and won't deteriorate rubber rollers.

#8-0063	Fingerprint Ink 2 oz.	\$5.95
#8-0064	Fingerprint Ink 4 oz.	\$7.75

**Fingerprint Ink Roller**

- **Designed For Spreading Ink Evenly**
- **Smooth Soft Composition 4" Roller**
- **Sturdy Core Eliminates Warpage**

This roller has been used for years and is one of the best to spread ink. The composition of the 4" roller is ideal for this application.

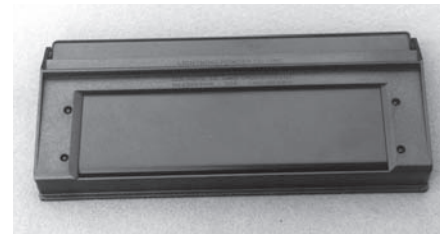

#2-9010	4" Roller	\$15.95
---------	-----------	---------

**Fingerprint Card Holder**

- **Durable Uni-Molded Plastic Card Holder**
- **Permanent or Portable**

This sturdy uni-mold card holder can be set up two ways:

- A) Permanent - mounted with two screws
- B) Portable - non skid feet

#8-0065	Fingerprint Card Holder	\$15.95
---------	-------------------------	---------

**Steel & Glass Fingerprint Slabs**

**Steel Slab**

**Glass Slab**

<u>Steel Slab</u> -	5" x 10" Unbreakable stainless steel with mounting holes. Ideal for booking room use.	
#8-0067	Steel Slab	\$11.50
<u>Glass Slab</u> -	5" x 12" x 1/4" Annealed glass, edges are sanded for safety.	
#8-0068	Glass Slab	\$10.87

## Ink Remover Towelette

**Removes:**

**Fingerprint Powders,**

**Inks, Grease And More**

This economical towelette removes: fingerprint inks, fingerprint powders, grease smudges and other stains without water. The towelette packet measures 2" x 2 1/4" but opens to a towelette larger than 5" x 8".

#1-4070	Box of 100 Towelettes	\$9.75
#1-4071	Case of 1000 Towelettes	\$92.90

## Universal Waterless Cream Hand Cleaner

### Effectively Removes:

- Fingerprint Ink
- Imaging and Copy Powder
- Theft Detection Powder
- Fingerprint Powders
- Grease
- Oil and More

### Special Features:

- Easy Clean Up - Greaseless Cleaning Action
- Pleasant Aroma

This is one of the best waterless cleaners we have found!  
White cream is easy to use and effectively cleans most substances.

#8-0050	16 oz. Plastic Squeeze Bottle	\$4.95
#8-0051	Case of 12, 16 oz. Squeeze Bottles	\$42.95

## Slab And Roller Cleaner

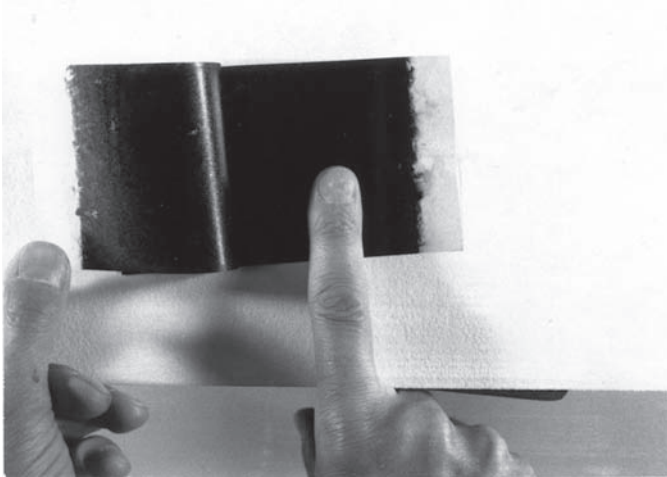

- **Extra-Quick Drying - Effective on Glass And Metal Slabs**
- **Completely Dissolves Dried Fingerprint Ink**

Removes even the oldest, dried-on fingerprint ink. Works well for cleaning ink rollers. Not intended for hand use - see above products for cleaning hands.

#8-0061	Slab And Roller Cleaner	Quart Can	\$10.25
---------	-------------------------	-----------	---------

## High Grade Portable Inking Foils

- **Excellent For Elimination Fingerprints**
- **Used by Police And Investigators**
- **Used for Child Fingerprinting Programs**

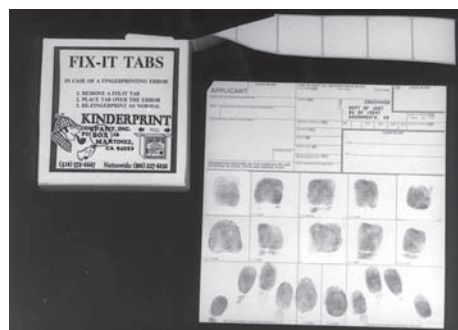

Acceptable to the FBI & other agencies. Made from high grade polyester film coated with a thin layer of fingerprint ink. To use, just peel back to expose the ink and roll the fingers. A fine layer of jet black fingerprint ink is transferred to the fingers. The fingers are rolled on a standard fingerprint card resulting in sharp prints. The foils can be reused. Hold down strips prevent the inking foils from sliding during use.

Prints Are Acceptable by the FBI And Other Agencies

#1-4250	1"x5"	Foils	2400/Pkg.	\$145.75
#1-4105	3"x5"	Foils	100/Pkg.	\$21.10
#1-4106	3"x5"	Foils	400/Pkg.	\$76.10
#1-4141	3"x5"	Foils	800/Pkg.	\$142.75
#1-4150	3"x10"	Foils	100/Pkg.	\$41.10
#1-4151	3"x10"	Foils	400/Pkg.	\$131.05
#1-4153	6"x10"	Foils	100/Pkg.	\$85.20
#1-4154	6"x10"	Foils	200/Pkg.	\$131.25

## FIX - IT TABS

- **Save Time And Money**
- **A Smudged Fingerprint on a Card Can Be Covered And Reprinted**
- **Opaque Layer Prevents Any Trace of the Original Print From Showing**
- **Designed to Fit Within the Lines of Most Fingerprint Cards**

Agencies all over the country reject fingerprint cards with more than two bad prints. No need to reroll entire fingerprint card. To eliminate a print, place one of the tabs over the unacceptable fingerprint and roll a new print on the tab.

#4-4001	Fix-It Tabs	500 Tabs Per Roll in Dispenser Box	\$19.50
	5 or more boxes		\$18.50

**Bureau File Cabinet For  
Fingerprint And Palmprint Cards  
(For Standard 8" x 8" Cards)**

- **Five Drawers**
- **Double Compartment Drawers**
- **Heavy Gauge Steel Fabrication**
- **Rib And Roller Bearing Drawers**
- **Accommodates 20,000 Cards**
- **Dimensions - 52" H x 28" D x 18¾" W**
- **Weight - 275 lbs.**

The finest cabinet available for 8" x 8" fingerprint record cards. Each drawer has a double compartment to accommodate two rows of 8" x 8" cards. Each row will accommodate 2,000 cards; each drawer will accommodate 4,000 cards.

The cabinet has five drawers, therefore offering a capacity potential of 20,000 8" x 8" fingerprint cards. Each cabinet is precision built to the smallest spring and catch. The case is made of heavy gauge, cold-rolled steel. Every drawer moves effortlessly on thick, ribbed steel guides and ten roller bearings.

Systematic spotwelding throughout assures structural integrity. This is a filing cabinet designed to endure years of continual service.

**#7-2600-G** Bureau Filing Cabinet  
F.O.B. Factory  
**CALL for up-to-date pricing.**

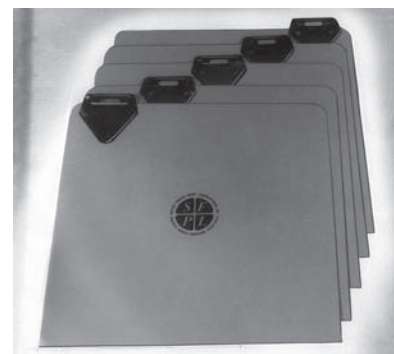

**Blank Metal Tab Guide Cards  
(For 8" x 8" Fingerprint Record Cards)**

The perfect guide cards for our **Bureau Fingerprint Card Cabinet**. Develop your guide card system, and expand it as required.

Ideal for expanding your fingerprint card files. Merely insert strips to suit the expansion of crowded divisions. Guides are constructed of durable pressboard stock.

Steel tabs 1/5 cut furnished in position from first to fifth. Metal tabs are firmly staked to the guide. Card guide inserts and celluloid cover furnished with each guide.

<b>#7-2507</b>	100	Guide Cards	<b>\$183.00</b>
<b>#7-2508</b>	500	Guide Cards	<b>\$763.00</b>
<b>#7-2509</b>	1000	Guide Cards	<b>\$1312.00</b>

## Standard Ridge Counter

- Reversible Point Feature

The point on this ridge counter is not retractable but can be reversed into the body of the holder when not in use.

#1-2370 Ridge Counter \$4.75

## Glass Magnifiers

- High Quality Glass Lens
- Walnut Handles-Brass Rims
- Sturdier Than Most Magnifiers

#1-2374	3X	3" x 2½" Dia.	Round	\$28.90
#1-2375	2X	2" x 3¼" Dia.	Round	\$33.45
#1-2376	2X	2" x 4" Dia.	Round	\$46.40
#1-2377	2X	2" x 5" Dia.	Round	\$52.40
#1-2378	2X	2" x 4"	Rectangular	\$38.45

## Acrylic Magnifiers

- Lightweight - Comfortable ABS Handles
- Produced to High Ophthalmic Standards

#1-2379	3X	3" x 2½" Dia.	Round	\$9.90
#1-2380	2X	2" x 3¼" Dia.	Round	\$10.85
#1-2381	2X	2" x 4" Dia.	Round	\$13.90
#1-2382	2X	2" x 4"	Rectangular	\$13.90

## Classifier Magnifying Glass

- Best classification magnifier available for finger print examination and classification.
- 4.5X Magnification
- Opening At Base: 2 1/8" Diameter
- Crystal Clear - Sharp Focus Across Field

Judged one of the finest optics and the most distortion-free flat-field lenses available to the police market today. Results from an independent study of the IAI rated this magnifier the best overall of seven top models tested. It rated the highest in center sharpness, overall sharpness, brightness, contrast, color correction, magnification and ease of handling. Made in Germany. Several reticles (coding discs) are also available

#1-3833	Classifier Magnifier	\$151.00
#1-2384	Henry Disc (one line)	\$96.00
#1-2385	Battley Disc (concentric circles)	\$96.00
#1-2387	Crosshair Disc (two crossing lines)	\$96.00

## 6X Stand Magnifier

- Economical
- 6X Magnification
- Base Opening: 2¾" Diameter

Aspheric lens and a half circle base. Body is lightweight plastic, designed to slide easily across a fingerprint card. Made in England.

#1-2388 6X Stand Magnifier

\$45.95

[www.csiforensic.com](http://www.csiforensic.com)

## Retractable Ridge Counter

- Replaceable Point
- Retractable Feature

This ridge counter retracts its tip similar to the way you operate your ballpoint pen. Made of long life anodized aluminum. Will slip into your shirt pocket.

#1-2372 Ret. Ridge Counter \$9.79

#1-2373 Replacement Points,each \$3.25

## Illuminated Magnifiers

**Desk Model**

**Clamp Model**

- Even, shadow-free light under the magnifying lens with a 22 watt fluorescent bulb.
- Items appear 75% larger.
- The Illuminated Magnifiers have a 5-inch crown optical glass lens which produces sharp images over a wide viewing area.
- The "floating arm" lets you easily position the light source, and it stays positioned.
- Choose from the desk model, which has a reach of 28 inches, or from the model that clamps onto a desk and has a reach of 42 inches.
- 5 Year Warranty.
- UL Listed.
- Made in USA.

#7-0726	Illuminated Magnifier Desk Model, 1.75X Magnification	\$305.95
#7-0727	Illuminated Magnifier Clamp Model, 1.75X Magnification	\$255.00

## Clear Magnifiers

These clear magnifiers capture all available light, which increases the visibility of the fingerprint. These 4x power magnifiers have minimal distortion even when viewing at an angle.

#1-2395	2.5 inch Diameter Magnifier	\$34.95
#1-2396	3.5 inch Diameter Magnifier	\$59.95

## PROSCOPE HR

### Easy-To-Use Portable, Digital, and Video Inspection Microscope System.

Touch this hand-held camera microscope to any object or surface. Then watch the live color video image on the computer screen.

Just by touching the sample with the internally lit lens tip, the object is instantly focused, illuminated, and magnified to the screen.

The **ProScope HR** captures still pictures, video movies and time-lapse movies.

The **ProScope HR** is small, lightweight, and completely portable on a laptop computer.

#### Proscope HR Microscope System Includes:

- **ProScope HR** (camera and 2 lenses - see price list)
- Software
- Cable for PC & MAC computers

#### Hardware Specs:

- Available Lenses: 1-10x, 30x polarizing, 50x, 100x, 200x, 400x.
- Image sensor: 1/4" CCD
- Resolution: 1.3 mega pixels (only with USB 2.0), 640 x 480, (USB 1.1)
- Output: USB 2.0, USB 1.1
- Cable length: 6 feet
- Weight: 6 oz [150 grams] (Main unit with cable)
- Warranty: one year

#### Optional Accessories:

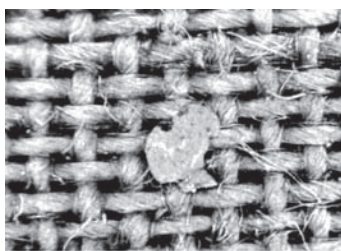

- Lens: 50x, 100x, 200x, 400x (all lighted)
- Stand, C-Mount Adapter
- Carry Case, Laptop Hood for Outdoor Use

#### System Requirements:

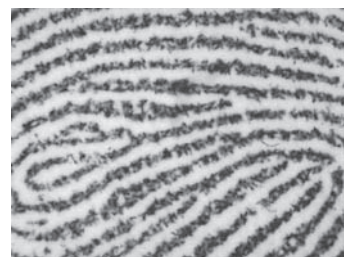

- Windows: Windows XP service pack 2/Vista or later, DirectX9 or later, Quicktime7 or later, factory installed USB 2.0 port (recommended) or USB 1.1 port (runs at a lower resolution), P4 or equivalent.
- Macintosh: OS 10.4.8 or later, Quicktime7 or later, factory installed USB 1.1 port (runs at lower resolution, G4, G5, or IntelMac).

#7-3006	Lens, 200x lighted	\$144.00
#7-3011	Lens, 400x lighted	\$239.00
#7-3009	C-Mount Adapter for adapting a video camera lens to the <b>ProScope HR</b>	\$25.00

### Light Blocker and Light Stage Backlighting

When looking at microscopic specimens, varying the lighting will usually make a big difference in how well you can see the sample. Many single-celled organisms and other samples are transparent and hard to see, but with the Light Blocker installed and the lamp centered directly over your specimen, light is forced to enter the slide from the sides at an angle producing a "backlit" effect. This effect provides more depth of field and lights additional structures in your specimen.

To install: Slide the light blocker over the end of the lamp with the flat metal portion facing downwards. Center it over the fluorescent tube by sliding it into position.

#7-3008 Light Blocker w/Light Stage Backlighting \$47.00

### Stand for ProScope HR

This telescoping stand holds the scope steady in a variety of positions. Make your camera into a Document Camera. Extendable metal stand allows the **Proscope HR** to be positioned in any orientation. The extendable arm provides extra height and reach and folds down to a compact size for storage.

