(b)(3); (b)(6)	AFGE Local 1045 AFL-CIO	4/9/2010	As the Union Representative for VA Employee, I am requesting a complete copy of the "video tapes" (digitally recorded data) for the timeframe of February 1, 2010 through March 12, 2010 from the security camera(s) covering the cash registers in the food service area of the Canteen Service. I am requesting a complete copy of the digital data from the time the cash registers opened to when the cash registered were closed and their end-of-day reconciliation complete each work day included in this timeframe. Breaking the data into multiple sequential segments for recording purposes is acceptable, as long as there is no missing time on the recordings. You are already in receipt of a FOIA request dated March 29, 2010 for this digital data for the dates of March 8 and 9, 2010 so a second copy for those two days is not necessary as long as it covers the same timeframe during the work days)	10-05632-F	4/23/2010	Other Reasons

(b)(3); (b)(6)	West Palm Beach	4/23/2010	In addition to the information previously requested on February 2, 2010, I would appreciate receiving information under FOIA as to the following: 1) Who is the convening authority? Would appreciate receiving the name/names and titles of all individuals included as well as approvers of the convening authority decision. 2) Is it still the VA's position that no decision has been rendered by the convening authority? 3) [Revised per letter stamped Apr 13, 2010] ...my request now is based on receiving a copy signed by (b)(6). Was it appropriate for me to have been provided a copy unsigned by (b)(6). 4) Is there a VA policy and/or regulation promulgating the amount of time permitted before the rendering of a decision by an AIB convening authority? If so, could I receive a copy? 5) Is there a stipulation in any VA policy/regulation indicating g that has the authority to appoint an AIB convening authority? 6) Is it appropriate for an AIB Chairperson to tell someone giving testimony that their testimony has to be restricted to 2009? Even if this is allowed, it seems that information would be provided to the potential participants in the AIB prior to their giving testimony. I spent a lot of time preparing my testimony only to be told by (b)(6) that she only wanted to hear testimony for the 2009 timeframe. 7) Are members of an AIB screened to insure that they do not know the individual being investigated? I submitted voluminous documentation to (b)(6), Compliance Officer, VA Medical Center, for submission to the AIB for its consideration. I'm not sure that the word evidence is technically correct here but in my FOIA I was requesting copies of all that documentation which I had submitted. I am requesting that this information be provided specifically from the AIB itself and no other third party. I am trying to confirm that the AIB in fact actually received the documentation provided. That information was requested as item 4 on my FOIA request of February 2, 2010. Insofar as that information was provided by me, I can't see any reason why I would be precluded from receiving it even if a final AIB decision has not yet been rendered.	10-05821-F	5/17/2010	Denied in full

(b)(3); (b)(6)	Veterans for Common Sense	7/8/2010	This request is based on "VA's Benefits Activity Report of Veterans Deployed to the Global War on Terror" and a recent Government Accountability Report, "VETERANS'DISABILITY BENEFITS: Preliminary Findings on Claims Processing Trends and Improvement Efforts"). For reference, please see page 8 from a statement by the Government Accountability Office to Congress on July 29, 2009. GAO cites VA: "In addition, according to VA officials, veterans cited more disabilities in their claims in recent years than in the past, and these claims can take longer to complete because each disability must be evaluated separately. The number of compensation claims VA decided with 8 or more disabilities increased from 11 to 16 percent from fiscal years 2006 to 2008."	10-09697-F	10/1/2010	Other Reasons

(b)(3); (b)(6)	Member of The Assembly 29th District	7/22/2010	1. What were the specific and individual components of the winning bid for the St. Albans site? What the proposed uses for the EUL and how does this bid compare with other bids submitted, financially and in terms of proposed usage of the EUL site?2. Can VA assure that the EUL will conform to existing zoning laws and not seek to bypass local zoning laws through variances or special exemptions?3. Composition of the winning bid team has changed. What are those changes and how does the new team comply with section 4.2.2. and 4.2.3 in the Request For Proposals? 4. The current VA site has many buildings of Historic value making them eligible for National Historic Preservation designation and state historic preservation designation. How will these be preserved under this development and what will be the impacts on them?5. Copies of the environmental analyses and copies of all attachments to the RFPVA envisions retro-ceding responsibility of the EUL to the state of New York. What will be the state oversight responsibility at this point? Will the EUL be subject to state environmental quality review? Prior to executing the EUL, VA plans to retrocede such jurisdiction to the State of New York, such that the EUL site will thereafter be subject to concurrent legislative jurisdiction. VA will not supersede or exempt the EUL site from complying with the local authorities procedures and compliance requirements	10-11410-F	9/21/2010	Granted/Denied in Part

Prudential requires the opportunity to review these records to make specific decisions whether to object and to provide, where necessary, the appropriate demonstration of the application of Exemption 4. By way of clarification and for avoidance of confusion, Prudential is not requesting the opportunity to review copies of records: that the VA determines to be exempt from disclosure under FOIA; that are encompassed by category Nos. 1 and 49 of the August 25, 2010 Request; or that are already in the public domain.	10-11970-F	-	-
