Conciliation Agreement

Prepared by Robert I. Bogin:ano 2/4/81

RB 2/4

BEFORE THE FEDERAL ELECTION COMMISSION

In the Matter of )  
 ) MUR 944 (79)  
Crane for President )

CONCILIATION AGREEMENT

This matter having been initiated by the Federal Election Commission ("Commission"), pursuant to information ascertained in the normal course of carrying out its supervisory responsibilities, an investigation having been conducted after the Commission found reason to believe that the Crane for President Committee ("Committee") violated 2 U.S.C. § 441a(f),<sup>\*/</sup> former § 434(b)(2), former § 434(b)(6), former § 434(b)(12) and former 11 C.F.R. § 104.8(a) and § 110.4(c)(3);

NOW, THEREFORE, the Commission and the Committee, having duly participated in informal methods of conciliation, do hereby agree as follows:

\_\_\_\_\_  
\*/ Unless otherwise noted, all citations in this agreement refer to the Federal Election Campaign Act, as amended and to Commission regulations, both as codified prior to January 8, 1980.

81040233127

- I. The Commission has jurisdiction over the Committee and the subject matter of this proceeding, and this Agreement has the effect of a conciliation agreement under 2 U.S.C. § 437g(a)(4)(A).
- II. Respondent has had a reasonable opportunity to demonstrate that no action should be taken in this matter.
- III. Respondent enters voluntarily into this Agreement with the Commission.
- IV. The pertinent facts in this matter are as follows:
  - A. The Committee is the principal campaign committee for a candidate seeking the Republican nomination for election to the Office of President.
  - B. A review of the Committee's 1978 Year-End, 1979 April 10 and July 10 reports filed with the Commission was routinely undertaken by the Reports Analysis Division. In addition, an audit of the Committee was routinely undertaken pursuant to 26 U.S.C. § 9038(a) covering the Committee through April 3, 1980.
  - C. The review of the 1978 Year-End, 1979 April 10 and July 10 reports disclosed that the Committee apparently accepted contributions from twenty individual contributors which in the aggregate exceeded \$1,000 per individual. No

81010233129

single contribution exceeded \$1,000. The total amount of the excess was \$10,300.

- D. In February and March, 1980, the Committee amended its reports to disclose that the apparently excessive contributions were to be allocated to the contributor's spouse in 10 instances. In addition, the reports were amended to disclose that the Committee had refunded to the ten remaining contributors that portion of their contribution in excess of \$1,000. The amount of the refunds totalled \$5,950.
- E. The reason for the Committee's acceptance of aggregate contributions in excess of \$1,000 from certain individuals was the Committee's failure to merge its computerized contributor data. Such merging occurred for the first time in November 1979. The Committee has subsequently merged its contributor data and has instituted procedures for screening and verifying aggregate contributions in excess of \$1,000 from any individual. The Committee has also verified forty other instances of apparent excessive aggregate contributions which were identified by Commission auditors.

81040233129

The total value of the excessive portions was \$23,865. Refunds were made totalling \$7,385. In all other instances, the excess portion of any contribution was allocated to the original contributor's spouse with the consent of that spouse. The Committee's reports were amended to reflect both the refunds and the allocations in conjunction with the auditors' recommendation in "Finding A" of the Interim Report of the Audit Division on Crane for President Committee, dated August 20, 1980.

- F. During the review of the Committee's contribution records, the Audit staff noted 71 contributions, each in excess of \$50, listed on the Committee's data base as "I Am Anonymous." The total value of the excessive portions over \$50 was \$7,832.50. In reviewing the Committee's source documents, the Audit staff was able to identify the contributors for 22 of these contributions, totalling \$3,850.00 of the excessive portion. However, the Audit staff could not identify the contributors for the remaining 49 apparent anonymous contributions, totalling \$2,982.50 (excessive portion).

31040233430

- 81040233431
- G. The Committee has amended its reports to delete the remaining "I.M. Anonymous" entries. Deletions were made after the Committee learned that staff may have arbitrarily recorded non-existent contributions as anonymous in order to reconcile collection and processing records.
  - H. The Committee failed to disclose fundraising activity on the proper schedule as part of its 1979 July 10 report. The Committee subsequently amended its report.
  - I. The Committee did not continuously report outstanding debts and obligations in its 1978 Year-End, 1979 April 10 and July 10 Reports filed with the Commission. The Committee amended these reports in November, 1979.

WHEREFORE, Respondent and the Commission agree that:

- V. Respondent's acceptance of individual contributions which in the aggregate exceeded \$1,000 per individual is in violation of 2 U.S.C. § 441a(f).
- VI. Respondent's failure to identify each contributor of more than \$100 is in violation of 2 U.S.C. § 434(b)(2).

9104023132

- VII. Respondent's failure to disclose fundraising activity on Schedule D-P is in violation of 2 U.S.C. § 434(b)(6) (repealed).
- VIII. Respondent's failure to continuously report outstanding debts and obligations is in violation of 2 U.S.C. § 434 (b)(12) and 11 C.F.R. § 104.8(a).
- IX. Respondent contends that none of the violations were knowing or willful. The Commission has not found any of the violations to be knowing or willful.
- X. The Committee will pay a civil penalty of \$2,500 to the United States Treasury pursuant to 2 U.S.C. § 437g(a)(5)(A).

GENERAL CONDITIONS

- XI. The Commission, upon request of anyone filing a complaint under 2 U.S.C. § 437g(a)(1), concerning the matters at issue herein, or on its own motion, may review compliance with this Agreement. If the Commission believes that this Agreement or any requirement thereof has been violated, it may institute a civil action for relief in the United States District Court for the District of Columbia.
- XII. It is further agreed that the Conciliation Agreement is entered into in accordance with 2 U.S.C.

§ 437g(a)(5)(A), and that this Agreement, unless violated, shall constitute a complete bar to any further action by the Commission with regard to the matters set forth in this Agreement.

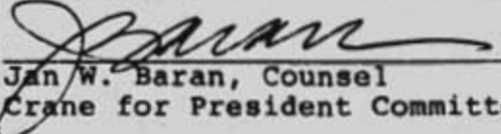

XIII. It is mutually agreed that this Agreement will become effective on the date that all parties hereto have executed the same and the Commission has approved the entire Agreement.

XIV. It is agreed that respondent shall have no more than thirty (30) days from the date that this agreement becomes effective to comply with and implement the requirement contained in this Agreement and to so notify the Commission.

MUR 944

RECEIVED  
 OFFICE OF THE  
 COMMISSION SECRETARY

80 JUL 2 AIO: 10

GENERAL COUNSEL'S REPORT

On December 19, 1979, the Commission found reason to believe that twenty individuals violated 2 U.S.C. § 441a(a) (1)(A) by making contributions to the Crane for President Committee (Committee) in an amount in excess of the contribution limit. Based on the responses from these individuals and from the amended reports filed by the Committee, it can be determined that ten of these individuals requested and received refunds for their excessive contributions<sup>\*/</sup> while the remaining ten individuals claimed that their contributions were from themselves and their spouse.

In their responses to the Commission's finding, those individuals who received a refund stated various reasons why they made excessive contributions. (Attachment I, 3 sample responses). Some stated that they had made a mistake, others

---

\*/ The following is a list of the ten individuals requesting a refund and the total amount contributed to Crane for President Committee:

1. Mrs. Jane A. Kuppenheimer - \$2,000
2. Mr. Tathall L. Hill - \$1,500
3. Mrs. Janet Coors - \$1,500
4. Mrs. Brooke F. Cadwallader - \$1,200
5. Mr. Jerry D. Brown - \$1,500
6. Dr. Robert W. O'Brien - \$1,500
7. Mrs. John G. Lincoln - \$1,700
8. Mrs. Anne Lehann - \$1,700
9. Mr. Frank G. Darlington - \$1,950
10. Mr. John Baker - \$1,500

81040233197

stated they were ignorant of the law or had been given misinformation. Although ignorance of the law or misinformation as to the limitations are not sufficient excuses, the Commission may take these factors into account insofar as they demonstrate that the contributors did not knowingly or willfully violate the law. Additionally, all the transactions have been reversed, and it appears that in some instances the excessive contributions remained outstanding due to the committee's failure to make timely refunds. (Recommendations concerning the Committee are contained in a separate report).

It is important that contributors be aware of and abide by the contribution limitations which have been in effect for three election cycles. However, for the reasons discussed above, we recommend that no further findings be made against the contributors, but that letters of notification be sent informing the contributors of their responsibility under the law towards prevention of further violations. (Attachment II - sample letter).

A review of the responses from those individuals claiming that their contribution was to be considered as having been made from both husband and wife show that the requirement of 11 C.F.R. § 104.5(e)<sup>\*\*/</sup> had not been met. 11 C.F.R. § 104.5(e) requires that a contribution which represents contributions by more than one person shall indicate on the written instrument or on an accompanying writing signed by all contributors, the amount to be attributed to each contributor. By failing to comply initially with this requirement, respondents have

---

<sup>\*\*/</sup> Now, cited as 11 C.F.R. § 104.8(d) in the amended Regulations.

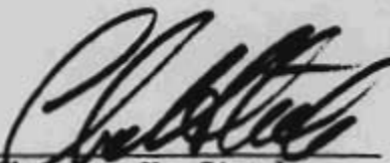

9104033198

violated the contribution limits of the Act. However, subsequent action by the respondents has resulted in substantial compliance with the § 104.5(e) requirement. Thus, this Office recommends that no further action be taken in this matter and a letter of notification be sent, a copy of which is attached to this report (Attachment III).

Recommendation

Take no further action in this matter against the above-noted contributors and approve the sending of letters to all respondents.

Mr. Robert Bogin,  
FEDERAL ELECTION COMMISSION,  
1325 K Street N.W.,  
WASHINGTON, D.C. 20463.

Dear Mr. Bogin:

As I told you over the telephone last week, on January 11, 1979 I gave Philip M. Crane \$1,000 to help his campaign for election to the Presidency of the United States. This was the first time I ever became involved in Politics. I knew then that an individual should not contribute any more to the same campaign, and was glad that I would have no further calls.

On March 27th I recieved a solicitation from the Crane for President Committee and in reply sent them a check for \$50. I was surprised that I was solicited but assumed that they knew what they were doing. This assumption I felt was reasonable as I received another solicitation on April 14th and sent \$500. Ditto on June 4th for \$150. The same on June 27th for \$250. Grand Total: \$950.

My next communication from the Committee came two or three or more weeks later (I kept no record) and it told me that I had exceeded the allowable contribution from an individual. It further said that I could transfer the ~~base~~ the contributions in excess of \$1000 to Mrs. Darlington or they would refund the entire sum. I asked them to refund the money and have waited for the check ever since.

However, I called the Committee last week and a young lady assured me that the check would reach me this week and apologized for the delay. I think Mr. Crane's organization is composed of amateurs like myself.

Believe me,

Sincerely,

*Frank G. Darlington*

Re: MUR 944 (79)

Dear Mrs. Lehann:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,700 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. If you have any questions, please contact Robert Bogin, the attorney assigned to this matter, at (202) 523-4073.

Sincerely,

Dear Mr. Steele,

I am responding to  
letter MUR 944 that you  
brought to my attention.

In 1978 I sent \$1000.00  
to Crane for President Committee.  
Again in 1979 another \$1000.00  
thinking that one could give  
the limit each year. The  
Crane Committee advised me  
this was not the case and in  
Sept. returned \$1000.00. If you  
will contact the committee  
I am sure they will send you

MEMORANDUM

TO: The Commission

FROM: Charles N. Steele  
General Counsel *CS*

SUBJECT: MUR 944 - Proposed Informal Conciliation Agreement

During 1979, the Commission found reason to believe that the Crane for President Committee ("Committee") violated 2 U.S.C. § 441a(f), §§ 434(b)(2), (6) and (12) and 11 C.F.R. §§ 104.8(a) and 110.4 (c)(3). The Commission made its findings after numerous referrals for additional information in connection with the 1978 year-end 10 April and 10 July 1979 reports went unheeded.

In January, 1980, after the Committee retained new counsel, amendments were made to the Committee's reports. Presently, the Committee is in substantial compliance with the Act. However, the Committee recognizes that its prior failure to properly report and refund excessive contributions was in violation of the Act.

In light of the Commission's findings, counsel for respondent in a letter dated May 1, 1980 indicates a desire to enter into negotiations directed towards reaching a conciliation agreement. Thus, pursuant to 11 C.F.R. § 111.18(d), attached is a proposed conciliation agreement that this Office recommends the Commission authorize be sent to respondent. The proposed conciliation agreement contains admissions of violations and a civil penalty in the amount of \$2,500.

Recommendation

Approve the proposed conciliation agreement and authorize the General Counsel to send the attached letter to respondent.

Re: MUR 944

Dear Mr. Bogin:

This letter is pursuant to our recent telephone conversations regarding my client, The Crane for President Committee, Inc. ("Committee"), and the above-captioned Matter Under Review ("MUR"). I will address what appears to be the only outstanding substantive issue in MUR 944. Specifically, you have requested information concerning certain itemized contributions disclosed by the Committee on reports filed with the Federal Election Commission ("FEC" or "Commission") for the last calendar quarter of 1978 and the first calendar quarter of 1979. These contributions were disclosed as receipts from "I.M. Anonymous" or "Anonymous."

The Committee has previously made attempts to research and explain this reporting discrepancy. On November 28, 1979, a former treasurer, Mr. Jerry Harkins, wrote to the FEC and explained that "erroneous and confusing" computer programming was responsible for this misidentification of apparent anonymous contributions. Mr. Harkins indicated in the same letter that the Committee was successful in identifying three contributors previously reported as anonymous, and amended the Committee's reports accordingly.

The Committee staff, at the direction of the present treasurer, Ms. Victoria Tigwell, researched this matter further. After reviewing the Committee's records including

015132310

Robert I. Bogin, Esquire  
May 1, 1980  
Page Two

microfiche contributor history, photocopies of contributor checks, bank deposit slips and data processing batch records, the Committee was able to identify one individual who had been reported as anonymous and who had contributed over \$100. This individual was disclosed in an amendment to the appropriate report. (Copy of amendment enclosed). Four other contributors of \$100 or less were verified with respect to four individuals and added to the Committee's records.

The remaining contributions depicted as "I.M. Anonymous" or "Anonymous" could not be verified by Committee records. It appears that these itemized entries do not represent any receipts actually received by the Committee. All receipts for a particular day in the amount reported as anonymous are otherwise accounted for. The Committee's research further indicates that the Committee's FEC reports accurately reflect the campaign's financial activity as verified by bank deposit slips.

A representative of the computer vendor which services the Committee has indicated that the unverified entries may be in part the result of erroneous programming or data entry. The representative added that clerical errors are a more probable reason for their presence on reports. Specifically, there are indications that clerical staff which processed contributions during this period may have arbitrarily recorded non-existent contributions as "anonymous" in order to reconcile collection and processing records (batch records). This clerical staff was employed by a former vendor that had been retained by the Committee for the purpose of "caging" direct mail contributions. On the basis of this information the Committee has amended its reports by striking from its pertinent Schedule A's all items listed as "Anonymous" or "I.M. Anonymous," and adding the individual contribution previously mentioned. If the Committee comes into possession of any further information regarding "anonymous" contributions it will amend its reports accordingly.

The submission of this data concludes several months of efforts by my client to take steps that the Commission and its staff deemed necessary to resolve MUR 944. These efforts have been undertaken voluntarily and in good faith. The Committee sincerely regrets any delays in the past in responding to Commission inquiries. As you know, however,

8104033511

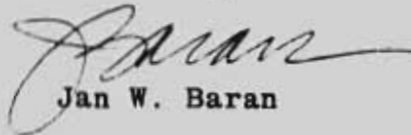

Robert I. Bogin, Esquire  
May 1, 1980  
Page Three

the Committee has had numerous staff changes during the campaign, including five different treasurers. The Committee does not anticipate any further disruptions of this sort.

My client has authorized me to inform you of its desire to enter into negotiations directed towards final resolution of MUR 944, including a conciliation agreement. Of course, my client does not waive any rights it may have under the Act including, but not limited to, its right to file a written brief in its behalf, pursuant to 2 U.S.C. §437g(a)(3) (Supp. III 1979), in the event negotiations are unsuccessful.

I will await notice from you as to when you wish to commence negotiations.

Sincerely,

Jan W. Baran

INTERIM INVESTIGATIVE REPORT #4

The Commission has made several reason to believe findings that the Crane for President Committee violated various provisions of the Act. These findings arose from inadequate responses to Requests for Additional Information sent by the Reports Analysis Division.

In the past few weeks, after a meeting with newly retained counsel, the Committee has filed comprehensive amendments to its reports. Counsel has informed members of this office that after all the amendments have been filed, the Committee would initiate informal conciliation efforts.

In addition, the Commission found reason to believe that various individuals violated 2 U.S.C. § 441a(a)(1)(A) by making excessive contributions to the Crane for President Committee. Most of the individuals have responded to the Commission's letter of notification. We are in the process of analyzing these responses and will make the appropriate recommendations in the next report.

Re: Mrs. Janet Coors - MUR 944 (79)

Dear Mr. Bogin:

Pursuant to our telephone conference this afternoon, this letter is to confirm that the undersigned, who represent Mrs. Coors in her estate affairs, have looked into the matters raised in your letter to her of January 30, 1980.

Mrs. Coors, we are certain, is unaware of the campaign limitations. In any event, we assure you that this lovely lady would not willfully or knowingly violate any law. She did however write a number of checks with respect to Senator Crane's Campaign for President. We have determined these exactly for 1979 from her CPA as follows:

<u>Date of Check</u>	<u>Payee</u>	<u>Amount</u>
1-11-79	Crane Advisory Committee	\$500
2-05-79	Crane for President	25
3-19-79	Congressman Crane	500
3-30-79	Crane for President	500
5-05-79	Crane for President	100
6-05-79	Crane for President	60
	Total	\$1,685

Apparently, Mrs. Coors also wrote a check to Senator Crane's campaign in 1978 as well for \$500 for which she has received a refund from the Crane Committee for \$1,185--a copy of the refunding check is enclosed.

