DEPARTMENT OF VETERANS AFFAIRS
Washington DC 20420

March 1, 2012

This is in response to your Freedom of Information Act (FOIA) request dated February 18, 2011, in which you requested a copy of the information provided to the chairman of the House Committee on Oversight and Government Reform, Darrell Issa, in response to his inquiry about the Department of Veterans Affairs' (VA) handling of FOIA.

With respect to your request:

The FOIA Service received your request on December 11, 2011, and assigned it FOIA number 12-01781-F. Please refer to this number when communicating with this office about your request.

Pursuant to a January 11, 2012 email to Amy Gbenou of my staff, you will accept a copy of just the FOIA Log that is being finalized in response to the Wall Street Journal request for a copy of the FOIA Log and correspondence provided to Congressman Issa in his capacity as Committee Chairman of the House Committee on Oversight and Government.

Enclosed is a copy of the FOIA log provided to Congressman Issa on a compact disc (CD). We have redacted the names of the requesters in order to better protect the privacy of those Veterans who have filed a FOIA request pursuant to Exemptions 3 and 6 (5 U.S.C. § 552 (b)(3), and 5 U.S.C. § 552 (b)(6)). Due to the significant number of Veterans who file FOIA requests at the VA, and in light of the volume of requests the VA receives, it is not possible for the FOIA Service to review all FOIA requesters against the Veteran community to determine which requester is in fact a Veteran. Requests submitted by commercial requesters, organizations or media are included in this response. Should you be interested in the identity of a particular requester, you may contact the VA FOIA Service to see if that requester's name can be released.

Exemption (b)(3) allows the withholding of information prohibited from disclosure by another federal statute. The applicable statute is 38 U.S.C. § 5701(a), which exempts from disclosure the names and addresses of present or former members of the armed forces and their dependents. Exemption (b)(6) protects information (names and addresses of veterans and their dependents) which if disclosed would constitute a clearly unwarranted invasion of personal privacy.

There are no fees for the processing of your request. Your request was processed by the undersigned.

If you should choose to make an appeal, your appeal must be postmarked no later than sixty (60) calendar days after the date of the adverse determination. It must clearly identify the determination being appealed and must include any assigned request number. The appeal should include the name of the FOIA Officer, the address of the component, the date of the component's determination, if any, and the precise subject matter of the appeal.

If you choose to appeal only a portion of the determination, you must specify which part of the determination you are appealing.

The appeal should include a copy of the request and VA's response, if any. The appeal should be marked "Freedom of Information Act Appeal".

This concludes the FOIA Service's response to your request.

We appreciate your interest in the Department of Veterans Affairs. Customer service is very important to us. If you have questions about this letter, please contact Georges Eid of my staff at 202-632-7426 and refer to case number 12-01781-F.

Sincerely,

James P. Horan
Director, FOIA Service

(b)(3); (b)(6)	Veterans for Common Sense	7/28/2009	Veterans for Common Sense (VCS) makes a request under the Freedom of Information Act (FOIA) for reports prepared by the Department of Veterans Affairs (VA). Under the Electronic Freedom of Information Act (E-FOIA) Amendments of 1996, VCS requests the following document / report prepared by the Veterans Benefits Administration (VBA) be sent to VCS via e-mail: Since VBA now prepares these reports monthly, we ask for the March 2009, April 2009, May 2009, and June 2009 reports prepared by VBAs Office of Performance Analysis and Integrity (OPA&I), with the name (or similar name), VA Benefits Activity: Veterans Deployed to the Global War on Terror, that contains summary counts of disability compensation and pension claims and other statistics about Operation Iraqi Freedom (OIF, Iraq War) and Operation Enduring Freedom (OEF, Afghanistan War) veterans, from September 11, 2001, through the present. In addition, we request VBA provide copies of all earlier similar reports created by VBA / OPA&I since 2004 (except those listed below). Our goal with this expanded FOIA and our June 8, 2009, FOIA is to be thorough in making sure VBA has released to VCS all Global War on Terror reports created since 2004 on this subject. Before we appeal to VAs Office of the General Counsel, we kindly suggest you contact former and current OPA&I staff to see if they can locate the paper and/or electronic copies of the documents VCS has requested under FOIA, please. In order for our on-going analyses and Congressional testimony to be as accurate as possible, we would appreciate copies of all Global War on Terror claim reports.	09-00945-F	8/20/2009	Granted in full