#7-3007 Stand for Proscope HR \$159.00

### XYZ Stand / Stage **NEW!!**

- Scope mounts on the stand
- View prepared slides
- View microorganisms
- Easy to use
- Precision movement for easy focus and viewing
- Works with all ProScope and Scope On A Rope L2 lenses

This new precision stand allows smooth, stable, three-direction movement of the sample. It works in the inverted position to view slides or water samples from underneath and in the normal position for viewing objects on any surface. One year warranty on parts and labor.

#7-3012 XYZ Stand/Stage for ProScope HR \$325.00

### Soft Carrying Case

This small, soft, padded nylon carrying case will safely transport and protect your **ProScope HR** and lenses in the field. The zip-open top, handle, and shoulder strap make for ease of use. An extra storage compartment in the front provides space for additional lenses and samples.

#7-3010 Soft Carrying Case \$27.85

## Protective Gloves

### Latex Disposable Gloves

- Safe - Meets FDA Reg., Exceeds ASTM Standards
- Versatile - Ambidextrous, With Protective Cuff
- Highly Sensitive Powdered And Non-Powdered
- Strong - Made of Natural Latex Material

### White Cotton Evidence Gloves

- Lightweight
- One Size Fits All
- Comfortable Cotton Material

Using these lightweight comfortable cotton gloves eliminates the problem of leaving latent prints on the evidence. The gloves are ideal for crime scenes, photo labs, document examination and more.

#1-5014	White Cotton Gloves	12 per package	\$9.25
---------	---------------------	----------------	--------

## TurtleSkin Gloves

- Cut Resistant
- Puncture Resistant
- Abrasion Resistant
- Machine Washable
- Heat Resistant

No one understands how a glove needs to perform better than the officers that use them. That's why these TurtleSkin Search Gloves were developed with the input of officers from around the country. While no glove is cut or puncture proof, through continuous improvements and feedback, Warwick Mills strives to provide new levels of protection to areas of the hand at risk during patdowns and searches. These gloves were designed to help protect those areas of the hand without sacrificing dexterity, allowing you to write or use your radio easily.

### TurtleSkin Search™

#### Law Enforcement Search Gloves

- Protection for Searches
- Protection for Collecting Evidence
- Double & Triple XL Sizes Available

#1-5018-S	Search Gloves Small	\$72.15

#1-5018-L	Search Gloves Large	\$72.15
#1-5018-XL	Search Gloves Extra Large	\$72.15

### 3M Dust And Particulate Respirator Masks

- **Inexpensive**
- **Disposable**
- **Meets NIOSH Standards**

Take care of yourself! It is recommended that a NIOSH mask be worn when extensive fingerprint processing is conducted or processing takes place in a confined area. Wear mask for added protection when handling or packaging bloody clothing especially when the blood has dried. It is best to wear a mask at all times for dusts and mists (3M 8210).

**#1-5001** Dust/Respirator Mask 20/Box **\$24.00**

The 3M 9913 Nuisance And Odor Mask is excellent where dust/mist protection is needed. Used in situations where dust/mist protection up to 10 X PEL is needed and workers are bothered by nuisance level (below OSHA's PEL) organic vapor.

NIOSH approved.

NIOSH approval only for dust and mists with a PEL not less than 0.05 MG/M<sup>3</sup>.

### Tyvek Protective Coverall With Hood And Boots

- **Meets Regulation 29 CFR**
- **Disposable, Durable, Chemical And Wear Resistant**

**NOTE:**

Government regulation 29 CFR requires that employers provide protective apparel which, under normal conditions of use, does not permit blood or other potential infectious materials to pass.

Tyvek is a spunbound polyolefin material and is antistatic. It was developed for waste management, clean room, asbestos, chemical operations and other usage. Tyvek conforms to the Flammable Act requirements for class 1 fabrics.

## Syringe Keeper

- Shatterproof Container - Protects Personnel From Sharp Contaminated Objects
- Identification Label - Displays Date, Case And Miscellaneous Information
- Biohazard Label- Warns Others of Potential Danger When Handling
- Bayonet Lock- Easy to Open And Prevents Accidental Opening Even if Dropped

Approximately 8 inches

Two- Piece Construction for Compact Carrying

### #1-5105

Needle Syringe Keeper (12 Per Pack)

1 - 5	Packs	Each Pack	.....\$16.65
6 - 11	Packs	Each Pack	.....\$15.55
3 - 119	Packs	Each Pack	.....\$14.25
120 +	Packs	Each Pack	.....\$13.75

**WARNING:** The syringe YOU handle may be the deadly weapon that takes five years to kill. The Center For Disease Control states that, "A needle stick was the cause of HIV (AIDS) exposure in over 80% of reported related cases."

See Page 28.

## Hypodermic Syringe Safety Container

- An Effective Preventive Measure Against AIDS And Other Infectious Diseases
- Unique Sealing Material Prevents Leakage of Contents
- Individually Serial Numbered for Proper Documentation
- Complete With Safety Labeling And Information Tags
- Heavy 30ml Plastic Tube With Easy Opening Hexagon Cap
- 1" Diameter Holds 1-2 Syringes (With Unique Sealing Material)

This clear heavy gauge 30 mil tube with international biohazard markings is long enough to accommodate an extended syringe plunger. The clear tube allows for immediate recognition of contents and visible court presentation. The anti-roll feature reduces the risk of a needle stick by allowing for the use of a one-hand loading technique. The unique inert sealing material in the bottom of the tube will enclose the sharp end of a hypodermic syringe. The sealing material is designed to prevent leakage of potential infectious syringe contents and/or suspected narcotics. One hand loading.

#1-5100	1-99 Safety Containers	.....Each	.....\$1.49
	100+ Safety Containers	.....Each	.....\$1.47

Approximately 8 inches

Meets OSHA Requirement for Occupational Exposure to Blood-borne Pathogens. 29 CFR Part (1910.1030) Specifies That Contaminated Needles Shall be Stored in Containers Which Are Puncture Resistant, Labeled or Color Coded and Leakproof.

**Vionex Antimicrobial Soap**

- **Meets OSHA Requirements**
- **Kills a Broad Range of Germs**
- **Non-Flammable And Non-Irritating**

Use Vionex Antimicrobial Liquid Soap when water is available. Vionex Antimicrobial Soap is an effective nonirritating hand washing agent and meets OSHA requirements for hand washing. No other product kills or controls a wider spectrum of germs. Contains a lotion base for extra gentleness.

#8-0070	4 oz. Bottle With Flip Top	\$6.50
#8-0071	18 oz. Bottle With Pump	\$17.85
#8-0073	1 Gallon Bottle, Refill	\$47.50

**Vionex Antimicrobial Skin Wipes (Towelettes)**

- **Excellent for Field Use**
- **Kills a Broad Range of Germs**
- **Meets OSHA Requirements**

Use Vionex Antimicrobial Skin Wipes when soap and water are not available.

#8-0075	1 Box of 50 Packets (5" x 8")	\$13.90
#8-0075C	1 Case of 500 Packets (5" x 8")	\$115.00

**Vionex No Rinse Gel Antiseptic Handwash**

- **Meets OSHA Requirements**
- **Kills a Broad Range of Germs**
- **Non-Flammable and Non-Irritating**

Vionex No Rinse Gel is a nondrying, nonflammable and nonirritating gel used for germ killing and effective cleansing. No rinsing with water is required. The Gel can be used anywhere soap and water are not available. Use Vionex Gel with or without a towel. Just apply to skin, rub well and wipe with a clean towel or rub until dry. It is formulated for frequent use and contains cleansers to clean and emollients to protect and moisturize the skin.

#8-0084	No Rinse Gel 4 oz. With Flip Top	\$6.50
#8-0085	No Rinse Gel 18 oz. Bottle With Pump	\$17.85

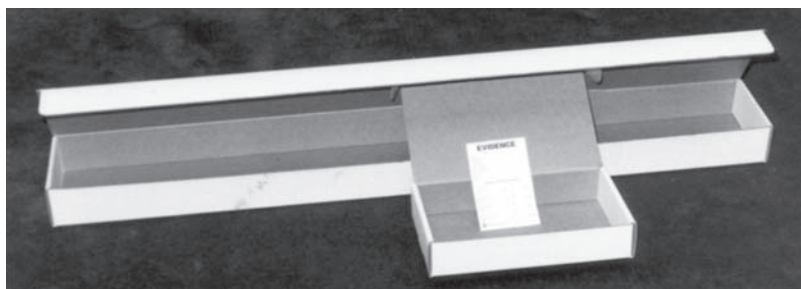

**Envirocide Disinfectant/Cleaner**

- **Inactivates HIV, TB, Polio Virus Type 1 And 2, Salmonella, Mold, Mildew, Cocksackie Virus, Staph, Pseudomonas, Etc.**
- **EPA Registered, Meets CDC Guidelines And OSHA Regulations**
- **Non-Toxic, Safe, Non-Staining And Non-Corrosive**
- **Cleans And Disinfects, Safe on All Surfaces**

#8-0077-CS	Envirocide 24 oz. Bottle With Trigger Spray (12/case)	\$159.95
#8-0078-CS	Envirocide One Gallon Bottle, Refill (4/case)	\$149.95

## Evidence / Weapon Boxes

## RIFLE STORAGE BOXES

- **Large, Strong And Convenient**
- **Excellent for Rifles, Shotguns or Large Objects**
- **Can Secure Several Weapons in the Same Box**
- **Holds Weapons Securely in Place With Plastic Ties**

These boxes are very strong and have been designed specifically to help insure that the weapon is safely transported and stored. The boxes can be stacked safely and hold almost any size rifle as well as a baseball bat, sword, large pipe, tire iron, etc. The boxes' dimensions are 50½" x 6¾" x 3¼". Holes are provided in the bottom of the box so that the weapon can be secured in place with tie wraps. See following page. Note: Storing a rifle in a plastic bag may damage your evidence.

#4-2700-25	Rifle Box	25 Box Bundle	1-12 Bundles	Per Bundle	<b>\$53.50</b>
		25 Box Bundle	13+ Bundles	Per Bundle	<b>\$48.95</b>

## RIFLE BOXES WITHOUT HOLES

These boxes are similar to the standard boxes. They have no holes and therefore eliminate any possibility of cross contamination. Tie wrap anchors with secure adhesive backing are required to use tie wraps.

#4-2800-25	Rifle Box, Solid	25 Box Bundle	1-12 Bundles	Per Bundle	<b>\$67.50</b>
		25 Box Bundle	13 + Bundles	Per Bundle	<b>\$62.20</b>
#4-2477	Tie Wrap Anchors	Pkg. of 100			<b>\$29.12</b>

## HANDGUN STORAGE BOXES

Handgun boxes are important to protect the evidence and the safety of individuals. These boxes are ideal for the transportation and storage of handguns. The boxes are 13" x 8" x 2" and allow for easy stacking in any evidence room. Holes are provided at the bottom of the box so that the weapon can be secured in place with tie wraps. Note: Never store a handgun in a plastic bag; use a gun box!

#4-2701	Handgun Boxes	25 Box Bundle	1-12 Bundles	Per Bundle	<b>\$30.55</b>
		25 Box Bundle	13 + Bundles	Per Bundle	<b>\$26.95</b>

## HANDGUN BOXES WITHOUT HOLES

These boxes are similar to the standard boxes. They have no holes and therefore eliminate any possibility of cross contamination. Tie wrap anchors with secure adhesive backing are required to use tie wraps.

#4-2801-25	Handgun Box, Solid	25 Box Bundle	1-12 Bundles	Per Bundle	<b>\$35.55</b>
	Tie Wrap Anchors		Pkg. of 100	Per Package	<b>\$29.50</b>

**KNIFE STORAGE BOXES**

Knife boxes are excellent to protect the evidence and the safety of individuals. Never store a knife in a plastic bag! The boxes are 13½" x 3½" x 2" and allow for easy stacking in any evidence room. Box has holes in bottom to secure weapon in place with tie wraps (catalog #4-2475, #4-2476, #4-2478 and #4-2479).

<b>#4-2702</b>	Knife Box	25 Box Bundle	Per Bundle	<b>\$21.95</b>
----------------	-----------	---------------	------------	----------------

**RIFLE BAGS**

***Rifle Bags for short or long rifles and shotguns***

This heavy duty bag can be used to store rifles, pistols and shotguns. One size bag accommodates short or long guns. These bags breathe so that moisture is not trapped in the bags. Pistol and rifle boxes require more space to store the evidence than rifle bags. Secure bags by stapling closed and sealing with evidence tape.

<b>#4-2425-60</b>	Rifle Bags, 60" length 25/pack	Per Pack	<b>\$31.35</b>
	2 or more packs	Per Pack	<b>\$29.95</b>

**REUSABLE & STANDARD PLASTIC TIES**

These ties safely secure weapons to handgun, rifle and knife boxes. They are strong and easy to use. Simply push the tie through the holes in the box, around the weapon, and secure. We offer both reusable and permanent types for your various needs.

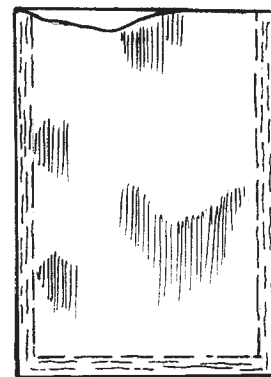

<b>#4-2475</b>	10½" Reusable Tie Wrap	100/pkg	Per Pkg	<b>\$15.29</b>
<b>#4-2476</b>	11" Standard Permanent Tie Wrap	100/pkg	Per Pkg	<b>\$10.50</b>
<b>#4-2479</b>	15" Reusable Tie Wrap	100/pkg	Per Pkg	<b>\$32.75</b>
<b>#4-2478</b>	14" Standard Permanent Tie Wrap	100/pkg	Per Pkg	<b>\$13.50</b>
<b>#4-2477</b>	Tie Wrap Anchors	100/pkg	Per Pkg	<b>\$29.12</b>

**Polyester Narcotic and  
Evidence Storage Bags**

- Heavy Duty Polyester - Barrier C Pouches
- Airtight, Moisture Proof, Boilable, Freezable
- Approved by the Department of Justice And FDA
- Heat-Sealable, Resealable And Puncture Resistant
- Transparent - Chain of Custody Labels Can Be Added to Bag
- Not for arson use

Note: These pouches can be sealed with conventional heat seal equipment.

## Evidence Strips - Length 6 1/2"

Use These Strips to Seal Cash or Money Envelopes

**#1-2305** Evidence (Standard Strip)  
**#1-2306** Evidence (With White Stripe)  
**#1-2307** Sealed Evidence Do Not Tamper

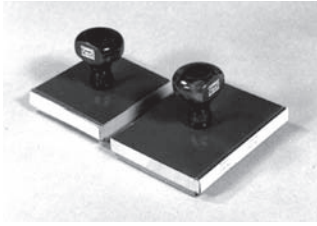

Your Choice of Style 100/Pack per pack **\$11.95**

## Tamper Evident CSI Money Bag

The 5.5" x 8" Money Bag was designed to provide the information required for both dollar bills and coins. The Money Bag has a secure self-seal adhesive and will display "VOID" if cold is used to open. The envelope bag has a number and bar code, as does the tear strip. These numbers are unique and can serve as a receipt for money. Chain of Custody maintains a record of possession of the money. Check boxes make it easy to note important information such as "Suspect", "Victim", "Owner" & "Other". Other check boxes can be used to indicate how the money was recovered.

