Washington, Friday, May 11, 1951

TITLE 3—THE PRESIDENT

PROCLAMATION 2927

WORLD TRADE WEEK, 1951

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

WHEREAS trade among the free nations of the world raises the standards of living of the peoples of such nations and fosters friendly relations among them; and

WHEREAS international trade makes it possible for us and our allies to obtain supplies and materials necessary for the mobilization of a common defense against aggression; and

WHEREAS it is particularly fitting in this time of international tension that the ideals and effectiveness of free enterprise should be reasserted:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby proclaim the week beginning May 20, 1951, as World Trade Week; and I request the appropriate officials of the Federal Government and of the several States, Territories, possessions, and municipalities of the United States to cooperate in the observance of that week.

I also urge business, labor, agricultural, educational, and civic groups, as well as the people of the United States generally, to observe World Trade Week with gatherings, discussions, exhibits, ceremonies, and other appropriate activities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 8th day of May in the year of our Lord nineteen hundred and fifty-one, [SEAL] and of the Independence of the United States of America the one hundred and seventy-fifth.

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Secretary of State.

[F. R. Doc. 51-5542; Filed, May 10, 1951; 11:37 a. m.]

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 3—ACQUISITION OF A COMPETITIVE STATUS

SUBPART C—REGULATIONS UNDER EXECUTIVE ORDER 10157

MISCELLANEOUS AMENDMENTS

1. Paragraph (e) of § 3.301 is amended to read as follows:

§ 3.301 *Basic requirements for the acquisition of a competitive status under Executive Order 10157.* * * *

(e) He must be recommended for conversion prior to March 1, 1951, by the head of the agency in which he was employed on August 28, 1950: *Provided*, That in the case of an employee who has left his civilian position prior to March 1, 1951 for the purpose of entering the armed forces of the United States, such recommendation must be made within six months of the date of honorable termination of the military service of the employee.

2. Paragraph (a) of § 3.305 is amended to read as follows:

§ 3.305 *Submission of recommendation—(a) Time limit.* (1) Recommendation for conversion must be submitted within six months from the date of the Executive order or prior to March 1, 1951, to the Commission's central office, attention: Service Record Division.

(2) In the case of an employee who has left his civilian position prior to March 1, 1951 for the purpose of entering the armed forces, recommendation for conversion must be submitted within six months of the date of honorable termination of the military service of the employee to the Commission's central office, attention: Service Record Division.

3. Paragraph (d) of § 3.305 is amended to read as follows:

(d) *Forms to be submitted.* There must be submitted with the recommendation an application form (Standard Form 57 or 60, whichever is applicable); proof of residence, if the position is in the apportioned service and the em-

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Grapefruit Reg. 78]

PART 955—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIFORNIA; AND IN THAT PART OF RIVERSIDE COUNTY, CALIFORNIA, SITUATED SOUTH AND EAST OF THE SAN GORGONIO PASS

LIMITATION OF SHIPMENTS

§ 955.339 *Grapefruit Regulation 78—*
(a) *Findings.* (1) Pursuant to the

marketing agreement, as amended, and Order No. 55, as amended (7 CFR Part 955), regulating the handling of grapefruit grown in the State of Arizona; in Imperial County, California; and in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Administrative Committee (established under the aforesaid amended marketing agreement and order), and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than May 13, 1951. Shipments of grapefruit, grown as aforesaid, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since October 15, 1950, and will so continue until May 13, 1951; the recommendation and supporting information for continued regulation subsequent to May 12, 1951, was promptly submitted to the Department after an open meeting of the Administrative Committee on May 3; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time thereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., May 13, 1951, and ending at 12:01 a. m., P. s. t., August 31, 1951, no handler shall ship:

(i) Any grapefruit of any variety grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of the San Gorgonio Pass

unless such grapefruit are at least fairly well colored, and otherwise grade at least U. S. No. 2; or

(ii) From the State of California or the State of Arizona (a) to any point outside thereof in the United States, any grapefruit, grown as aforesaid, which are of a size smaller than $3\frac{3}{16}$ inches in diameter, or (b) to any point in Canada, any grapefruit, grown as aforesaid, which are of a size smaller than $3\frac{3}{16}$ inches in diameter ("diameter" in each case to be measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 5 percent, by count, of grapefruit smaller than the foregoing minimum sizes shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerance, specified in the revised United States Standards for Grapefruit (California and Arizona), 7 CFR 51.241: *Provided,* That, in determining the percentage of grapefruit in any lot which are smaller than $3\frac{3}{16}$ inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $3\frac{13}{16}$ inches in diameter and smaller; and in determining the percentage of grapefruit in any lot which are smaller than $3\frac{3}{16}$ inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $3\frac{11}{16}$ inches in diameter and smaller).

(2) As used in this section, "handler," "variety," "grapefruit," and "ship" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2" and "fairly well colored" shall each have the same meaning as when used in the revised United States Standards for Grapefruit (California and Arizona), 7 CFR 51.241.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Supp., 608c)

Done at Washington, D. C., this 9th day of May 1951.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable
Branch, Production and Marketing Administration.

[F. R. Doc. 51-5486; Filed, May 10, 1951; 8:51 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 31, Amdt. 1]

CPR 31—IMPORTS

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 31 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation 31 amends section 5 (b) governing the computation of ceiling prices

of importer retailers so as to permit the pricing of imported commodities sold by such importer retailers exclusively under the provisions of section 5 (b). The pricing provisions of the import regulation are better suited to pricing imported commodities at retail than the provisions of CPR 7, 15 or 16. The import regulation therefore is amended to cover sales of commodities, which, when purchased from a domestic seller, are covered by this regulation.

This amendment also changes section 6 (b) and section 14 (c), together with the effective date clause, in order to provide more specific dates and adequate time for determining and reporting ceiling prices.

This amendment also adds to Appendix A certain paragraph numbers from the current U. S. Tariff Schedule as published by the U. S. Tariff Commission. The effect of adding these paragraph numbers is to exempt additional commodities from the Import Regulation.

AMENDATORY PROVISIONS

Ceiling Price Regulation 31 is amended as follows:

1. The first paragraph of section 5 (b) is amended to read as follows:

(b) *Importer retailer.* If you are an importer and also sell at retail the imported commodities in essentially the same form in which imported, your ceiling price for the sale of any such commodity shall be as follows: [The balance of section 5 (b) remains unaltered.]

