

Accessories

Your meal. Our mission.

Convothem – Your meal. Our mission.

Anyone who has ever worked with a Convothem combi steamer knows how our pioneering products inspire better food preparation. "Your meal. Our mission." is our philosophy born out of our passion and commitment to provide the best combi steamer solution that answer the varied needs of our customers.

The new Convothem 4 range of combi steamers brings style into the professional commercial kitchen. From first glance, this oven combines world-class technology with user-friendly, ergonomic and hygienic design and all models share the same logical and intuitive system

of operation: a real plus in the often hectic daily life of foodservice. Our new combi steamers includes seven sizes of ovens, each with six different model options. The result is a combination of functional versatility and consistent design that is revolutionary in this product category.

Passion is behind every Convothem combi steamer: passion for excellence, for creativity, for practical partnership – and for making our customers more successful each and every day.

Manitowoc Foodservice – global leaders

The Manitowoc Foodservice Group is part of the Manitowoc Company Inc. The group develops, produces and sells world-leading solutions in the foodservice equipment sector.

Manitowoc Foodservice offers you an unrivalled understanding of the customer and industry combined with comprehensive kitchen solutions, culinary experience and first-class customer service. Globally and locally. With business operations in America, Europe and Asia, Manitowoc Foodservice supplies leading brands

such as Cleveland, Convothem®, Delfield®, Fabriteel, Frymaster®, Garland®, Kolpak®, Kysor Panel Systems®, Lincoln, Manitowoc® Ice, McCall®, Merrychef®, Merco, Moorwood Vulcan, Multiplex®, RDI Servend®, Manitowoc® Beverage Systems and TRUpour.

You can find out more about Manitowoc Foodservice, and how our leading brands could help you, from our website: www.manitowocfoodservice.com. You can also find details here of our regional and local offices.

Convotherm 4 easyTouch

Our concept for convenience and reliability.

The easyTouch complete package gives you a full range of impressive and **practical features** including a high-resolution 9" full-touch screen and customisation options for your every need. The operating concept is incredibly easy, incorporating both established and new functions:

- **ACS+** including perfectly harmonised extra functions:
 - Crisp&Tasty – 5 moisture-removal settings
 - BakePro – 5 levels of traditional baking
 - HumidityPro – 5 humidity settings
 - Controllable fan - 5 speed settings
- **CONVOclean+**: The fully automated cleaning system with eco, express and regular modes, including optional single-measure dispensing
- **Ethernet / LAN interface**

Convotherm 4 easyDial

For creative chefs! EasyDial sets **new standards in manual operation**: All settings and extra functions can be selected and adjusted in one operating level and are visible at all times.

- **ACS+** including perfectly harmonised extra functions:
 - Crisp&Tasty – 5 moisture-removal settings
 - BakePro – 5 levels of traditional baking
 - HumidityPro – 5 humidity settings
 - Controllable fan - 5 speed settings
- **Semi-automatic cleaning system**

All Convotherm 4 appliances come with optimum features as standard

- Ground-breaking design, also ideal for front-of-house cooking.
- ACS+: perfection in the third generation
- Space-saving footprint for a perfect fit in any kitchen*, however small.
- Doors with sure-shut function (table-top appliances only)
- HygienicCare: antibacterial surfaces in operating areas, door handles and recoil hand shower – the new concept that promotes food safety.
- USB port integrated in the control panel.
- The "made-in-Germany" seal of quality: our own demanding standard

Your options

- The disappearing door for more space and safety at work
- ConvoSmoker, the built-in food-smoking function in easyTouch appliances (table-top electric appliances only).
- ConvoClean in easyDial appliances, the fully automated cleaning system in regular mode, with optional single-measure dispensing
- Ethernet/LAN interface for easyDial
- Sous-vide sensor, with external socket
- Steam and vapour removal (built-in condensation hood)
- Grill version
- Prison models
- Ship models (electrical appliances only)
- Available in various voltages

*and if it really won't fit, simply choose one of our minis

Appliance stands - reliably stable

All appliance stands are made of high-quality stainless steel and ensure maximum hygiene standards. To aid installation, all appliance stands include additional rigidity so that a fork-lift truck can move both stand and appliance together.