**#4-2106** 5.5"x8" Tamper Evident Money Bag . 100/Pack  
1 to 9 . Packs. . . . . per pack. . . . . **\$23.75**

## Glassine Envelope

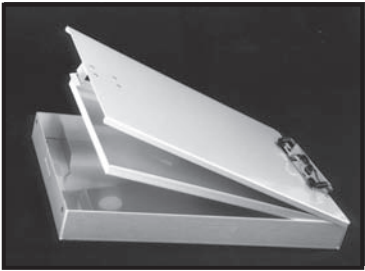

- Excellent for trace evidence such as hairs and fibers
- Good for other small evidence items
- Glassine Envelopes do not hold a static charge so hairs and fibers can be easily placed inside and removed from the envelope

The Glassine Envelope should be placed in another envelope with a Chain of Custody

**Cruiser Mate II Crime Scene**

- **Low Profile Clip**
- **Removable Tray**
- **Sturdy Aluminum**
- **Overall Form Size 8½" x 12"**

The Cruiser Mate II, a one-handed, conveniently oriented carryall, helps you find the one form you want. Your work is neatly arranged into either one or two compartments hidden inside. The upper compartment has a 7/16" document capacity. The lower compartment with a built-in pencil tray has a 15/16" document capacity. The uniqueness of the Cruiser Mate II is that the upper compartment can be taken out by releasing its easily removable pin. This leaves one large compartment with a document capacity of 1½". Note: The Cruiser Mate II features a low profile clip.

**DO NOT USE THIS KIT TO COLLECT MORE THAN ONE EVIDENCE STAIN**

**DIRECTIONS FOR USE**

Photograph and/or stain state prior to collection. Record location. A control is needed for each evidence sample collected. Put on gloves and do not touch or handle the tip of the swab.

**BLOOD AND SEMEN COLLECTION**

**POOLED LIQUID BLOOD OR SEMEN**—Immense both swabs into liquid and allow them to absorb as the they are about half saturated. Over-saturating will prevent drying of swabs.

**SMALL DRIED STAINS**—For non-absorbent surfaces, moisten the tip of the swab with one drop of distilled water. Rub swab concentrating blood on tip of the swab. Use second swab moistened with one drop of water to collect any remaining stain and evidence. If the stain is on an absorbent surface such as fabric, cut a piece of the stain fabric out and use that for your sample. Collect a sample from an adjacent unsoiled portion of the surface to serve as a control.

**LARGED DRIED STAINS**—Use one drop of the distilled water on the tip of each swab. Rub swab, concentrating the stain on the tip of the swab. Do not attempt to collect more blood by re-wetting the swab. Use a second kit if the blood remains.

**CONTROL SWABS**—Must be collected for each stain. Moisten the tip of one swab with one drop of distilled water. The control should be collected from an unsoiled surface which is as close to the stained area as possible. After collection, air dry swabs and place evidence swabs and controls in their respective holders. Use exactly 10 swabs, no more, no less, in dry overnight, non-leaking, thick seal, non-absorbent envelopes. DO NOT USE HEAT TO DRY SWABS. STORE PROCEDURE AFTER SWABS ARE DRIED.

**NOTES ON SUSPECTED SEMEN STAINS**

A long white cotton-tipped swab in a cardboard case can be used to locate semen stains. The absence of fluorescence does not necessarily mean the absence of semen. A dry semen stain on fabric may have a slightly yellowish appearance and may have a slight whitish color or outline.

If the blood or semen stain is in a garment or porous other easily collected item, collect and package in paper and tape until the stain can be transferred to the laboratory for analysis. It must be collected as dry as possible.

USE ENCLOSED EVIDENCE LABEL TO SEAL FLAP OF OUTER ENVELOPE.

**STORE PROCEDURE AFTER SWABS ARE DRIED.**

Each kit is used for one evidence stain (this includes a swab to act as a control). Kits come complete with easy instructions, swabs, protective holders and proper packaging with chain of custody. One bottle of distilled water comes with each kit.

# SwabShield™

## *An Innovative Solution to Evidence Specimen Protection*

- **Eliminate Contamination, Transfer and Sample Mix-Up**

Using SwabShield is simple:

-  1. Prior to collecting evidence, insert a swab into the SwabShield.
-  2. Extend the swab tip, and collect a sample.
-  3. After you have collected a sample, retract the swab.
-  4. Mark one side of the SwabShield with an indelible pen.

## Dry - Fast Swab Dryer

Meets CA Emergency Room Sexual Assault  
Air Drying Requirements

- Rapidly Dries Swabs Using Room Air
- Convenient Washable Slide-Out Tray
- Cabinet Has a Hinged Door With Latch
- Numbered Security Lock Maintains Evidence Integrity
- Optional Adapter for Use in Crime Scene Vehicles
- Compact for Table Use  
13¼" L x 8" H x 6½" W

### Complete With:

- One Year Warranty on Parts & Labor
- Low Voltage Plug in Transformer
- Swab Cabinet And Swab Tray
- Power On-Off Indicator
- 0 - 60 Minute Timer
- 20 Security Locks
- Extra Fuse

### Specifications:

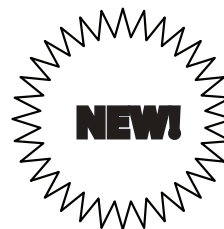

- Weight - 7lbs
- Power - 120 VAC to 12 VAC Transformer
- Size - 13¼" L x 8" H X 6½" W

**IMPORTANT NOTICE:** Some states, such as California, require that emergency rooms which conduct exams for sexual assault must air dry swabs before packaging them. This swab dryer fills that requirement. The biological evidence on the swabs is best preserved by drying in the swab dryer and then storing the evidence in a freezer.

# Blood Detection

## Latent Bloodstain Reagent

**BLUESTAR FORENSIC® is a new reagent that luminesces bloodstains that have been washed, wiped off, altered, diluted or that are otherwise invisible to the naked eye.**

- ◆ Most effective blood revealer on the market.
- ◆ More effective than classic luminol.
- ◆ Extremely sensitive. Detects bloodstains down to 1:10,000 dilutions.
- ◆ Stronger luminescence. Does not require total darkness to be visible.
- ◆ Does not alter DNA nor affect ABO typing.
- ◆ Works equally well on fresh or older, altered, or diluted stains.
- ◆ Easy to use. Fast dissolving tablets. Target area can be sprayed over and over again with same resulting luminosity.

*Safe, non-toxic. Easily recycled. No residues left after drying.*

## Bluestar® Forensic

**Before treatment with Bluestar® Forensic, sink shows no visible trace of blood.**

**After application of Bluestar® Forensic bloodstains are clearly visible.**

### Bluestar® Forensic Tablets

Choose between four pairs or eight pairs of individually sealed tablets. Each packet contains one reagent tablet and one catalyst tablet. Dissolve both tablets in distilled water and spray with a fine mist atomizer. Each pair will produce 125ml (4 oz) of solution. Eight pairs will produce 1 liter (32 oz).

#1-4403	Bluestar® Forensic Tablets Pack of 4	\$71.75
#1-4404	Bluestar® Forensic Tablets Pack of 8	\$96.50
#1-4405	Bluestar® Forensic Tablets Pack of 24	\$353.75

### Bluestar® Forensic Training Tablets

Use this more cost-effective form of Bluestar® for training purposes only. This version of Bluestar® will react the same as the regular version. However, it will affect DNA. This product offers an economical way to train users without depleting the more costly fully active Bluestar® formula

#1-4406	Bluestar® Forensic Training Tabs Pack of 4	\$20.00
#1-4407	Bluestar® Forensic Training Tabs Pack of 8	\$37.50
#1-4408	Bluestar® Forensic Training Tabs Pack of 24	\$91.75

## Blood Detection

Free DVD  
With Bluestar® order of  
\$175 or more.  
Call for details!

## Bluestar® Forensic Magnum

Bluestar® Forensic Magnum is three times more powerful than the standard version. This formulation is designed for use in critical cases where minute traces of blood are sought. Even with its increased sensitivity and greater luminosity, the formula does not destroy DNA. Contains 125 ml (4 oz) of chemiluminescent solution, and one foil pack containing 3 tablets of oxidizer

#1-4402 Bluestar® Forensic Magnum **\$30.95**

## Bluestar® Forensic Kit

This kit is ideal for use in crime scene investigations seeking to ascertain the presence of blood. The ready-to-use components consist of a 500ml (16 oz) hermetically-sealed bottle of chemiluminescent reagent, a fine mist atomizer, 3 catalyst tablets, and a user's manual.

#1-4400 Bluestar® Forensic Kit **\$72.00**

## Bluestar® Forensic Mini Kit

The mini kit is ideal for use in quick searches and small areas. It is ready to use with 2 125ml (4 oz) bottles of distilled water complete with vaporizer tops, and two pairs of Bluestar® Forensic tablets.

#1-4401 Bluestar® Forensic Mini Kit **\$41.75**

## Bluestar® Forensic Training DVD

*Learning To Use Bluestar* is a very helpful tool in training staff to prepare and use Bluestar® products. The DVD also explores different ways of using Bluestar® in crime scene investigations.

#1-4412 Bluestar® Forensic Training DVD **\$6.95**

## Hexagon OBTI

Screen for presence of human blood within 2 to 3 minutes. A two-part test consisting of a liquid-filled collection tube and a test strip denies or confirms the presence of human blood by a display of one or two blue lines.

#1-4410 Hexagon OBTI Box of 6 Tests **\$33.00**

#1-4411 Hexagon OBTI Box of 24 Tests **\$76.00**

## Blood Detection

## Pressure Reservoir

## PETG Container

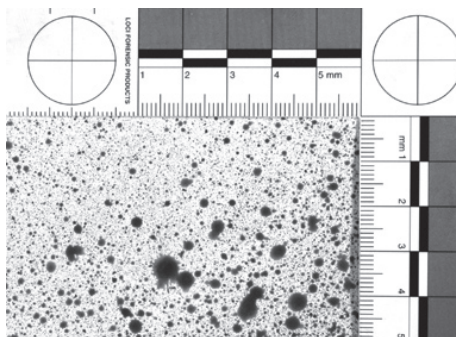

## 3 Nozzles

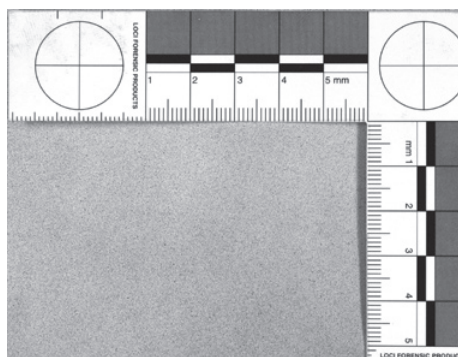

## Ecospray Atomizer

**ECOSPRAY** is a small fully self-contained sprayer with a disposable gas pressure reservoir that applies fluids with a fine spray of mist. The perfect mist quality evenly coats and distributes particles on the target area. To ensure strong luminescence and good quality pictures, it is recommended that **ECOSPRAY** be used in conjunction with **Bluestar® Forensic Magnum**, which produces a more intense and longer-lasting reaction than regular **Bluestar®**.

#1-4413	<b>Ecospray Atomizer</b> (body unit + pressure reservoir + container + 0.70 mm nozzle)	<b>\$56.95</b>
#1-4414	Pressure Reservoir	<b>\$22.50</b>
#1-4415	PETG Container 125ml (4oz)	<b>\$3.90</b>
#1-4416	Set of 3 Nozzles (Diam. 0.50 + 0.70 + 0.90 mm)	<b>\$17.25</b>

**ECOSPRAY** is far superior to ordinary hand pump sprayers. The sample on the left is from a hand pump sprayer. Note the uneven coverage containing blotchy as well as lightly covered areas.

**ECOSPRAY** (left) works like a gun paint sprayer producing a fine mist spray that gives uniform coverage without drippings that could distort initial bloodstain patterns.

## Blood Detection

### Starlight Bloodhound Blood Detection

#### Never Lose To Darkness Again!

- Reestablishes a lost blood trail.
- Turns blood fluorescent blue.
- Blood glows in the dark.
- Works best in low light conditions.
- Effective in the rain.
- Comes with Blood Trailing Aid (8 fl oz), Fluorescent Catalyst (1.5 fl oz), Spray Nozzle.

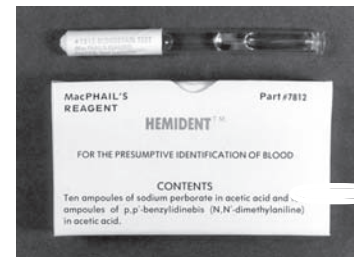

Starlight Bloodhound is an effective and economical blood-trailing tool. As a presumptive field test for the presence of blood, **Starlight Bloodhound** will luminesce when coming into contact with blood. Starlight does not determine whether the blood is human or animal. This product is used by many crime scene investigators as a more economical blood detecting tool than other luminol-based products.

**#72-1000** Starlight Bloodhound Blood Trailing Aid (8 fl oz), Catalyst (1.5 fl oz), Spray Nozzle **\$11.75**

### Hemident Blood Stain Test

**Hemident** was designed for investigators and technicians to aid them in the presumptive identification of blood stains. The MacPhail's Reagent has been found to be more stable than other manufacturers' products. When blood comes in contact with the test, it gives a vivid blue-green response.

Note: **Hemident** does not distinguish between human and/or animal blood.

**#72-7812** Hemident 10 Tests Per Box Each Box **\$13.28**

### Fluorescein Kit

#### Presumptive Reagent for Dilute Blood Detection

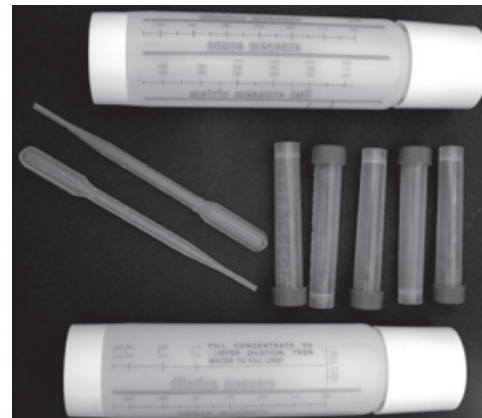

- Offers advantage of working in lighted environment
- Reaction persists longer than luminol
- Has a 20-year history of safe use in the ophthalmology medical field

#### Contents of Kit:

The **Fluorescein Jr. Kit** contains five batches. Each batch yields enough stock solution to make at least 500 mls of a 1:100 working fluorescein dilution.

#### Spraying Procedure:

Lightly mist the target area with the fluorescein working dilution (do not over spray, this is not luminol). Then lightly mist the area with hydrogen peroxide in the same manner. Bloodstain will develop a yellow colorization within a few seconds. Darken the environment and view through an orange or yellow barrier filter or goggles (see goggles) while exciting the target area with an alternate light source. Bloodstains will fluoresce.

**#1-0050** Fluorescein Jr. Kit **\$55.00**

### Vector™ Ballistic Laser System

Fast, accurate ballistic scene reconstruction.  
Powerful green ballistic laser, great for photo documentation.  
Quickly locates bullets and shooter position.

- **Powerful ballistic laser and accurate ballistics transit reconstruction**
- **Vector™ BLS has a range of 1000 yards**
- **Control panel display tht determines both horizontal and vertical angles**
- **Two leveling bubbles for accurate data on slopes and uneven ground**
- **High-powered, bright green laser makes visualization and photographic documentation easier and more accurate than traditional probes, dowels, strings and red laser.**

#### Vector™ Ballistic Laser Kit Contents:

- Vector™ Ballistic Laser
- 3 Pair of Protective Glasses
- Bogen Model Tripod
- 12 VDC Adapter
- Universal AC Power Adapter

#15-0001 . . . . . Vector™ Ballistic Laser Kit . . . . . \$4995.00

### Bullet Hole Probes

- **Displays the Angle of Penetration of Objects With Holes**
- **Available in 5 Diameters And 2 Colors (Black & White)**
- **Photograph the Direction And Angle of Penetration**
- **Durable Weatherproof Case**

Our probe kits are excellent for crime scene use. The fiberglass probes are 30" in length and can be cut down with the aid of a saw if needed. An effective tool in displaying and photographing the angle of penetration in almost any object a bullet has passed through. The durable carrying case is made of rigid plastic material and comes with a screw cap. The case can hold over 15 probes. One end of the probe has been rounded for ease of insertion.