05:64 82 MAR 28 1980

We have called the Federal Election Campaign Act to Mrs. Coors

attention and we are certain that, having been so apprised, there will be no further infractions.

Mrs. Coors regrets the delay in answering your letter of January 30th, but as indicated by Mrs. Iole Taylor's letter of February 8, 1980, she has been traveling until just recently.

If we can be of further assistance please advise.

Dear Sir:

Please find enclosed a copy of the letter I recently received along with a \$500.00 refund check from the Crane Campaign Headquarters.

I was not coerced or solicited by any of the Crane for President committee to over-contribute. I made a simple mistake, due to the fact that I contributed at two (2) different times.

Re: MUR 944

Dear Mr. Bogin:

Enclosed please find a copy of a letter signed by Victoria Tigwell, Treasurer of the Crane for President Committee, Inc. The letter accompanied amendments filed on March 17, 1980. Some of these documents may be pertinent to the above-captioned Matter Under Investigation.

In particular, additional contributor information was supplied. As I have stated to you before, the additional contributor information stems from an automated system by which the Committee stores and updates contributor data. The Committee is willing to provide this updated information to the Commission in the form of amendments. However, it must be made clear that such amendments are not statutorily required and go beyond the "best efforts" requirements of the Act.

I will be in contact with you shortly in order to discuss remaining outstanding issues in MUR 944.

Sincerely,

Jan W. Baran

WASHINGTON, D.C. 20463

MEMORANDUM TO: Charles Steele  
FROM: Gary Christian *GC*  
SUBJECT: ETHICS: Jan Baran's Representation of  
Respondent in MUR 944  
REFERENCE: Baran Letter of 2/11/80

Facts

3171023529  
Jan Baran was employed as Executive Assistant to Commissioner Joan Aikens until May 30, 1979. MUR 944 was initiated on the basis of a referral to OGC by the Reports Analysis Division on April 12, 1979. A First General Counsel's Report was not sent to the Commission until June 18, 1979, after Mr. Baran's departure. The February 5, 1979, finding referred to in Mr. Baran's letter was a routine RTB notice sent by RAD over then-Chairman Joan Aikens' signature for failure to respond to a Request For Additional Information. At the time such letters were circulated to the Commission on a no-objection basis and a single circulation might have included a number of candidates and committees.

Applicable Law and Regulation

18 U.S.C. § 207 governs appearances by former employees on behalf of persons other than the United States. The statute was amended by the Ethics in Government Act of 1978 (Pub. L. 95-521) but, by sections 502 and 503 of that act, the amendments do not apply to former employees who left government service prior to July 1, 1979, as did Mr. Baran. The requirements of 18 U.S.C. § 207 prior to amendment [76 Stat. 1123 (1962)], however, continue to be applicable to such former employees.

§ 9 of the FEC Code of Ethics places certain restrictions on appearances of former Commission employees which are discussed below.

A. Former 18 U.S.C. § 207 [76 Stat. 1123 (1962)]

As in force prior to the Ethics Act amendments, 18 U.S.C. § 207 contained two basic prohibitions possibly applicable in this case. Subsection (a) contained a permanent prohibition against a former employee's acting as "agent or attorney" for anyone other than the United States "in connection with any judicial or other proceeding ... or other particular matter involving a specific party or parties in which the United States is a party or has a direct and substantial interest" and in which he participated "personally and substantially as an officer or employee, through decision, approval, disapproval, recommendation, the rendering of advice, investigation, or otherwise while so employed ... ." There was a similar one year prohibition in subsection (b) against appearing as agent or attorney for anyone other than the United States in connection with a proceeding or particular matter which was under the former employee's "official responsibility" within a period of one year prior to termination of such responsibility.

B. FEC Code of Ethics, § 9

§ 9(a) of the Code of Ethics prohibits a former Commission employee from practicing before or acting as attorney or representative in connection with any proceeding or matter before the Commission which such person handled, investigated, advised or participated in the consideration of while in the service of the Commission. § 9(b) imposes a one year prohibition on representation in connection with a matter over which the former Commission employee "had direct administrative responsibility or operating authority to approve, disapprove, or otherwise direct Government action."

Analysis

It appears that the only involvement Mr. Baran might have had in the inquiries which developed into MUR 944 would have been knowledge of the February 5, 1979, RTB notice and failure to recommend Commissioner Aikens object to it. Given the routine nature of the letter, this would not rise to the level of personal and substantial participation in MUR 944 required by former 18 U.S.C. § 207(a). Nor would this appear to run afoul of § 9(a) of the Code of Ethics since the Commission did not, in fact, "consider" the matter but merely followed an established procedure for dealing with a failure to respond to an RFAI.

Since Executive Assistants can only recommend a course of action to their Commissioners, there would not appear to be the decisional authority in connection with MUR's required by the "official responsibility" standard of 18 U.S.C. § 207(b) or the "administrative responsibility or operating authority" standard of § 9(b) of the Code of Ethics.

Conclusion

Mr. Baran's representation of the respondent in MUR 944 does not violate former 18 U.S.C. § 207 or § 9 of the FEC Code of Ethics.

*I agree with this conclusion.*

Charles N. Steele, Esquire  
General Counsel  
Federal Election Commission  
1325 K Street, N. W.

Dear Mr. Steele:

This letter memorializes the conversation which Bill Schweitzer and I had with you and others of your staff on Friday morning, February 8, 1980. On that occasion, Mr. Schweitzer and I met with your staff as counsels for the Crane for President Committee in connection with Matter Under Review 944 (MUR 944). I was retained by the Committee on January 22, 1980, to represent them in response to a Commission "reason to believe" notice of January 16, 1980. 2 U.S.C. §437g. After I investigated the facts relating to this MUR it came to my attention that one of the outstanding issues in MUR 944 was commenced on February 5, 1979. As you know, I was at that time employed by the Commission as an Executive Assistant.

In your capacity as Ethics Counselor, I hereby wish to reduce to writing the following representations which I made to you on February 8. First, I have no knowledge or recollection of having handled, investigated, advised or participated in the consideration of MUR 944 while I was an FEC employee. Furthermore, it is my belief that I did not have any direct administrative responsibility or operating authority to approve, disapprove or otherwise direct Government action in regards to MUR 944 during such time as I was an employee of the FEC.

Very truly yours,

Jan W. Baran

February 27, 1980

Mr. William Coppel  
Federal Election Commission  
1325 K Street, N. W.  
Washington, D. C. 20463

Dear Mr. Coppel:

This letter supplements my letter of February 1, 1980, and is intended to respond fully to the Request for Additional Information (RAFI) dated January 18, 1980. This letter and the attached schedules and other documents constitute amendments to various reports previously filed by the Crane for President Committee, Inc. The specific inquiries which were raised by the RAFI and to which we respond are the following.

1. Individual Contributions

The RAFI requests information relating to eight individuals itemized on the report of October 10, 1979. At that time these contributors appeared to have exceeded the contribution limits. Please be advised that with respect to these and other types of contributions which may require verification, the Committee has adopted a procedure pursuant to §103.3(b)(2) of the FEC regulations. Specifically, contributions are deposited within 10 days, and subsequent written inquiries are initiated to ascertain the propriety of the contribution. As a result of this procedure, we report the following:

- a. Six individuals have responded to our inquiries with signed authorizations from their spouses which direct the Committee to attribute in part the prior contributions to the respective spouses. This has been done and some of these individuals appeared in the amendments to the Committee's reports which were filed on February 15, 1980. Those contributions related to Mr. Carl Breuer, Mr. Robert Graham, Mr. Conway Ivy, and Mr. Walter Kozial. Attached please find similar amendments for Mr. Martin Wick and Mr. Clyde Sluhan.

917472334

Mr. William Coppel

- b. Two individuals responded to the Committee's inquiry and refunds were necessary. On February 6, 1980, refunds were sent to Mr. Frank G. Darlington and Mrs. Frank Seaver. These refunds will be disclosed on the appropriate report, due March 20, 1980.

2. Apparent Corporate Contribution

On February 1, 1980, I notified you that a contribution of \$200, previously reported as a contribution from the Highland Supply Corporation, had been refunded. The refund check was subsequently returned to us, voided, with a letter from Ms. Wanda Weder, 3064 Small Canyon Drive, Highland, California. Ms. Weder has assured us in writing that this contribution was a personal contribution, and a photocopy of her cancelled check clearly indicates that the contribution was made from a personal checking account. Ms. Weder is an employee of Highland Supply Corporation. We hereby amend our reports accordingly.

3. Occupation and Principal Place of Business

The RFAI requests additional information regarding occupation and principal place of business of itemized contributors. Please be advised that this information is requested by the Committee on at least two occasions. First, the information is specifically requested at the time the individual is solicited. (Sample request forms used during the second and third quarters of 1979 are enclosed). Second, if a contributor omits any required information at the time he or she makes a contribution the Committee sends another separate request for the information. (A copy of the postcard which is sent to these contributors is enclosed.) When the contributor returns this card to the Committee the additional information is entered into the Committee's computerized contributor file. The Committee then periodically runs a printout of the updated contributor information and files this data with the Commission as an amendment. This was most recently done on November 28, 1979. The Committee intends to file a similar amendment on or about March 4, 1980.

4. Designated Contributions

Attached please find an amended Schedule A-P, with respect to three contributions. The Committee records do not reflect any contribution from the following conduits: N.Y. Telephone Federal PAC, LTV Corp./Vought Corp. Action Citizen Campaign, General Dynamics Corporation Voluntary Political Contribution Plan, and Libby-Owens-Ford PAC.

5. Transfers from Political Committees

Attached please find amended Schedules B-P with respect to certain transfers inadvertently omitted from prior reports. With respect to the other alleged transfers mentioned in the RFAI please be advised of the following.

- a. The Committee has found no record of any transfer from the following entities:  
American Youth for Phil Crane, Assemblyman Dellibovi for Congress Committee, Concerned Citizens Fund, ARCO (May), Libby-Owens-Ford PAC, and Mortgage Insurance PAC.
- b. The Committee has no record of any transfer from Dean PAC. A representative of that committee has informed me that a transfer similar to the one referred to in the RFAI was made to a local party committee in Kansas City, Mo., in conjunction with a Republican function at which Congressman Crane was a guest speaker.
- c. The Committee has no record of a transfer from the J. C. Nichols Company PAC. A representative of that committee has informed me that the PAC had reported such a transfer, but it had been voided and never sent.

6. Debts and Obligations

Attached please find amended Schedules C-P regarding the previously reported debts owed to Prep Inc. and Barnett, Alagia & Carey.

7. Fundraising Events

Attached please find amended Schedules D-P regarding fundraising events during the second and third quarters of 1979.

8. Apparent Refunds

The RFAI requested additional information regarding two apparent refunds noted on the April 10, 1979 report. The Committee's records do not reflect any such refund at that time.

8104023536

Mr. William Coppel  
February 26, 1980  
Page Four

However, please be advised of the following:

- a. The Committee's amendment of February 15, 1980, includes new information with respect to contributions from Mr. and Mrs. Bob Perry.
- b. The Committee made a refund to Mrs. Anne Lehmann on February 6, 1980, which will be reported on the appropriate Committee report, due March 20, 1980.

I hope that this response satisfactorily addresses all the questions raised by the RFAI.

Sincerely,

*Victoria Tigwell*

Re: MUR 944

Dear Mr. Begin;

I received your letter dated January 30, 1980 and February 12, 1980 as I was on vacation and my mail was being forwarded to me by a relative. I phoned your office on the 12th and left a message with your secretary that I would be in contact with you at the end of the month when I returned home.

Regarding the \$1500.00 contributed to the Crane For President Committee, \$1000.00 was contributed by me and \$500.00 was contributed by my wife M. Phyllis Louis.

I talked to Mr. Jan Baran at the Crane For President Committee office and he informed me that the committee records will be amended to reflect this information.

I hope this new information will be helpful to the commission.

Sincerely,

*Edward A. Louis*

Re: MUR 944

Dear Mr. Gross:

Enclosed please find a copy of the amendments and additional information filed by the Crane for President Committee, Inc. with the Federal Election Commission last Friday, February 15, 1980. This filing was made pursuant to our meeting of February 8, 1980, and addresses the issues raised at that time by Mr. William Coppel with respect to the Committee's most recent report, filed January 31, 1980. The Committee anticipates filing additional amendments this week with respect to matters outstanding in MUR 944, and the staff's Request for Additional Information dated January 18, 1980.

All these amendments should be filed within the time stipulated at our meeting of February 8. I wish to reiterate the Committee's desire to provide to the staff all data available and required by the Act. Furthermore, the Committee wishes to expeditiously resolve all the issues raised by MUR 944.

Sincerely,

Jan W. Baran

Re: Crane For President Committee, Inc.  
Amendments

Dear Mr. Coppel:

Pursuant to our telephone conversation, and discussions between you and the Committee's counsel, I am submitting the attached documents as amendments to the Crane For President Committee's reports. Most of this information pertains to the year-end 1980 report, which covers the period October 1, 1979, to December 31, 1979. The specific amendments relate to the matters itemized as follows:

1. Schedule C-P

Attached please find FEC Schedule C-P reflecting debts and obligations for the fourth quarter of 1979. This information was inadvertently omitted from the last report filed by the Committee.

2. Form 3Pc

Attached please find FEC Form 3Pc relating to state-by-state allocation of expenditures for the fourth quarter of 1979. The amendment does not reflect aggregate year-to-date totals. However, the Committee anticipates filing additional amendments, which will include this information, within the next week.

3. Schedule D-P

Attached please find Schedule D-P relating to fundraising events on behalf of the Crane For President Committee during the fourth quarter of 1979. Please be advised that similar schedules with respect to other reports will be filed within the next week.

4. Schedule A-P

Attached please find additional information amending Schedule A-P relating to itemized receipts during the fourth quarter of 1979. This information concerns the following:

- a. The Committee inadvertently omitted information relating to the receipt of a loan from the Citizens State Bank of Donnellson, Iowa; and
- b. Additional information is also provided with respect to previously reported contributions which appeared to have exceeded the statutory limit. This new information reflects the redistribution of certain contributions between spouses.

In regard to Schedule A-P I wish to describe the procedure which the Committee uses in obtaining information from contributors. As permitted by FEC regulations, the Committee sends inquiries to contributors who may have made aggregate contributions in excess of the limits. Oftentimes the contributor informs the Committee in writing that contributions were intended to be attributed to both spouses. Unless so notified the Committee will refund any excess portion of a contribution. Refunds relating to contributions reported in 1979 will be reflected in future reports.

With respect to the reporting of the contributors' occupation and principal place of business, please be advised that this information is requested on at least two occasions. First,

81040233678

William Coppel, Esquire  
February 15, 1980  
Page Three

the information is specifically requested at the time the individual is solicited. (Sample request form used during the fourth quarter of 1979 is enclosed.) Second, if a contributor omits any required information at the time he or she makes a contribution the Committee sends another separate request for the information. (A copy of the postcards which are sent to these contributors is enclosed.) When the contributor returns this card to the Committee the additional information is entered into the Committee's computerized contributor file. The Committee then periodically runs a printout of the updated contributor information and files this data with the Commission as an amendment. This was most recently done on November 28, 1979. The Committee intends to file such an amendment with respect to the fourth quarter of 1979 on or about March 4, 1980. Please be assured that the Crane For President Committee has and will continue to make its best efforts to obtain and report this information.

Sincerely,

*Victoria Tigwell*

Dear Mr. Steele:

This letter memorializes the conversation which Bill Schweitzer and I had with you and others of your staff on Friday morning, February 8, 1980. On that occasion, Mr. Schweitzer and I met with your staff as counsels for the Crane for President Committee in connection with Matter Under Review 944 (MUR 944). I was retained by the Committee on January 22, 1980, to represent them in response to a Commission "reason to believe" notice of January 16, 1980. 2 U.S.C. 5437g. After I investigated the facts relating to this MUR it came to my attention that one of the outstanding issues in MUR 944 was commenced on February 5, 1979. As you know, I was at that time employed by the Commission as an Executive Assistant.

In your capacity as Ethics Counselor, I hereby wish to reduce to writing the following representations which I made to you on February 8. First, I have no knowledge or recollection of having handled, investigated, advised or participated in the consideration of MUR 944 while I was an FEC employee. Furthermore, it is my belief that I did not have any direct administrative responsibility or operating authority to approve, disapprove or otherwise direct Government action in regards to MUR 944 during such time as I was an employee of the FEC.

Very truly yours,

Jon W. Baren

Re: MUR 944

Dear Mr. Steele:

Enclosed is a copy of a letter from Crane for President Committee which I received several days ago. I was delighted to receive the refund, and I should have written you immediately, but this has been a week-and-a-half kind of week.

The committee must have received a letter from you about the same time your letter arrived here. I thank you.

Please let me know if this problem now is rectified.

Yours truly,

SUBJECT: Amendment to Interim Investigative Report #3

On February 5, 1980, the Commission disapproved the Office of General Counsel's Interim Investigative Report #3, and directed that it be redrafted. The Office of General Counsel has reviewed the report and agrees that the use of the word "uncovered" to describe information discovered by the Reports Analysis Division during its regular review of reports might convey a connotation of an undercover investigation rather than routine review.

The Office of General Counsel has accordingly redrafted its report and has substituted the word "obtained" in the two places the word "uncovered" appeared.

INTERIM INVESTIGATIVE REPORT #3

91040233729

On December 19, 1979, the Commission by a 3-2 vote failed to pass a motion to find reasonable cause to believe that the Crane for President Committee violated 2 U.S.C. §§ 441a(f), 434(b)(2), 434(b)(12), and 11 C.F.R. §§ 110.4(c)(3) and 104.8(a). Additional information concerning these matters has been obtained by the Reports Analysis Division during a review of the Committee's July and October 1979 quarterly reports. The information obtained appears to indicate that the Committee continues to accept excessive contributions in violation of 2 U.S.C. § 441a(f) and fails to continuously report debts and obligations in violation of 2 U.S.C. § 434(b)(12). In light of these findings we will make a recommendation to the Commission that it find probable cause to believe that violations of the Act have occurred. A brief is being prepared so that this matter may proceed.

