## FEC DISCLOSURE

### NO. 3: INDEX OF INDEPENDENT EXPENDITURES BY INDIVIDUALS AND RECEIPTS AND EXPENDITURES BY UNAUTHORIZED DELEGATES

#### CONTENTS:

This is the third report in the FEC Disclosure Series covering Independent Expenditures, Unauthorized Delegates and their Committees receipts and expenditures for the period January 1, 1975 through February 28, 1977. The report includes all financial activity reported by individuals making Independent Expenditures, Contributors,<sup>1</sup> Independent Expenditure Committees, Unauthorized Delegates, and Delegate Committees.<sup>2</sup> This index has been prepared with computer assistance to meet the statutory requirement that the Commission issues periodically an index of all documents (2 U.S.C. 438(a)(6)) filed. The Commission has the authority to regulate both Independent Expenditures and Delegates.

The financial figures in this index are exactly as reported by the individuals or committees and may not be complete due to pending correspondence with the individuals or committees.

#### DEFINITIONS:

An **Independent Expenditure** is an expenditure made to expressly advocate the election or defeat of a clearly identified candidate. This expenditure cannot be made "in cooperation, consultation, or concert with, or at the request or suggestion of, any candidate or any authorized committee or agent of such candidate."<sup>3</sup> The Federal Election Campaign Act Amendments of 1974 established a \$1,000.00 limitation on Independent Expenditures. In its January 30, 1976 opinion, *Buckley v. Valeo*, the Supreme Court struck down limits on the amount of money which persons may spend "independently" to advocate the election or defeat of candidates for Federal office.

An **Unauthorized Delegate** is one that receives no financial or written support from the Presidential candidate. The expenditures of Unauthorized Delegates do not count against any Presidential candidates' State or National spending limits.<sup>4</sup>

---

<sup>1</sup> A contributor, to a person other than a "political committee" or "candidate", has the same reporting obligations as one who makes an independent expenditure. 2 U.S.C. 434(e).

<sup>2</sup> This index does not include independent expenditures made by non-party related Political Action Committees or Unauthorized Single Candidate Committees.

<sup>3</sup> 2 U.S.C. 431(p), (q), and 434(e)(2).

<sup>4</sup> Federal Election Commission Record, Vol. 2, No. 3, 1976.

## REPORTING OBLIGATIONS:

### Independent Expenditures

The Federal Election Campaign Act requires that any person who makes qualified "independent expenditures" aggregating in excess of \$100 during a calendar year must file with the Commission a proper report disclosing all expenditures and itemizing each expenditure in excess of \$100. This itemization must include the identification of each person on behalf of whom the expenditure was made, the purpose of the expenditure, the date, the amount, the identity of the candidate, and the office sought, and whether the expenditure was in support of or in opposition to the candidate. In addition, every person who makes an "independent expenditure" must certify, under penalty of perjury, that such expenditure was not made with the cooperation, consultation, or coordination with the candidate or his or her agent. The Commission has prepared two methods by which persons or political committees must report their independent expenditures.

- 1) Any person, other than a political committee, must report on FEC Form 5 accompanied by a separate statement signed by the person making the expenditure so stating that it was not made in cooperation, consultation, or coordination with the candidate or his or her agent. This separate statement must be notarized. Persons must file only for reporting periods during which expenditures are made. The reports are not cumulative.
- 2) A political committee must report "independent expenditures" on FEC Schedule E which must be signed by the Committee's treasurer and must be notarized. All "independent expenditures" must be reported quarterly, and during the pre- and post-election period for which the expenditure was made.

### Unauthorized Delegates

The Commission approved on February 10, 1976, a policy statement on the application of the Act to the delegate selection process for the national Presidential nominating conventions.

The following persons are required to report:

- 1) An unauthorized delegate who spends more than \$100 for campaign communications that expressly advocate the election or defeat of a clearly identified candidate, not including costs for travel and subsistence. (An unauthorized delegate whose expenditures do not expressly advocate the election or defeat of a clearly identified candidate is not required to report.)
- 2) Any person who contributes more than \$100 in a calendar year to one or more unauthorized delegates.

In reporting, each person above will observe the following requirements:

- 1) Reports must be filed with the Commission. A short form and instructions (FEC Form No. 5) are available from the Commission.
- 2) Reports must be filed for the calendar quarter in which the \$100 threshold is exceeded (deadlines for quarterly reports are April 10, July 10, October 10) and for subsequent quarters in which further expenditures or contributions are made.

## EXPLANATORY NOTES FOR USE OF INDEX

The index being released is divided into three categories. These three categories of the index are:

- 1) Index of Disclosure Documents by Unauthorized Delegates and individuals making Independent Expenditures,
- 2) Index of Expenditures Made by Unauthorized Delegates and individuals making Independent Expenditures and candidate supported,
- 3) Candidate Index of Unauthorized delegates and individuals making Independent Expenditures.

The first category, **Index of Disclosure Documents by Unauthorized Delegates and individuals making Independent Expenditures**, lists alphabetically the individuals and committees reporting under 434(e). This part of the index lists the identification number assigned by the FEC, all reports filed with the FEC, the amount of contributions received and expenditures made, coverage dates, total number of pages, and the microfilm location of each report. The first two categories are divided into parts; the first part deals with unauthorized delegates and the second part is concerned with independent expenditures and contributions.

The second category, **Index of Expenditures made by Unauthorized Delegates and individuals making Independent Expenditures and the candidates supported**, lists alphabetically all individuals who supported, the office sought by each candidate and the aggregate amount spent on behalf of the candidate(s).

The third category, **Candidate Index of Independent Expenditures and Delegates**, lists alphabetically each Federal candidate that had expenditures made on his/her behalf and is divided into three parts, Presidential, Senate, and House. Each part lists alphabetically the names of the individuals who supported or opposed the candidate, the aggregate amount spent, the microfilm location and totals for each candidate.

Two individuals making independent expenditures were in opposition of a candidate. An asterik (\*) will appear after their names. The negative figures were included in the candidates' totals.