#4-0710 . . . . . Probe Kit of 10 Probes (5 Black & 5 White) & Case . . . . . \$37.95  
#4-0700 . . . . . Probe Kit of 5 White Probes And Case . . . . . \$29.95  
#4-0705 . . . . . Probe Kit of 5 Black Probes And Case . . . . . \$29.95

## CUSTOM Gunshot Residue (GSR) Collection Kits

- **Small Orders Welcome.**
- **Designed Specifically for Your Agency.**
- **Critical components assembled in a Class 10/100 clean area, certified by an independent laboratory.**

**Gunshot Residue Kits:** After discharging a weapon, a small amount of smoke containing gunshot residue is released into the air. The residue normally covers a portion of a person's hand(s), face and other parts of his/her body. The Gunshot Residue kit is designed to collect residue that may be present.

The well-designed kit envelope addresses relevant questions regarding the shooting. The envelope also maintains the chain of custody record.

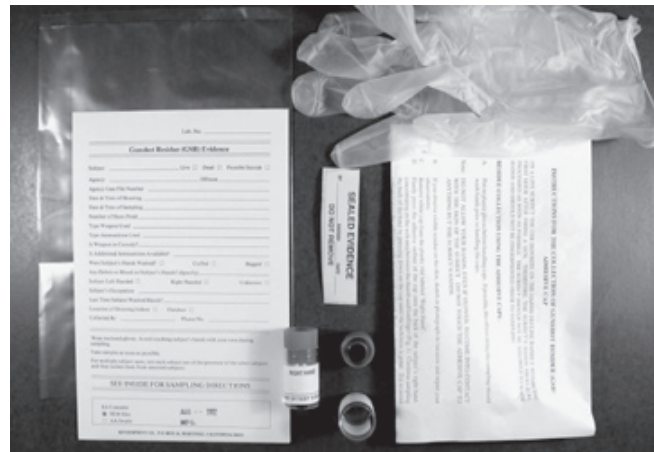

**CSI Forensic** produces a variety of different types of GSR kits to meet the needs of various agencies. Custom kits are available. Therefore, it is essential that we determine which kit your laboratory and agency require. If you are not currently using a Gunshot Residue kit, please call us so we can determine which kit is used in your area.

### Standard SEM Kit

The standard SEM (Scanning Electron Microscope) kit comes complete with 2 mounts with carbon conductive tape applied to the face of the mount. Please call for any customization.

#### Kit Includes:

- **2 Mount Assemblies**
- **Gloves**
- **Envelope**
- **Evidence Security Seal**
- **Instructions Sheet**

#4-0300-CC . . . . . Standard SEM (2 mount kit) . . . . . **\$7.95**

### ISID-2™ (Instant Shooter Identification Kit)

- **Field Test**
- **Over 90% Accuracy Rate**
- **Results in About 5 Minutes**
- **Minimal Training Required**
- **Sample Can be Sent to Lab for SEM Analysis**

#4-0502 . . . . . ISID-2 Presumptive GSR Kit . . . . . **\$19.95**

ISID-2 is a trademark of Law Enforcement Technology, Inc.

### Theft Detection Kit

- Powder is Invisible on Objects and Becomes Visible Only When Touched
- Turns Hands Purple Upon Contact
- Highly Resistant to Hand Washing
- Hand Cleaner Included

This kit was designed in response to customer requests. The kit contains everything that is needed to apply theft detection powder to a target surface and remove the dye stain from hands, when desired.

**NOTE:** Once touched, the powder is highly resistant to regular hand washing. Wetting of the hands spreads the dye. If dye is not removed with the kit's hand cleaner immediately, it may be very difficult to remove.

#### Each Kit Contains:

- 1 Jar Theft Detection Powder - 25 grams
- 1 Bottle Hand Cleaner
- 1 Applicator Brush
- 1 Carry Case

#7-0820      Theft Detection Kit      \$25.95

## Templates

- Easily Draw Crime Scene and Accidents to Scale
- Durable - Can Be Bent Without Cracking
- Permanent Markings

### Crime Scene Template Set

This 8½" x 11" template supplies you with all the basics for a crime scene: chairs, sofas, pianos, beds, desks, tables, cabinets, lamps, plumbing fixtures, doors, body and a north arrow.

#10-0006 . . . . . \$14.90

Each template is designed to be used with a medium ballpoint pen or conventional pencil.

### Human Figure Template

This 8½" x 11" template supplies you with 7 females from 4'6" to 6'3", males from 5'3" to 6'6", ¼" = 1' scale, 0 - 32 scale ruler and scale for piecing together different body angles.

#10-0007 . . . . . \$14.90

### Sniper Template

The sniper template is 4" X 8" and comes with instructions and a case. The template has 5 humans, silhouette, animal, ITC target, rings, sniper scope, N arrow, hash marks, triangle, squares, etc. Plus 0-90 degrees, 0-7 inches, wind deflection and bullet path scales.

#10-0008 . . . . . \$9.75

### Double Traffic Template

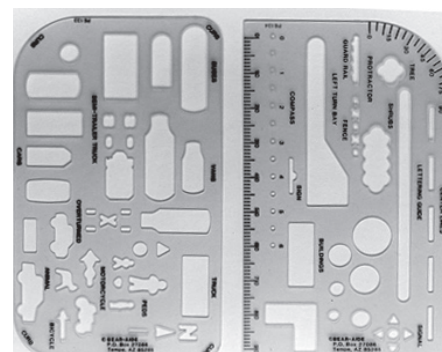

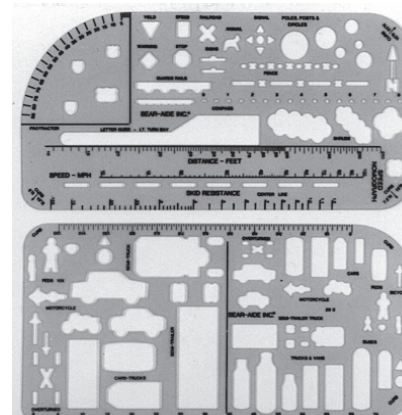

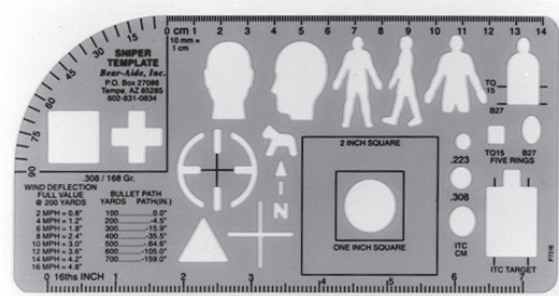

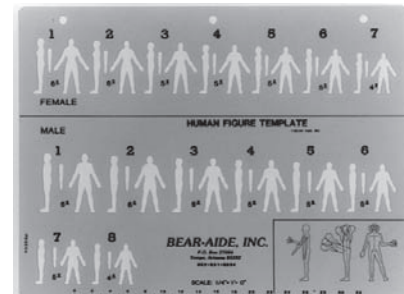

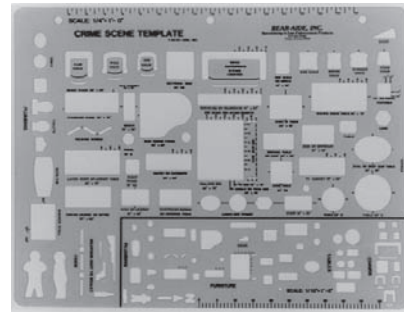

This 8" x 4" template set comes with case. The symbols are conveniently grouped with vehicles and pedestrians on one template and miscellaneous symbols, including a speed nomograph, protractor, etc., on the other. The vehicles and pedestrians are sectioned on two convenient scales -- 1"=10'. Distance - feet, skid resistance, 0 - 90 degree and curb scales included.

# 10-0001 . . . . . \$14.10

### Pocket Template Set

3" x 5" - two templates and case shirt pocket set, 1"=20' scale. Cars, buses, vans, trucks, semitrailer, motorcycle, bicycle, animal, pedestrian. Signal, curbs, guardrail, fence, building, shrubs. Center lines, sign, left turn bay, lettering guide, circles, Narrow protractor, compass.

#10-0004 . . . . . \$12.95

### 30' x 1" Steel Tape Measure

- Belt Clip
- Auto Rewind
- 1" Wide Steel Tape, 30' Long

This wide tape measure is excellent for measuring and for crime scene photographs. The foot markers make for ready reference in photographs. The auto rewind feature makes the tape measure easy to use. Convenient slide lock keeps tape in desired position.

#1-2323

30' x 1" Steel Tape Measure

\$13.75

### 100'/300' Fiberglass Tape Measure

- White Fiberglass Blade Will Not Rot, Corrode or Distort
- ABS Plastic Case
- Numbers And Graduations Are Printed in Black
- Printed on Two Sides
- Reinforced Leader And Plated End Hook
- Zero at End of Hook

#1-2324

100' Fiberglass Tape Measure

\$25.95

#1-2326

300' Fiberglass Tape Measure (not shown)

\$55.00

### Angle Finder

- Measures Angles Accurately and Quickly From 0° - 90° in Any Quadrant
- Instantly Finds Vertical Angle on Any Surface
- Measures in Degrees
- Diameter of Dial is 4 1/8"
- Right Angle Corner on Base of Angle Finder
- Magnetic Base

Applications include determining angle of projectile entry utilizing our bullet hole probe [see page 58]. Simply place angle finder vertically on any surface for instant, accurate reading.

#1-2327

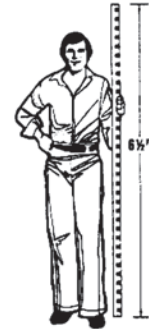

Angle Finder

\$15.49

### The Pocket Rod™

This tool is ideal for vertical measurements. It is rigid enough to be set on the ground or floor and the numbers can be read from the ground level up. It can be taped to a wall to help hold it in place.

The Pocket Rod™ looks like a regular tape measure. When the metal is pulled all the way out of its housing, it straightens into a semi-rigid upright scale. Scales are present on both sides. Black numbers on a white background are on one side, and red numbers on a white background are on the other side. Extended length is 6' 6"

#1-2316

Pocket Rod™ in feet and inches

\$19.40

### Electronic Distance Measuring Tools

- Can Easily Be Operated by One Person
- Easy to Read LCD Display
- Auto-Temp. Compensator
- Battery Operated
- Auto Shut Off
- 99.5% Accuracy

#### **MULTI MEASURE 45 - 45 Feet (minimum range 18 inches)**

*Features: adds, subtracts, multiplies, computes volume, imperial and metric, 2 memories.*

#1-2342

Multi Measure 45

\$23.50

#### **SONIN 250 COMBO PRO - 250 Feet INDOOR / OUTDOOR**

Comes with a "target" for long range use. Can be used up to 60' without a target. The target can be mounted on any standard tripod for one person's use at the crime scene. Comes with carry case.

*Features: indoor/outdoor combination, 2 memories, adds, subtracts, computes volume.*

#1-2344

Sonin 250 PRO w/ target & carry case

\$97.50

### Professional Digital Scales

- Reads in Grams, Ounces, Troy Ounces & Pennyweight
- Accurate to 0.1 Grams
- Runs on AA Batteries or Optional AC
- True Division Load Cells
- 5 Year Warranty
- Operating Temperature 64°F to 85°F
- i500 (500g x 0.1g)
- i1200 (1200g x 0.1g)
- Other Scales Available Upon Request

The i500 and i1200 are professional compact scales with a backlight and extra large LCD screen. Scale professionals know that "multiplied" sensors won't cut it when accuracy and durability count. The i500 uses a 5000 division load cell and the i1200 has a 12000 division load cell. Integrated thermistor to compensate for temperature changes and auto zero tracking.

#12-1011

i500 (500g)

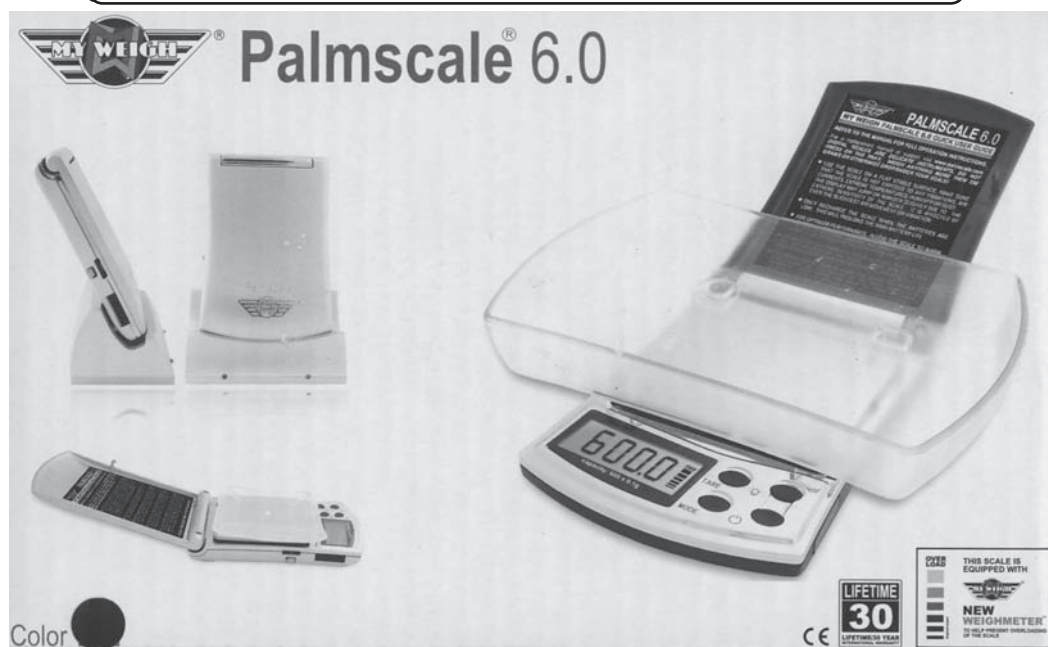

\$97.50

#12-1012

i1200 (1200g)

\$138.00

**Palmscale-Digital Rechargeable Scale**

**Rechargeable Pocket Scale**

- Ultra-Modern Palmscale Docking Station (included)
- Stainless Steel Weighing Platform, Large Expansion Tray, and Large Expansion Bowl (included)
- One Touch Calibration, Tare, & On/Off
- Rubberized Case & Protective Premium Pouch w/ Velcro Enclosure
- Stainless Steel Calibration Weight Included
- Large LCD with Luminescent Blue Backlight, Great for Low-Light Situations and Outdoors
- Built in Findings Scoop and Gem Tweezers

#12-1010

Palmscale, Rechargeable

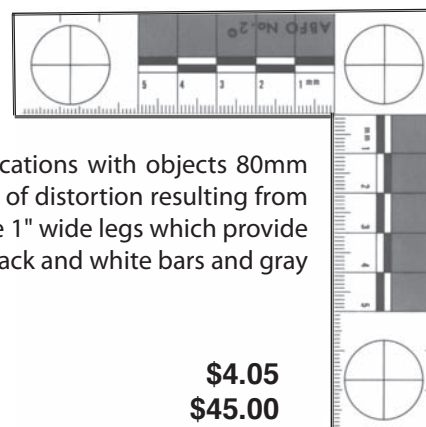

\$79.95

**No. 2 Photomacrographic Reference Scale**

***Widely Accepted Format for Bitemark Photography and Wounds on the Body***

- Excellent for Scientific Photography
- Sturdy One Piece, 1mm Thick Laminated Plastic
- Accurate to 0.1mm or Better

Overall size 105mm x 105mm. Intended for photomacrographic applications with objects 80mm or smaller. Incorporates three circles which are useful for compensation of distortion resulting from oblique camera angles. Graduations are metric with the exception of the 1" wide legs which provide a standard reference. Features large one cm division lines, alternating black and white bars and gray areas that have a reflectance value of 18%.

