

UNI-Move

UNI-versal Tool Hanger

EASY, QUICK TOOL HANGING

No more fumbling to attach or remove hanging tools on a workstation. It takes just seconds!

ADAPTS TO DIFFERENT HANDLES

Unique design works with different shaped handles with standard diameters (from .825" - 1.15").

HANGING FLEXIBILITY

Hang tools on workstation or on any location where there is an appropriate protruding edge.

NON-METAL COMPONENTS

Made with closed-cell co-polymer for durability and stretchable rubber for non-slip, anti-static performance.

EASY, FAST HANDLE ATTACHMENT

Hangs on Various Locations

The UNI-Move tool hanger quickly and easily hangs handles on a workstation or any location with an appropriate protruding edge.

Accommodates Various Handles

Use with any standard-sized handle, regardless of its shape.
 Fits handles with diameters from .825" to 1.15"

Unique Stretch-and-Lock Mechanism

Position UNI-Move's curved solid back on handle, stretch rubber extension around handle and engage grip bar into hook-and-bar locking mechanism. Release with easy pull of grip bar to disengage from hook-and-bar mechanism.

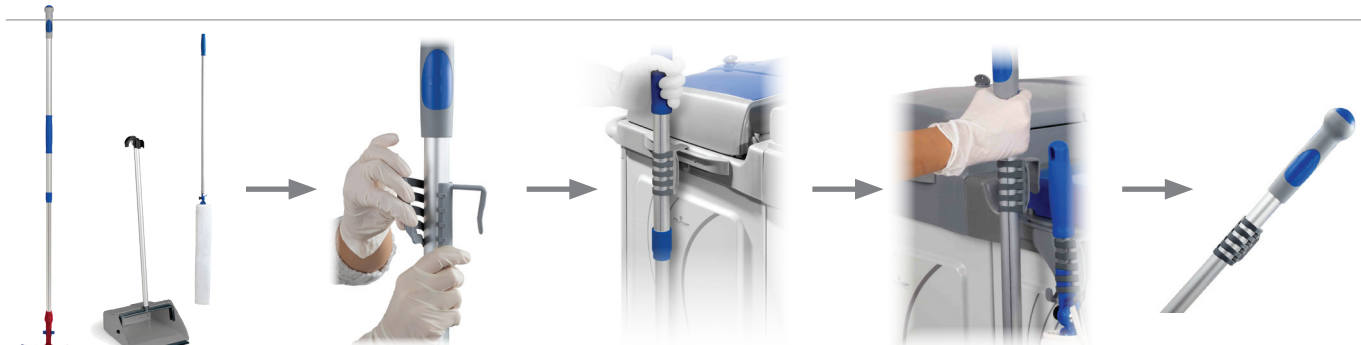

Stretchable rubber extension easily wraps around handle and provides anti-shock, anti-slip performance.

Rigid co-polymer grip bar enables easy holding, pulling and securing into hook-and-bar mechanism.

Hook-and-bar locking mechanism and frame is made with sturdy co-polymer to firmly secure handle until released.

HOW TO USE

Choose tool of your choice, with handle diameter of .825" to 1.15".

Engage UNI-Move Tool Hanger on handle.

Hang on workstation hanging bar.

Simply lift off for use.

UNI-Move securely remains on handle during use for easy re-hanging.