Stacking kit – the clever space-saver

Stacking two table-top appliances from the Convotherm 4 range or mini world not only makes sense but is so easy! The benefits are obvious: twice the capacity for the same footprint. When just one Convotherm is needed during quiet times, you save money compared with the larger floor-standing appliance because power consumption is lower.

Hoods – ever-fresh air-conditioning

The efficient Convothem condensation hoods with powerful extraction performance ensure that the air in your kitchen is always fresh. Easy to use, practical and convenient to operate and with low power consumption: what more could you want? Of course all hoods can be readily retrofitted to any appliance.

ConvoVent mini: an ON/Off appliance switch is used to operate the hood. The hood captures and condenses the steam from the air vent and then returns the air into the room. The hood does not require a cold-water connection.

Cook & Chill

The **ConvoChill** brand from Convotherm offers the most effective means of keeping food fresh for prolonged periods without loss of quality. Cook & Chill involves cooking (= producing dishes in the combi steamer) and chilling (= rapid cooling of the cooked food). Of course the loading trolleys are all inter-compatible.

- 1**

Cook

The prepared food is cooked particularly carefully in the combi steamer thanks to the ACS+ system, ensuring no loss of vitamins or minerals.
- 2**

Blast chill or flash freeze

The precooked food is cooled rapidly in the ConvoChill to the required temperature, allowing dishes to be stored for up to 72 hours.
- 3**

Portion and regenerate

The chilled food can now be arranged creatively on plates and regenerated in the plate banquet trolley entirely in the combi steamer.

Produce

Chill

Regenerate

ConvoChill – blast chiller and flash freezer

Blast chilling or flash freezing offers the most effective means of keeping food fresh for prolonged periods without loss of quality.

Blast chilling

+90°C → +3°C

The temperature range between +65°C and +10°C is particularly critical when storing food. Bacteria numbers will double every 20 minutes at a temperature of around +37°C. Thanks to our blast chillers, food passes through this dangerous temperature range as fast as possible, with the core temperature dropping to +3°C within 90 minutes. Any bacteria left in the food after cooking is kept to a minimum. The food's quality, colour and aroma is preserved almost entirely and its shelf-life extended significantly.

Flash freezing

+90°C → -18°C

ConvoChill flash freezing uses an especially powerful cooling system with an air temperature of -40°C to take the core product temperature down to -18°C in less than 240 minutes. The rapid drop in temperature prevents damage to the cell structure, so that when the food is defrosted there is no loss in weight, consistency or taste.

All your benefits at a glance

- Time saving of up to 30%**

The longer shelf-life of blast-chilled goods lets you optimize your food production plan. Preparing large quantities of finished and semi-finished products dispenses with those daily preparation steps needed in the past. This guarantees peak freshness and quality at all times.
- Save on shopping**

By choosing the flash-freeze function you are preserving your meals at peak quality over a longer period. This means you can buy your ingredients in advance, in season at lower prices and in larger volumes.
- Low weight loss**

After cooking, food releases moisture through evaporation and loses valuable constituents. Blast chilling stops this process immediately while managing to conserve up to 7% more in weight.
- Less waste**

The blast chiller/flash freezer extends the shelf-life of products, letting you use food in a more controlled way. This means you can cut food waste considerably.

For more information, please contact your regional sales manager.

Software solutions – secure networking

For appliances with easyTouch and easyDial controls

ConvoConnect

The ConvoConnect software package is the complete solution for HACCP and combi-steamer management. You can install the software on your PC for use with Convotherm 4 appliances, the +3 appliance range and the mini world.

Waste-water installation kit	For 6.10 to 20.20		3416730

Water treatment systems

In areas that have particularly hard water, we recommend connecting a water-treatment system upstream of your Convotherm combi steamer. Modern water-treatment systems help to guarantee optimum water quality for wear-free use.

Only with Convotherm: FilterCare included in every Convotherm 4. Simply connect the filter head of the water-treatment system* to the combi steamer and you need never forget to change the filter cartridge again.

Product name	Additional information	6.10/10.10		6.20/10.20
