# Siren with battery back-up

The mydlink Home Siren is a smart audio warning device with 6 different sounds built-in. It's easy to setup and manage with the mydlink Home app, and connects to your router via the mydlink Home - Connect Home Hub[1]. It works with other mydlink Home sensors, such as the Battery Motion Sensor or the Door & Window Sensor, to provide a loud audio warning when motion is detected or a door is opened unintentionally. Whether you are at home or away, push notifications will alert you whenever the Siren is activated. mydlink Home enables you to create a smart home without complicated setup, installation cost or monthly subscription charges.
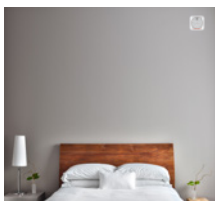

## Peace of mind

Instant audio alarm, with volume up to a loud 110 dB, when your door/window opend  or motion is detected[2].

## 6 different sounds

Equipped with six different sounds: door chime, arm/disarm, intruder alarm, fire alert, ambulance, and police car sounds, you can customise your smart home having appropriate sound effects and alarms whenever an event of your choosing occurs.

## Set-up, control, monitor and protect your home.

The mydlink Connected Home Hub acts as the link between your existing Wi-Fi network and all mydlink™ home devices.

## Easy to Setup

### App
Download the free mydlink Home app[2], follow the simple setup instructions

### Press
Push the pairing button to connect to your mydlink Home Connected Home Hub

### Mount
Mount the Siren with the included mounting bracket to the desired location

## Loud audio alarm

Up to a loud 110 dB to warn you instantly when sensor[2] is triggered.

## 6 different siren sounds

Customise by having appropriate sound effects and alarms whenever an event of your choosing occurs.

## Battery back-up

Allows the siren to continue to operate if the electricity goes down.

## Do-it-yourself

Easy to set-up and manage with the mydlink Home app.

## Secure

Tamper-proof and supports AES128 bits encryption.

## Push notification

Receive instant alerts on your smartphone and tablet.

## Your mydlink Home

mydlink Home allows you to start with a single smart device and add more when you want to. Unique mydlink Home App for iOS and Android smartphone and tablet give you control of all your other mydlink Home devices. You can even setup automation rules to make your home smarter.
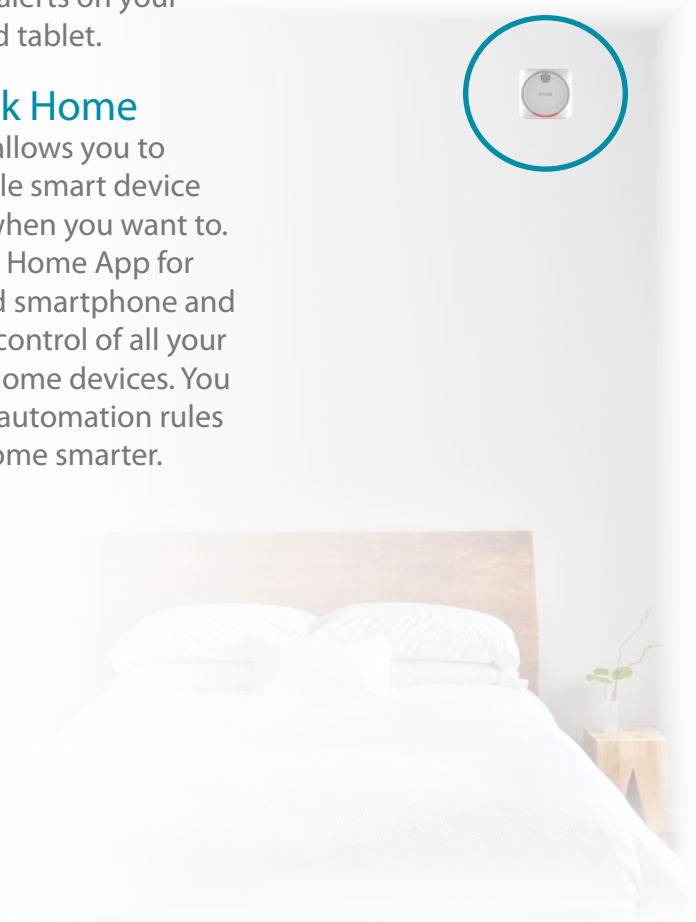

No hidden charges. Seriously.

**D.I.Y** Do-It-Yourself Simple

No Installation Fees

No Monthly Charges

## Complete your mydlink™ Home

Why not add a
Door & Window Sensor (DCH-Z110)
to detect when a door or window is opened
...or add a
Battery Motion Sensor (DCH-Z120)
to detect motion in your home