RE: Mr. Brooke F. Cadwallader  
Your Matter No. MUR 944

Dear Mr. Steele:

Reference is made to my letter to your office dated February 4, 1980 with regard to the referenced matter.

The purpose of this letter is to supplement my letter of February 4, 1980 by providing copies of a letter from the Crane for President Committee to Mr. Cadwallader dated February 6, 1980. Attached to the February 6, 1980 letter is a copy of a check in the amount of \$200.00 payable to Mr. Cadwallader's order. As stated in the enclosed letter, the \$200.00 check represents a refund to Mr. Cadwallader of his excess contribution made to the Crane Committee in 1978.

We would appreciate your consideration of the enclosures together with the information provided in my letter of February 4, 1980. We would again the Commission to consider not taking any further action against Mr. Cadwallader as the information produced clearly indicates that the excess contribution was inadvertently made. Please do not hesitate to contact the undersigned if additional information is needed.

Very truly yours,

Re: MUR 944 (79)

Dear Mr. Hennessey:

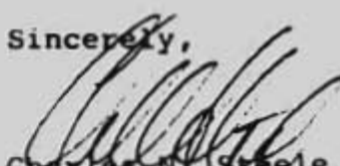

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,250 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. If you have any questions, please contact Robert Bogin, the attorney assigned to this matter, at (202) 523-4073.

Dear Mr. Steele:

Re: MUR 944 (79)

I have received your letter of January 30, 1980 (received February 4, 1980) and I am sorry that there has been some confusion over my contribution to the Crane for President Committee.

This arose because in March, 1979, while attending a banquet for Mr. Crane, I contacted one of his aides—who is now no longer with his organization—who answered affirmatively when asked if it would be proper for a contribution from my wife to be given by putting a notation on the check that the contribution was, in fact, from her. On his advice that this was a perfectly proper method, a check was submitted with a notation on it. Enclosed please find a photostatic copy of the check in question.

The Crane Committee has now, of course, been notified that this has not met with the approval of the Federal Election Commission and they have refunded to me that portion of the contribution which was in excess of the limit. A copy of that check will be found enclosed.

Again, I was assured at the time that the contribution was made that the method was perfectly proper and I acted accordingly.

I would very much appreciate a note informing me if this matter is satisfactorily concluded.

Very truly yours,

Your No. MUR:944

Dear Mr. Bogin:

This is in response to a letter dated January 30, 1980 from the Commission's General Counsel addressed to my client, Mr. Foster G. McGaw, stating that the Commission is investigating the matter of contributions in the amount of \$2,000 to the Crane for President Committee as a possible violation of the Federal Election Campaign Act of 1971, as amended. My letter supplements my telephone call to you on February 7, 1980 advising you that I was attorney for Mr. McGaw and my letter of the same date stating that I would send you relevant factual statements in connection with your investigation.

In the meantime, I have looked into this matter and report to you the following:

For several years, Mr. McGaw has maintained his principal checking account at First National Bank and Trust Company of Evanston, Illinois. This account is handled for him by Mr. McGaw's accountant, Mr. Donald I. Hausman, one of the partners of Touche Ross & Co. Mr. Hausman signs checks drawn on this account. This account is used to pay joint expenses of Mr. and Mrs. McGaw, and substantial charitable contributions which are made as the joint gift of Mary W. and Foster G. McGaw. Mr. McGaw also has a small checking

account at the First National Bank of Lake Forest, Illinois, on which he from time to time draws checks himself.

On August 14, 1978, a check in the sum of \$1,000 was drawn at Mr. McGaw's direction by Mr. Hausman, payable to the Crane for President Committee and forwarded to the offices of the Committee. Later that year, in response to a solicitation letter, Mr. McGaw drew a check on First National Bank of Lake Forest, dated November 17, 1978 in the sum of \$500 payable to the Crane for President Committee and forwarded it to the Committee. Following receipt of the \$500 check, the Crane for President Committee informed Mr. McGaw that he had made an overpayment of contribution and forwarded to Mr. McGaw a check in the sum of \$500 (Check No. 1078 of Crane for President Committee), which on the face of the check was designated "Refunded Contribution". This check was deposited in Mr. McGaw's account at First National Bank of Lake Forest.

On January 25, 1979, a check was drawn for Mr. McGaw in the sum of \$1,000, payable to the Crane for President Committee. On September 7, 1979, the Crane for President Committee advised Mr. McGaw that they could not accept contributions in excess of \$1,000 from a single individual. (At that time, Mr. McGaw could not locate in his records proof that the \$500 check from the Crane for President Committee had been deposited in his account, and some time was spent in substantiating that fact.) When Mr. McGaw finally determined that the Crane for President Committee's check had been deposited in his account at the Lake Forest National Bank, he wrote the Legal Compliance Director of the Crane for President Committee on November 6, 1979, acknowledging receipt of the check, and stating that the matter of the \$500 refund was closed. As to the two checks drawn on his account, each in the sum of \$1,000, he informed the Committee that it was his and his wife's intention that they each were making \$1,000 contributions to the Crane for President Committee. Subsequently, Mr. and Mrs. McGaw signed and forwarded to the Crane for President Committee a form which confirmed the nature of their contribution. Mr. McGaw's copy of his letter of November 6, 1979 is enclosed.

Dear Ms. Vreeland:

Referring back to my letter of October 16, I have finally discovered that my check of \$500 was received and deposited in the Lake Forest National Bank and forwarded to The Northern Trust, but because of the very obscure endorsement, the Lake Forest National Bank to Northern Trust, it was not until the Northern Trust dug into their files could we verify the fact that it did go through my account in Lake Forest.

That part of the matter is closed and I hope you're relieved to know that I did get the check. As to the other matter, it was definitely our intention that Mrs. McGaw and I were making this gift to Crane for President as a joint gift. I hope this clears that question as well.

Sincerely yours,

Foster G. McGaw

Re: MUR 944 (79)

Dear Mrs. Lehann:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,700 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials, which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. If you have any questions, please contact Robert Bogin, the attorney assigned to this matter, at (202) 523-4073.

Dear Mr. Steele:

31010033718  
This letter memorializes the conversation which Bill Schweitzer and I had with you and others of your staff on Friday morning, February 8, 1980. On that occasion, Mr. Schweitzer and I met with your staff as counsels for the Crane for President Committee in connection with Matter Under Review 944 (MUR 944). I was retained by the Committee on January 22, 1980, to represent them in response to a Commission "reason to believe" notice of January 16, 1980. 2 U.S.C. §437g. After I investigated the facts relating to this MUR it came to my attention that one of the outstanding issues in MUR 944 was commenced on February 5, 1979. As you know, I was at that time employed by the Commission as an Executive Assistant.

In your capacity as Ethics Counselor, I hereby wish to reduce to writing the following representations which I made to you on February 8. First, I have no knowledge or recollection of having handled, investigated, advised or participated in the consideration of MUR 944 while I was an FEC employee. Furthermore, it is my belief that I did not have any direct administrative responsibility or operating authority to approve, disapprove or otherwise direct Government action in regards to MUR 944 during such time as I was an employee of the FEC.

Very truly yours,

Jan W. Baran

Re: MUR 944

Dear Mr. Steele:

In the absence of my husband, who has been overseas for several months, I am going to try to get this whole business straightened out. It may seem odd to you, but I was glad to hear from you. Maybe you can help me, as I have been working on this problem since last September.

In the first place, I am sure that if my husband had not been so very ill for the last year and a half, he would have been aware that he could not contribute in excess of \$1,000, and legally, \$500 could have been contributed by me, that he would have handled it that way, or just stayed with the \$1,000. Nobody with half a bean wants to get into this sort of problem for \$500.

The enclosed copy of a letter sent to my husband by the Crane Legal Compliance Director, was answered by me soon after its September 19 date. Unfortunately, I thought my answer refusing to sign their enclosed contribution-paper would take care of the whole matter, so I didn't make a copy nor send it by certified mail.

You will notice the copy of my letter to Miss Vreeland, dated December 19. I have received no reply to that letter, either. I did send it by certified mail and have a signed receipt to prove they received it.

I think I should mention that I have not been sending a resumé of problems to my husband, because he has been ill, hospitalized for awhile, and now under a doctor's close care. It is diabetes. If I had turned the whole thing over to him he would have taken care of it pretty quickly. I'd just as soon not worry him now -- and, no, I'm not going to sign that Crane paper. Since my signature has been the bone of contention, I thought I should try to work it out, and, consequently, mess it up.

So, that is how it stands. What is to be done now? I would appreciate your advice.

Yours truly

*Harriet Baker*

*PS - on second thought, if you think this whole thing would work easily, be cleared up by my signing the Crane contribution paper, then I'll sign. I'd just as soon get it over, if it means being finished with the problem. H/B*

Our records show that you have made the following contributions to Congressman Crane's Presidential campaign:

9/15/78	\$ 500
1/16/79	<u>1,000</u>
	\$1,500

Obviously, you have been a very strong and generous supporter, and we greatly appreciate it.

Unfortunately, Federal Election laws forbid us from accepting contributions in excess of \$1,000 from a single individual.

We have recently tried to reach you by phone but have been unable to do so.

It is possible that you intended \$750 to be a contribution from your wife. If this is so, the law will allow us to keep the contribution if you write us a note signed by you and your wife. We have taken the liberty of enclosing a form which you may use for this purpose.

Otherwise, we will need to refund \$500 of your contributions.

We look forward to hearing from you, letting us know whether we should send you a refund.

INTERIM INVESTIGATIVE REPORT #3

On December 19, 1979, the Commission by a 3-2 vote failed to pass a motion to find reasonable cause to believe that the Crane for President Committee violated 2 U.S.C. §§ 441a(f), 434(b)(2), § 434(b)(12), and 11 C.F.R. § 110.4(c)(3) and § 104.8(a). Additional information concerning these matters has been uncovered by the Reports Analysis Division during a review of the Committee's July and October 1979 quarterly reports. The information uncovered appears to indicate that the Committee continues to accept excessive contributions in violation of 2 U.S.C. § 441a(f) and fails to continuously report debts and obligations in violation of 2 U.S.C. § 434(b)(12). In light of these findings we will make a recommendation to the Commission that it find probable cause to believe that violations of the Act have occurred. A brief is being prepared so that this matter may proceed.

RE: MUR 944 (79)

Dear Mr. Bogin,

I am in receipt of your Honorable Commission's letter to Mr. Walter Koziol of January 30, 1980, wherein it is alleged that he apparently violated 2 U. S. C. § 441a(a)(1)(A) of the Federal Elections Campaign Act by contributing the sum of \$1,400 to the Crane for President Committee.

Your figure of \$1,400 represents attendance at a May 19th Tent Dinner at \$1,000 per table, and two additional and subsequent contributions of \$250 each. I believe your concern arises from the interpretation that these amounts spring from Mr. Koziol solely, when in fact they represent a joint contribution on behalf of he and his wife, Ann, who is also an avid Crane supporter. The confusion arises from the sole appearance of Walter's name on the checks representing the Koziol contributions. You must agree, however, that such a practice is not unorthodox for two people related as husband and wife. Furthermore, the concept of an "intermediary" or "conduit" is well recognized by 2 U. S. C. § 441a(a)(8) which states that such payments are to be construed as made by the principal, in this case Mrs. Koziol, and not the "conduit", Mr. Koziol.

Please direct your further questions, if any, to my office. If you will require affidavits substantiating the foregoing matters, I would be most happy to comply. Thank you for this opportunity to outline the facts involved.

Yours very truly,

Mr. Robert Bogin,  
FEDERAL ELECTION COMMISSION,  
1325 K Street N.W.,  
WASHINGTON, D.C. 20463.

Dear Mr. Bogin:

As I Told you over the telephone last week, on January 11, 1979 I gave Philip M. Crane \$1,000 to help his campaign for election to the Presidency of the United States. This was the first time I ever became involved in Politics. I knew then that an individual should not contribute any more to the same campaign, and was glad that I would have no further calls.

On March 27th I recieved a solicitation from the Crane for President Committee and in reply sent them a check for \$50. I was surprised that I was solicited but assumed that they knew what they were doing. This assumption I felt was reasonable as I received another solicitation on April 14th and sent \$500. Ditto on June 4th for \$150. The same on June 27th for \$250. Grand Total: \$950.

My next communication from the Committee came two or three or more weeks later (I kept no record) and it told me that I had exceeded the allowable contribution from an individual. It further said that I could transfer the ~~same~~ the contributions in excess of \$1000 to Mrs. Darlington or they would refund the entire sum. I asked them to refund the money and have waited for the check ever since.

However, I called the Committee last week and a young lady assured me that the check would reach me this week and apologized for the delay. I think Mr. Crane's organization is composed of amateurs like myself.

Believe me,

Sincerely,

*Frank G. Darlington*

RE: MUR 944 (79)

Gentlemen:

In reply to your letter of January 30, 1980, I submit the following.

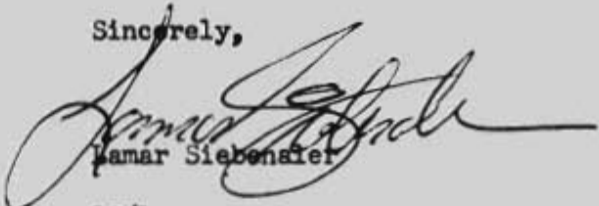

First of all, I was unaware of the law and secondly I was not aware that I had contributed \$1500.00 at the time I sent the last contribution.

I became aware of it only when the Crane people wrote to me informing me of the fact that I had done so and that it was unlawful.

I do not recall the exact date of the letter from them, however, they gave me two choices. One was that they refund the excess contribution or that I could have my wife sign a form which they indicated would allow the excess to be contributed in her name. She too is a Crane fan and gladly signed and returned it to them.

I have written to the Crane people asking them for copies of the letter and form which I will forward to you upon receipt of them.

Sincerely,

  
Lamar Siebenaler

Dear Mr. Steele:

Re MUR 944

Thank you for your letter of Jan. 30th, re my check <sup>006188</sup>  
in the amount of \$1,250 to our son Philip's presidential  
campaign.

Your letter reached me a little late, since your secretary  
inadvertently addressed it to "Hillsboro, Illinois" instead  
of the "Hillsboro, Indiana".

That check was a combined contribution of Mrs. Crane and  
myself, for she had a stroke a couple of years ago which has  
handicapped her in writing, so I usually sign checks for both  
herself and my own obligations. Her name was thus on our  
Evanston check, though not her signature.

It is a pleasure to see what close attention the Federal  
Election Commission is devoting to campaign procedures, so  
I offer my compliments, as per the enclosed newspaper booklet  
outlining my "Compliment Club". You folks deserve one.

Fraternally,

*George W. Crane*

RE: Mr. Brooke F. Cadwallader  
Your Matter No. MUR 944

Dear Mr. Steele:

This is in response to your letter of January 30, 1980 addressed to Mr. Brooke F. Cadwallader in regard to an alleged violation of Section 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended. Please be advised that the undersigned is counsel for Mr. Cadwallader with regard to this matter.

Mr. Cadwallader and I spoke to Mr. Robert Bogin of your office this afternoon with regard to the matters discussed in your letter of January 30, 1980. This letter is intended as the response requested by Mr. Bogin in our telephone conversations.

We do not deny that Mr. Cadwallader contributed \$1,200 to the Crane for President Committee in 1978. However, the exceeding of the \$1,000 contribution limit was done inadvertently by Mr. Cadwallader and was not a knowing and intentional act. Mr. Cadwallader first contributed to Mr. Crane's campaign on September 15, 1978 in the amount of \$1,000. Subsequently, in response to continued requests for additional contributions, Mr. Cadwallader contributed an additional \$200 on December 4, 1978 to the Crane for President Committee. As I said above, the exceeding of the \$1,000 contribution limit was done inadvertently by Mr. Cadwallader as he would not have consciously exceeded the limit.

February 4, 1980

When the fact of the excess contribution was called to Mr. Cadwallader's attention by the Crane for President Committee, he requested a refund of the excess amount. Attached to this letter is a copy of a letter dated September 7, 1979 from the Crane for President Committee notifying Mr. Cadwallader that he had exceeded the \$1,000 limitation on contributions. Also attached to this letter is a copy of a letter dated September 19, 1979 from Mr. Cadwallader's office manager requesting, on his behalf, that a refund be made of the excess contribution. Mr. Cadwallader was out of the country the entire month of September, 1979 and instructed his office manager to write the attached letter seeking a refund. In addition, we are attaching a copy of a letter dated December 28, 1979 from Mr. Cadwallader to the Crane for President Committee again seeking a refund of the excess contribution. The letters from Mr. Cadwallader and his office manager dated September 19, 1979 and December 28, 1979 clearly indicate both Mr. Cadwallader's intent and his subsequent efforts to receive a refund of the excess contribution and thereby remedy his inadvertent error.

We would appreciate your consideration of the foregoing facts as we feel that Mr. Cadwallader has done everything he could to date to remedy the error made in December of 1978. We do not feel that it is appropriate, given the foregoing facts, for the Commission to take action against Mr. Cadwallader. If additional information would be of assistance in determining what, if any, action you deem appropriate, please do not hesitate to contact the undersigned.

Very truly yours,

Robert N. Rule, Jr.

Dear Mr. Brooke F. Cadwallader:

Our records show that you have made the following contributions to Congressman Crane's Presidential campaign:

9/15/78	1,000.00
12/4/78	200.00
	<u>\$ 1,200.00</u>

Obviously you have been a very strong and generous supporter, and we greatly appreciate it.

Unfortunately, Federal Election laws forbid us from accepting contributions in excess of \$1,000 from a single individual.

We have recently tried to reach you by phone concerning this matter, but we have been unable to.