2. Section 5 (d) is amended to read as follows:

(d) In every case where you calculate for the first time the percentage markup per unit you are going to use or do use in the sale or offering of an imported commodity, unless the commodity be one that shall be priced under Ceiling Price Regulations 7, 15, or 16, you shall furnish the Office of Price Stabilization, Export-Import Branch, Washington 25, D. C., with the following information in duplicate:

(1) The commodity.

(2) The quantity.

(3) The class of buyer.

(4) The percentage markup per unit you are permitted to use under this regulation.

Lists of ceiling prices for commodities in inventory as of May 9, 1951 shall be reported on or before June 1, 1951. Lists of ceiling prices for commodities contracted for as of May 9, 1951 shall be reported on or before June 1, 1951. Lists of ceiling prices for commodities neither in inventory nor contracted for as of May 9, 1951 shall be reported within fifteen days after entry into the United States.

Once you have furnished such information for the sale of a particular commodity to a particular class of buyer, you need not again advise the Office of Price Stabilization with respect to your pricing of that type of sale.

3. Section 6 (b) is amended to read as follows:

(b) In every case where you calculate for the first time the dollar and cents markup per unit you are going to use

or do use in the sale or offering of an imported commodity, you shall furnish the Office of Price Stabilization, Export-Import Branch, Washington 25, D. C., with the following information in duplicate:

(1) The commodity.

(2) The quantity.

(3) The class of buyer.

(4) The dollar and cents markup per unit you are permitted to use under this regulation.

Lists of ceiling prices for commodities in inventory as of May 9, 1951 shall be reported on or before June 1, 1951. Lists of ceiling prices for commodities contracted for as of May 9, 1951 shall be reported on or before June 1, 1951. Lists of ceiling prices for commodities neither in inventory nor contracted for as of May 9, 1951 shall be reported within 15 days after entry into the United States.

Once you have furnished such information for the sale of a particular commodity to a particular class of buyer, you need not again advise the Office of Price Stabilization with respect to your pricing of that type of sale.

4. Section 14 (c) is amended to read as follows:

(c) Nothing in this regulation shall operate to prevent the performance of a written contract for the sale of an imported commodity entered into prior to May 9, 1951 and executed in strict compliance with the provisions of the General Ceiling Price Regulation: *Provided*, (1) That such contract covers a commodity which the seller as of the date of the contract had in inventory or under purchase commitment, and (2) That such contract covers a specified quantity of a described commodity at a fixed price per unit.

5. The effective date clause of section 19 is amended to read as follows: "The effective date of this regulation shall be June 1, 1951 or any earlier date at which you file your list of ceiling prices in accordance with section 5 or section 6 of this regulation."

6. Appendix A is amended as follows:

(a) Abaca	Par. 1684.
Aluminum—metal, ore, scrap foil, alloys.	Par. 207, 374, 382.
Antimony—metal (regulus) ore, concentrates, needle.	Par. 376, 1608.
(b) Chrome—ore, salts, metal and alloys.	Par. 5, 301, 302.
Cobalt—metal, ore, compounds and salts.	Par. 29, 1652.
(c) Hemp (not including crin vegetal).	Par. 100, 1002, 1004, 1005, 1684.
Heneguen	Par. 1005, 1684.
Iron ore	Par. 1700.
Iodine, radioactive	Par. 1749.
Jute	Par. 1003, 1684.
(d) Shellac	Par. 1707.
Sisal	Par. 1684.
(e) Wood pulp	Par. 1716.
Wool (not including carpet wool), alpaca, mohair.	Par. 1101, 1102, 1105, 1106.

(Sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

Effective date. This Amendment 1 to Ceiling Price Regulation 31 shall become effective May 9, 1951.

EDWARD F. PHELPS, Jr.,
*Acting Director of
Price Stabilization.*

MAY 9, 1951.

[F. R. Doc. 51-5484; Filed, May 9, 1951; 10:34 a. m.]

Chapter VI—National Production Authority, Department of Commerce

[CMP Regulation 2]

CMP REG. 2—INVENTORIES OF CONTROLLED MATERIALS

This regulation is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this regulation, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all industries affected in advance of the issuance of this regulation has been rendered impracticable because the regulation affects almost all industries.

Sec.

1. What this regulation does.
2. Definitions.
3. General maximum inventory limitations.
4. Exceptions.
5. Adjustment of receipts and orders.
6. Separate inventories.
7. Prohibited deliveries.
8. Excess inventories.
9. Applicability of other regulations and orders.
10. Records and reports.
11. Applications for adjustment or exception.
12. Communications.
13. Violations.

AUTHORITY: Sections 1 to 13 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. What this regulation does. The purpose of this regulation is to prevent the accumulation of excessive inventories of controlled materials. It does this by limiting the quantities of such materials that may be ordered, received, or delivered.

SEC. 2. Definitions. As used in this regulation:

(a) "Item of controlled material" means any item in any class of controlled material listed in Schedule I of CMP Regulation No. 1, which is different from all other items in that class by reason of one or more of its specifications, such as length, width, thickness, temper, alloy, or finish.

(b) "User of controlled material" means any person who uses any item of controlled material for production, construction, or maintenance, repair, or operating supplies.

SEC. 3. General maximum inventory limitations. (a) Commencing on July

1, 1951, no user of controlled material shall accept delivery of any item of steel listed in Schedule I of CMP Regulation No. 1, if his inventory of such item is, or by such receipt would become, in excess of the quantity of such item necessary to meet his deliveries, supply his services, or perform his operations, on the basis of his currently scheduled method and rate of operation during the succeeding 45-day period, or in excess of a "practicable minimum working inventory" (as defined in NPA Reg. 1), whichever is less. Said 45-day limitation does not apply to persons who order structural steel for use in construction (including buildings, bridges, and other structures of a like type) and who order it delivered out to the specifications required for a specific project, and who normally keep such steel segregated for the specific project. Instead, no such person may accept delivery of such steel more than 45 days before it is scheduled to be fabricated or, if it is not to be further fabricated, before it is scheduled to be assembled.

