Multi-Display Ceiling Mount with Four Telescoping Arms

FOR 37" TO 75" DISPLAYS

The DST975-4 Multi-Display Ceiling Mount includes telescoping arms that hold four displays evenly spaced in a square or rectangular configuration, helping you create the ideal multi-display ceiling mounted solution. Each arm's adjustable depth allows the installer to set the spacing between each display to meet your application's needs. With 360° of swivel, and 0° to 20° of tilt, this mount creates the perfect viewing angle for any application. The mount has been designed with superior aesthetics in mind and provides a bottom cover, resulting in sleek and clutter-free cable management throughout the entire solution.

DST975-4's telescoping arms offer spacing flexibility, so you can find the perfect placement for your display.

Additional Features

- ✓ Universal mount fits displays with mounting patterns up to 730 x 405mm (28.75"W x 15.95"H)
- ✓ 0° to 20° of tilt and 360° of swivel at time of installation
- ✓ Arms telescope to allow for the desired display spacing
- ✓ Bottom cover provides aesthetically pleasing cable management
- ✓ Tri and Hex options also available