It is possible that you intended \$600 of the contribution to be from your wife. If this is so, the law will allow us to keep the contribution if you write us a note signed by you and your wife. We have taken the liberty of enclosing a form which you may use for this purpose.

Otherwise, we will need to refund \$200 of your contributions.

We look forward to hearing from you, letting us know whether we should send you a refund.

Yours very truly,

Kimberly L. Vreeland

Dear Mr. Darlington:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,700 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. Dear Mrs. Coors:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

Re: MUR 944 (79)

Dear Mr. Harkins:

On December 19, 1979, based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Commission found reason to believe that the Committee may have violated 2 U.S.C. § 434(b)(6) and 11 C.F.R. § 104.2(b)(6) which requires complete disclosure of all fundraising activity. As noted in a Request for Additional Information, mailed to the Committee on August 27, 1979, it appears that the Committee may have conducted a fundraiser-dinner on or about May 18, 1979, in Chicago and failed to report all activity connected therewith on Schedules D-P and A-P of its 1979 July 10 Report. Further, an initial review of the Committee's latest amendments, submitted to the Commission on November 28, 1979, discloses that with regard to particulars of expenditures, the Committee has replaced the "expense" reference with "travel" in every instance where "general expense reimbursement" or "expense reimbursement" previously appeared. This action suggests that the Committee may now be using "travel" as a blanket, catch-all term in lieu of "expense." We wish to remind the Committee that the "travel" reference is used solely for expenses incurred for the purpose of transportation, meals, housing and subsistence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against your Committee. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response to the reason to believe finding should be submitted within ten days after your receipt of this notification. We have numbered this matter MUR 944 (79). Please refer to this number in all correspondence.

We note that the Act requires that a candidate seeking to become eligible for primary matching funds payments under 26 U.S.C. § 9033 must agree to obtain and furnish to the Commission evidence of qualified campaign expenses, along with books, records and other information suitable for audit and examination and comply with the requirements contained in 11 C.F.R. § 9033.1 as well as the Guidelines for Presentation in Good Order.

Compliance with these requirements necessitates accurate and full disclosure of contributions and expenditures. The Commission advises that if your Committee is contemplating a request for matching funds, that it carefully review these requirements to ensure that the records being kept provide the necessary information in view of the findings made by the Commission to date.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. If you have any questions, please contact Robert Bogin, the attorney assigned to this matter, at (202) 523-4073.

Re: MUR 944 (79)

Dear Mr. Mathis:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,500 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. If you have any questions, please contact Kenneth A. Gross (202 523-4166) or Conley Edwards, Jr., (202 523-4060), the staff members assigned to this matter.

Sincerely,

4. Failed by a vote of 3-2 to pass a motion to find reasonable cause to believe that the Crane for President Committee violated 2 U.S.C. §§441a(f), 434(b)(2), 434(b)(12) and 11 C.F.R. §110.4(c)(3) and §104.8(a).

Commissioners McGarry, Reiche, and Tiernan voted affirmatively for the motion; Commissioners Aikens and Friedersdorf dissented. Commissioner Harris was not present at the time of the vote.

5. Directed the Office of the General Counsel to circulate a revised letter and proposed conciliation agreement to the Crane for President Committee for Commission approval.
6. Determined by a vote of 4-1 that the letter referred to in action 5 above contain language similar to that in a previous compliance action, with respect to the possible future problems with matching funds.

MUR 944(79)

GENERAL COUNSEL'S REPORT

I. BACKGROUND

This matter was internally generated following a review of the reports of receipts and expenditures for the October 10, 1978, Report filed by the Crane for President Committee ("Committee") 1/ which disclosed that the Committee failed to provide the required contributor information (principal place of business and occupation and to accurately provide date(s) of all receipts). 2/ The Committee's October 10, 1978, quarterly report reflected a 64% error rate of reporting principal place of business and 28% error rate in reporting occupation.

On December 14, 1978, the Reports Analysis Division (RAD) requested additional information concerning the omitted information. The Committee failed to respond to this request,

---

1/ The Committee is the principal campaign committee of Philip M. Crane, a candidate seeking the Republican nomination for election to the Office of President.

2/ The Committee posted contributions received monthly rather than daily as required by 2 U.S.C. § 434(b)(2) and 11 C.F.R. § 104.2(b)(2). This procedure was corrected by the Committee as of October 1978 and contributions are now being posted on date received.

81010233357

and on February 5, 1979, the Commission found reason to believe that the Committee may have violated 2 U.S.C. § 434 by its failure to provide and disclose accurate and adequate individual contribution information. The matter was then referred to the Office of General Counsel (OGC), on April 13, 1979, for continued compliance.

On April 26, 1979, OGC sent a letter to the Committee's attorney informing him of the Committee's failure to respond to the Commission's requests to amend its reports and requested that the Committee include the omitted contributor information. In response, the Committee filed an amended report which lowered the principal place of business error rate to 40% and occupation error rate to 19%. 3/

Pursuant to a review of the Committee's 1978 year-end and 1979 April 10 reports, RAD on June 20, 1979, sent the Committee two requests for additional information omitted from both reports. The Commission requested that the Committee amend its reports to provide the following information: particulars of expenditures (2 U.S.C. § 434(b)(9) and (10) and 11 C.F.R. 104.2(b)(9)), contributor's principal place of business and occupation (2 U.S.C. § 434(b)(2) and 11 C.F.R. § 104.2(b)(2), clarification of anonymous contributions (11 C.F.R. § 110.4(c)(3)), and debts and obligations (2 U.S.C. § 434(b)(12) and 11 C.F.R. § 104.8(a)). Additionally, the Committee had been notified by letter dated

---

3/ On May 15, 1979, the same date the Committee submitted its amended report, the OGC staff attorneys met with the Committee's attorney to discuss general reporting problems and mentioned the requirements for Title 26 which would be applicable if the Candidate submitted for matching funds.

81010:33958

June 19, 1979, that the Committee's 1978 October 10, 1978 year-end and 1979 April 10 reports raised questions as to possible 2 U.S.C. § 441a violations (Excessive individual contributions). Failure to adequately respond to these requests resulted in the Commission's finding of reason to believe that the Committee may have violated 2 U.S.C. § 441a and § 434. These matters were referred to OGC on September 25, 1979.

Review of the Committee's 1979 July 10 report disclosed continued discrepancies in the disclosure of receipts and expenditures. RAD sent a Request for Additional Information to the Committee on August 28, 1979, requesting that the Committee amend its reports. <sup>4/</sup> These matters were referred to OGC in order to update the pending MUR on November 15, 1979. RAD received an amended report from the Committee on November 28, 1979. As the report is presently being reviewed by RAD, matters detailed therein have not been officially referred to OGC, however, this report reflects the necessary information submitted in that filing.

## II. Analysis

### A. Excessive Contributions

2 U.S.C. § 441a(a)(1)(A) limits contributions from individuals to \$1,000 per federal candidate per election, while 2 U.S.C. § 441a(f) prohibits political committees from accepting contributions in violation of this section.

---

<sup>4/</sup> The discrepancies included: failure to disclose particulars of expenditures, contributor occupation and principal place of business, reporting of debts and failure to disclose possible fundraising activity.

81000233959

The Committee's reports revealed that the individuals listed below 5/ contributed in excess of \$1,000 to the Committee in violation of § 441a(a)(1)(a):

SECTION 1

Glenn E. Mattis	\$1,500
Mrs. Jane R. Kuppenheimer	\$2,000
Mr. Tathall L. Hillman	\$1,500
Mrs. Janet Coors	\$1,500
Mrs. Brooke F. Cadwallader	\$1,200
Mr. Jerry D. Brown	\$1,500
Mr. Lamar Siebenaler	\$1,500
Mr. Foster G. McGaw	\$2,000
Dr. Robert W. O'Brien	\$1,500
C. P. Hennessey	\$1,250

SECTION 2

Mr. Erwin H. Weder	\$1,200
Mr. Raleigh L. Shaklee	\$2,000
Mr. E. Alexander Louis	\$1,500
Mrs. John G. Lincoln	\$1,350
Mrs. Anne Lehann	\$1,700
Mr. Walter Kozial	\$1,400
Mr. John H. Haigh	\$1,250
Mr. Frank G. Darlington	\$1,700 <u>6/</u>
Dr. George W. Crane	\$1,250
Mr. John Baker	\$1,500

The Committee's acceptance of these contributions, each of which violates § 441a(a)(1)(A), is itself a violation of 2 U.S.C. § 441a(f).

5/ The list of individuals together with the amount contributed, has been divided into two sections. The Commission found reason to believe that the Committee may have violated § 441a for receipt of excessive contributions from individuals listed in Section 1 on August 3, 1979, pursuant to RAD's review of the Committee's 78 year-end and 1979 April 10 reports. Individuals in Section 2 were added to the list after review of the Committee's 1979 July 10 report.

6/ The Committee's computer sheet listed three contributions from a Mr. Frank G. Darlington, with two separate addresses and the same occupation. We, therefore, presume that the contributions are derived from the same individual.

81040233950

During a meeting with FEC staff members on October 11, 1979, committee representatives informally submitted a copy of the letter mailed to these contributors and a copy of a graph which purported to evidence attempts made to contact the contributors. (See Attachment I). While the Committee may have made some attempts at compliance, to date, no refunds of the excessive contributions have been disclosed on Committee reports or amendments. As such, OGC recommends that the Commission find reason to believe that the contributors listed in both sections may be in violation of 2 U.S.C. § 441a(a), and that the Commission find reasonable cause to believe that the Committee is in violation of 2 U.S.C. § 441a(f) for accepting these excessive contributions.

B. Inadequate and Inaccurate Individual Contributor Information

2 U.S.C. § 434(b)(2) and 11 C.F.R. § 104.2(b)(2) requires that each report disclose the full name and mailing address (occupation and the principal place of business, if any) of each person who has made one or more contributions.

The Committee consistently failed to satisfy these reporting requirements. The following statistics were prepared by RAD:

1978 October 10 Report - Percentage of Omissions

Principal Place of Business	64%
Occupation	28%

91002331

1978 Year-End Report - Percentage of Omissions

Principal Place of Business 36%  
Occupation 39%

1979 April 10 Quarterly Report - Percentage of Omissions

Principal Place of Business 72%  
Occupation 49%

1979 July 10 Quarterly Report - Percentage of Omissions

Principal Place of Business 61%  
Occupation 46%

Pursuant to FEC requests, the Committee has submitted amendments to these reports to reduce the percentage of omissions as follows:

<u>REPORT</u>	<u>PRINCIPAL PLACE OF BUSINESS</u>	<u>OCCUPATION</u>
1978 October 10	40%	19%
1978 Year-End	34%	25%
1979 April 10	40%	20%
1979 July 10	37%	25%

It is the opinion of the OGC that the Committee, in reducing the percentage of omissions, has demonstrated best efforts in attempting to comply with the disclosure requirements. Therefore, we recommend taking no further action with regard to this § 434(b)(2) disclosure violation.

C. Anonymous Contributions

11 C.F.R. § 110.4(a)(3) explicitly states that a candidate or committee receiving an anonymous cash contribution in excess of \$50 shall promptly dispose of the amount over \$50. The amount over \$50 may be used for any lawful purpose unrelated to any Federal election, campaign, or candidate.

01010233352

8 1 0 1 0 2 3 3 3 3 3 3 3

According to the Committee's 1978 Year-End Report, 1979 April 10 Quarterly, and July 10 Quarterly, the Committee received and accepted approximately \$5,037 in anonymous contributions. These anonymous contributions ranging from a low of \$1.00 to a high of \$1,000, were credited to "I. M. Anonymous," and assigned what appears to be an internal code for aggregation purposes. This matter was discussed during the October 11 meeting. The Committee's representatives "felt confident" that no anonymous cash had been received in excess of \$50, and they stated that the "I. M. Anonymous" notation was the result of a computer (data entry) problem and would be corrected. In their November 28, 1979, amendment, the Committee was able to attribute \$700 to named contributors, and stated that they were conducting further research on \$1,550, leaving \$2,787 unexplained. As it appears that the Committee has failed to dispose of all anonymous cash contributions in excess of \$50 for purposes unrelated to a federal election, or in the alternative, identify the contributor in accordance with 2 U.S.C. § 434(b)(2), the OGC recommends that the Commission find reasonable cause to believe that the Committee has violated 2 U.S.C. § 434(b)(2) and 11 C.F.R. § 110.4(c)(3).

D. Inadequate Particulars of Campaign Expenditures

2 U.S.C. § 434(b)(9) and (10) and 11 C.F.R. § 104.2 (b)(9) requires that each committee disclose particulars of expenditures, i.e., the identification of each person to whom expenditures were made in excess of \$100, and the amount,

date and purpose of each expenditures and the name of each person to whom expenditures for salaries and reimbursed expenses in excess of \$100 were made.

The Committee chose to use blanket statements such as expense, expense reimbursement and general expense reimbursement to satisfy the Act's disclosure requirements regarding particulars. Although the Committee had been notified on June 20, 1979, that these blanket statements were inadequate, the Committee continued to use these descriptions. FEC staff brought this issue to the Committee's attention during the October 11 meeting. FEC staff noted the need for specificity, and that if the expenditures were for travel, that is, solely for the purpose of transportation, meals, housing, and subsistence, then "travel expense" should replace general expense. A Committee representative stated that he believed most of the expenses were for travel or subsistence. In its November 28, 1979 amendment, the Committee, in an "attempt" to comply with the Act, replaced the "general expense reimbursement" reference with "travel expense reimbursement" and replaced "expense reimbursement" with "travel reimbursement." On the basis of their preliminary review, RAD has stated that the Committee has replaced "expense" with "travel" in every instance where "general expense reimbursement" or "expense reimbursement" previously appeared. This action suggests that the Committee now believes that travel may be used as a blanket, catch-all term in lieu of "expense." However, prior to making a further recommendation, as to the Committee's possible failure to comply with the "particulars" requirement, this Office will conduct a further inquiry.

81003351

E. Failure to Continuously Report Debts and Obligations

While 2 U.S.C. § 434(b)(12) and 11 C.F.R. § 104.8(a) requires the continuous reporting of a committee's debts and obligations until the debts and obligations are extinguished, the Committee has consistently failed to continuously report outstanding debts. For example, while the Committee's 1978 October 10 report disclosed \$28,517 in debts outstanding to 3 companies, the Committee failed to carry these outstanding debts on Schedule C-P of its 1978 year-end report and failed to disclose any cumulative payments made on these debts. This failure to continuously report debts became more acute in the 1979 April 10 report where the Committee failed to carry \$280,375 in debts from the 1978 year-end report and also failed to disclose any cumulative payment(s) made on these accounts payable or the outstanding balances. 7/ The Committee's inability to properly track debt activity for disclosure purposes was discussed at the October 11 meeting. Committee representatives stated that while there had been accounting problems, all accounts payable would be brought up to date through the 1979 July 10 Report and all changes and discrepancies in amounts would be explained.

---

7/ In addition, while the Committee's April 10 Report disclosed \$305,993.55 in debts owed to Richard A. Viguerie, the July 10 report omitted and reduced the debts by \$201,216.26 while disclosing expenditures to Viguerie which totalled \$137,000 and a debt owed Tri-State Envelope Company had been reduced by \$26,597.88 while expenditures made to that company totalled \$21,000 for that period.

81010:33955

9101033955

It appears that in its November 28, 1979, filing, the Committee has finally corrected its "tracking" problem and has explained the expenditures discrepancies. While the Committee may have corrected its debt disclosure problems, the OGC recommends that the Commission find reasonable cause to believe that the Committee violated 2 U.S.C. § 434(b)(12) and 11 C.F.R. § 104.8(a) as the Committee failed to correct these disclosure discrepancies for a period of 12 months and as RAD has not had sufficient time to fully examine the Committee's November 28, 1979, amendment to determine if in fact the Committee has satisfactorily explained all debt disclosure discrepancies.

F. Failure to Report Fundraising Events and Activities

2 U.S.C. § 434(b)(6) requires each Committee to disclose the aggregate amount of proceeds from all fundraising events. These activities must be reported on Schedule D-P and all itemized receipts should be entered on Line 17c of the Detailed Summary Page. A review of the Committee's 1979 July 10 report disclosed certain information which led RAD to infer that the Committee conducted fundraising activity which it failed to disclose on the proper schedules. Specifically, the Committee listed the following expenditures:

<u>IDENTIFICATION</u>	<u>PARTICULARS</u>	<u>DATE</u>	<u>AMOUNT</u>
Parasol Tent Company, Chicago	Dinner in Ill.	5/18/79	\$900
Mid-Central Printing, Wilmette	Printing Dinner Program	5/17/79	\$141
North-Shore Hilton Hotel, Chicago	Dinner in Ill.	5/17/79	\$5000

8 1 7 1 0 3 3 8 5 7

In addition, the Committee reported itemized receipts of \$10,450 on May 18, 1979. All the contributors resided in the Chicago area. While these facts may lead to the presumption that a fundraiser dinner was held on or about May 18, 1978, in Chicago, the Committee failed to disclose any such activity on schedule D-P of its 1979 July 10 report. 8/ To permit this Office to obtain further information to either substantiate or rebut the presumption that the Committee sponsored these fundraisers, OGC recommends that the Commission find reason to believe that the Committee may have violated § 434(b)(6) in connection with its failure to properly disclose all fundraiser activity.

RECOMMENDATIONS

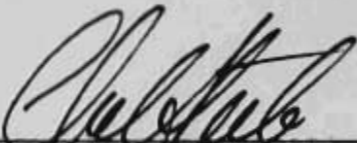

1. Find reason to believe that the following individuals each may have violated 2 U.S.C. § 441a(a)(1)(a): Glenn E. Mattis, Mrs. Jane R. Kuppenheimer, Mr. Tathall L. Hillman, Mrs. Janet Coors, Mrs. Brooke F. Cadwallader, Mr. Jerry D. Brown, Mr. Lamar Siebenaler, Mr. Foster G. McGaw, Dr. Robert W. O'Brien, C. P. Hennessey, Mr. Erwin H. Weder, Mr. Raleigh L. September 25, 1979

Dear Mr. Tatnall L. Hillman:

Our records show that you have made the following contributions to Congressman Crane's Presidential campaign:

09/15/78	\$500.00
12/21/78	50.00
01/24/79	1,000.00
	<u>\$1,550.00</u>

Obviously you have been a very strong and generous supporter, and we greatly appreciate it.