(b) Commencing on July 1, 1951, no user of controlled material shall accept delivery of any item of copper or aluminum listed in Schedule I of CMP Regulation No. 1, if his inventory of such item is, or by such receipt would become, in excess of the quantity of such item necessary to meet his deliveries, supply his services, or perform his operations, on the basis of his currently scheduled method and rate of operation during the succeeding 60-day period, or in excess of a "practicable minimum working inventory" (as defined in NPA Reg. 1), whichever is less.

(c) For the purposes of this regulation any item of controlled material in which minor changes or alterations have been effected, shall be included in inventory.

Sec. 4. Exceptions. Notwithstanding the provisions of section 3 of this regulation, any person may accept delivery of any item of controlled material in excess of the prescribed inventory limits under the following circumstances:

(a) If any producer of controlled material exercises his privilege under section 20 of CMP Regulation No. 1 of making delivery prior to the delivery date specified by the user of controlled material, such delivery may be accepted and the prescribed limits exceeded to the extent that such excess results from such prior delivery.

(b) If a user of controlled material has instructed a producer or other supplier to reduce, postpone, or cancel a delivery, and the material has been shipped or loaded for shipment before receipt of such instruction, delivery of such material may be accepted and the prescribed limits exceeded to the extent that such excess results from such delivery.

(c) If a user of controlled material has instructed a producer to reduce, postpone, or cancel a delivery of a special item of controlled material which the producer has already produced or has in production, or for the production of which he has acquired special materials, delivery of such special item may

be accepted and the prescribed limits exceeded to the extent that such excess results from such delivery. For the purposes of this section, a special item of controlled material is one which the producer does not usually make, stock, or sell, and which he cannot readily dispose of to others.

(d) If a user of controlled material would be authorized under section 3 of this regulation to accept delivery of a quantity of an item of controlled material less than the minimum shown for such item in Schedule IV of CMP Regulation No. 1, he may accept delivery of the full minimum shown in such schedule, provided that the controlled material involved is not procurable from a distributor.

(e) If any producer of controlled material, under a directive of NPA, makes delivery of controlled material to a person who will convert such controlled material into another form of controlled material, the person to whom such delivery was made may accept the delivery and exceed the prescribed limits to the extent that such excess results from such delivery.

(f) If a user of controlled material imports any controlled material that he acquired prior to landing, he may accept delivery of such material and exceed the prescribed limits to the extent that such excess results from such delivery. However, if by such acceptance his inventory exceeds the prescribed limits, he may not accept further deliveries of such controlled material from domestic sources until his inventory thereof is reduced to permitted levels.

Sec. 5. Adjustment of receipts and orders. Every user of controlled material must place orders and schedule receipts in such manner that deliveries of controlled material to him may be made without violating the provisions of this regulation. If, by reason of change in his operations, slowing or stoppage of production, delayed delivery by a controlled materials producer or other supplier, or other cause, a person who has ordered material for future delivery would, if he accepted delivery on the dates specified, exceed the limits prescribed by this regulation, he shall promptly revise and adjust his outstanding orders and scheduled receipts and, if necessary, reduce, postpone, or cancel the same, so that his acceptance of deliveries will conform to this regulation.

Sec. 6. Separate inventories. (a) A person who has more than one operating unit may maintain separate inventory records for each such unit, and if he does, the provisions of this regulation shall apply to each such unit independently.

(b) In determining his inventory, a person shall include all items of controlled material in his possession and all such items held for his account by another person, but not items of controlled material held by him for the account of another person.

Sec. 7. Prohibited deliveries. No person shall deliver any item of controlled material if he knows or has reason to believe that acceptance of such delivery would be in violation of this regulation.

Sec. 8. Excess inventories. Excess inventories of items of controlled material, including inventories of such items which are not in form usable by the holder, are subject to requisition, under appropriate circumstances, as provided in Title II of the Defense Production Act of 1950.

Sec. 9. Applicability of other regulations and orders. Nothing in this regulation shall be construed to relieve any person from complying with all other applicable regulations and orders of NPA.

Sec. 10. Records and reports. Persons subject to this regulation shall maintain such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942.

Sec. 11. Applications for adjustment or exception. Any person subject to any provision of this regulation may file a request for adjustment, exception, or other relief upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests claiming that the public interest is prejudiced, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing submitted in triplicate, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

Sec. 12. Communications. All communications concerning this regulation shall be addressed to the National Production Authority, Washington 25, D. C., Ref: CMP Regulation No. 2.

Sec. 13. Violations. Any person who wilfully violates any provision of this regulation or any other regulation or order of the National Production Authority, or who wilfully conceals a material fact or furnishes false information in the course of operation under this regulation, is guilty of a crime and, upon conviction, may be punished by fine or imprisonment, or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation shall take effect on May 10, 1951.

[CMP Regulation 4]

CMP REG. 4—DELIVERIES OF CONTROLLED MATERIALS BY DISTRIBUTORS

This regulation is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this regulation, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all industries affected in advance of the issuance of this regulation has been rendered impracticable because the regulation affects many different industries.

Sec.

1. What this regulation does.
2. Definitions.
3. Placement of authorized controlled material orders.
4. Rejection of orders.
5. Applicability of other regulations and orders.
6. Records and reports.
7. Applications for adjustment or exception.
8. Communications.
9. Violations.

AUTHORITY: Sections 1 to 9 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. What this regulation does. The purpose of this regulation is to describe the rules under which distributors make deliveries of controlled materials under the Controlled Materials Plan. The methods by which distributors obtain controlled materials will be covered by directives or other regulations and orders of NPA.

SEC. 2. Definitions. As used in this regulation and any other CMP regulation (unless otherwise indicated):

(a) "Controlled material" means steel, copper, and aluminum, in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

(b) "Distributor" means any person (including a warehouseman, jobber, dealer, or retailer) engaged in the business of stocking any controlled material at a location regularly maintained by him for such purpose, for sale or resale, in the form or shape as received or after performing the operations described in this paragraph, and who, in connection therewith, maintains facilities and equipment necessary to conduct such business. Such operations are cutting, shearing, burning, or torch cutting to length, size, or shape; pipe threading; sorting and grading; and the like. A person who, in connection with any sale of controlled material from his stock, bends, punches, or performs any fabricating or processing operation designed to prepare such material for final use or assembly, shall not be deemed a distributor with respect to such sale; and a person who, in connection with any purchase of controlled material for resale, does not take physical delivery of such material into his own stock at a

location regularly maintained by him for such purpose, shall not be deemed a distributor with respect to such resale.