(b)(3); (b)(6)	The Locator Services Group, Ltd.	10/1/2009	Pursuant to 5 U.S.C. Sec. 552 ("FOIA"), I am writing to request copies of the PACER Sheets or similar data for the checks issued at the direction of the Veterans Administration Finance Center ("VA") during the month of July 2008 (July 1, 2008 to July 31, 2008) and canceled for limited payability during the month of September 2009 (September 1, 2009 to September 30, 2009). In addition, I would like to know, to the best of your capabilities, whether the obligations remain outstanding, and if so, the identity of the local VA facility, station or office which is responsible for reissuing the payment. You may identify the responsible local VA facility, station or office directly on the data you provide to us, and this may be done by using a code, if this is more convenient for you. In the alternative, please just write the name of the facility, station, or office. It is not necessary to also record the phone number, address or name of the point of contact who is responsible for reissuing the payment directly on the data/sheets. I am also requesting a listing of VA facilities, stations or offices, along with their applicable codes (if you choose to use such codes on the data/sheets), and the name, address, and contact phone number for each facility/station/office's employee responsible for reissuing payments (e.g., chief accountant) as you know this information. (I will use this listing as a cross reference, and will refer to it to learn the identity of the appropriate point of contact should I need to make further inquiry regarding any cancelled check that possibly remains outstanding.)	10-00125-F	11/17/2009	Granted/Denied in Part

(b)(3); (b)(6)	Associated Press	2/11/2010	Specific questions regarding deceased patient (b)(3). When did he serve in the military? Did he ever see combat? When was he discharged and in what manner? (ie. Honorable discharge, dishonorable discharge, admin sep). How long (how many years) had he been getting treated at the VA? Which hospital? Did he suffer any physical injuries related to his military service? Did he suffer from PTSD or psychological problems? Did he get counseling? The homeless shelter run by VOA told us Ice was in the process of being transferred back to the VA's temporary housing for homeless vets. Can you confirm that and elaborate on the VA's housing options for vets? Can you provide details of the 2008 incident for which (b)(3) pleaded guilty to attempted assault and vandalism? The Plain-Dealer reported that incident occurred at a VA facility. Can you confirm that? Do we know for how long (b)(3)had been without employment or housing? Do you have contact info for any of his family members?	10-03146-F	2/12/2010	Granted/Denied in Part

Within this request, payments made directly or indirectly to/for [name eliminated], [name eliminated], or other NYU teaching faculty should be included. Documents which show who makes the determination as to how many physicians, residents, fellows, or attendings, the Manhattan VA requires/desires & how that calculation is made. Computerized Patient Record System records showing the log-in status of all residents, fellows, & attending physicians from NYU at the Manhattan VA from 1998 until the present. (we have included examples) Complaints (whether by patients, doctors, or ancillary staff) about the quality of care or any delays in admission/treatment, time to diagnose, time to read/interpret radiological scans/studies, time to surgery, etc. Basically complaints which would suggest that the number or quality of physicians were subpar or less than expected. For example, [name eliminated], (chief of surgery) stated there were numerous complaints that surgery made that the radiologic studies were not read fast enough. Any follow-up/subsequent investigations, inquiries or conclusions, whether performed by Quality Management or by someone else. If this request is too burdensome, we would appreciate that the information be concentrated on funding for the residency departments (including faculty) of radiology & neurology at NYU especially from 2000 to 2005."	10-04056-F	4/6/2010	Granted in full