#1-2321

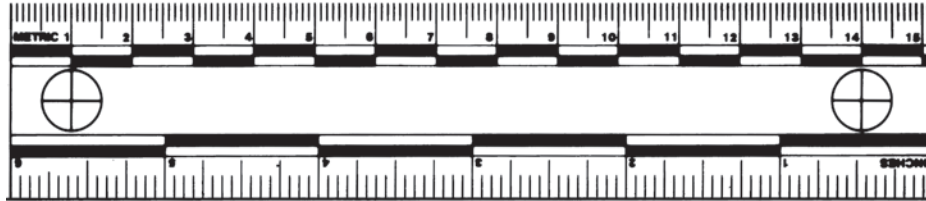

No. 2 Photomacrographic Scale  
12 Scales

\$4.05  
\$45.00

## Photographic Evidence Rulers

- **Designed for maximum durability and flexibility (25mm thick)**
- **Convenient 6 inch size for storing in shirt pockets**
- **Displays both inches and millimeters for easy use**
- **Flat color eliminates photographic reflections**

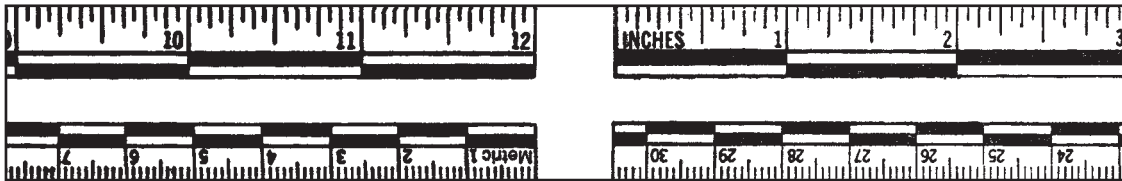

Excellent for photographic and other measuring needs. Choose from a ruler with a white background with black numbers and scales or a blue background with white numbers and scales. The flat colors eliminate reflection problems. Large write-on area for date, case number and other information. We recommend placing frosted tape on the write-on area. Write case information on tape and remove when finished.

#1-2315	Blue 6" ruler, pack of 10	\$8.55
#1-2315W	White 6" ruler, pack of 10	\$8.55

## Adhesive Ruler Tape on a Roll

Convenient Aid in Many Photographic Situations

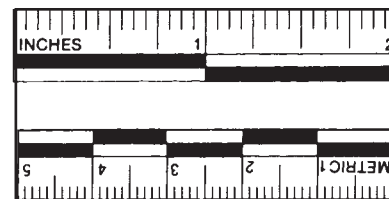

Tear off the amount required and place next to the evidence (pry marks, bullet holes, footprints, weapon, etc.). Sticks to any surface, yet is easy to remove. Standard and metric measurements repeat every 12" or 30.5cm. Rolls are 1" x 30' with ample writing area.

#1-2320	Ruler Tape, Inches And Centimeters	\$5.45
---------	------------------------------------	--------

## 2"- 50mm Self-Adhesive Disposable Scale

- **Accurate Inch And Centimeter Scale**
- **Peel Off Backing And Apply**
- **Nonpermanent Adhesive Allows Easy Removal**
- **Use on Virtually Any Surface - Vertical or Horizontal**

Actual Size

How to use: Overall photographs should be taken of the evidence, such as blood spatters without scales in the photos. Close-up photographs can then be taken with the self-adhesive scale in the photograph. The nonpermanent adhesive allows easy removal of the rulers so that damage to walls and evidence is prevented. The adhesive scale can be included in the note package for reference of accuracy. Scales are supplied individually precut.

#1-2318	2"- 50mm Self-Adhesive Scales, Pack of 50	\$5.95
---------	---	--------

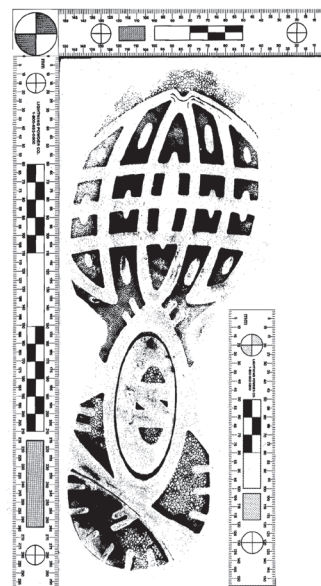

## "Bureau" Reference Scale

Accurate reference scales are necessary for footwear and tire track impression comparisons. The **"Bureau" Scale** is also ideal for shoe and tire prints.

Sketches and overall photographs should be taken to locate impression evidence. It is **essential** that clear close photographs be taken from directly above the impression. Fill the camera viewer with the impression, also including the **"Bureau" Scale**. Use an oblique (low angle) flash from at least two different directions to highlight the detail in the impressions.

The **"Bureau" Scale** set contains one L-shaped scale, which is 30 cm on the long side and 15 cm on the short side and a separate straight scale, which is 15 cm long. One side of each scale is white with black printing, and the other side is black with white printing.

#1-2314 . . . . . "Bureau" Scale Set . . . . . \$11.95

## Pre-Numbered Versa-Cones

- Cones With Numbers on All Four Sides
- Designed Not to Move, Slide, or Tip Over
- Available in Five Bright Colors
- Holes in Tops of Cones can be Used for Crime Scene Flags or Chemical Light Sticks
- Stackable, Compact, and Durable

Choose your preferred color by adding its corresponding letter to the end of the part number below: (e.g. #X-XXXXG)

G = Fluorescent Green

Y = Yellow

W = White

R = Fluorescent Red

B = Blue

#1-2130	Versa-Cones Numbered from 1 to 20 . . . . .	\$69.50
#1-2131	Versa-Cones Numbered from 21 - 40 . . . . .	\$69.50
#1-2132	Versa-Cones Numbered from 41 - 60 . . . . .	\$69.50
#1-2133	Versa-Cones Numbered from 61 - 80 . . . . .	\$69.50
#1-2134	Versa-Cones Numbered from 81 - 100 . . . . .	\$69.50

### Yellow Number Stands

- 7¼" x 4½"
- Numbers Will Not Rub Off
- Stackable for Compact Storage

Ideal for marking evidence at a crime scene. Photographs note the relative location of evidence items. The location of the number stands should be indicated in a sketch of the scene. Large numbers for distant shots and small numbers for close up. *Note: .08" thick-beware of lightweight imitations.*

#1-2121	Number Stands 1 thru 15	\$41.50
#1-2122	Number Stands 16 thru 50	\$96.75
#1-2123	Number Stands 51 thru 99	\$157.20

### Crime Scene Lights

- Light Up Your Crime Scene
- 1800 Watts of Quartz Lighting
- 3 Lamps And 3 Stands
- Stands Extend to 6 Feet
- Operates on 110 VAC
- Portable Storage Case
- Lightweight - Only 18 lbs

Good lighting is necessary to see all the evidence. This kit fits easily in vehicles. Case measures 18" x 14½" x 6" and weighs only 18 lbs. Each 600 watt light can be used independently.

#7-0750	Lighting Kit	\$411.00
#7-0751	600 Watt Bulb	\$32.95
#7-0752	Light With Bulb	\$112.95

**Powerful Key Chain**

For presentations and crime scene work. The lightweight, super-compact keychain laser pointer is available in silver and black. Includes 3 LR 44 batteries and a one year limited warranty.

Dimensions: 2.9" in length x 0.5" in diameter, 650 nM, 1 oz., 400 yard range. Batteries are included, and additional batteries can be easily obtained.

#7-0775S . . . . .	Key Chain Laser Pointer, Silver . . . . .	\$17.00
#7-0775B . . . . .	Key Chain Laser Pointer, Black . . . . .	\$17.00
#7-0775BAT . . . . .	Set of 3 LR44 batteries . . . . .	\$7.50

**Laser Pointer (400 Yard Range)**

- Pen Sized
- Made in the USA
- 2 Year Warranty
- Great for Tactical Briefings
- Excellent for Crime Scene Trajectory

This high output quality pen-like laser pointer has a solid metal barrel with a black finish. The laser tip, battery cap and clip are a gold color with a shiny finish. Useful for presentations or for bullet flight paths at crime scenes. Diameter of only 7/16" with a length of 5 7/8". It requires two AAA batteries (included), weight 1.9 oz.

#7-0777 . . . . .	Laser Pointer . . . . .	\$27.00
-------------------	-------------------------	---------

**Streamlight® SL20X**

- Police officers' standard for over 20 years
- Full size, professional grade, lightweight
- Rechargeable flashlight w/LED
- Aircraft grade aluminum case with anodized finish
- Available with 120V AC Charger or 12V DC Cigarette Charger or both

#7-2420 . . . . .	Streamlight® With AC/DC Chargers (2 sleeves) . . . . .	\$187.50
#7-2421 . . . . .	Streamlight® With AC Charger (wall). . . . .	\$177.50
#7-2422 . . . . .	Streamlight® With DC Charger (car) . . . . .	\$165.00
#7-2423 . . . . .	Streamlight® Without Charger . . . . .	\$143.50

## Rayovac Industrial Flashlight

*A line of environmentally friendly industrial lights designed for the many occasions requiring a rugged tool.*

- Durable rubber and polypropylene construction
- 7 foot drop-tested
- Barrier wall between batteries & bulb
- Oil, grease, chemical and water resistant
- Portable with sturdy metal carabiner clip
- 3 Settings (spot to flood) let you control the beam
- Environmentally friendly materials - non-toxic rubber

#7-5002

**Rayovac** Industrial Flashlight

\$6.75

## Rayovac Compact LED Flashlight

*A high performance ruggedly built flashlight that fits in a pocket or clips on a belt. A Sportsman™ Xtreme Flashlight.*

- Ultra bright - up to 50x brighter than standard LED's
- 3 Watt Vatio / 80 lumens
- Regulated circuitry provides maximum light output throughout the life of the battery - LED **never** has to be replaced
- 5 1/2 inch length
- Aircraft grade aluminum body
- Uses 2 AA batteries (included)
- Handy clip and wrist strap
- Twist bottom turns on light
- Push button on back of light for momentary on/off feature
- Water resistant
- Lifetime Warranty

#7-5003

**Rayovac** Compact LED w/2 AA batteries

\$35.50

**Rayovac Mid-Sized LED Flashlight**

*A dependable, high performing LED light. Ruggedly built to last. A Sportsman™ Xtreme Flashlight.*

- 1 Watt Vatio / 45 lumens
- Non-slip grip
- 6 1/2 inch length
- Aircraft grade aluminum body
- Uses 2 AA batteries (included)
- Handy wrist strap
- Water resistant
- Push button on back of light turns on light
- Run time = 5 hours
- Lifetime Warranty

**#7-5000**

**Rayovac** Mid-Sized LED w/2 AA batteries

**\$21.50**

**Rayovac Full-Sized LED Flashlight**

*An ultra-bright and long-lasting LED light, ruggedly built to last. A Sportsman™ Xtreme Flashlight.*

- 4 Watt Vatio / 150 lumens
- Rubber comfort grip
- 9 3/4 inch length
- Anodized aluminum body
- Powered by 3 C batteries
- Handy wrist strap
- Water resistant
- Push button on back of light turns on light
- Run time = 100 hours
- Lifetime Warranty

**#7-5001**

**Rayovac** Full-Sized LED

**\$32.00**

## Crime Scene Forensic Lighting

UltraLite™ offers the most powerful, solid-state forensic alternate light source available. UltraLite™ features Blue Merge Technology™ (BMT) which is the merging of forensic wavelengths to optimize viewing ranges. With UltraLite™ enhanced viewing technology, you will only have to go over crime scenes once to collect all the evidence you need. Ideal for use in stairwells, on ceilings, and inside vehicles.

*The UltraLite™ light unit produces a powerful, versatile, forensic light in a compact lightweight package.*

- Interchangeable Heads Snap in Place to Produce Different Wavelengths of Light
  - BMT™ (Blue-Merge) Head
  - Yellow Head
  - Red Head
  - Green Head
- Hand Held
- Small (6" x 4.5" x 1.25")
- Lightweight (Less than 300 Grams)
- Strong - UltraLite™ in BMT Produces Over 1000 Milliwatts of Power
- Can Run off AC, Batteries, and DC (Cigarette lighter)

**UltraLite™ Handle**

**Battery-Operated, Lantern-Style U.V. Lamp**

***Never has so much UV lamp been available at such a low price!***

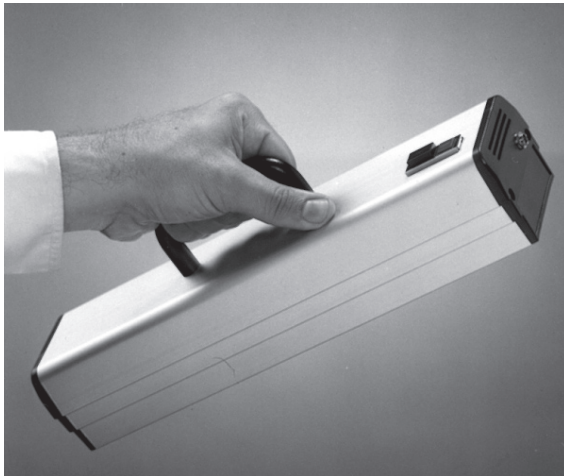

This economical, versatile 365nm longwave ultraviolet lamp provides up to 7 hours (single tube) or 5 hours (dual tubes) of continual service on a full charge. The lamp includes a 6-volt rechargeable battery, an AC charger and a charging cord. The lamp has a comfortable contoured carrying handle that provides easy reach to the power buttons. A red indicator shows when the unit is in the charging mode. The battery is designed to last 4 to 5 years under normal conditions. Recharging time A.C. is approximately 24 hours.

- **Portable**                      **Weighs Only 4 lbs**
- **Field Ready**                **Lasts up to 7 Hours (Single Tube Operation),  
5 Hours (Dual Tube Operation)**
- **Powerful**                    **Emits a nominal peak 500 uW/cm<sup>2</sup> (single  
tube) or 850 uW/cm<sup>2</sup> (dual tubes) at 6 inches**
- **Rechargeable**              **A.C. 120V Recharger Built-In**
- **Convenient Size**        **10.25" H x 3.15" W x 5.63" D**

#7-0754	365nm Battery Op. Ultraviolet Lamp	<b>\$197.50</b>
#7-0516B	Replacement Tube (6 watt)	<b>\$27.95</b>

**6 Watt Battery Operated Long Wavelength UV Lamp**

This 2 lb U.V. lamp is excellent for field use. It is powered from 8 "C" cells (approx. 8 hours of usage with a set of fresh batteries) and has an optional A.C. adapter available. The heavy gauge aluminum carry case features a transparent plastic tube guard to help prevent tube damage. The unit's specular aluminum reflector maximizes U.V. radiance for bright fluorescent response. (Batteries not included.)