Unfortunately, Federal Election laws forbid us from accepting contributions in excess of \$1,000 from a single individual.

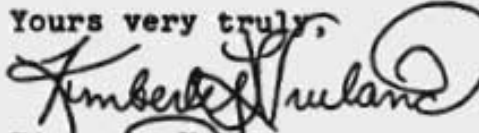

We have recently tried to reach you by phone concerning this matter, but we have been unable to.

It is possible that you intended \$550.00 of the contribution to be from your wife. If this is so, the law will allow us to keep the contribution if you write us a note signed by you and your wife. We have taken the liberty of enclosing a form which you may use for this purpose.

Otherwise, we will need to refund \$550.00 of your contributions.

We look forward to hearing from you, letting us know whether we should send you a refund.

Yours very truly,

Kimberly Vreeland  
Legal Compliance Director

P.S. If our records are different from yours, please let us know.

Re: MUR 944 (79)

Dear Mr. Mathis:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Federal Election Commission has found reason to believe that you may have violated § 441a(a)(1)(A) of the Federal Election Campaign Act of 1971, as amended ("the Act"). This section of the Act makes it unlawful for individuals to contribute in excess of \$1,000 per federal candidate per election. Specifically, it appears that you contributed \$1,500 to the Crane for President Committee in violation of 2 U.S.C. § 441a(a)(1)(A). We have numbered this matter MUR 944. Please refer to this number in all future correspondence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response should be submitted within ten days after your receipt of this notification. If no response is received, the Commission may take further action based on the information at hand.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. Further, if you intend to be represented by counsel in this matter, please have such counsel so notify us in writing. If you have any questions, please contact Kenneth A. Gross (202 523-4166) or Conley Edwards, Jr., (202 523-4060), the staff members assigned to this matter.

Sincerely,

Re: MUR 944 (79)

Dear Mr. Harkins:

On \_\_\_\_\_, the Commission determined there was reasonable cause to believe that the Crane for President Committee (hereinafter "the Committee") committed a violation of §§ 441a(f) (receipt or acceptance of excessive individual contributions in excess of \$1,000 per election), 434(b)(2) (failure to disclose identification of individuals contributing in excess of \$100), and 434(b)(12) (failure to continuously report outstanding debts and obligations until discharged) of the Federal Election Campaign Act of 1971, as amended ("the Act"); and committed violations of §§ 110.4(c)(3) (failure to dispose of anonymous cash contributions in excess of \$50) and 104.8(a) (failure to continuously report outstanding debts until extinguished) of the Commission's Regulations. We note that you were notified by letter dated August 3, 1979, that the Commission found reason to believe that the Committee may have violated 2 U.S.C. §§ 434 and 441a. The Committee has failed to refund \$10,300 in excessive individual contributions, failed to continuously report outstanding debts and obligations and failed to clarify \$4,337 in anonymous contributions.

In addition, based on information ascertained in the normal course of carrying out its supervisory responsibilities, the Commission found reason to believe that the Committee may have violated 2 U.S.C. § 434(b)(6) and 11 C.F.R. § 104.2(b)(6) which requires complete disclosure of all fundraising activity. As noted in a Request for Additional Information, mailed to the Committee on August 27, 1979, it appears that the Committee may have conducted a fundraiser-dinner on or about May 18, 1979, in Chicago and failed to report all activity connected therewith

81740233972

on Schedules D-P and A-P of its 1979 July 10 Report. Further, an initial review of the Committee's latest amendments, submitted to the Commission on November 28, 1979, discloses that with regard to particulars of expenditures, the Committee has replaced the "expense" reference with "travel" in every instance where "general expense reimbursement" or "expense reimbursement" previously appeared. This action suggests that the Committee may now be using "travel" as a blanket, catch-all term in lieu of "expense." We wish to remind the Committee that the "travel" reference is used solely for expenses incurred for the purpose of transportation, meals, housing and subsistence.

Under the Act, you have an opportunity to demonstrate that no action should be taken against your Committee. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath.

The Commission is under a duty to investigate this matter expeditiously. Therefore, your response to the reason to believe finding should be submitted within ten days after your receipt of this notification. As to the reasonable cause to believe findings, we enclose a conciliation agreement that this Office is prepared to recommend to the Commission in settlement of this matter. If you agree with the provisions of the enclosed conciliation agreement, please sign and return it to the Commission within ten days. I will then recommend that the Commission approve the agreement.

This matter will remain confidential in accordance with 2 U.S.C. § 437g(a)(3)(B) unless you notify the Commission in writing that you wish the investigation to be made public. If you have any questions, please contact Kenneth A. Gross (202 523-4166) or Conley Edwards, Jr., (202 523-4060), the staff members assigned to this matter.

CRANE FOR PRESIDENT COMMITTEE  
JULY 10 REPORT

Schedule C-P Line 13 of your report discloses three debts dated 11/22/79, 11/30/79, and 12/5/79. Please be advised that 11 CFR 104.2(b) requires that reports shall reflect activity covering from the close of the last period reported to the close of the current reporting period. Please amend Schedule C-P Line 13 to provide clarification for this activity.

Schedule C-P Line 13 of your April 10 Report discloses a debt of \$13,495.71, dated 12/31/78 owed to McCollum Press. A review of Schedule B-P Line 24a of your April 10 Report indicates that during that period, expenditures totaling \$8,500.00 were made to this firm. However, Schedule C-P Line 13 of your July 10 Report fails to disclose the present status of this debt. Please amend Schedule C-P Line 13 of your July 10 Report to reflect the original amount of the debt, cumulative payment(s) to date, and outstanding Balance(s).

Schedule C-P Line 13 of your April 10 Report discloses the following debts owed to Richard A. Viguerie:

12/31/78	\$54,354.76	2/28/79	\$81,386.82
1/26/79	\$48,830.65	3/16/79	\$40,040.27

2/23/79	\$5,140.75	3/30/79	\$23,949.56

A review of Schedule C-P Line 13 of your July 10 Report reveals that those debts dated 12/31/78, 1/26/79, 1/31/79, 2/23/79, have been omitted and the debt dated 2/28/79 has been reduced. The omission and reduction of these debts totals \$201,216.26. A further review of your July 10 Report Schedule B-P Line 24a, reveals expenditures totaling \$137,000.00 made to Mr. Viguerie during this reporting period. Please amend your report to clarify this apparent discrepancy.

Schedule C-P Line 13 of your committee's July 10 Report indicates that the balance of the debts owed to Tri-State Envelope Company has been reduced by \$26,597.88. However, a review of Schedule B-P Line 24a reveals that expenditures totaling \$21,000.00 were made to this firm during the July 10 reporting period. Please amend the appropriate schedules to clarify this apparent discrepancy.

Schedule C-P Line 13 of your July 10 Report indicates that the balance of the debts owed to Barnett, Alagia & Corey has been reduced by \$6,668.41. August 27, 1979

Jerry D. Harkins, Treasurer  
Crane for President  
5600 Columbia Pike, Suite 200  
Bailey's Crossroads, VA. 22041

Dear Mr. Harkins:

This letter is prompted by the Commission's interest in assisting candidates and committees who wish to comply with the Federal Election Campaign Act, as amended. During review of the July 10, 1979 Report of Receipts and Expenditures, we noticed entries indicating that you may have received contributions which exceed the limits set forth in the Act. A copy of those portions of your reports is attached so that a review of your records can be made.

The Act precludes individuals and political committees, other than multicandidate committees, from making political contributions to a candidate for Federal election in excess of \$1,000 per election. The Act defines a multicandidate committee as one which has been registered for a period of not less than six months; has received contributions from more than fifty persons; and has made contributions to five or more candidates for Federal office.

The Commission recommends that if you find the contributions you received were in excess of the limits set forth in the Act you return the amounts in excess of \$1,000 to the donors. These returns should be reported immediately by letter and should be reflected as contribution refunds on your next report of receipts and expenditures. If you find that the entries in question are incomplete or incorrect, please submit a statement which would clarify these particular matters for the public record. You may do so by amending your original report by letter.

Please notify the Commission within fifteen (15) days from the date of this letter of the determination made on these matters. If you have any questions concerning these matters, please do not hesitate to contact William Coppel (800)424-9530, our Reports Analyst assigned to you. Our local telephone number is (202)523-4172.

Initiated call? XX

Candidate/Committee: Crane for President

DATE: 9/26/79

SUBJECT(S): Meeting

---

Coonrod called to request a meeting with me regarding the outstanding RFAIs and SV. Specifically, he wanted to go over some draft amendments that his staff had prepared as well as some additional problems. He said that he wanted to be exactly sure as to what we, (the Commission) wanted with regards to the requests. I asked him how he was coming with the excessive contributions. He indicated that this was "but of his hands". He said that making refunds was not something he could do with out proper authorization. I advised him that he should inform who ever is responsible for this, and have them work on this problem. He said that this was a low priority for the committee.

I suggested that Oct 11, 1979 would be a good with me, since Coonrod said that he could not meet until after Oct 10, (He was working on the Q3 report). He agreed and the time was set for 10:00 am.

SUBJECT(S): Questions concerning the reporting of debts and obligations.

Coonrod requested a copy of the Audit Compliance Manual. I advised him that the committee was sent one earlier in the year. I told him to check with Jerry Harkins to see if he had it. In the event it could not be located, get back to me and I would attempt to get another one for the committee.

Coonrod was concerned with the way the committee's debts and obligations should be reported, or as he put it, the way we wanted them reported. Also he wanted to know how he should amend the previously reported debts as per our RFAI.

Actually, Coonrod had developed a method that he wanted to discuss with me regarding the two questions stated above:

First:

He wanted to list amounts of outstanding invoices by the month rather than invoice date. Previous reports in some cases itemized outstanding invoices by the individual invoice number, date and amount and in other cases itemized them by invoice date and added all the amounts together for that day. By listing outstanding invoices by month and indicating on Schedule B-P which payments were for which debts as well as showing the cumulative payments to date on Schedule C-P, the status of a particular debt could be tracked. I advised Coonrod that I felt that this would be adequate for disclosure purposes, but that I wanted to review this with Craig Russell to get his opinion. Coonrod agreed to this.

Second:

Coonrod indicated that many of the figures (amounts owed to creditors) needed adjustment. He said that rather than change each individual reported amount over all the reports thus far submitted by the committee, (Q3-78, YE-78, Q1-79 and Q2-79), he would amend the amount owed at present or the amount owed at the time of the amendment. Where changes had to be made, an explanation would be provided pointing out exactly where the problem was and what was done to correct. I advised Coonrod that accurate documentation should be provided in these cases, since any change made in the amount owed to an incorporated company, in the case of a reduction, could be viewed as a corporate contribution. He agreed to this but indicated that generally these were bookkeeping and recorded keeping errors. I told Coonrod that I would discuss this with Craig Russell and get back to him.

I called Craig Russell of the Audit Division and advised him of Coonrod's method for future reporting of debts and obligation as well as amending past reports. Craig thought from an audit standpoint that this plan would be acceptable. Since Craig and I had previously suggested a similar method for reporting these accounts payable little discussion was needed.

I called Coonrod back and advised him that the method he suggested sounded fine, but I further advised him that I would have to see the amendment before it could be determined if all the disclosure requirements had been met. He agreed.

SUBJECT(S): Negative ending cash balance.

In an attempt to determine the ending cash balance for the October 10 Report, (the Line 10 figure on the Summary Page of FEC form 3P), Coonrod called with a question concerning negative cash balances in certain checking accounts. He indicated that the committee had eight (8) Checking accounts. One of the accounts had a negative cash balance in it. This was caused by the issuing of a check for postage which exceeded the amount in the account, anticipating a deposit that would be made on first of the next month, (October), which was the following day. He questioned how this should be reported.

I asked him how the ending cash balance was determined. He said that he added all the balances in the 8 accounts together. I asked what the figure was, negative or positive? He said that it was positive. I advised him that although one account had a negative balance, the balance of all the committee's accounts was positive. I advised him that a problem would arise if the balance would have been negative, since it would appear that the bank had contributed to the committee. He agreed. Also I indicated that although the deposit was going to be made the next day, that transaction would not be included in the Q3 report. Therefore if the committee had only one account the check could not have been issued. The report should only reflect the activity during the reporting period 7/1/79 through 9/30/79. He understood and took note of it.

FEDERAL ELECTION COMMISSION  
WASHINGTON, D.C. 20463

MEMORANDUM:

TO: File  
FROM: Bill Coppel  
SUBJECT: Meeting of October 11, 1979 with the Crane for President staff.

The following were present at this meeting:

Representing the Crane Committee:

Curt Coonrod, Controller  
Craig Ruby, Ass't Controller  
Kim Vreeland, Compliance Director  
Marion Harrison, Counsel  
Patricia Kirkland, Counsel

Representing the FEC:

Bill Coppel, RAD  
Craig Russell, Audit  
Miriam Aguiar, OGC

On 9/26/79, Curt Coonrod called the Commission, (RAD), to request a meeting with me regarding a proposed draft amendment for the Year-End-78 and April 10, 1979 Reports. The purpose for the meeting as described by Coonrod, was to review the draft to determine whether it was what "we, (the Commission) was looking for". The meeting was scheduled for 10/11/79 at 10:00 a.m..

At the outset of the meeting, I reiterated the previously agreed upon purpose for the meeting so as to dismiss any misconceptions.

Coonrod requested to review the RFAI's line by line, describing as he went along, the various ways each problem was to be rectified.

Regarding the omitted and/or missing contributor information, Coonrod indicated that it had been requested in a second mailing. When the committee receives a significant response to the requests, a "second" printout will be generated to update the contributor information. In turn, this additional contributor information would be forwarded to the Commission. However, from the tone of this discussion, it appeared that no significant effort in this area has been made by the committee.

If contact was made, Yreeland would attempt to have the excessive part of the contribution attributed to another family member (i.e. spouse). This would be done in writing. If contact could not be made or the contribution could not be attributed to another person, it would then be refunded. (see Attached copy of letter sent and graph indicating status of this project). It again appeared from the tone of the discussion that little progress had been made in this attempt. The committee has had well over two months to get this information.

I asked Coonrod if he had any additional questions. In reference to the July 10 RFAI, he requested clarification concerning the fundraising question. He indicated that he understood the paragraph, but was not clear as to the purpose of Schedule D-P. In short, he claimed that he did not realize that fundraising events should be reported on Schedule D-P. Craig Russell reviewed with him the book-keeping requirements for fundraising events and I reviewed the use of Schedule D-P. Coonrod said he would attempt to re-create the records for past fundraisers and amend the appropriate reports.

As the meeting closed, Coonrod wanted to know if the amendment prepared by Craig Ruby was acceptable in its present form. I advised Coonrod that the amendment should have a cover letter or something to indicate what it is addressing. Also I pointed out that this only touched on a small part of the original requests. Coonrod asked if he should submit the amendment in part or totally completed. I advised him that it was his decision to make, but I strongly suggested he get in as much as possible and as soon as possible.

Addressing the question concerning those contributions disclosed as being from I. M. ANONYMOUS, Coonrod indicated that this had been linked to a data entry problem. Coonrod and Harrison both felt confident that no contributions had been received in excess of \$50 which were actually anonymous. It was felt that the problem centered on some confusion with the data entry procedures. Coonrod said that if the data key punch operator did not have an address for a contributor, the information would be entered as I. M. ANONYMOUS, using the campaign headquarters on L Street as the address. Coonrod said that this will be corrected and clarified for the Public Record.

The third area discussed concerned particulars of expenditures. Coonrod indicated that he intended to xerox copies of Schedule B-P, and note where the terms "expenses" and "expense reimbursements" were used, the purpose for the reimbursement. In most cases, he felt that the expenses were for travel and subsistence. At this point, Craig Russell emphasized the importance of keeping current and well documented records with regards to expenditures.

Regarding the problem of tracking debt activity, Coonrod asked Craig Ruby to describe what he had done in this area. Ruby had gone back over all the "accounts payable" to determine what had been paid and how much was still outstanding for each creditor. He indicated that previous to Coonrod assuming the responsibility for the committee's books, the day-to-day activities of the accounting department were not handled in a consistent fashion. As a result, inconsistencies developed from one report to the next. Company names and addresses changed as well as the way in which outstanding obligations were itemized. These inconsistencies made it very difficult, and in some cases impossible to track the debt activity. Ruby had prepared an amendment bringing all the accounts payable up to date through the July 10 Report. He indicated that, where amounts changed, there was an explanation for the correction. From a cursory review, the amendment appeared to track well and clarify the previous reports.

Ruby further indicated that one of the companies, "Automated Business Machine" had informed the committee that the \$2000 debt they owed had been cancelled by a \$2000 credit. However, Ruby said that the committee had no record of this payment or any reason for a credit. He also felt that this same situation existed with another company but for a very small amount. Miriam Aguiar advised Coonrod and company that the committee should make an attempt to contact the company to clarify the situation further so as to avoid the possibility of the committee accepting an in-kind contribution from a corporation. Although Coonrod did express some reservation with this suggestion (for obvious reasons), he and Harrison agreed that it should be investigated further.

I then asked Coonrod what he was doing to resolve the apparent excessive contributions from individuals the committee reported. He advised me that Kim Vreeland was working on this problem and would explain how the committee was attempting to rectify the matter. Kim Vreeland indicated that those individuals who appeared to have contributed in excess of the limits, would get a letter and a phone call.

Dear Mr. Tatnall L. Hillman:

Our records show that you have made the following contributions to Congressman Crane's Presidential campaign:

09/15/78	\$500.00
12/21/78	50.00
01/24/79	1,000.00
	<u>\$1,550.00</u>

Obviously you have been a very strong and generous supporter, and we greatly appreciate it.