SEC. 3. Placement of authorized controlled material orders. (a) Each distributor shall comply with such directives as may be issued from time to time by NPA.

(b) Each distributor shall accept all (1) authorized controlled material orders, except as provided in section 4 of this regulation, (2) orders for controlled materials bearing a DO rating calling for delivery before October 1, 1951, except as provided in section 4 of this regulation, and (3) orders which he is required to accept pursuant to NPA directive: *Provided, however,* That nothing in this section shall prevent any distributor from accepting any other orders for controlled materials to the extent that such acceptance would be in conformity with the provisions of this regulation and all other applicable regulations and orders of NPA.

(c) A delivery order for controlled material placed with a distributor shall be deemed an authorized controlled material order only if (1) it contains an allotment number, the calendar quarter for which the allotment is valid, and the certification as provided in section 19 of CMP Regulation No. 1, or (2) it is specifically designated as an authorized controlled material order by any regulation or order of NPA.

(d) A delivery order for controlled material placed with a distributor shall be considered as calling for immediate delivery unless such order specifically provides otherwise.

(e) An authorized controlled material order may be placed with a distributor orally or by telephone, provided that the person placing the order makes written confirmation of such order, conforming to the requirements of this regulation, within 15 days. If such confirmation is not received within 15 days, the distributor shall promptly notify NPA of the circumstances.

(f) An authorized controlled material order shall not constitute an allotment of controlled material to the distributor with whom it is placed.

SEC. 4. Rejection of orders. (a) A distributor shall be required to accept authorized controlled material orders, orders for controlled materials bearing a DO rating, and all other orders for controlled materials, only in conformity with the appropriate quantity limitations and other conditions specified in NPA Order M-5 (aluminum), NPA Order M-6 (steel), and NPA Order M-11 (copper), or in any other applicable regulation or order of NPA.

(b) A distributor must reject any authorized controlled material order bearing a specific allotment number which requires a quarterly identification, after the end of the quarter for which the allotment is valid. Delivery orders bearing a symbol such as MRO which do not have to bear any quarterly identification may be filled during any quarter.

(c) A distributor may reject any order for controlled material which is not for immediate delivery. If he elects to

accept such an order, he must not set aside or hold any material to fill it.

(d) A distributor may reject any authorized controlled material order if he does not have the material ordered in his stock, unless he knows that such material is in transit to his stock, but shall not discriminate between customers in rejecting or accepting such orders.

SEC. 5. Applicability of other regulations and orders. Nothing in this regulation shall be construed to relieve any person from complying with all other applicable regulations and orders of NPA.

SEC. 6. Records and reports. Persons subject to this regulation shall maintain such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942.

SEC. 7. Applications for adjustment or exception. Any person subject to any provision of this regulation may file a request for adjustment, exception, or other relief upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests claiming that the public interest is prejudiced, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing submitted in triplicate, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 8. Communications. All communications concerning this regulation shall be addressed to the National Production Authority, Washington 25, D. C., Ref: CMP Regulation No. 4.

SEC. 9. Violations. Any person who wilfully violates any provision of this regulation or any other regulation or order of the National Production Authority, or who wilfully conceals a material fact or furnishes false information in the course of operation under this regulation, is guilty of a crime and, upon conviction, may be punished by fine or imprisonment, or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation shall take effect on May 10, 1951.

Chapter XIV—General Services Administration

TUNGSTEN REGULATION; DOMESTIC TUNGSTEN PROGRAM

- Sec.
 1. Basis and purpose.
 2. Definitions.
 3. Participation in the Program.
 4. Deliveries.
 5. Duration of the Program.
 6. Specifications and penalties.

AUTHORITY: Sections 1 to 6 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 303, Pub. Law 774, 81st Cong., sec. 303, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. Basis and purpose. This regulation interprets and implements the authority of the Administrator of General Services to purchase tungsten concentrates of domestic origin for the fiscal years 1951-1956 as authorized by the Defense Production Administration on March 30, 1951, and outlines the attendant responsibilities and functions of the Administrator of General Services in purchasing such tungsten concentrates for Government use and resale. In accordance with the Program set forth herein, the Administrator will buy domestically produced tungsten concentrates, at a base price of \$63 per short ton unit of contained tungsten trioxide (WO₃), less penalties.

SEC. 2. Definitions. As used in this regulation:

- (a) "Administrator" means the Administrator of General Services.
- (b) "Program" means the program as set forth in this Regulation.
- (c) "Milling point" means plant where ores are processed into specification grade tungsten concentrates.
- (d) "Tungsten concentrates" means tungsten concentrates produced in the United States, its Territories and possessions from ores mined in the United States, its Territories and possessions.
- (e) "Short ton unit" means one per cent of 2,000 pounds avoirdupois dry weight.
- (f) "Ferberite" means concentrates containing tungsten primarily as FeWO₄ with not more than 20 per cent of the tungsten as MnWO₄.
- (g) "Hubnerite" means concentrates containing tungsten primarily as MnWO₄ with not more than 20 per cent of the tungsten as FeWO₄.
- (h) "Wolframite" means concentrates containing tungsten as both FeWO₄ and MnWO₄ in any proportions from 80 per cent FeWO₄ and 20 per cent MnWO₄ to 20 per cent FeWO₄ and 80 per cent MnWO₄.
- (i) "Scheelite" means concentrates containing, in nature, tungsten as CaWO₄.
- (j) "Synthetic Scheelite" means chemically precipitated scheelite produced from any natural type of ore, and shall be chemically precipitated scheelite produced from any original type of ore, further processed so that not over ten per cent of any lot shall pass a 35-mesh Tyler Standard Screen.

SEC. 3. Participation in the Program. (a) Any person may participate in the

Program by notice given to the nearest General Services Administration regional office, in the form of a letter, postcard or telegram postmarked or dated by the telegraph office not later than June 30, 1951. Such notice shall state that the writer desires to participate in the Program and will either prospect for or produce tungsten, but the giving of such notice will not permit the participant to deliver material in any form other than that of concentrates meeting minimum specifications. Such notification must be signed and a return address given. Any person participating in the Program will promptly be sent a certificate authorizing him to deliver concentrates meeting minimum specifications f. o. b. carriers conveyance, milling point. Miners holding certificates but who do not operate concentrating facilities may participate in this program to the extent of the ore produced by them, as follows:

(1) By selling such ore to operators of concentrating plants, in which event the resulting concentrates meeting specifications may be sold by such operators to the Administrator under this Program; or

(2) By having such ore treated on a toll basis and selling the resulting concentrates meeting specifications to the Administrator under this Program.