- **Powerful**                      **1,720 uW/cm<sup>2</sup> @ 6 inches**
- **Portable**                      **Weighs Only 2 lbs.**
- **Wavelength**                **365nm (Longwave)**
- **Convenient Size**        **3 1/4" W x 13 1/4" L x 2 1/2" H**

#7-0762	Long Wavelength UV Lamp w/6 Watt Tube	<b>\$269.50</b>
#7-0763	A.C. Adapter	<b>\$19.95</b>
#7-0516B	Replacement 6 Watt Tube	<b>\$27.50</b>

**Shirt Pocket Long Wave UV Lamp**

This ultra-miniature, transistorized Shirt Pocket Long Wave UV Lamp measures only 6 1/4" long, 2 1/8" wide, and is only 3/4" thick. The lamp operates on 4 AA alkaline batteries. The unit is built of rugged thermoplastic. Comes complete with wrist strap and instructions. (Batteries not included)

- **Wavelength**        **365 nm**
- **Convenient**        **6 1/4" Long x 2 1/8" Wide x 3/4" Thick**
- **Portable**            **Weighs Only 6.5 oz. (w/o batteries)**

#7-0765	Shirt Pocket Long Wave Lamp	<b>\$35.50</b>
#7-0766	Replacement 4 Watt Tube	<b>\$20.75</b>

### 4 Watt AC Operated - Multi Band Ultraviolet Lamp

- **Portable** Weighs Only 2 Lbs.
- **2 Wavelengths** 365 nm (Long Wave) and 254 nm (Shortwave)
- **Convenient Size** 3½" x 8" x 2½"

This portable multiband UV Lamp features a wavelength selector that allows you to choose between 2 wavelengths. The unit has an output of 465 uW/cm<sup>2</sup> at 6 inches in the 365 nm range and 490uW/cm<sup>2</sup> at 6 inches in the 254 nm range. Wear protective goggles or a face shield with shortwave UV light.

#7-0767	Long and Shortwave Lamp - Complete With Filter Assembly and 2 Four-Watt Tubes (1 Short and 1 Longwave Tube)	<b>\$199.50</b>
#7-0768	Long Wavelength Replacement Tube	<b>\$15.50</b>
#7-0769	Short Wavelength Replacement Tube	<b>\$29.75</b>

### U.V. Safe Wraparound Safety Goggles

- **Provides Protection From Ultraviolet Light**
- **Provides Front and Side Eye Protection**
- **Available in Clear, Orange, Red and Yellow**
- **Designed to Fit Easily Over Glasses**
- **Made of Durable Polycarbonate**

Protect your eyes! Designed to protect against exposure to ultraviolet light. Allows those with and without glasses maximum comfort. Made of lightweight durable polycarbonate. Excellent for use with the Polilight high intensity light or other light sources.

#7-1023	Clear Goggles U.V. Safe	<b>\$10.25</b>
#7-1025	Red Goggles U.V. Safe	<b>\$15.25</b>
#7-1027	Orange Goggles U.V. Safe	<b>\$15.25</b>
#7-1028	Yellow Goggles U.V. Safe	<b>\$15.25</b>

## Blue Light Source

LED (light emitting diodes) Technology allows **CSI Forensic** to offer a powerful and portable blue light source in the compact size of a flashlight. It is very compact, durable and has a very long life. These rugged flashlights are manufactured by **TekTite** which are the favorites of scuba divers and safety personnel. Varying size lights are available. They range from 4 LEDs up to 60 LEDs. The most economical and practical light is the Expedition 300, with 7 LEDs. Traditional light sources are bulky and very expensive in comparison. Most are available with blue, green, blue green or white LED components. The LED lamps are easily switched out to allow for multiple wavelengths in a small package (UV & near UV are not interchangeable).

## Ultraviolet Black Lamps

*Precision Engineered to produce super-high ultraviolet intensity and performance at an economical price.*

### ***Built-In Ballast UV Lamp***

- 120 or 230 (your choice) Volt Lamp Maximizes Long Wave UV Irradiance
- Built-In Ballast Bulb (150 Watts) Requires No Heavy External Transformer
- Average Bulb Life 5,000 Hours
- Lightweight - 3¼ Pounds
- Operates on Standard 120 Volt Outlet
- 8' or 20' (your choice) 3-Wire Power Cord Reduces Risk of Shock Hazard
- Wraparound Heat Guard/Stand Protects Against Burns and Acts as a Stand
- Improved, crack-Resistant Filter Minimizes Visible Light While Maximizing UV Irradiance

### ***Super High-Intensity UV Lamp***

- 100 Volt Lamp Produces Super-High UV Intensity Without Excess Visible Light
- Perfect for Nondestructive Testing, Quality Control, UV Curing, Leak Detection and Much More
- Transformer Base Also Serves as a Convenient Lamp Stand
- Comes With Both an 8' Primary Cord (Ballast) and an 8' 3-Wire Heat-Resistant Secondary (Power) Cord
- Weight: 11.5 Pounds (Lamp & Transformer Base)
- Crack Resistant, Tempered Filter
- Built Super-Tough to Withstand Hard Use

### Snow Print Wax Snow And Mud Pre-Casting Material

- **Excellent for Shoe Impressions, Tire Impressions, Animal Tracks And Other Impressions**
- **Dramatic Aid for the Preservation of Impressions**
- **Sharper Detail Than Old Sulfur Technique**
- **Red Color Warns Others of Evidence Area**

Snow Print Wax is a widely accepted aid for casting impressions in the snow. Several agencies have stated that they have found it works in mud and sand as well. The spray wax has been proven effective by crime scene investigators, wildlife officials and others requiring detailed snow impressions. Freon free formula.

Shoe

Cast

Spray Can

#### Easy to Use

1. Shake can and spray 2-3 thin layers of Snow Print Wax at 1 - 2 minute intervals.
2. Let dry (approximately 10 minutes). Add a mixture of lukewarm plaster and water. In very cold areas the plaster must be kept from freezing so it will set. Cover with layers of newspaper when weather conditions are subzero or windy.
3. Carefully lift impression after it has hardened. The wax layer will adhere to the plaster.

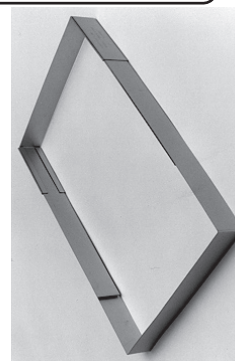

#3-1100	Snow Print Wax,	1 - 5 Cans	Each	\$16.50
	Snow Print Wax,	6 or More Cans	Each	\$15.50

### Casting Stone And Casting Frames

**Dental casting material** - Excellent for footprint and other casts. Simply add water according to directions and pour. For best results, add powder to water, put on latex gloves, and mix. Squeeze to break up lumps of powder.

Note: Casting Stone is heavy, and shipping charges are proportional to the weight.

#3-1122	Dental Casting Stone 25 lb.	\$32.50
#3-1127	25 Cast Storage Boxes 20 x 10 X 2 1/4"	\$39.90
#3-1128	Casting Frame 7 1/4 x 10 to 18"	\$17.99
#3-1129	Casting Frame 12 x 15 to 28"	\$26.95

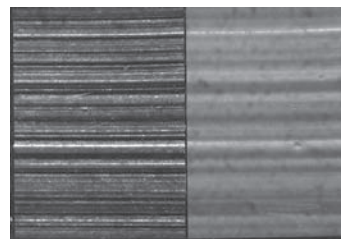

**Mikrosil™**

- **Proven Superior in Laboratory Tests Against Dental Casting Material**
- **Dramatically Increases Visibility of Marks When Observed Through a Microscope**
- **Now Available in the Standard Brown, Black, White and Gray**

**Mikrosil™** should be used to record marks on shiny reflective surfaces such as doorknobs, aluminum objects and marks on translucent materials such as plastic and fracture patterns. It is also useful for recording bite marks at autopsies, examination of firing pin impressions, breech face marks and marks on cartridge casings. White and black **Mikrosil™** were developed to lift powder-developed latent prints from curved or textured surfaces and make castings from the fingers of deceased persons.

Mikrosil™ Dental Casting Material

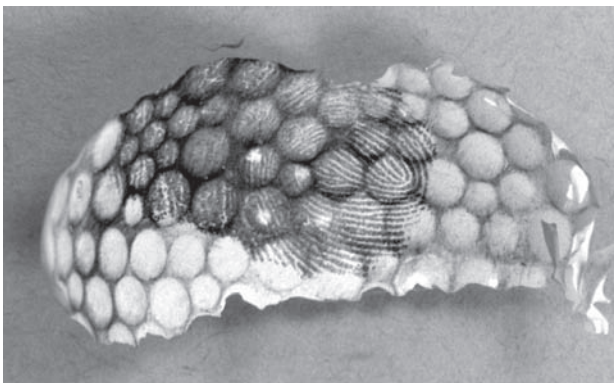

**Lift Latent Prints With Mikrosil™**

Latent prints developed with black fingerprint powder can be lifted from very difficult surfaces. What could be more difficult than a golf ball? Lift prints from doorknobs, light bulbs and other curved surfaces.

Black **Mikrosil™** can be used when white, silver or fluorescent fingerprint powders are used. The black **Mikrosil™** background does not fluoresce. This can also be used on curved and other difficult surfaces.

**Latent Print  
Developed on Golf Ball**

**Latent Print Lifted  
With White Mikrosil™**

## PathFinder™ Electrostatic Dust Print Lifter

The **PathFinder™** provides a unique way to save evidence when conventional evidence-gathering methods would be ineffective.

The **PathFinder™** can lift fingerprints and shoe prints from almost any surface: floors, counters, fabric, carpets, newspapers/magazines, plastic, metal, even human skin.

Weighing only 8.6 ounces, the battery-operated **PathFinder™** is portable and can lift prints almost anywhere.

### ***Simple to Use Electrostatic Lifting Technique:***

1. Place a sheet of lifting film on top of the dust mark
2. With a roller, press film against impression to eliminate air bubbles.
3. Place one of **PathFinder's™** high voltage electrodes on the film and press **PathFinder's™** other electrodes against the metal grounding plate.
4. The resulting charge difference between film and the surface on which it rests will cause any dust on the surface to attach to the film.

- **Size:** 6" x 3" x 1.5"
- **Weight:** 8.6 ounces
- **Power:** 9 Volt Battery
- **Comes With:**  
Metal Grounding Plate  
Roller  
5 Sheets of Lifting Film  
Flip-Top Belt Pouch  
Instruction Booklet

#7-0105

## The CSI Electrostatic Dust Print Lifter

Made in the USA

### Lifts Shoe And Tire Prints From:

Floors Fabric	Doors Carpets	Tables Newspapers	Counters Magazines	Concrete Cardboard	Metal Plastic
------------------	------------------	----------------------	-----------------------	-----------------------	------------------

- **Quality - Made in the USA, Preferred by Law Enforcement for Over 15 Years**

- **Complete Kit Contains Everything Needed for Crime Scene Use**

Carrying Case	High Voltage Power Supply	Shoe Covers (1 Pair)	Static Free Cloth	Instructions
Ground Leads	Rechargeable Battery	Self-Adhesive Label	Pen	Flashlight
Charging Unit	High Voltage Probe	Smoothing Roller	Ground Plate	Ruler

Note: Each kit comes with 5 sheets of reusable lifting film, size 2' x 3' protected in a special mailing tube.

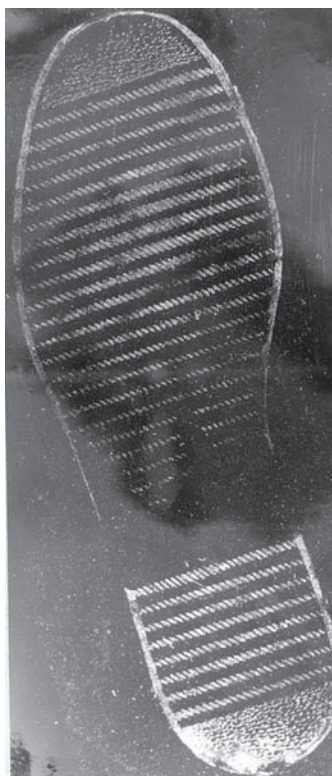

### Simple 4-Step Operation for Solid and Movable Articles

#### For Solid Surfaces - Floors, Doors, Etc.

- Step 1** Place lifting film over the area to be processed.  
**Step 2** Lay the ground lead (antenna) alongside lifting film or attach to a metal pipe (for grounding).  
**Step 3** Charge lifting film - touch probe to the film - 15 sec.  
**Step 4** Remove the lifting film and examine it in subdued light with low angle illumination.

#### For Movable Articles - Paper, Fabric, Etc.

- Step 1** Place fabric or paper articles on ground plate.  
**Step 2** Place lifting film over area to be processed.  
**Step 3** Charge lifting film - touch probe to the film - 15 seconds.  
**Step 4** Remove the lifting film and examine it in subdued light with low angle illumination.

***Serial Number Restoration Guide - Book***

The *Serial Number Restoration Guide* provides basic information in easy-to-access book form allowing the novice practitioner to rapidly get started. The Guide includes information on polishing, recording and casting of serial numbers. Additionally, topic areas include magnetic particle techniques, chemical etching, electrochemical etching and thermal techniques. A bibliography, contact information for the ATF National Tracing Center and a Firearms Serial Number Structure Guide are included. The Firearms Serial Number Structure Guide indicates how many numbers and letters are present in the serial number of various brands and models of firearms. There are 12 pages of text and 20 pages of the Structure Guide.

**\* Reagents Must Be Shipped By Ground Carrier**

## Investigator G-500 Metal Detector

### Features:

- Elliptical Searchcoils
- Target Depth Measuring
- Automatic Ground Balance
- Unique Target ID Notches
- Automatic Battery Check
- 24 Discrimination Notches

### Specifications:

- 2 lbs. 10 oz. (Hip Mount)
- 3 lbs. 4 oz. (Stem Mount)
- 8 - AA Batteries Included
- 8½" Crossfire Searchcoil

Press **POWER** and search for hidden weapons and evidence. The **Graphic Analyzer™** shows you just what you have found! LCD Information Center continuously displays all control and discrimination settings. Metal ID Guide helps identify targets. Hunt in All Metal mode, a separate factory-set mode that eliminates most trash metal or determine your own precise discrimination. Twenty-four Accept/Reject discrimination notches to find just the target being sought and avoid most other metal in the area. Notches are easy to set and adjust. The **Investigator G-500** offers microprocessor power and computerized performance.

#11-0002

G-500 Metal Detector

\$499.00

\*\*See Below for Accessories

## Investigator CX Plus Metal Detector

### Features:

- Electronic Pinpointing
- Target Depth Reading
- Audio/Visual Target ID
- Continuous Battery Check
- Fast Track Ground Balancing
- Multi-Range Discrimination
- All Metal/Discrimination Modes
- Microprocessor Touchpad Controls

### Specifications:

- 3 lbs., 14 oz.
- 6 C-Cell Batteries Included
- 8½" Searchcoil

**Garrett's Master Hunter CX** hunts deeper than any other detector. An All Metal mode that offers 5-second Fast Track ground balancing lets you find every metal target at depths you never believed possible.

To hunt deeper, attach **Garrett's** famed **Depth Multiplier** (optional) and search two to four times deeper than with conventional searchcoils.

## Garrett Sea Hunter Mark II

### Features:

- New microprocessor operating system
- Advanced pulse induction circuitry
- 8 AA batteries included
- Electronic circuitry sealed from the battery compartment
- Submersible to 200 feet
- 8" search coil

Professional divers the world over have relied on the performance of Garrett's Sea Hunter metal detectors. This new model excels equally on the land and is especially prized as a beachcombing detector because of the advanced pulse induction circuitry that totally ignores salt water environments. The three piece stem design and the new compact design

allows for hip-mount and long stem use for comfortable beach scanning. The shorter stem for underwater searches makes maneuvering easy.

