2023-HQFO-00171	Morgan Yardis	10/19/2022	<p>1. The EIP Final Report indicates that from September 3, 2020 through November 19, 2020, "EIP processed 639 in-scope tickets." We request the records of each of these 639 tickets.</p> <p>2. The VP Report cites 911 incidents reported between February 2021 and August 2021 in the form of tickets of which 174 were referred to platforms for potential action. We request all 911 tickets, including any additional tickets that may have been generated pertaining to the 174 tickets where action was recommended.</p> <p>3. Custodians: EIP and VP reports have been careful to avoid including any specific government employee names. Also, the nature of operations for certain offices, such as the Cybersecurity &amp; Infrastructure Agency (CISA), Intelligence &amp; Analysis (I&amp;A), and GEC, are such that no government employee names are made public and often redacted in FOIA productions. Further, as made clear under established FOIA case law, the agency is the best positioned to identify which government officials within the respective agency possess or are potential custodians of such records.</p>