Unfortunately, Federal Election laws forbid us from accepting contributions in excess of \$1,000 from a single individual.

We have recently tried to reach you by phone concerning this matter, but we have been unable to.

It is possible that you intended \$550.00 of the contribution to be from your wife. If this is so, the law will allow us to keep the contribution if you write us a note signed by you and your wife. We have taken the liberty of enclosing a form which you may use for this purpose.

Otherwise, we will need to refund \$550.00 of your contributions.

We look forward to hearing from you, letting us know whether we should send you a refund.

Yours very truly,

Kimberly Vreeland  
Legal Compliance Director

P.S. If our records are different from yours, please let us know.

SUBJECT(S): Outstandings Amendments

Coonrod called to inform me that the amendments had been completed. Further he indicated that the draft was with Marion Harrison. Harrison was reviewing it for legal content and accuracy. Coonrod wanted to know if we had received it yet. I advised him that the amendment had not been received at the Commission as of this conversation. Coonrod said that he would check with Harrison to see what the delay was.

Coonrod then indicated that he would be leaving the committee in the next few days. He advised me that Vickey Tigwell would be taking his place. He also said that he wanted together next week to introduce her to us.

I asked Coonrod if he had any final comments with regards to the committee. He advised me that he enjoyed the work, however he felt that he did not get enough cooperation from the committee with regards to FEC matters. He felt that the committee could have done more concerning compliance and reporting problems.

FEDERAL ELECTION COMMISSION  
WASHINGTON, D.C. 20463

June 19, 1979

Curt Coonrod, Treasurer  
The Crane for President Committee  
5600 Columbia Pike, Suite 200  
Baileys Crossroads, Virginia 22041

Dear Mr. Coonrod:

This letter is prompted by the Commission's interest in assisting candidates and committees who wish to comply with the Federal Election Campaign Act, as amended. During review of the October 10 Quarterly 1978, Year End 1978, and April 10 Quarterly 1979 Report of Receipts and Expenditures, we noticed entries indicating that you may have received contributions which exceed the limits set forth in the Act. A copy of those portions of your reports is attached so that a review of your records can be made.

The Act precludes individuals and political committees, other than multicandidate committees, from making political contributions to a candidate for Federal election in excess of \$1,000 per election. The Act defines a multicandidate committee as one which has been registered for a period of not less than six months; has received contributions from more than fifty persons; and has made contributions to five or more candidates for Federal office.

The Commission recommends that if you find the contributions you received were in excess of the limits set forth in the Act you return the amounts in excess of \$1,000 to the donors. These returns should be reported immediately by letter and should be reflected as contribution refunds on your next report of receipts and expenditures. If you find that the entries in question are incomplete or incorrect, please submit a statement which would clarify these particular matters for the public record. You may do so by amending your original report by letter.

Please notify the Commission within fifteen (15) days from the date of this letter of the determination made on these matters. If you have any questions concerning these matters, please do not hesitate to contact William Coppel (800)424-9530, our Reports Analyst assigned to you. Our local telephone number is (202)523-4172.

Sincerely,

I called to speak with the treasurer, Jerry Harkins, however was informed that Harkins was going to be working out of St. Louis. Jack Stewart, to whom I spoke advised me that Harkins did not file the FEC reports, and that Curt Coonrod was the actual custodian of the books. Stewart said he would have Coonrod call me.

SUBJECT(S): Request for additional information and Surface Violation  
RFAI FOR YEAR END 1978 and APRIL 10 1979 Surface Violation for Oct. 10  
and Year End 1978 and April 10 '79

Coonrod called me back to discuss the status of the requests sent by the Commission. His initial comment was that he was having some problems with the nature of the request.

Addressing the SVs for excessive contributions from individuals, Coonrod advised me that there was no way to determine whether these were excessive because, (1) it was too expensive in terms of man hours and time consuming, (2) there were no materials in house to verify the information. With this knowledge I inquired as to the mechanical workings of the direct mail and other fundraising mechanisms employed by the committee. This question was based on the previous response indicating that the committee had no contributor records other than the computer print-out that the committee files with the Commission.

(see attached chart and description)

RFAI CONTENT:

omitted

Coonrod wanted to know how much contributor information the Commission wanted. I advised him that the Act requires that all contributor information be disclosed, and that in the event that it is not, to show that best efforts have been made to obtain it. Elaborating further on best efforts, I suggested follow up letters and phone calls. No comment from Coonrod.

I also pointed out that the occupations were extremely vague and it appeared from this that the computer company was using codes of some kind for these. I asked whether the computer key punch company was recording the information provided by the contributor exactly the way it appeared on the return card? Further I asked whether these companies doing the computer processing were firms connected with R.A. Viguerie

Coonrod explained that both Directech and CMCA were independent from the Viguerie operation. These firms had been contracted by the committee and function as a part in the entire direct mail mechanism. He said he had little knowledge of how these companies processed the information or how they key punch the information. He also said that the original returns from the contributors are located somewhere in Maryland. Addressing the I. M. Anonymous entries, Coonrod felt these were computer problems. I advised Coonrod that he should check out these operations and make the appropriate correction in order to get this information.

Coonrod went back to the excessive contributions to explain the way he was attempting to check this out. He said that someone from the committee would call the contributor and ask whether this was the amount they gave. If the amount exceeded the limit, the caller would inquire as to whether the contributor had a spouse that the balance of the contribution which was excessive could be attributed to i.e. wife husband etc. I advised him that I would not recommend this method unless they were to get complete documentation attesting to the additional individual's consent.

He commented again that there was nothing more he could do, because, (1) it would be too costly and time consuming to send someone out to Maryland to review the original

8101023397?

information and verify the contributor amounts and information cards, (2) too expensive to order another computer tape, and (3) this was consider a low priority for the committee to invest time in.

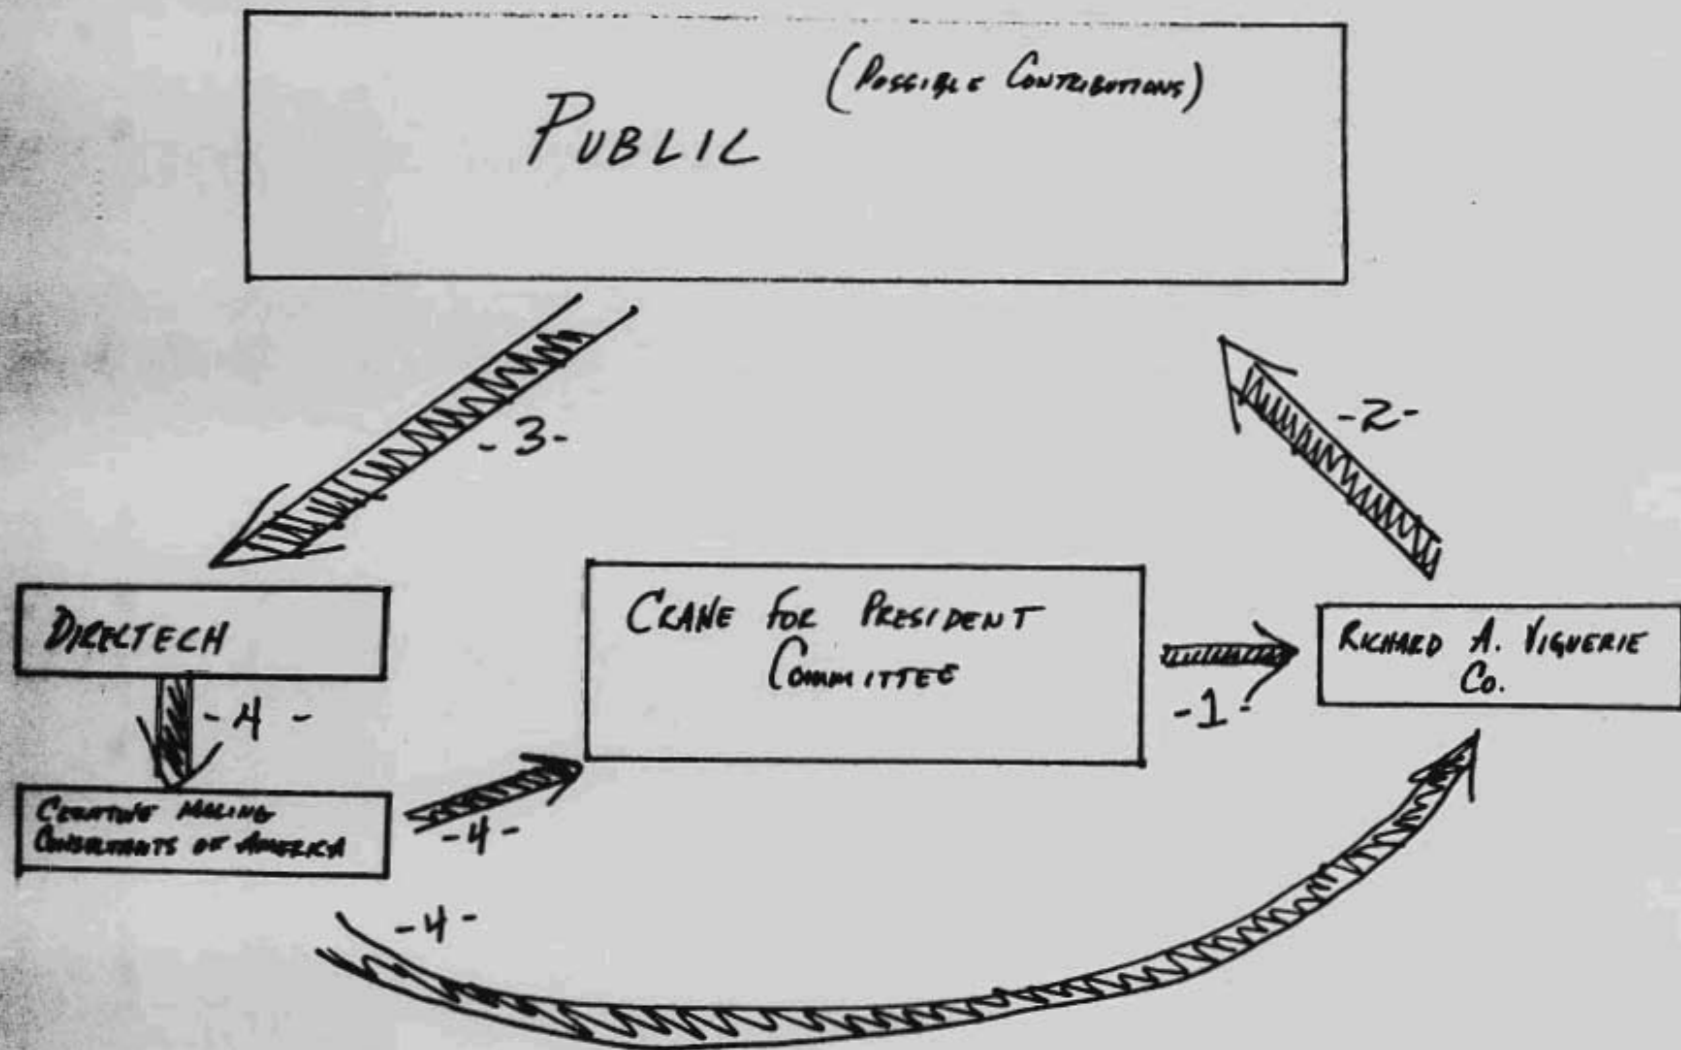

I advised Coonrod that this should be a high priority for obvious reasons.

Addressing the debt and expenditure part of the request, I asked him if he understood what was being asked. His response was yes but....

Coonrod explained that since there had been some many staff changes and since he was not that familiar with all the previous activity of the committee, it would be almost impossible to go back and make all the requested changes and amendments. He went on to say that things that happened in the past don't concern the candidate or the committee-- what has happened has happened. He remarked further that Politicians are not as concerned with the past as they are of the future, since the future deals more closly with re-election. He felt that the FEC is the only one that worries about the past. However, he did admit that as an account he was concerned about the past workings of the committee for book-keeping purposes, but that was not at this time a priority of the committee.

I advised him that the terms "expenses, expense reimbursement" were not adequate for the particulars of expenditures. He had no comment. I further advised him that it was almost impossible to track the debt activity of the committee due to the manner in which it was reported. He could not understand why it was necessary to disclose the cumulative payments to date and the adjusted balances. I suggested that he re-read the request and the various reporting requirements and I would call him back in a day or so to give specific examples of the way he could report his debt activity. He agreed.

8101023373

(1) Viguerie contracts with the Crane Committee to write, print and mail solicitation letters to possible contributors off Viguerie lists. (2) Viguerie mails out solicitations. (3) Money and information (contributor) is returned to Directech which deposits the money and key punches the information on to computer cards. (4) The cards go to Creative Mailing Consultants of America where the information is fed into a computer. CMCA then produces a printout and sends a copy to the committee and one to Viguerie. The Crane Committee and Viguerie jointly own the lists produced.

Dear Mr. Harkins:

On June 19, 1979, you were notified that certain entries in the October 10 Quarterly 1978, Year End 1978 and April 10 Quarterly 1979 Reports of Receipts and Expenditures filed by your committee raised problems under 2 U.S.C. 441a. Additionally, on June 20, 1979, you were notified that certain entries in the Year End 1978 and April 10 Quarterly Reports filed by your committee omitted certain required information.

As of this date, however, we have received no response from you. Your failure to amend your report gives the Commission reason to believe that you are in violation of 2 U.S.C. 441a and 434.

The Commission will take no action against you until you have had a reasonable opportunity to respond to this letter. This response should be mailed to the Commission within fifteen (15) days from the date of this letter.

If you have responded to the above or you require additional information, please contact William Coppel, our Reports Analyst assigned to you on our toll free number (800)424-9530. Our local number is (202)523-4048.

Coonrod called to say that he has read over the requests, (RFAI and SV). He said that he understood them and wanted to set up a meeting with me to go over them at greater length.

COMMENT: It appears that Coonrod had never read over the request before this, and was wasting my time discussing the request over the phone.

He said that he would be out of town the next week on vacation and would not be able to meet until 8/17/79. I agreed to that date, but advised him that the longer the committee waits to correct these problems and provide the omitted information, the greater the chance that this matter will be referred to the General Counsel.

I told him that the committee would be receiving a second notice regarding this request. I advised him that the committee has 15 days to respond before further action will be taken. He felt that even if he could make it in tomorrow for the meeting, there would not be enough time to get the response in.

ADVISED HIM THAT I COULD NOT GRANT AN EXTENSION OF TIME IN THIS SITUATION, THAT THE MEETING DID NOT CONSTITUTE OR COULD NOT BE CONSIDERED AS AN EXTENSION OF TIME, OR COULD ANY OF OUR CONVERSATIONS BE CONSIDERED AS AN EXTENSION OF TIME OR RESPONSE TO THE REQUEST. HE SAID THAT HE UNDERSTOOD.

RE: MEETING WITH CRANE STAFF  
Curt Coonrod and Craig Ruby

FEC staff present: Bill Coppel RAD  
Craig Russell Audit  
Ken Gross OGC  
Miriam Aguiar "  
Conley Edwards "

The following is a summary of the topics discussed with the representative from the Crane for President Committee.

The first area of inquiry that was discussed concerned the Surface Violation Notice sent to the committee on 6/19/79 for the October 10, 1978, Year End 1978, and the April 10, 1979 Reports. The notice indicated that the committee may have accepted contributions from individuals which exceed the \$1000 limit. Coonrod explained that the committee did not have the man power to check this information. What he had been doing consisted of someone from the Crane committee calling each person that was indicated in the letter as having possibly contributed in excess of \$1000, and verifying just how much they had given. If the answer was that the contribution was in excess of the limit, the committee person suggested that they individual attribute it to another family member ie. wife. This method had been explained to me over the phone in one of the discussions I had with Coonrod. I at that time advised him of the reservation I had with this method, and suggested that if he felt that this was the only practical way to handle this problem, he should make it a point to get the appropriate documentation. At this point I asked him why he had not responded to the Commission with at least an explanation of how the committee was attempting to answer this question. His reply was that this was not a high priority with the committee and he had not gotten around to it. I emphasized the importance of this question and advised him to put together some kind of response.

From here we went to the RFAI for the 1978 Year End Report. I again asked him if he had any problem or questions with the request. He had no apparent question with the way the request was presented or with what it asked, but it did appear that there was somewhat of an 'importance' problem with it; in terms of the committee's priorities. Coonrod expressed the feeling that the committee felt that over all, FEC compliance was not a primary concern, and that the question of gathering additional contributor information that had been omitted was of little importance. He wanted to know the point of getting this information. I suggested that it was required and that we were not here to debate the constitutional merits or justification for the law, only to help this committee comply. I again advised him as I had done on past phone conversations that all contributor information was required to be disclosed pursuant 2 USC 434(b)(2). At this point I asked Coonrod to explain the direct mail process the committee had used in the case of Vigurie for the benefit of those present. (See telecon dated 7/26/79). It was clear from this information that the committee did not have a great deal of control over the processing of the contributor information, nor control over the actual records. He did not know whether the "key punchers" were altering the information so as to accommodate the computer system. The question was presented concerning the means by which the committee was attempting to obtain this information. Coonrod said that they had done some second mailings, and indicated that the committee's counsel had sent in a copy of the letter. He did not know whether any second mailings had been done with regards to the Vigurie activity. Subject was changed for a moment to discuss the use of occupational computer codes. Conley Edwards asked for a list of these codes. Coonrod than asked how many times would he have to amend these reports, each time he had a little more contributor information? I advised him that the law required all the information to be disclosed and that if it took him 15 amendments to do fine, but it

shouldn't. Coonrod started playing games in terms of this question of how many amendments it would take to comply. Ken Gross and Craig Russell advised Coonrod that if the committee did a complete second mailing it should only take one maybe two amendments to comply. Coonrod felt that if he had to keep filing all these amendments it would "mess up the committee's FEC folder". No one commented on that statement, (I couldn't believe it). Again Gross advised Coonrod that if a sufficient well executed second mailing, (which has apparently not been done) is done, it should only take one large amendment. Coonrod appeared to be just arguing for the sake of arguing. The committee has not to date indicated any effort to provide this information I asked him why at least he had not responded with something; a letter telling us the committee was trying to get the information. No response from Coonrod...