## Handheld G2 Enforcer

### Detects Concealed Weapons Without Physical Contact

### Features:

- Automatic Retuning
- Fits in Palm of Hand
- 24 Month Warranty
- High Impact Plastic Case
- Can Detect Medium Sized Pistol @ 9"; Large Pocket Knife @ 6"

### Specifications:

- Weight: 8 oz.
- Dimensions: Length: 6.3"; Width: 3.25"; Thickness: 1"
- Includes One 9 Volt Battery
- Indicators: Speaker, LED Red Light, Jack for Optional Earplug

#11-0020	Enforcer G2 & 9V Battery	\$119.90
#11-0021	Earphone	\$3.95
#11-0022	Belt Holster (Basket Weave)	\$24.90
#11-0023	Recharger & NiCad Battery	\$24.90

## Super Scanner Wand

### Quick, Accurate Scan Eliminates Need for Pat Downs

### Features:

- Low Battery Indicator Light
- Automatic Retuning
- 24 Month Warranty
- Can Detect Medium Sized Pistol @ 9"; Large Pocket Knife @ 6"; Razor Blade @ 3"; Hatpin @ 1"
- On/Off Momentary & Interference Switch

### Specifications:

- Weight: 18 oz.
- Dimensions: Length: 16.5"; Width: 3.25"; Thickness: 1"
- Includes One 9 Volt Battery
- Indicators: Speaker, LED Red Light, Jack for Optional Earplug

## Garrett Magnascanner CS5000 Walk Through Scanner

- **Regulating And Operating Displays:** Large Alpha/Numeric Display on Control Panel, Ready Light, Alarm Light, Bar Graph.
- **Operator Functions:** Standby, Operate, Counter, Volume, + and - on certain features.
- **Supervisory Access:** Program sensitivity codes, synchronization of multiple units, pulse frequency and tone. Tamper alarm.
- **Technical Specifications:** Microprocessor digitally controlled circuitry. Modular Electronics. Twenty standard programs. Self Diagnostic. Sensitivity: 1-200. Non-Volatile memory. Traffic counter. Meets or exceeds all 1191 F.A.A. airport specifications as well as all requirements of Nat'l Institute of Criminal Justice standard.0601.00 security levels 1-5. 24 Month Warranty. Weight 99 pounds.

Note: Multidimensional detection assures maximum scanning throughout and uniform screening with a minimum of false alarms. Target locator. Uniform detection throughout the archway. 200 separate and distinct levels of sensitivity in each program.

#11-0007

Magnascanner CS5000

**Computer Forensic Systems**

**Automated CD/DVD Forensic Disc Analyzer with Robotic Disc Loader**

*Many computer crooks keep trophies the way many proud fishing enthusiasts or hunters do; they "mount" them...The computer crook's form of mounting involves burning the "trophy" files to optical media (CDs or DVDs). Bob Davis, San Diego Police Department Computer Lab.*

Forensic Tool for the intensive analysis and extraction of data from CD/DVD media. Equipment saves time for forensic examiners, data recovery technicians, and law enforcement professionals involved in computer forensic investigations and evidence recovery and collection. Excellent laboratory tool for computer forensic evidence investigations.

- \* Operates unattended
- \* Bulk processing of up to 100 discs
- \* Examines and archives disc based evidence

- Reads and Analyzes CD/DVD Discs
- Stores Disc Data (and Analysis) to Hard Drive or Network
- Creates MD5 Hash Codes (Electronic Disk or File "Fingerprints")
- Examines CD/DVDs to Locate Hidden Files
- Automated System Saves Time for Forensic Examiners

#13-2000

Automated CD/DVD Forensic Disc Analyzer

\$4995.00

**Automated CD/DVD Forensic Disc Analyzer With Disc Publishing**

- All the Features of the *CD/DVD Forensic Disc Analyzer PLUS CD/DVD Publishing (Copying) Capabilities*
- Unattended Publishing of Evidence Files and Encasement onto Labeled Discs
- Thermo Prints Labels Directly onto Disc Surfaces with Case Specific Information
- Archives Discs With MD5 Hash Codes
- Operates as a Standard DVD/CD Duplicator with Disc Label Printing

#13-2005

Automated Forensic Disc Analyzer with Disc Publishing

\$8,995.00

**Duplicating Software**  
**for use with Automated CD/DVD Disc Analyzer**

- Software Package Adds Copying Capability to *Forensic Disc Analyzer* (Described at Top of this Page.)
- For use with *Automated Forensic Disc Analyzer* only.
- Differs from *Automated Forensic Disc Analyzer With Disc Publishing* (Described Directly Above) in Two Ways: *Duplicating Software* does not label or archive discs.

#13-2010

Duplicating Software (for Use With Automated CD/DVD Disc Analyzer)

\$495.00

## Disc Tracker

### Keeps a Photographic Record of Each Disc Analyzed

*After analyzing hundreds of discs, locating the one disc you need out of the stack is sometimes like looking for a needle in a haystack. Find the one you want by perusing a collection of photographs of the discs.*

- **Disc Tracker** Works in Conjunction With **Automated Forensic Disc Analyzer with Robotic Disc Loader**.
- Photographs and Keeps a Record of Each Disc Before it is Read.
- System Includes a Camera With LED Light and Software. (Software is part of the **Automated Forensic Disc Analyzer** package and is activated when the camera is attached.)

#13-2015

Disc Tracker Photographic System

\$1995.00

## Forensic Diskette Data Collector

*Transferring diskettes to a PC's hard drive is a very time consuming task when done manually. Automate the disc loading and reading process with **CopyPro's** diskette reader and **AutoDisk Plus** software.*

### Unattended Transfer of Diskette Data to Hard Drive

#### Features

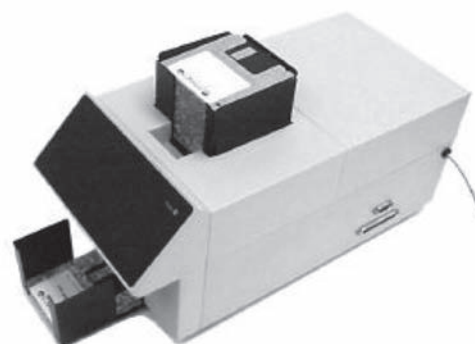

- Reads Diskette and Writes Diskette Image to PC's Hard Drive
- Diskette Image File Compatible with Forensic Analysis Disc Tools
- Diskette Image Readable by Computer Forensics Programs
- MD5 Code Created and Logged for Each Diskette
- Robotic System Reads 50 Disk Capacity Hopper Set Unattended

#### Benefits

- Fast Systematic High Volume Diskette-To-File Processing
- Unattended Operation Saves Time and Money
- Diskette-To-File System that Supports Computer Forensics

#### System Requirements:

- Computer with 1GHz (or Faster) Intel or Athlon Processor
- Windows 2000 or XP
- 1 GB hard drive capacity
- 256MB RAM
- Serial port
- USB port

**MMC Narcotics Tests**

**MMC NARCOTIC IDENTIFICATION TESTS**

**EASY, SAFE, RELIABLE AND ECONOMIC  
NARCOTICS TESTING**

**NEW  
PRODUCT!**

**MMC NARCOTIC IDENTIFICATION TESTS** use a new and extremely effective chemistry formula for easy, clear, and safe presumptive testing. **MMC** offers a new chemical approach to drug testing in a field that has not changed significantly since the late 1960s. **MMC Presumptive Drug Testing Kits** were first introduced in the early 1990's, and since then they have become the drug testing kits of choice in Europe.

Although **MMC** tests are relatively new in the United States and Canada, every year more law enforcement agencies are finding that **MMC** meets their needs for a reliable, safe and economic presumptive testing product.

The **MMC** Testing process uses a series of easy-to-use ampoules to presumptively test for the presence of drugs. Each ampoule is drug specific. Specific color changes in the ampoules indicate positive test results. Since none of the test chemicals are toxic, disposal of used and unwanted ampoules is easy. Just throw them in the trash.

- No dangerous liquid reagents
- Safe and easy to use
- Acid neutralizers are not required
- No environmental risks/concerns
- One step tests (one ampoule only)
- Results within seconds
- High reliability and consistency
- Accurate and sensitive
- Economical (low cost)
- Easy to test for drugs in liquid forms such as GHB, GBL, and liquid XTC
- No hazardous shipping concerns
- No concern of over or underloading the ampoule with suspected drugs

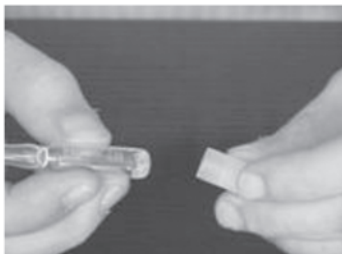

**NEW  
PRODUCT!**

Each package includes 10 individual single-use test ampoules with caps, 10 disposable spatulas or pipettes, and instructions.

## MMC NARCOTIC SCREENING TEST INSTRUCTIONS

**Remove the plastic cap from the ampoule.**

*Note: Caps on Cannabis and LSD tests contain reagent powder required for a reaction. Take care not to spill the powder.*

**Place the cap near you.**

Knock the base of the unopened ampoule against a hard surface several times to loosen any granules sticking to the inside of the glass.

**Snap open the ampoule:**

Hold the top of the ampoule between the thumb and index finger and simply snap off the top.

**Keep the open ampoule in your hand**

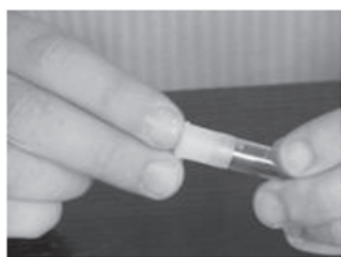

Use the spatula to insert the suspect material into the ampoule (a) or into the plastic cap (b)

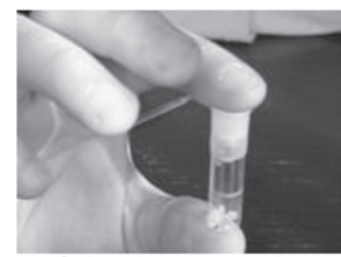

For suspect liquid samples such as GHB, use a pipette and insert one drop into the ampoule

**Place the plastic cap on top of the ampoule.**

Turn capsule upright to mix sample into reagent granules. Tap side of glass, if necessary.

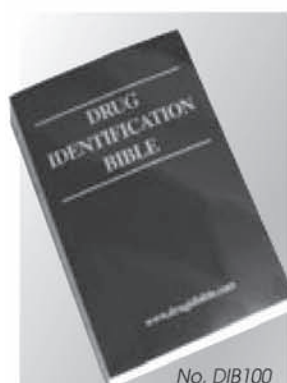

Color change may be immediate, but will be fully developed within 1 to 2 minutes. Compare with the line printed on the ampoule.

**NIK® Drug Training / Identification Aids by Becton-Dickinson**

*Field Testing With Becton-Dickinson NIK System* - 20 minute DVD of valuable information by the manufacturer of the NIK kit.

**Wall, Desk Charts & Books:** Presents each testing sequence in its appropriate color to aid the investigator in drug screening and identification. A separate comprehensive full color instruction manual is also available.

#1-5270 DVD	<i>Field Testing With...NIK System</i>	DVD	20 minutes	<b>\$15.00</b>

**Drug Identification Bible**

*The latest edition of the Drug Identification Bible is over 900 pages long—containing hundreds of full color photos. A must for any department or drug task force.*

#7-0970      **\$34.95**  
Drug ID Bible

**NIK® Master-Pac**

**TESTING A SAMPLE**

The NIK® pouches contain one, two or three chemical ampoules. The clip is removed and a toothpick full of suspected drug is added. The clip is replaced, and the glass ampoules containing reagents are broken in the proper sequence following instructions. The color or lack of color should be noted between 5 and 60 seconds after the reagents and the suspected drug have mixed.

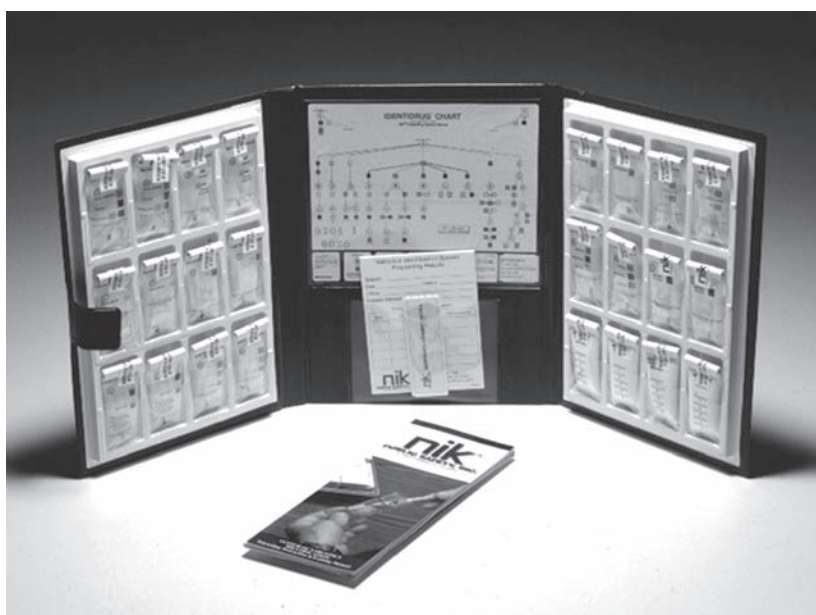

Pouch should be held in front of a white piece of paper to determine proper color.

- **Chemicals in Easy to Break Ampoules**
- **Chemical Reactions TakePlace in Plastic Pouch**
- **Color Changes Easily Observed**

Description Price	Contents	Recommended Uses
<b>Master - Pac</b> <b>130 Tests</b> <b>#1-5230</b> <b>\$263.00</b>	20 Each of tests A and E 10 Each of tests B,C,D,G,H,J,K,L and U 1 Box acid neutralizer (F) 1 Polytesting report pad 1 Identidrug™ desk chart 1 Narcotic Field Test Training CD 1 Polystyrene carrying case	Recommended for law enforcement, military, postal service, customs, correctional facilities, intelligence, safety and security investigators where the need for complete polytesting capability is anticipated. Also recommended for hospital, paramedic and other emergency applications where drug overdose is suspected. Presumptively identifies 25 controlled substances.

NIK Drug Test Kits By Becton-Dickinson

Description / Price	Contents	Recommended Uses
<b>Porta - Pac</b> <b>20 Tests</b> <b>#1-5232</b> <b>\$77.65</b>	2 Each of tests <b>A,B,C,D,E,G,J,K, L</b> and <b>U</b> 4 Acid neutralizer (F) 1 Polytesting report pad 1 <b>Identidrug™</b> desk chart	Recommended for narcotics identification operations where portability and ease-of-use are prime considerations. The 20 tests allow full use of the NIK Polytesting System in field screening and presumptive identification of 25 controlled substances. Notebook size kit fits any briefcase or zipbrief.
<b>50 - Pac</b> <b>#1-5234</b> <b>\$132.25</b>	10 Each of tests <b>A,B,C,D</b> and <b>E</b> 1 Acid neutralizer (F) 1 Polystyrene carrying case	Recommended for patrol operations, remote field operations, precinct and squad room testing operations. Good routine investigation kit for presumptively identifying opium, alkaloids, amphetamine, demerol, barbiturates, LSD and marijuana. This kit allows for two levels of screening for many substances.
<b>60 - Pac</b> <b>#1-5236</b> <b>\$142.75</b>	10 Each of tests <b>A,B,C,D, E</b> and <b>G</b> 1 Polystyrene carrying case	The tests in this kit presumptively identify the same drugs as the 50 - PAC, shown above. This kit also contains the highly selective Test G for the presumptive identification of cocaine. Two levels of screening for many substances.
<b>Instructa-Pac</b> <b>120 Tests</b> <b>#1-5238</b> <b>\$346.45</b>	30 Each of test <b>A</b> 20 Each of test <b>B</b> 10 Each of tests <b>C,E,G,J,K,L</b> and <b>U</b> 1 Box acid neutralizer (F) 3 Specially formulated substances to illustrate false positive drug identifications 11 <b>Identidrug™</b> wall charts 5 Polytesting report pads 1 Polystyrene carrying case 1 Narcotic Field Test Training CD	Highly recommended where elimination of false positive identifications is a prime consideration. Recommended for drug identification training programs under federal, state, county, municipal, military, university or industrial sponsorship. Each kit provides all materials to train 10 - 20 students in the screening and identification of the 25 most commonly encountered controlled substances.

