HP Photosmart A626 Compact Photo Printer

Personalise and print photos up to 13 x 18 cm when and where you want – without a PC. Add your own creative touches with borders, messages and more using the 12 cm colour touch screen and stylus. Enhance photos via the HP Red-eye Removal button.

The HP Photosmart A626 Compact Photo Printer is designed for people who enjoy the fun of photo printing and want to get even more creative by adding captions, messages and more – without a PC – via a large and easy-to-use touch screen.

Enjoy fast, easy photo printing without a PC – view and edit via the 12 cm touch screen.
View and select your photos via the easy-to-use, 12 cm colour touch screen. Print when and where you want – at home or visiting friends – or get maximum mobility with an optional rechargeable battery[1]. Show your favourite photos as a slide show and print by simply touching the screen. Print directly from memory cards, PictBridge-enabled cameras, digital camcorders or from your PC. You can even print from camera phones with an optional HP Bluetooth adapter[2].

Create personalised photos and unique photo gifts by adding messages, borders and more.
Get creative and have great fun too! Turn photo memories into unique, customised gifts using the stylus to hand-write messages or draw on photos. Or create personalised greeting cards by choosing from a library of 200 borders, graphics and more. Tell stories with your photos – add captions, descriptions and fun comments using the on-screen keyboard – and all without a PC. Print photos to 13 x 18 cm, 10 x 15 cm, passport size and more, with or without borders.

Print instant-drying, lab-quality photos that you can handle straight from the printer.
Print instant-drying, water-resistant photos that you can pass around straight from the printer – without smudging or smearing – and get lab-quality results that will resist fading for generations[3] when you print with HP Vivera Inks on HP Advanced Photo Paper. Get the photo you intended to take – use the one-touch HP Red-eye Removal button to automatically enhance photos of friends and family before you print them, without using a PC.