The next topic of discussion concerned the entries on the receipts schedule of "I.M. ANONYMOUS". These amounts in many cases were for more than \$50. I explained 11 CFR 110.4(c)(3) to him. He felt that this resulted from poor entry of the contributor information. It was his belief that if the address of the person had been omitted, the person would type the term "I.M. ANONYMOUS". He said that he was aware of the restriction on the cash contribution and honestly felt that the committee had not accepted any. He said he would look into this and correct the error.

The area of Particulars of Expenditures was discussed next. Gross asked what the terms, "expense, expense reimbursement etc." meant in terms of the committee's internal recordkeeping. Coonrod indicated that he was not completely sure in all cases, but generally felt that these expenditures were for travel and related expenses. We went from here to discuss the necessary information required for particulars. It was indicated that the terms travel expense or travel and subsistence would be acceptable in cases when the expense was for travel. For additional examples I referred him to the Audit Systems Manual. We advised him that information on particulars was required under Title 2 and Title 26 as well. In the case of Title 26, we further advised him that documentation was necessary for all expenditures to verify that they are qualified campaign expenses. If documentation was not recorded, the Federal money would have to be returned.

Finally we discussed the debts and obligation problems the committee were having. Tracking debt activity from the Q3-78 to the YE-78 to the Q1-79 reports was difficult in terms of identifying what or how much was paid on a particular account and how much was still owed. Coonrod commented that the July 10 1979 Report was the first report he did from start to finish. Further he said that he had not gone back to reconcile the past reports in terms of debts with the July 10. He neglected to consider what had been reported as owed on previous reports to what was outstanding at the close of books for the July 10. Needless to say we advised him that it would be necessary for him to go back over the reports and establish what is still owed to these companies and what has been paid off. Craig Russell and I went on to explain to Coonrod how "accounts payable" or "revolving accounts" should be reported. We suggested that some kind of "key" should be used to indicate those expenditures which are going toward previously reported debts. We also suggested that he only carry over existing balances at the close of the period to the next report along with any new invoices. Since the records of the committee seem to have quite a few discrepancies, I suggested that he go back over all the accounts of the committee, contact the vendors and determine how much is owed. He said he would do this and work up the corrections.

In closing, Coonrod suggested that the reason things have been running so slowly was because all the requests were being sent to Jerry Harkins. The requests would go to Baileys Crossroads and then forwarded out to St. Louis. From St. Louis they are sent back here. I advised Coonrod that the address problem was his, and it was up to Harkins to submit an amendment to change the address or make Coonrod assistant treasurer.

(the key punch person)

-3-

We made several suggestions with regards to this mailing problem, however Coonrod was not really satisfied with any of them. Backed by Aguilar and Edwards both of OGC, I advised Coonrod that the information requested was well overdue and encouraged him to get the information in as soon as possible.

COMMENT:

It was apparent from the meeting that the Crane Committee has some major internal recordkeeping problem. The basic reason for this seems to be a lack of concern on the part of the committee treasurer, Jerry Harkins as to the importance of complying with the FECA requirements. The committee, due to poor planning is understaffed and lacks the resources to maintain the records necessary to comply with the disclosure requirements of the law. It further appears that the committee is playing the odds so to say, that by the time the compliance action of the Commission gets anywhere, the election will be over.

JULY 10 REPORT

Schedule C-P Line 13 of your report discloses three debts dated 11/22/79, 11/30/79, and 12/5/79. Please be advised that 11 CFR 104.2(b) requires that reports shall reflect activity covering from the close of the last period reported to the close of the current reporting period. Please amend Schedule C-P Line 13 to provide clarification for this activity.

Schedule C-P Line 13 of your April 10 Report discloses a debt of \$13,495.71, dated 12/31/78 owed to McCollum Press. A review of Schedule B-P Line 24a of your April 10 Report indicates that during that period, expenditures totaling \$8,500.00 were made to this firm. However, Schedule C-P Line 13 of your July 10 Report fails to disclose the present status of this debt. Please amend Schedule C-P Line 13 of your July 10 Report to reflect the original amount of the debt, cumulative payment(s) to date, and outstanding Balance(s).

Schedule C-P Line 13 of your April 10 Report discloses the following debts owed to Richard A. Viguerie:

12/31/78	\$54,354.76	2/28/79	\$81,386.82
1/26/79	\$48,830.65	3/16/79	\$40,040.27

2/23/79	\$5,140.75	3/30/79	\$23,949.56

A review of Schedule C-P Line 13 of your July 10 Report reveals that those debts dated 12/31/78, 1/26/79, 1/31/79, 2/23/79, have been omitted and the debt dated 2/28/79 has been reduced. The omission and reduction of these debts totals \$201,216.26. A further review of your July 10 Report Schedule B-P Line 24a, reveals expenditures totaling \$137,000.00 made to Mr. Viguerie during this reporting period. Please amend your report to clarify this apparent discrepancy.

Schedule C-P Line 13 of your committee's July 10 Report indicates that the balance of the debts owed to Tri-State Envelope Company has been reduced by \$26,597.88. However, a review of Schedule B-P Line 24a reveals that expenditures totaling \$21,000.00 were made to this firm during the July 10 reporting period. Please amend the appropriate schedules to clarify this apparent discrepancy.

Schedule C-P Line 13 of your July 10 Report indicates that the balance of the debts owed to Barnett, Alagia & Corey has been reduced by \$6,668.41. FEDERAL ELECTION COMMISSION  
WASHINGTON, D.C. 20463

August 27, 1979

Jerry D. Harkins, Treasurer  
Crane for President  
5600 Columbia Pike, Suite 200  
Bailey's Crossroads, VA. 22041

Dear Mr. Harkins:

This letter is prompted by the Commission's interest in assisting candidates and committees who wish to comply with the Federal Election Campaign Act, as amended. During review of the July 10, 1979 Report of Receipts and Expenditures, we noticed entries indicating that you may have received contributions which exceed the limits set forth in the Act. A copy of those portions of your reports is attached so that a review of your records can be made.

The Act precludes individuals and political committees, other than multicandidate committees, from making political contributions to a candidate for Federal election in excess of \$1,000 per election. The Act defines a multicandidate committee as one which has been registered for a period of not less than six months; has received contributions from more than fifty persons; and has made contributions to five or more candidates for Federal office.

The Commission recommends that if you find the contributions you received were in excess of the limits set forth in the Act you return the amounts in excess of \$1,000 to the donors. These returns should be reported immediately by letter and should be reflected as contribution refunds on your next report of receipts and expenditures. If you find that the entries in question are incomplete or incorrect, please submit a statement which would clarify these particular matters for the public record. SUBJECT(S): August 24 Letter from Crane Committee (see attached)

I received a letter from Coonrod indicating that "certain letters" sent to Harkins had not been acknowledged. I advised Coonrod that RTB notice had been sent on 8/3/79 during our 8/17 meeting for the outstanding RFAI and SV. He advised me at that time he would check to see if they had been received.

This letter of 8/24 did not specifically identify which letters the committee had not received. Since the mail going to Harkins is re-routed from the Baileys Crossroad office to St. Louis before it gets to Coonrod, I called the committee to have Coonrod clarify which notices they had not received.

Coonrod told me that he was not sure. So I advised him to check with Harkins to see whether he had received our 8/3/79 RTB notice. Further, I advised Coonrod to call me back and let me know. If they had not been received, I advised Coonrod that I would forward copies. He agreed to check this matter and get back to me.

NOTE: The notice of RTB was sent on 8/3/79. To date, the letter has not been returned to the Commission. I would feel that due to the mail problems of this committee, it has been lost internally.

DATE: 9/18/79

SUBJECT(S): Outstanding RFAIs and SVs and letter form dated 8/29/79

I called Coonrod concerning a letter I received from him that was dated 8/29/79. The letter referred to a Bush solicitation which he claimed was attached to the July 10 RFAI I had sent the committee. I advised him that; (1) we check everything that goes out of this division very closely, (2) no one in my office including myself have ~~every~~ seen this letter before, (3) we don't staple our letters together that are sent out to committees as indicated in your letter, (4) it would seem more likely from a ~~strategic~~ that Harkins would have this notice before I would and that he most likely attached it to the request by mistake.

Coonrod mumbled an apology and said he was sorry to have made an issue out of it.

I advised Coonrod further that the 15 day response time was up for the July 10 request (RFAI and SV). Also that the 15 day time had long elapsed on the RTB notice sent for the April 10/YE reports and the Q3, YE and Q1 SV notice. Coonrod that they had been making progress on the requests but had decided to take the earliest request first and put everything together before sending it in, vs. "peice meal". I advised him that I would not advise him one way or the other. My only comment would be that the sooner the better and the more complete the better. I also said that time and content would be considered.

SUBJECT(S): Present status of request/matching fund submission question

Coonrod called with a question about the committee's Matching Funds Submission. He said that he has called Craig Russell, but was informed that he was on vacation. I told him that I would contact the Audit Division and have someone call him back.

While I had him on the phone, I asked him about the Form 1 amendment changing the committee address to St. Louis that Harkins (the treasurer) was going to send in. Coonrod said that he did not know why Harkins had not gotten around to sending it, and would ask him about it today. I then asked Coonrod how things were going in terms of the request.

Coonrod went into a lengthy explanation as to the problems he was having in responding to the requests. Again he claims that these requests are a 4th priority of the committees'. At this point, Matching funds is the 1st priority. Evidently, the committee is having a hard time putting together the submission, due to the lack of accurate contributor information. Since there is no way to go through all the records to verify this information, the committee is only taking certain contributions that have the best contributor backup.

Further, Coonrod said that with the limited amount of help he has, the completion of the requests will be set back further. I again indicated that I could not take this as an excuse, but would note it in the files. I advised him again to make it clear to the Campaign Director and Treasurer the importance of getting this information in. Coonrod thanked me for the help and said he would work on it.

SUBJECT(S): Debt problems

I called Coonrod to ask if he knew the difference between the various Diversified Companies. It is impossible to track the status of debts owed to these companies. The names change from one report to the next as well as the addresses.

Coonrod advised me that all the Diversified companies were owned by Viguerie as well as American Mailing Lists. They all have moved he claimed but was not sure what their proper addresses were. He advised me that Direct Mail Marketing, Inc. (DMMI) was just a bank account (escrow account) out of which the committee made payments for postage. He could not tell me much about the rest other than the fact that they were all subsidiaries of Viguerie. He suggested that I call Ann Stone of the Viguerie Company and ask her. I advised him that he should know this information and that I can't call her about it. I suggested he send me a letter explaining all this. He said he had planned to when he got around to it.

Also I asked Coonrod if he had ever checked with Harkins about the 8/3/79 notice. I reminded him that in an earlier conversation he had told me that he would get back to me to verify if Harkins had received the letter. Coonrod said he did not know.

INTERIM INVESTIGATIVE REPORT

On February 5, 1979, the Commission found reason to believe that the Crane for President Committee ("the Committee") may have violated 2 U.S.C. §434(b)(2) and 11 CFR §104.2(b)(2) by failing to disclose accurate and adequate individual contribution information on their 1978 October 10 financial report.

The error rate of reporting principal place of business was 64% and occupation 28%. However the amended report, received by this office on May 15, 1979, revised the error rate downward to 40% for principal place of business and 19% for occupation.

On June 20, 1979, the Reports Analysis Division requested additional information from the Committee concerning certain information omitted from both their 1978 annual financial report and their 1979 April 10 financial report. In addition, on June 19, 1979, the Reports Analysis Division informed the Committee of possible violations of 2 U.S.C. §441a(a)(1)(A). With regard to the deficient reports filed subsequent to the findings in this matter, the Reports

8171023395

Analysis Division has recommended reason to believe that the Act was violated. On August 1, 1979, the Commission found reason to believe that the Committee may have violated 2 U.S.C. §434(b)(2) and 11 CFR §104.2(b)(2) by failing to disclose adequate and accurate individual contributor information on both their 1978 annual financial report and their 1979 April 10 financial report; and 2 U.S.C. §441a(a)(1)(A) by accepting excessive contributions from individuals.

Prior to making a further recommendation on this matter, we anticipate reviewing the responses to the August 1, 1979, reason to believe finding. If the responses are deficient or there is no response, the Reports Analysis Division will refer the later filings to the Office of General Counsel. At that time we will coordinate the handling of this entire matter and provide a further report.

Third Quarter 1978 Report  
MUR #944 (79)

Dear Mr. Edwards:

Pursuant to several of our conversations I send you herewith photocopies of the solitication mailings of the Crane for President Committee made during the Third Quarter 1978.

The important point is that each solitication requests the name, address, city, state, zip, occupation, place of business and indication as to selfemployment of the potential donor and does so in conspicuous fashion.

The first package is dated August 1, 1978 and consists of (1) a four page letter bearing that date; (2) an undated Memorandum projecting a budget; and (3) a memorandum entitled "Membership R.S.V.P.", the latter requesting the required information.

The second package consists of a letter dated August 23, 1978, sample picked at random addressed to one Mr. W. H. Kleiner, also consisting of four pages; the same budget memorandum and the same "Membership R.S.V.P." memorandum.

The third package consists of a one page letter dated September 7, 1978, sample picked at random, addressed to one Mr. Peter C. Smidt; a copy of the same August 1 letter; and the same "Membership R.S.V.P." memorandum.

Each package contained a business reply envelope.

Thus, it is clear that each fund solicitation by the Crane for President Committee during the Third Quarter 1978 specifically requested, without limitation as to the amount of the possible contribution, name, address, city, state, zip, occupation, place of business and indication as to selfemployment.

Sincerely,

CONGRESSMAN PHILIP M. CRANE

August 1, 1978

I want you to be one of the first persons to know that I've decided to run for President.

Tomorrow at 10:00 A.M. in the U.S. Capitol I will announce I'm a candidate for the Republican nomination for President.

I hope in the coming months when I come to your state that you will have the time to meet and talk to me about my campaign for President.

I would very much like to have your thoughts on what I should be doing to run a better campaign. And I would also like your thoughts on what issues are important in your area and in your state.

In fact, since I will be traveling to most of the 50 states during the campaign I probably won't have an opportunity to visit personally with you as much as I would like.

So in between those times when I won't be in your area, I would like to be able to write to you or call you and ask you for your opinion of the issues in the campaign.

I've decided to set up a special organization for those who will have this personal relationship to me and my campaign.

I'm going to call this special committee Friends of Phil. We expect to have special meetings, receptions, lunches, dinners, special mailed reports and many other activities. These activities will be limited to those select, early friends

*Not Prepared or Mailed at Government Expense*

*A copy of our report will be filed with, and available for purchase from the Federal Election Commission, Washington, D.C.*

81040334000

who joined me early in my campaign.

As you know, it costs a tremendous amount of money to run for President.

However, I am confident I can raise the money to run a major, professional race IF I get your support and the support of other important conservatives across the country.

I know you agree with me that it's important that the conservative candidate be well financed.

The White House, all the major press and the liberals in Congress will all be watching very closely to see how much support a conservative candidate for President can receive from his supporters.

There are two levels of membership in the special Friends of Phil Committee I would like for you to consider.

Many of my friends will probably join at the \$25 or \$50 level but I know some of my friends will want to send me \$100, \$500, or perhaps even \$1,000.

Whichever category you feel is right for you, please try to let me know today.

By the way, if you prefer to not send the entire amount of your pledge at this time, I will understand. Perhaps you could send 1/2 now and the 1/2 next month.

However, if it is convenient to send it all now that would be a very big help.

However, even though I announced my candidacy for President on August 2, 1978, I can't really begin my campaign until we get some money in the bank.

I've enclosed a copy of my first six months' budget. At the present time we have less than \$5,000 in the bank.

We urgently need money to hire a campaign manager, regional directors, secretaries and research assistants. We'll also need a headquarters in Washington, phones, stationery, typewriters, brochures, campaign buttons, plane tickets and a hundred other items necessary to run a successful campaign for President.

The reason I feel it's important to have a conservative running for President early is because as a general rule for over 20 years, the person who the Republican or Democratic party nominated was the candidate who started running for President first.

Running for President is an extremely difficult and long

81040231001

undertaking.

It takes a lot of time to travel to almost all parts of each state.

But hard work is nothing new to me. On an average I work about 75 hours a week and I've done this since I was first elected to Congress in 1969.

To give you some idea of my schedule, in the past year I have traveled to 33 states. I have made about 225 speeches in 160 different towns.

Also, let me just briefly summarize some facts about myself.

I have a Ph.D. in history from Indiana University. I taught at Indiana University for 3 years, and 4 more years at Bradley University in Illinois.

I've written 3 books, The Democrat's Dilemma (1964), The Sum of Good Government (1976), and Surrender in Panama (1978).

I was elected to Congress in a special election in 1969 from Chicago. Every two years my victory margin increases. In 1976 I was re-elected with 74% of the vote.

For the past year and a half I have served as the Chairman of the American Conservative Union.

During the next 2 years some of the issues I plan to stress are:

- ..... the giveaway to a Marxist dictator of our Panama Canal
- ..... high taxes
- ..... government spending sixty billion dollars each year more than they take in
- ..... the daily issuance of over 1,000 new laws by federal bureaucrats which is causing runaway inflation and high unemployment
- ..... President Carter's weakness in the face of growing Soviet aggressiveness
- ..... President Carter's failure to keep his promise to reduce the size of government and to balance the federal budget
- ..... House of Representatives Joint Resolution No. 985 that I've introduced in Congress to place a ceiling

8 L 0 4 0 2 3 4 0 0 2

Page four

on Federal spending.

I feel that we don't have a minute to lose.

This is a big country and I plan to travel to every state and every large city and thousands of towns in the next two years.

