The Welsh Government uses the services of a Value Add Reseller (VAR) to purchase its corporate Microsoft licences. Corporate Microsoft licences are purchased through an Enterprise Subscription Agreement (ESA). The ESA is a three (3) year agreement, with a start date of 1 January 2016 and an end date of 31 December 2018. The ESA will provide Welsh Government with price protection for the term of the agreement, as mentioned in the Microsoft Technet Blog link sent in the FOI. Therefore, the prices of the licences that the Welsh Government already has on the ESA are protected and will not be subject to the price change announced by Microsoft.
