InFocus

55-inch Video Conferencing and Collaboration Solution

Mondopad is an elegant all-in-one touchscreen system for efficient face-to-face collaboration with people anywhere. Video conference, whiteboard, share data, and more – you'll never want to meet without it.

Key Features

- ◆ 55-inch anti-glare touch display with incredibly sharp 1080p resolution
- ◆ Edge-to-edge multi-touch system with support for 10-point gestures
- ◆ Native HD video calling and data sharing that's crystal clear
- ◆ Total Touch Control™ to change source and setting on screen with touch
- ◆ Built-in Annotation Tool and Screen Capture for all video sources
- ◆ Interactive digital whiteboard and document annotation
- ◆ Intel Core i7 processor with fast 256GB solid state hard drive
- ◆ Powered by Windows 10 Pro
- ◆ Full version of Microsoft Office included
- ◆ Wireless keyboard (US layout) and mouse included
- ◆ [ConX Cloud](#) subscription included (with product registration)

Interactive Whiteboard

Brainstorm, capture, save and share your ideas on an interactive whiteboard without borders or barriers. Use a complete collection of digital pens, shapes, lines, and colors on a canvas up to 100 display screens in size, paste and annotate backgrounds and images, then email directly from the Mondopad.

Video Connect to the World

Instantly bring people together from anywhere in the world to visually collaborate on the same content and do better work in less time.

InFocus video calling service is included for the first year, so you can make and receive video calls right away—or add your own video conferencing client onto Mondopad as you would on any other PC.

Bring groups of people together with ConX Cloud—our simple, affordable cloud-based video collaboration service. Users can connect from any device, anywhere. Subscriptions available

ranging from 3 seats up to 100 virtual meeting rooms, each with 50 seats.

View, Annotate, and Share

Take notes on anything you're presenting, save and email your changes, and never lose an idea again. Mark-up documents, images, web pages, or videos, and easily manage common or secure files through email, office network, USB drives, and cloud-based services like Dropbox.

Bring Your Own Device

Connect and share content securely from PCs, Macs, tablets or smartphones to make meetings more collaborative, productive and sustainable. Cast your device's screen to the Mondopad, view up to four AirPlay or Chrome casts simultaneously, then control the Mondopad with your device from anywhere in the

room. See what's being presented from your device, or make video calls to your Mondopad from a PC, Mac, tablet or smartphone.

Brainstorm & Share Ideas Through the Cloud

Mondopad supports ConX Whiteboard, which enables you and co-workers in other locations to interact and share ideas on a Mondopad whiteboard, at the same time. Using your Mondopad and your ConX Cloud login credentials, join a ConX Whiteboard session and just start drawing. Everyone can see the same whiteboard screen, and each participant can draw or write in a different color, or insert text or images.

If you're already on a ConX Cloud video call, hit "join" and the ConX Whiteboard appears instantly. Now you can see and hear co-workers while sharing and editing your ideas at the same time. ConX Whiteboard works in conjunction with ConX Cloud, or on its own with any other video.