(b) Any operator of a concentrating plant by agreeing to participate in this Program also agrees to purchase or process suitable tungsten contained ores offered to him by independent miners to the limit of the capacity of his plant in excess of that required for his own production and on fair and equitable terms and conditions (including prices). Each operator of a concentrating plant participating in this Program shall promptly establish a schedule setting forth his terms and conditions (including prices) for the purchase and processing of crude tungsten ores. Each such operator shall promptly submit a copy of such schedule to the Administrator, and shall also submit promptly any changes made in such schedule thereafter.

SEC. 4. Deliveries. Tungsten concentrates purchased under the Program are to be delivered f. o. b. carriers conveyance any milling point designated by the Administrator. Delivery of less than one short ton of concentrates will not be accepted. In the event any delivery is less than the minimum weight required to obtain the lowest transportation rate, the difference between the lowest transportation rate and the rate paid by the Government shall be a charge against the seller and a proper adjustment therefor shall be made in the minimum base price. Each delivery will be analyzed by the Government after beneficiation at the milling point, and payment will be made in accordance with such analysis. Deliveries not conforming to minimum specifications will be rejected and any expenses in connection therewith will be borne by the seller.

SEC. 5. Duration of the Program. The Program shall terminate and be of no further force or effect when 1,468,750 short ton units of tungsten have been

delivered to and accepted by the Government under this Program, or on July 1, 1956, whichever occurs first.

SEC. 6. Specifications and penalties. (a) The specifications for tungsten concentrates and penalties applicable to deliveries of such concentrates appear below:

(1) Percentage of tungsten trioxide (WO₃) required with respect to each of the following:

	Ferberite	Hubnerite	Wolframite	Scheelite and/or synthetic scheelite
Standard.....	Percent 60	Percent 60	Percent 65	Percent 60
Minimum.....	55	55	60	55

(2) Maximum percentage allowances of the following elements without penalty:

	Ferberite	Hubnerite	Wolframite	Scheelite and/or synthetic Scheelite
Tin (Sn) max.....	Percent 0.20	Percent 0.25	Percent 1.50	Percent 0.10
Copper (Cu) max.....	.10	.10	.05	.05
Arsenic (As) max.....	.15	.10	.25	.10
Antimony (Sb) max.....	.10	.10	.10	.10
Bismuth (Bi) max.....	1.00	1.00	1.00	.25
Molybdenum (Mo) max.....	.50	.50	.40	.40
Phosphorus (P) max.....	.07	.05	.05	.05
Sulphur (S) max.....	.50	.50	.50	.50
Manganese (Mn) max.....	1.00	(¹)	(¹)	1.00
Lead (Pb) max.....	.20	.20	.20	.10
Zinc (Zn) max.....	.10	.10	.10	.10

¹ Not specified.

(b) The minimum base price shall be subject to the following adjustments:

(1) For each short ton unit of delivered tungsten trioxide (WO₃) the sum of twenty cents (\$0.20) shall be deducted from the base price for each one percent of tungsten trioxide (WO₃) below the standard requirements set forth in paragraph (a) of this section. No tungsten concentrates not meeting the minimum requirements set forth in said paragraph (a) of this section will be accepted.

(2) For each short ton unit of delivered tungsten trioxide (WO₃) a deduction of twenty-five cents (\$0.25) shall be made for each of the following increments in excess of the maximum allowances (subparagraph (a) of this section), as to each of the following elements:

	Percent
Copper (Cu).....	0.01
Phosphorus (P).....	.01
Arsenic (As).....	.10
Bismuth (Bi).....	.50
Molybdenum (Mo).....	.10
Tin (Sn).....	.10
Sulphur (S).....	.10
Antimony (Sb).....	.10
Manganese (Mn).....	1.00
Lead (Pb).....	.10

Dated: May 10, 1951.

JESS LARSON,
 Administrator.

RULES AND REGULATIONS

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 35—PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER

PACKING OF RADIOS

In part 35 (39 CFR Part 35) make the following changes:

Insert new § 35.6b to read as follows:

§ 35.6b *Radios, packing of*—(a) *Electric*. Radios must be packed in strong containers such as a fiberboard box with at least 2 inches of firmly packed cushioning material such as shredded paper or excelsior on all six sides completely surrounding the radio, unless a factory carton approved for shipment by parcel post with approved inner cushioning by means of spring pads, molds, etc., is used. Better packing would be two containers, each of double-faced corrugated fiberboard, one within the other, the inside container holding the radio to be cushioned with a form or mold of double-faced corrugated fiberboard to form a 2-inch cushion of air on all six sides. In lieu of such forms or molds, shredded paper or excelsior may be used in sufficient quantity to keep the inner container 2 inches from all inner walls of the outside container.

(b) *Dry battery*. Portable or other radios with plastic or lightweight case which contain a dry battery are acceptable only if the battery is held in a fixed and immovable position therein by means other than the radio case and which cannot damage the radio regardless of the position thereof. If not so constructed, the battery must be removed from the case and packed so that it cannot shift or damage the radio in transit. A separate compartment for the battery may be necessary, which compartment must keep the weight of the battery off the radio regardless of the position of the shipping carton.

(R. S. 161, 396, sec. 24, 20 Stat. 361, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369, 39 U. S. C. 250)

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

In Part 127 (39 CFR Part 127), make the following changes:

1. In § 127.19 *Special delivery (Ex-près) service* (39 CFR 127.19; 15 F. R. 324, 1104, 2337, 3526) make the following change:

a. Amend paragraph (a) by inserting "Japan" between "Italy" and "Jordan".

2. In § 127.286 *Japan* (39 CFR 127.286; 13 F. R. 9176, 15 F. R. 6080) make the following change:

a. Amend paragraph (a) (4) by striking out the words "No service" and inserting in lieu thereof "Fee, 20 cents. (See § 127.19)".