(b)(3); (b)(6)	-	2/25/2010	Requester seeks: 1) Sources of funding provided to and agreements on funding/staffing with NYU at the Manhattan VA for all physicians, whether resident, fellow, or attending. Within this request, payments made directly or indirectly to/for [name eliminated], [name eliminated], or other NYU teaching faculty should be included. 2) Documents which show who makes the determination as to how many physicians, residents, fellows, or attendings, the Manhattan VA requires/desires & how that calculation is made. 3) Computerized Patient Record System records showing the log-in status of all residents, fellows, & attending physicians from NYU at the Manhattan VA from 1998 until the present. (we have included examples) 4) Complaints (whether by patients, doctors, or ancillary staff) about the quality of care or any delays in admission/treatment, time to diagnose, time to read/interpret radiological scans/studies, time to surgery, etc. Basically complaints which would suggest that the number or quality of physicians were subpar or less than expected. For example, [name eliminated] (chief of surgery) stated there were numerous complaints that surgery made that the radiologic studies were not read fast enough. 5) Any follow-up/subsequent investigations, inquiries or conclusions, whether performed by Quality Management or by someone else. If this request is too burdensome, we would appreciate that the information be concentrated on funding for the residency departments (including faculty) of radiology & neurology at NYU especially from 2000 to 2005.	10-04187-F	4/29/2010	Other Reasons

Close the request in FOIAXpress as Request Withdrawn under Other Reasons. 2. Please ensure that the closure date is April 16, 2010. Please do not reassign the request to me in FOIAXpress or it will be reassigned back to you. If you reassigned to me in the past, you should check your FOIAXpress because it has been reassigned back to you for closure. If anyone has any questions, please feel free to let me know. Thank you, (b)(6)., LL.M., CIPP/G Any records, or a compilation of informaiton obtained from such records, that confirm the 75th percentile of billed rates by non-VA facilites (az computed pursuant to 38 CFR $17.56) for the following services, by year, from 2004 through the present: 2. All services listed in Exhibit A. 6/14/10- pending response from VHA FOIA office 6/21/10 FOIA Officers - Please see the below message from the VA FOIA Service regarding backlogged requests. I know many of the VISNs have a pending request that is backlogged from Nixon Peabody which we will be providing guidance on, so no questions on this request please. Thank you, (b)(6)., CIPP/G VHA FOIA Officer | Information Access and Privacy Office (19F2) 810 Vermont Avenue, N.W. | Washington, D.C. 20420 Telephone: (215) 823-4146 Fax: (202) 273-9386 ------ Forwarded Message From: (b)(6) Date: Fri, 18 Jun 2010 15:06:02 -0400 To: VACO FOIA Officers <VACOFOIAOfficers@va.gov> Sub ject: Weekly FOIA Requests Backlog Notifications Hi Everyone, I know summer just started, but that also means the next Annual FOIA report is around the corner. In preparation for the Annual Report, next week we will begin sending you weekly email notifications concerning your backlogged FOIA requests as reported in FOIAXpress. We believe that many of the requests that appear to be overdue have been closed, but the FOIAXpress entry was not updated to reflect the closed status. Please advise your FOIA Officers in the field they must close the request in FOIAXpress also. We must all make a serious effort to reduce the number of FOIA requests that are backlogged in FOIAXpress to the greatest extent possible before September 30, 2010 because the Annual FOIA report is generated from the data found in FOIAXpress. Additionally, the White House and the Department of Justice are currently focusing their attention on agencies reduction of backlogged requests. Examples of requests that still require an action to be completed: If the status of the request is Disposition Accepted, then the request must still be Closed in order to be completed. If the status is Amended, then the request must still be Closed in order to be completed. Thanks, (b)(6) FOIA Service (005R1C) 202-461-7458	10-05077-F	4/16/2010	Other Reasons