Cocaine ID Swabs

- **Surface Residue Identification of Cocaine**
- **Easy To Use Towelette Type Swab**
- **Swabs Are Sealed in Individual Packets**
- **50 Tests Per Package**

Surface residue identification product. Packaged in individual foil envelopes, swab size 1" x 1½". Turns color when it comes in contact with cocaine. (Sensitive to trace amounts of residue that could not normally be collected.)

**#1-5279**

**Cocaine ID/Swabs by NIK**

**(50 Per Package)**

**\$39.95**

**NIK® Narcotics Identification System**

The **Becton-Dickinson NIK®** test pack contains all the chemicals required to perform the test desired. The hermetically sealed ampoules eliminate the need to measure, mix and dispense the reagents. The reagents are designed to have a long shelf life. Prolonged exposure to heat or strong sunlight should be avoided.

<b>#1-5280</b>	<b>Test A</b> - Opium Alkaloids/ Primary General Test	Marquis Reagent - For the presumptive identification of opium, heroin, demerol, amphetamines and black tar heroin. It is suggested as a general screening agent for many other drugs.	<b>\$15.00/Box</b> (10 Tests)
<b>#1-5281</b>	<b>Test B</b> - Confirming Test	Nitric Acid Reagent - For the confirmation of heroin (and opium alkaloids) and as a general screening test for other drugs.	<b>\$15.00/Box</b> (10 Tests)
<b>#1-5282</b>	<b>Test C</b> - Barbiturates	Modified Dille-Koppanyi Reagent System - For the presumptive identification of barbiturates.	<b>\$24.00/Box</b> (10 Tests)
<b>#1-5283</b>	<b>Test D</b> - LSD	Specially Formulated Reagent System - For the presumptive identification of LSD (Lysergic Acid Diethylamide).	<b>\$24.00/Box</b> (10 Tests)
<b>#1-5284</b>	<b>Test E</b> - Marijuana	Duquenois - Levine Reagent System - For the presumptive identification of marijuana, THC & hashish.	<b>\$24.00/Box</b> (10 Tests)

**NARK® – Narcotics Analysis Reagent Kit**

- **Easy To Use**
- **Reagents Sealed in Glass Ampoules**
- **Only Requires a Small Amount of Suspected Substance**

To conduct a test, remove the cap from the appropriate tubette, crush ampoule(s) with slight pressure between thumb and forefinger. Shake gently, then match reaction color to color on chart supplied with kit.

Screen for the most frequently abused drugs using the **NARK®** (Narcotics Analysis Reagent Kit). Use for field testing or in the office.

The **NARK®** test kit is a tube style narcotic field test. Drug tests are available in "refill" boxes of 10 test units or in kit form containing a variety of reagents.

**Kit Contents:**

Mayer's Reagent for Narcotic Alkaloids . . . . .	10 each
Marquis Reagent for Opium and Alkaloids . . . . .	10 each
Nitric Acid Reagent for Heroin, Morphine. . . . .	10 each
Cobalt-Thiocyanate Reagent for Cocaine . . . . .	10 each
Dille-Koppanyi Reagent for Barbiturates . . . . .	10 each
Mandelin Reagent for Amphetamines. . . . .	10 each
Ehrlich's Reagent for Hallucinogens . . . . .	10 each

**NARK® Kit**

**\$98.00**

## NARK® II Narcotics Test

**NARK® II Progressive Narcotics Tests** use pouches which have ampoules embedded within the pouches to test for groups of drugs as well as for specific drugs.

### 3 Progressive Steps:

After removing the clip, insert a small amount of suspect drug into the test pouch.

Break ampoules from left to right and agitate briefly.

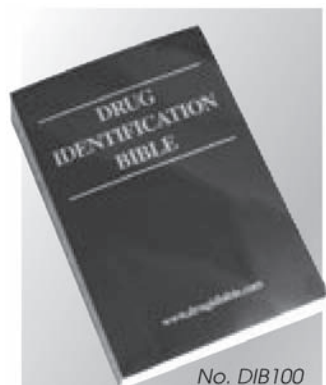

Analyze resulting colors.

**Nark® II** has the capability of presumptively identifying several families of substances suspected of being abused drugs. Designed to function as a transportable narcotics laboratory, it is available for use wherever the need for its capability might arise. Each of the tests is comprised of one or more chemical reagents. When a predictable color or series of colors occurs within a specific testing sequence, a positive confirmation may be presumed. Presumptive identification is generally recognized within our legal system as a component of probable cause. There is no drug identification system presently in use that completely eliminates the occurrence of false positives and false negatives. A forensic laboratory is required to qualitatively identify an unknown substance.

NARK® II DRUG TESTS				
CAT. NO.	TEST	DESCRIPTION	PRESUMPTIVE TEST FOR	PRICE
#7-0931	01	Marquis Reagent	Opium Alkaloids	\$12.50 / Box of 10

**NARK® II Narcotics Identification**

No. DIB100

**Drug Identification Bible**

The latest edition of the Drug Identification Bible is over 900 pages long—containing hundreds of full color photos. A must for any department or drug task force.

**NARK® II Cocaine ID Swipes**

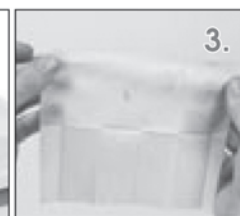

These convenient Cocaine ID "Swipes" can presumptively identify cocaine from trace amounts of residue present on surfaces that have been in contact with cocaine. These 5" x 6" (12.7cm x 15.2cm) wipes are easy to use and results are immediate. Simply wipe the suspected surface with Cocaine ID Swipes and, if cocaine is present, the swipe will turn BLUE.

Swipes have an unlimited shelf life ensuring reliable results. Available in quantities of 50, 300 or 600 swipes. Great for use by narcotics agents in the field and investigators at the crime scene.

**How to Use:**

1. Remove the Cocaine ID Swipe from the pouch.
2. Wipe suspected surface with the Cocaine ID Swipe.
3. If Swipe turns blue, the presence of cocaine can be presumed.

### Maxam Lock Blade Knife

- **Stainless Steel Serrated Blade**
- **Handle is Made of Hard Textured Plastic Complete With Belt Clip**
- **2.5" Blade, 4" Handle**
- **Length When Open: 6.75"**

#1-2341

Maxam Knife

\$6.95

### Grave Site Locator

#### Be Prepared

Strong 1/2" diameter stainless steel probe welded to 1" diameter handle. Probe is 58" in length.

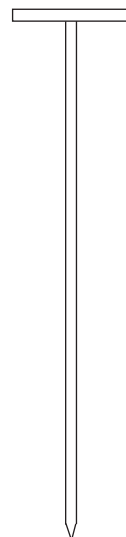

The probe is pushed into the soil at various locations in an effort to find a location where the probe penetrates the earth more easily. Easier penetration of the earth may indicate a recent grave site. The probe can be used to determine the boundaries of the grave. Care should be taken to avoid penetrating the body with the probe.

Special packaging materials for shipping require us to add a shipping surcharge of \$7.50 to the listed price.

#11-1000

Grave Site Locator

\$48.75

### MultiPlier 400

- **Includes Belt Sheath**
- **18 Features**
- **Stainless Steel**
- **Limited Lifetime Warranty**

Legendary blades by Gerber. The compact sport **MultiPlier 400** includes 18 features. Needlenose pliers, Fiskars precision scissors, wire cutter, serrated drop point blade, crosshead screwdriver, large flathead screwdriver, medium flathead screwdriver, small flathead screwdriver, bottle opener, can opener, crimper, one-handed deployment, adapts to Gerber tool kit, independent tool rotation, lock-back safety bar, locking components, ballistic sheath, and limited lifetime warranty.

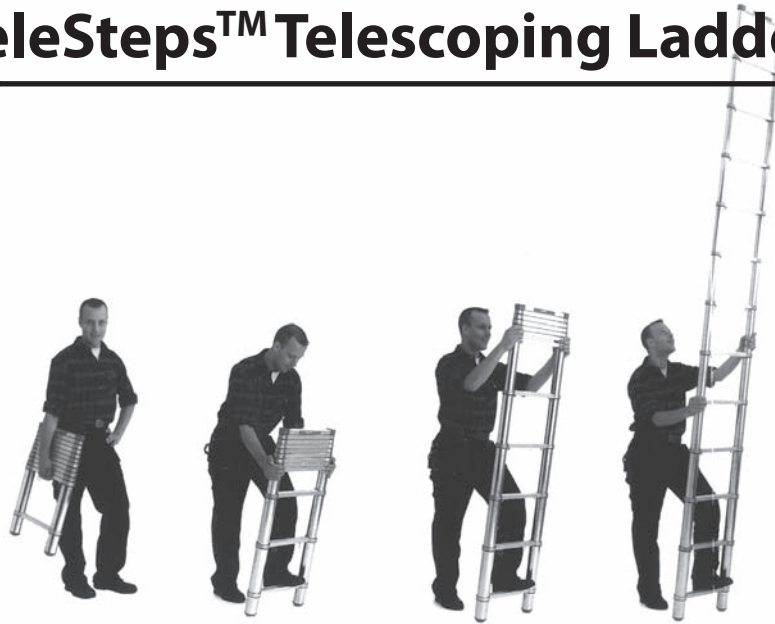

#12-1015

MultiPlier 400

Books**

***Crime Lab: A Guide for Nonscientists***

- Provides clear, concise explanations of the methods used in crime evidence analysis.
- Through a fictional case, evidence gathered from a crime scene is followed as it is processed by various areas of the crime lab.
- Straight forward language and vivid color photos provide accessibility to the world of forensic science.
- Perfect for police officers, jurors, and legal professionals.
- John Houde, author, is a twenty-year veteran criminalist and educator.

How can you possibly explain a GC/MS to a person who's never even set foot in a laboratory? *Crime Lab: A Guide for Nonscientists* is 206 pages of touring through a modern crime lab, but with every process explained along the way. Hardbound, 130 color photos & illustrations. Written by Veteran Criminalist John Houde. Hardback.

**#9-2016**

*Crime Lab: A Guide for Nonscientists*

**\$24.95**

***Courtroom Testimony for the Fingerprint Expert***

*Courtroom Testimony for the Fingerprint Expert* was written by retired FBI Supervisory Fingerprint Specialist Gary W. Jones. This 94 page 5½" by 8½" book is a valuable text in preparing to testify as an expert witness in court. You will refer to this text over and over to become more effective as an expert witness.

The criminal trial is the final phase in an often long road of hard work by many individuals. What a waste when, after all the hours of investigation, laboratory examinations, surveillance, dangerous undercover work, gathering witnesses, pre-trial conferences, legal research, etc., it all ends in disaster because an expert failed on the witness stand.

Effective courtroom testimony involves knowledge, experience, training, preparation, demeanor and appearance. This book addresses some methods and techniques that will aid the fingerprint expert in presenting the most convincing testimony possible.

Paperback.

***Evidence & Property Management***

*Evidence & Property Management* is unique in that it serves as a direct model for all aspects of the management of evidence. With its easy to understand, hands-on approach, you'll learn about proper facility design and layout, construction, security measures, and most importantly, control measures and techniques. Directed towards every property/evidence room technician or property supervisor. It can also be very useful in academies and criminal justice programs. Authors: Joseph T. Latta and George E. Rush. Paperback, 172 pages.

Chapters include: Management and Organization; Facility Considerations; Security Issues; Automation and Computerization; Audits and Inventories; Internal Controls; Documentation and Packaging; Narcotics Records and Forms; Specific Evidence Handling; Housekeeping and Disposition and Purging.

- Use as a manual or as a reference guide.

**#9-2014**

*Evidence & Property Management*

**\$37.95**

***Serial Number Restoration Guide***

The *Serial Number Restoration Guide* provides basic information allowing the novice practitioner to rapidly get started. The *Guide* includes information on polishing, recording and casting of serial numbers. Additionally, topic areas include magnetic particle techniques, chemical etching, electrochemical etching and thermal techniques. A bibliography, contact information for the ATF National Tracing Center and a Firearms Serial Number Structure Guide are included. The Firearms Serial Number Structure Guide indicates how many numbers and letters are present in the serial number of various brands and models of firearms. There are 12 pages of text and 20 pages of the Structure Guide. The information in this guide was derived from notes taken from a class in Serial Number Restoration given by the Bureau of Alcohol, Tobacco and Firearms.

**#3-2000**

***Footwear, The Missed Evidence***  
***A Field Guide to the Collection and Preservation***  
***of Forensic Footwear Impression Evidence***

An essential handbook for any crime scene investigator. This guide will assist you in accurately recording and gathering footwear evidence. The collection will be done in such a manner as to be useful for laboratory examination.

Dwane Hilderbrand shares his wealth of knowledge and years of experience in the 106 page wire bound book.

- The book covers the necessary tools and methods to locate footwear evidence.
- Detailed instructions for photographing and casting footwear evidence are included.

All the instructions necessary to collect and preserve footwear evidence are in this valuable handbook. Every department should have a copy for rapid reference. Use this wire-bound book in the field or in the office.

#9-2010

*Footwear, The Missed Evidence*

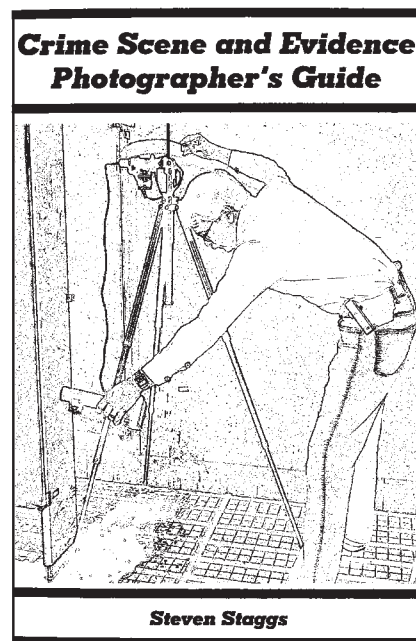

\$39.95

***Crime Scene and Evidence Photographer's Guide***

This 64 page wire bound book includes chapters on Camera and Lighting Techniques, Photographing Crime Scenes, Photographing Specific Types of Crime Scenes, Photographing Evidence and Basic Equipment needed for successful Crime Scene Photography.

Steven Staggs shares his photographic knowledge in this easy to understand book. Subjects include special lighting techniques, such as painting with light, which are helpful in forensic photography.

64 page wire-bound book.

## Crime Scene Investigation And Reconstruction Second Edition

- **Excellent for Investigators, Police Officers and Schools**
- **Fifteen Sections and 389 Pages of Comprehensive Crime Scene Investigation**
- **Well Accepted by: Major Universities, American Society of Law Enforcement Trainers, Peace Officers Research Association of California, and Other Organizations**
- **Author, Robert R. Ogle, Jr., is a Criminalist, Forensic Consultant, Educator, Writer, and Recognized Authority in the Field of Forensic Science.**

As with the first edition, this manual was designed as a companion manual for an introductory course in Crime Scene Investigation with instructors and students in mind. The manual also serves as a Department Reference Manual for crime scene investigators or as a handy reference in the Officer's "Bait Box". The 2nd edition has been greatly expanded and updated, with many new illustrations and topics, including new sections on DNA testing, vehicle investigations and documentation techniques for reconstruction aspects of blood spatters and reconstruction aspects of firearms evidence. The manual's sections cover the main topics of crime scene investigation (search techniques, sketching, photography, latent prints), the collection and preservation of the primary categories of physical evidence (blood, semen, firearms and trace evidence). The manual also has sections for homicides, autopsies, report writing, testimony and an extended section on sexual assault investigation, which can be used to help train hospital emergency personnel. 8 1/2" x 11", soft cover.