But before I can take my first trip I need to hear from you.

As I said, the campaign has less than \$5,000 in the bank.

If we had a headquarters I would suggest that you might call and let me know the amount of your contribution.

I have a location in mind where I would like to set up my Presidential campaign office and when enough contributions come in within the next week we'll sign a lease.

I'll be anxiously looking forward to hearing from you.

Regards,

Phil Crane

PMC/mr

P.S. Even though I've suggested that you join at the \$25 or \$50 level, if you feel you could send a larger contribution such as \$100, \$500, or even \$1,000 it would be a big morale booster to me personally.

The reason I feel it's important to have a conservative running for President early is because as a general rule for over 20 years, the person who the Republican or Democratic party nominated was the candidate who started running for President first.

Running for President is an extremely difficult and long undertaking.

It takes a lot of time to travel to almost all parts of each state.

But hard work is nothing new to me. On an average I work about 75 hours a week and I've done this since I was first elected to Congress in 1969.

To give you some idea of my schedule, in the past year I

have traveled to 33 states. I have made about 225 speeches in 160 different towns.

Also, let me just briefly summarize some facts about myself.

I have a Ph.D. in history from Indiana University. I taught at Indiana University for 3 years, and 4 more years at Bradley University in Illinois.

I've written 3 books, The Democrat's Dilemma (1964), The Sum of Good Government (1976), and Surrender in Panama (1978).

I was elected to Congress in a special election in 1969 from Chicago. Every two years my victory margin increases. In 1976 I was re-elected with 74% of the vote.

For the past year and a half I have served as the Chairman of the American Conservative Union.

During the next 2 years some of the issues I plan to stress are:

- ..... the giveaway to a Marxist dictator of our Panama Canal
- ..... high taxes
- ..... government spending sixty billion dollars each year more than they take in
- ..... the daily issuance of over 1,000 new laws by federal bureaucrats which is causing runaway inflation and high unemployment
- ..... President Carter's weakness in the face of growing Soviet aggressiveness
- ..... President Carter's failure to keep his promise to reduce the size of government and to balance the federal budget
- ..... House of Representatives Joint Resolution No. 985 that I've introduced in Congress to place a ceiling on Federal spending.

I feel that we don't have a minute to lose.

This is a big country and I plan to travel to every state and every large city and thousands of towns in the next two

years.

But before I can take my first trip I need to hear from you.

As I said, the campaign has less than \$5,000 in the bank.

If we had a headquarters I would suggest that you might call and let me know the amount of your contribution.

I have a location in mind where I would like to set up my Presidential campaign office and when enough contributions come in within the next week we'll sign a lease.

I'll be anxiously looking forward to hearing from you.

Even though I've suggested that you join at the \$25 or \$50 level, any contribution you could send such as \$10.00 or \$15.00 would be a big morale booster to me personally.

Dear Mr. Smidt,

Since I haven't had a reply from my letter of August 1st, I wanted to write you again.

I was concerned that for some reason you may not have received my letter.

I am eager to announce my advisory committee to the press but I want to wait until I hear from you.

A copy of my August 1st letter to you is enclosed. Would it be possible for you to give me your reply today?

I feel it's important to my Presidential campaign that you are a member of my team.

So many exciting things have happened since I announced my candidacy 6 weeks ago. And as soon as I hear that you want to be one of my advisors, I want to bring you up to date on the exciting progress of our campaign.

I am really quite eager to have your support.

Regards,

P.S. It's not necessary to send a contribution to accept a position on my board of advisors. However, contributions from my friends are urgently needed. And a \$25.00 contribution from you I assure you is needed and would be sincerely appreciated.

CONGRESSMAN PHILIP M. CRANE

August 1, 1978

I want you to be one of the first persons to know that I've decided to run for President.

Tomorrow at 10:00 A.M. in the U.S. Capitol I will announce I'm a candidate for the Republican nomination for President.

I hope in the coming months when I come to your state that you will have the time to meet and talk to me about my campaign for President.

I would very much like to have your thoughts on what I should be doing to run a better campaign. And I would also like your thoughts on what issues are important in your area and in your state.

In fact, since I will be traveling to most of the 50 states during the campaign I probably won't have an opportunity to visit personally with you as much as I would like.

So in between those times when I won't be in your area, I would like to be able to write to you or call you and ask you for your opinion of the issues in the campaign.

I've decided to set up a special organization for those who will have this personal relationship to me and my campaign.

I'm going to call this special committee Friends of Phil. We expect to have special meetings, receptions, lunches, dinners, special mailed reports and many other activities. These activities will be limited to those select, early friends

who joined me early in my campaign.

As you know, it costs a tremendous amount of money to run for President.

However, I am confident I can raise the money to run a major, professional race IF I get your support and the support of other important conservatives across the country.

I know you agree with me that it's important that the conservative candidate be well financed.

The White House, all the major press and the liberals in Congress will all be watching very closely to see how much support a conservative candidate for President can receive from his supporters.

There are two levels of membership in the special Friends of Phil Committee I would like for you to consider.

Many of my friends will probably join at the \$25 or \$50 level but I know some of my friends will want to send me \$100, \$500, or perhaps even \$1,000.

Whichever category you feel is right for you, please try to let me know today.

By the way, if you prefer to not send the entire amount of your pledge at this time, I will understand. Perhaps you could send 1/2 now and the 1/2 next month.

However, if it is convenient to send it all now that would be a very big help.

However, even though I announced my candidacy for President on August 2, 1978, I can't really begin my campaign until we get some money in the bank.

I've enclosed a copy of my first six months' budget. At the present time we have less than \$5,000 in the bank.

We urgently need money to hire a campaign manager, regional directors, secretaries and research assistants. We'll also need a headquarters in Washington, phones, stationery, typewriters, brochures, campaign buttons, plane tickets and a hundred other items necessary to run a successful campaign for President.

The reason I feel it's important to have a conservative running for President early is because as a general rule for over 20 years, the person who the Republican or Democratic party nominated was the candidate who started running for President first.

GENERATION OF MATTER

This matter was referred to the Office of General Counsel  
by the Reports Analysis Division on April 12, 1979.

SUMMARY OF ALLEGATIONS

The Committee may have violated 2 U.S.C. §434(b)(2)  
and 11 CFR §104.2(b)(2) by failing to disclose accurate and  
adequate individual contributor information.

FACTS

On December 14, 1978, the Reports Analysis Division requested  
additional information from the Committee concerning the omitted  
information. On February 5, 1979, the Commission found reason to  
believe that the Committee may have violated 2 U.S.C. §434(b)(2)  
and 11 CFR §104.2(b)(2) by failing to disclose accurate and adequate  
individual contributor information.

On April 24, 1979, this Office informed the Committee's attorney,  
Marion Edwyn Harrison, that it had been more than two months since  
the Commission's last request for the Committee to provide certain  
omitted information required by 2 U.S.C. §434(b)(2) and 11 CFR §104.2  
(b)(2).

On May 15, 1979, the requested information was hand delivered  
to this Office along with a cover letter of explanation from the  
attorney. This additional information is now being reviewed

91040231024

by the Reports Analysis Division and a supplemental referral report is forthcoming.

A further report in this matter will be prepared once this information has been analyzed by the Reports Analysis Division.

Re: Crane for President Committee  
FEC AOR #1978-56 (This was amended 10/18/78 to read Oct. 10 Report)

Dear Sir:

We submit herewith the Crane for President Committee quarterly report for the third quarter 1978. The report covers only two months inasmuch as the Committee was not organized during July.

We invite your attention to the following technical deficiencies.

1. The very first item represents a corporate contribution in the sum of \$50.00. This contribution was returned to the donor on October 10 - outside the quarter and, therefore, not included on the report. (Every other corporate contribution was returned to the donor upon receipt, without having been posted.) The referenced corporate contribution was not discovered until the final computer print out was received on October 9.

2. There are instances in which the report is required to list the place of business and/or occupation of the donor and such information is missing. In each such instance a letter will be dispatched no later than October 13 requesting the missing information. Telephone calls will begin on October 25 to those donors in this category who by that date have not supplied the missing information.

3. The computer was programmed to post contributions received in August as of August 1, contributions in September as of September 1. Upon the advice of counsel we have directed our computer service to begin posting on the date received rather than the beginning of the month received.

Mr. Orlando B. Potter  
October 10, 1978

4. The Committee has received \$413.50 inadvertently deposited without full identification of source. We are rechecking to identify the source/s or to determine whether there is an arithmetic error.

Sincerely,

*Martha Dawson*

Please provide the principal place of business for all contributors, defined as "full name under which the business is conducted and the city and State in which the person is employed or conducts business" as per 11 C.F.R. § 100.12.

Please be advised that 11 C.F.R. §104.2(b)(2) requires only that contributors who have contributed in excess of \$100 be itemized. Contributions from contributors of \$100 or less need not be itemized but must be aggregated and reported as unitemized contributions for Line 14b of the Detailed Summary Schedule. Further, 11 C.F.R. §104.2(b)(3)(ii) requires that if the committee chooses to itemize those contributions of \$100 or less, they shall be itemized on a separate Schedule A and not reported on the same Schedule A with the required itemization of contributions in excess of \$100.

Please provide the proper election designation for each contribution received.

The committee reported, in Appendix II, two contributions in excess of \$100. These were from Mr. Clayton F. Brown (\$500) and Mr. Harry G. Seggerman (\$500). These contributions should have been reported on Schedule A, Line 14a, and the appropriate notations made that contributor information was not available and would be provided at a later date. Please amend your report to disclose these contributors on the proper Schedule A for Line 14a.

Re: Crane for President Committee

Dear Mr. Gore:

We confirm our conversation of even date in response to your letter of December 14, 1978.

For the record, your letter of December 14 was received at the Crane for President Committee some time during Christmas week, when the office was closed. The addressee, Miss Martha Dawson, Treasurer, got to the letter on January 3, when she returned to the office. She had the letter hand carried to me yesterday; you and I talked today.

Our client began yesterday to attempt to assemble the requested information. While the suggested December 29 deadline obviously will not be met, we would hope to have some or all of the requested information within the near future.

We recognize that a follow-up letter automatically is programmed and, hence, might arrive before our client is able to adduce the requested information.

We appreciate your cooperation.

Sincerely,

  
 MARION EDWYN HARRISON

RE: 1RQ2/79-2

Dear Mr. Gore:

Per a letter dated February 5, 1979 from Ms. Joan Aikens of the Federal Election Commission, I am contacting you on the behalf of the Crane for President Committee.

Our legal counsel, Marion Harrison spoke to you in late December regarding our 3rd quarter report for 1978. As you were informed at that time, we are in the process of compiling the information necessary to comply with the Commission for this particular reporting period. Because of the nature of the adjustments that must be made in our report it was impossible for us to meet the deadline set by the Commission for its completion. It is our wish to amend our report to your complete satisfaction. In order for us to accomplish that I must ask for your continued patience and understanding. We hope to forward the required information to you in the very near future. Please rest assured that we are aware of the importance of timeliness under normal circumstances and we will do our best to avoid such delays in the future.

We appreciate your assistance in this matter and will be in touch with you shortly regarding this pending information.

Sincerely,

*Martha Dawson*

Re: Crane for President Committee  
Third Quarter 1978 Report  
MUR #944 (79)

Dear Sir:

Pursuant to Mr. Orlando B. Potter's undated letter; our letter to Chadwick R. Gore, Esquire, dated January 4, 1979; your letter to us, dated April 24, 1979; and conversations between Mr. Gore and myself; and conversations between Mr. Conley Edwards, Jr., and myself; we furnish additional information from our client the Crane for President Committee.

The dates shown on Schedule A continue to be broken down monthly rather than daily or some shorter interval. The Treasurer of the Crane for President Committee reported this programming in ¶3 of her letter of October 10, 1978, transmitting the Third Quarter 1978 Report. The computer was programmed to post contributions received monthly rather than daily or some shorter interval. We are advised there is no way one can reconstruct the precise date a contribution was received inasmuch as they were not logged in daily. Upon learning of this procedure in October 1978, I

31040134053

**BARNETT, ALAGIA & CAREY**

William C. Oldaker, Esquire  
May 15, 1979  
Page two

advised our client to require computer programming to show the exact date of receipt. The client advises that this was done in October 1978. There is, of course, no harm done. The third quarter of 1978 does not qualify for matching funds; the approximate dates of receipt are shown; the amounts are not in dispute; and the nominating process is not to take place until almost two years thereafter.

31040034054

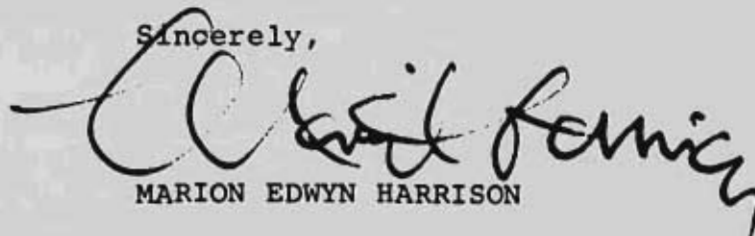

There are 223 donor names. Occupations are now listed for all except 23, or 9.7%. Business addresses are now listed for all except 57, or 26% (noting, as we do, that some business addresses are listed in the "CONTRIBUTOR NAME AND ADDRESS" column - e.g., the first name on page 6.) At my suggestion, in October 1978, the client sent a written follow-up to each donor who had not provided full information. In addition, the client followed up with telephone calls or attempted telephone calls to some (but not all) of those who still refused to repond. Under the circumstances, the client's efforts manifest good faith and are not out of line with percentages judicially determined to constitute a good faith effort. *Federal Election Commission v. Citizens for the Republic*, \_\_\_ F Supp \_\_\_ (DC, #78-1116, 1979).

Mr. Harry G. Seggerman now is listed on page 4 of the enclosed computer printout. Our client advises that every imaginative effort has been made to identify Mr. Seggerman but without success. It is possible as the campaign develops that he may identify himself by a further contribution or that the Crane for President Committee may obtain a lead as to his identity. In view of the uncommon surname and relatively large contribution, this possibility is not wholly remote.

It would appear the remainder of the requested amendments have been made.

The bulk of meaningful information now has been supplied, as to all of which our client has made a good faith effort. 2 USCA §434(b)(2); 11 CFR §104.2(b)(2); *Federal Election Commission v. Citizens for the Republic*, op cit. Accordingly, the Federal Election Commission should dismiss MUR #944 (79).

Sincerely,

MARION EDWYN HARRISON

OUTCOME: (if applicable)

The original October 10 Report for the Crane for President Committee omitted more than 50% of the contributor's Principal Places of Business, and more than 20% of the Occupations.

The October 10 Amended Report provides additional contributor Principal Places of Business, however the total still omitted is 40%. The amendment provides additional occupations, lowering the total omitted to 19%.

The terms used by the committee to describe "occupations" of contributors are vague, ie. executive, education, self-employed, consultant, etc.

Re: Crane for President Committee  
FEC AOR #1978-56 (This was amended 10/18/78 to read Oct. 10 Report)

Dear Sir:

We submit herewith the Crane for President Committee quarterly report for the third quarter 1978. The report covers only two months inasmuch as the Committee was not organized during July.

We invite your attention to the following technical deficiencies.

1. The very first item represents a corporate contribution in the sum of \$50.00. This contribution was returned to the donor on October 10 - outside the quarter and, therefore, not included on the report. (Every other corporate contribution was returned to the donor upon receipt, without having been posted.) The referenced corporate contribution was not discovered until the final computer print out was received on October 9.

2. There are instances in which the report is required to list the place of business and/or occupation of the donor and such information is missing. In each such instance a letter will be dispatched no later than October 13 requesting the missing information. Telephone calls will begin on October 25 to those donors in this category who by that date have not supplied the missing information.

3. The computer was programmed to post contributions received in August as of August 1, contributions in September as of September 1. Upon the advice of counsel we have directed our computer service to begin posting on the date received rather than the beginning of the month received.

Mr. Orlando B. Potter  
October 10, 1978

Please provide the principal place of business for all contributors, defined as "full name under which the business is conducted and the city and State in which the person is employed or conducts business" as per 11 C.F.R. § 100.12.

Please be advised that 11 C.F.R. §104.2(b)(2) requires only that contributors who have contributed in excess of \$100 be itemized. Please provide the proper election designation for each contribution received.

The committee reported, in Appendix II, two contributions in excess of \$100. These were from Mr. Clayton F. Brown (\$500) and Mr. Harry G. Seggerman (\$500). These contributions should have been reported on Schedule A, Line 14a, and the appropriate notations made that contributor information was not available and would be provided at a later date. Please amend your report to disclose these contributors on the proper Schedule A for Line 14a.

Re: Crane for President Committee

Dear Mr. Gore:

We confirm our conversation of even date in response to your letter of December 14, 1978.

For the record, your letter of December 14 was received at the Crane for President Committee some time during Christmas week, when the office was closed. The addressee, Miss Martha Dawson, Treasurer, got to the letter on January 3, when she returned to the office. She had the letter hand carried to me yesterday; you and I talked today.

Our client began yesterday to attempt to assemble the requested information. While the suggested December 29 deadline obviously will not be met, we would hope to have some or all of the requested information within the near future.

We recognize that a follow-up letter automatically is programmed and, hence, might arrive before our client is able to adduce the requested information.

We appreciate your cooperation.

Sincerely,

*Marion Edwyn Harrison*

RE: 1RQ2/79-2

Dear Mr. Gore:

Per a letter dated February 5, 1979 from Ms. Joan Aikens of the Federal Election Commission, I am contacting you on the behalf of the Crane for President Committee.

Our legal counsel, Marion Harrison spoke to you in late December regarding our 3rd quarter report for 1978. As you were informed at that time, we are in the process of compiling the information necessary to comply with the Commission for this particular reporting period. Because of the nature of the adjustments that must be made in our report it was impossible for us to meet the deadline set by the Commission for its completion. It is our wish to amend our report to your complete satisfaction. In order for us to accomplish that I must ask for your continued patience and understanding.