(R. S. 161, 396, 398, secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL]

J. M. DONALDSON,
Postmaster General.

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

BELGIUM, FINLAND, AND INDIA

1. In § 127.216 *Belgium* (39 CFR 127.216; 16 F. R. 688), make the following changes:

a. Amend subdivision (iii) of paragraph (b) (4a) to read as follows:

(iii) Parcels containing gold, or silver, whether manufactured or unmanufactured; precious stones, jewelry or other precious articles, must be insured. If a parcel containing such articles is mailed uninsured, it shall be placed under insurance by the office which first observes the fact of its having been mailed uninsured, and treated accordingly.

b. Amend paragraph (b) (6) by the addition of subdivision (d) to subdivision (iv) to read as follows:

(d) Instruments of payment including banknotes and currency may not be sent to Belgium by parcel post unless permission for the importation has been granted by the Beigo-Luxembourg Exchange Institute. If such permission has been granted and the sender elects to forward the articles by parcel post, the parcel must be insured; otherwise, such articles must be sent by registered letter mail.

2. In § 127.251 *Finland* (39 CFR 127.251) amend subdivision (v) (c) of paragraph (b) (4) to read as follows:

(c) Medicines and drugs, including any substances which may be classed as pharmaceuticals by the Finnish authorities, may not be sent by mail unless addressed to authorized manufacturers, dealers, scientists or public health officials for use or distribution in accordance with Finnish regulations. Such substances prepared in doses for use by patients must be clearly and correctly labeled showing the nature and quantity of the ingredients. If found unacceptable under the Finnish regulations, any such articles may be prohibited or confiscated by the authorities.

3. In § 127.258 *French settlements in India (Chandernagore, Karikal, Mahe, Pondicherry and Yanaon)* (39 CFR 127.258) amend paragraph (b) (4) to read as follows:

(4) *Prohibitions* (i) Articles of gold or silver, diamonds and other precious stones.

(ii) Seditious literature.

(iii) Saccharine and similar products.

(iv) Tobacco plants.

(v) Nonexplosive components of artillery fuses.

(vi) Articles bearing false indications of origin.

(vii) Preserved fish, vegetables, and prunes not bearing an indelible indication of their origin.

(viii) Coloring materials.

(ix) Chemical and pharmaceutical products.

(x) Films, celluloid, etc.

(xi) In general, all articles prohibited importation into France.

4. In § 127.278 *India* (39 CFR 127.278) amend subdivision (v) of paragraph (b) (5) to read as follows:

(v) *For other reasons*. (a) Articles of gold or silver, diamonds and other precious stones.

(b) Any goods bearing a counterfeit trade-mark.

(c) Piece goods, such as are ordinarily sold by the yard or piece, manufactured outside of India.

(d) Saccharine.

5. In § 127.334 *Portuguese India* (39 CFR 127.334) amend paragraph (b) (5) to read as follows:

(5) *Prohibitions*. (i) Plants, seeds, all organs of plants affected or suspected of being affected by any disease.

(ii) Arms, munitions, and war material, except with the authorization of the military authorities.

(iii) Articles of gold or silver, diamonds and other precious stones.

(R. S. 161, 396, 398, secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 718]

ALASKA

AMENDMENT OF EXECUTIVE ORDER NO. 3149 OF AUGUST 16, 1919, RESERVING CERTAIN LAND FOR THE USE OF THE NAVY DEPARTMENT FOR NAVAL PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Executive Order No. 3149 of August 16, 1919, which reserved and set aside a tract of land at Seward, Alaska, for the use of the Navy Department for the erection of wharves, coal storage yards, and other naval purposes, and which was revoked as to a portion of such tract by Executive Order No. 3828 of May 3, 1923, is hereby amended by transferring the interest of the Department of the Navy in and to the remaining portion of the tract to the Department of the Army, for military purposes: *Provided, however*, That such land, and the wharves, yards, and other improvements thereon shall also be available for use by the Department of the Interior, in such manner and at such times as shall not interfere with the use thereof for military purposes, pursuant to such arrangement as may be made by the Secretary of the Army and the Secretary of the Interior.

OSCAR L. CHAPMAN,
Secretary of the Interior.

NOTICES

FEDERAL POWER COMMISSION

[Docket No. G-1663]

MISSISSIPPI POWER & LIGHT CO.

NOTICE OF APPLICATION

MAY 7, 1951.

Take notice that Mississippi Power & Light Company (Applicant), a Florida corporation, with its principal place of business at Jackson, Mississippi, filed on April 12, 1951, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act authorizing the leasing and operation of approximately 16½ miles of 4-inch pipeline extending southerly from a metering station near Kosciusco, Mississippi, on the main 22-inch transmission pipeline of Southern Natural Gas Company to the town of Carthage, Mississippi, and appurtenant facilities.

The proposed facilities are to be constructed by the town of Carthage and are to be leased and operated by Applicant pursuant to a lease agreement between the parties.

The proposed facilities will transport the gas to be distributed in the town of Carthage.

In the alternative, Applicant requests that the Commission determine that the leasing and operation of the proposed facilities is not subject to the jurisdiction of the Commission under the Natural Gas Act.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of May 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

No. 92—2

INTERSTATE COMMERCE
COMMISSION

[4th Sec. Application 26076]

PULPWOOD FROM FLORIDA ORIGINS TO
PANAMA CITY, FLA.

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: The Atlantic Coast Line Railroad Company for itself and on behalf of Atlanta & Saint Andrews Bay Railway Company.

Commodities involved: Pulpwood, carloads.

From: Points in Florida.

To: Panama City, Fla.

Grounds for relief: To meet intrastate rates.

Schedules filed containing proposed rates: ACL RR. tariff I. C. C. No. B-3281, Supp. 14.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 26077]

CEMENT FROM PENNSYLVANIA TO BELOIT,
KANS.

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin, Agent, for carriers parties to his tariff I. C. C. No. A-850.

Commodities involved: Cement, hydraulic, portland or natural, also masonry and mortar cement, carloads.

From: Navarro, Northampton and York, Pa.

To: Beloit, Kans.

Grounds for relief: Competition with rail carriers, circuitry, and to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. W. Boin's tariff I. C. C. No. A-850, Supp. 88.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 26078]

RAIL-OCEAN CLASS AND COMMODITY RATES
BETWEEN NEW ORLEANS AND OFFICIAL
TERRITORY

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin and I. N. Doe, Agents, for Pan-Atlantic Steamship Company and rail carriers parties to Agent Boin's tariff I. C. C. No. A-928.

Commodities involved: Class and commodity rates.

Between: New Orleans, La., and points in trunk-line and New England territories, also Ontario and Quebec, over rail-ocean routes.

Grounds for relief: Circuitous routes, to maintain grouping, and rail and water-rail competition.

Schedules filed containing proposed rates: C. W. Boin's tariff I. C. C. No. A-928.

Any interested person desiring the Commission to hold a hearing upon such

application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

WROUGHT PIPE FROM POINTS IN OFFICIAL
TERRITORY TO ADDICKS AND HENNESSEY,
TEX.

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff I. C. C. No. 3748.

Commodities involved: Steel or wrought iron pipe and related articles, carloads.

From: Points in official territory.

To: Addicks and Hennessey, Tex.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3748, Supp. 79.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. PLASTICS FROM KINGSFORT, TENN., TO
PACIFIC COAST

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for carriers parties to his tariff I. C. C. No. 1544.

Commodities involved: Cellulose derivative plastics, viz: pyroxylin or other than pyroxylin; molding granules or powder, carloads and less than carloads.

From: Kingsfort, Tenn.

To: North Pacific coast territory.

Grounds for relief: Competition with rail carriers, circuitous routes, and to maintain grouping.

Schedules filed containing proposed rates: L. E. Kipp's tariff I. C. C. No. 1544, Supp. 3.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. COAL FROM ALABAMA TO COLUMBIA, FORT
JACKSON AND REED, S. C.

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for the Gulf, Mobile and Ohio Railroad Company and certain other carriers named in the application.

Commodities involved: Coal, carloads.

From: Mines in Alabama on the Gulf, Mobile and Ohio Railroad.

To: Columbia, Fort Jackson and Reed, S. C.

Grounds for relief: Circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such

application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. GLASSWARE FROM CERTAIN POINTS TO
SOUTHERN TERRITORY

APPLICATION FOR RELIEF

MAY 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to Agent R. G. Raasch's tariff I. C. C. No. 485, pursuant to fourth-section order No. 16101.

Commodities involved: Glassware, other than cut, carloads.

From: Alton, Ill., and points in St. Louis, Mo., East St. Louis, Ill., switching districts.

To: Memphis, Tenn., and Mississippi River crossings south thereof, and points in southern territory.

Grounds for relief: Circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. DEPARTMENT OF DEFENSE

Military Renegotiation Policy and Review Board

CONTRACTS CONTAINING THE RENEGOTIATION ARTICLE ENTERED INTO BY OR ON BEHALF OF THE DEPARTMENT OF DEFENSE, INCLUDING THE DEPARTMENTS OF THE ARMY, THE NAVY AND THE AIR FORCE

Pursuant to the note to § 423.322-1 (c) of the Military Renegotiation Regulations, seven lists of numbers of prime contracts which contain the Renegotiation Article, together with the names of the contractors holding such contracts, have been published in the FEDERAL REGISTER. The last of these lists included information supplied by the Departments of the Army, the Navy, and the Air Force and extended through September 30, 1950, and appeared in the February 8, 1951, issue of the FEDERAL REGISTER. The following list includes contracts entered into through December 31, 1950, but excludes those previously reported in the listings through June 30, 1950. Although a contract is not subject to renegotiation, one or more amendments of such contract may be subject thereto (see MRR 423.332-2). In such cases, only the subject amendments are listed. Subcontractors receiving orders which refer to any such partially listed prime contracts are cautioned to communicate with their customers to ascertain whether it is to the renegotiable or to the non-renegotiable portion of the prime contract that their orders relate. Contracts over \$1,000 but under \$5,000, have been omitted from this list; however, the omission does not affect the renegotiability of such contracts.

Publication of these lists is for the sole purpose of disseminating information to help contractors and subcontractors identify sales which are subject to renegotiation. Although every effort has been made to have the lists complete and accurate, the omission of the number of a contract subject to the Renegotiation Act of 1948 does not relieve the contractor and the subcontractors thereunder from renegotiation. Conversely, the inclusion in a published list of the number of a contract which is not subject to the act will not make the contractor or subcontractors thereunder subject to renegotiation. The Renegotiation Article is not physically present in some of the contracts listed herein. However, it is considered that such contracts are required to contain the Article and are therefore subject to the Renegotiation Act of 1948. Consequently, the numbers of such contracts are published herein for the same purpose of information as those in which the Article is physically present.

In view of the enactment of the Renegotiation Act of 1951 (Public Law 9, 82d Cong.), approved March 23, 1951, which provides that the Renegotiation Act of 1948 shall not be applicable to any contract or subcontract to the extent of the amounts received or accrued by a contractor or subcontractor on or after January 1, 1951, the following list will be

the last of these publications under the Renegotiation Act of 1948.

FRANK L. ROBERTS,
Chairman.

APRIL 20, 1951.

CONTRACTS CONTAINING THE RENEGOTIATION ARTICLE ENTERED INTO BY OR ON BEHALF OF THE DEPARTMENT OF DEFENSE, INCLUDING THE DEPARTMENTS OF THE ARMY, THE NAVY, AND THE AIR FORCE THROUGH DECEMBER 31, 1950, EXCLUSIVE OF THOSE PREVIOUSLY REPORTED AND PUBLISHED IN THE FEDERAL REGISTER PRIOR TO JUNE 30, 1950

DEPARTMENT OF THE INTERIOR

Office of the Secretary

[Order 2631]

BUREAU OF MINES

DELEGATION OF AUTHORITY WITH RESPECT TO NEGOTIATION OF PURCHASES AND CONTRACTS NECESSARY FOR PRODUCTION AND DISTRIBUTION OF HELIUM GAS

SECTION 1. Authority delegated. On March 27, 1951, the Acting Administrator of General Services delegated to the Secretary of the Interior, to the extent necessary to carry out the Secretary's responsibilities for the production and distribution of helium gas, authority to make purchases and contracts for supplies and services under Title III of the Federal Property and Administrative Services Act of 1949, as amended (41 U. S. C., 1946 ed., Sup. III, secs. 251-260), and without advertising in accordance with the provisions and requirements of subsections (1), (2), (3), (4), (9), (10), (12), (13), and (14) of section 302 (c) of the act. The authority thus delegated to the Secretary is hereby delegated to the following officials of the Bureau of Mines to be exercised in accordance with the provisions of this order:

Director,
Chief, Administrative Division,
Regional Director, Region VI.

SEC. 2. Negotiation of contracts. The officials designated in section 1 are authorized to make negotiated purchases and contracts necessary for the production and distribution of helium gas pursuant to the provisions of Title III of the aforesaid act, provided that there has first been a determination, as specified in sections 3 and 4 of this order, that the facts are such as to bring the purchase or contract involved within the provisions of the aforementioned subsections of section 302 (c) of the act.

SEC. 3. Determinations by officials of the Bureau of Mines. The officials of the Bureau of Mines designated in section 1 of this order are authorized:

(a) To determine that the facts are such as to bring the purchase or contract

involved within the provisions of subsections (1), (2), (3), (4), (9), (13), and (14) of section 302 (c) of the act.

(b) To determine, with respect to contracts which will not require the expenditure of more than \$25,000, that the facts are such as to bring the purchase or contract involved within the provisions of subsection (10) of section 302 (c) of the act.

SEC. 4. Determinations by Secretary. Determinations as to whether the facts are such as to bring the purchase or contract involved within the provisions of subsection (10) of section 302 (c) of the act, if the purchase or contract is over \$25,000, or within the provisions of subsection (12) of section 302 (c) of the act, will be made by the Secretary. Such purchases or contracts shall not be negotiated or approved until after the requisite determinations have been made by the Secretary.

SEC. 5. Approval and legal review. The approval and legal review of contracts negotiated under this order shall be in accordance with instructions of the Director, Bureau of Mines.

SEC. 6. Compliance with act. The authority hereby delegated shall be exercised strictly in accordance with the Federal Property and Administrative Services Act of 1949, as amended, and particularly section 307, which requires written findings in certain instances, preservation of data, and reports to the General Accounting Office.

(Sec. 307, 63 Stat. 396; 41 U. S. C., 1946 ed., Sup. III, sec. 257)

OSCAR L. CHAPMAN,
Secretary of the Interior.

MAY 4, 1951.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2618]

UNITED GAS CORP. ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 7th day of May A. D. 1951.

In the matter of United Gas Corporation, United Gas Pipe Line Company, Union Producing Company; File No. 70-2618.

Notice is hereby given that an application-declaration has been filed pursuant to the Public Utility Holding Company Act of 1935 by United Gas Corporation ("United"), a gas utility subsidiary of Electric Bond and Share Company, a registered holding company, and United's subsidiaries, United Gas Pipe Line Company ("Pipe Line"), and Union Producing Company ("Union"), pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a), 7, 9 (a) (1), 10, and 12 thereof with respect to the following proposed transactions:

As of December 31, 1950, United had outstanding \$130,994,000 aggregate prin-

cipal amount of First Mortgage and Collateral Trust Bonds, 1967 and 1970 series, issued under a Mortgage and Deed of Trust dated October 1, 1944, as supplemented. United owns all of the outstanding securities of Pipe Line and Union, which securities are pledged under the Mortgage and Deed of Trust, and include \$48,127,000 of Pipe Line's 4 percent First Mortgage Bonds, due 1962, and \$34,000,000 of Union's 6 percent Debentures due 1952.

United and Pipe Line propose to enter into an agreement under which Pipe Line will issue to United \$48,127,000 principal amount of First Mortgage Bonds, 4 percent Series, due 1971, in exchange for and discharge of a like principal amount of Pipe Line's outstanding First Mortgage Bonds, 4 percent Series due 1962. The 1971 Bonds of Pipe Line will be deposited with the corporate trustee under United's Mortgage and Deed of Trust, and the 1962 Bonds of Pipe Line will be canceled and discharged.

United and Union propose to enter into an agreement under which the maturity of \$34,000,000 principal amount of Union's 6 percent debentures due March 1, 1952, will be extended to March 1, 1974. Such extension will be effected by authorizing and directing the corporate trustee to approximately stamp the 6 percent debentures due March 1, 1952.

The application-declaration states that the purpose of the proposed transaction is to bring the maturities of United's subsidiaries' indebtedness into line with the maturities of United's bonds now outstanding as well as those which United contemplates issuing to finance the system's construction and expansion program.

Notice is further given that any interested person may, not later than May 22, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest, and the issues of fact and law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed as follows: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after 5:30 p. m., e. d. s. t., on May 22, 1951, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application-declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed.

By the Commission.

[SEAL] ORVAL L. DuBOIS,
Secretary.

THEODOR BAUER

In re: Bonds owned by Theodor Bauer, F-28-31252.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 8389, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Theodor Bauer, whose last known address is Stuttgart, Sillenbuch, Friedrich Zundelstr. 23, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) Southern Pacific Company 4 percent Gold Coupon Bonds, due 1949, of \$1,000.00 face value each, bearing the numbers 1639, 13587 and 19309, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds,

b. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) Central Pacific Railway Company 4 percent First Refunding Mortgage gold coupons bonds, due 1949, of \$1,000.00 face value each, bearing the numbers 26382, 34274 and 77739, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds,

c. Those certain debts or other obligations, matured or unmatured, evidenced by two (2) The Kansas City Southern Railway Company 3 percent First Mortgage Bonds, of \$1,000.00 face value each, bearing the numbers 22334 and 22335, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds,

d. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) Northern Pacific Railway Company 4 percent Prior Lien bonds, of \$1,000.00 face value each, bearing the numbers 5468, 61059 and 89945, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds,

e. That certain debt or other obligations, matured or unmatured, evidenced by one (1) Illinois Central Railroad 4 percent bond due 4/1/52 of \$1,000.00 face value, bearing the number 9265, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation, together with any and all rights in, to and under the said bond,

f. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) Union Pacific Railroad Company 4 percent First Mortgage Railroad & Land Grant bonds, of \$1,000.00

face value each, bearing the numbers M43459, M44782 and M81026, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds,

g. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) Norfolk and Western Railway Company First Consolidated Mortgage Bonds, bearing the numbers D4542 and D4543 of \$500.00 face value each and 21419 of \$1,000.00 face value, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds, and

h. Those certain debts or other obligations, matured or unmatured, evidenced by three (3) The Atchison, Topeka and Santa Fe Railway Company 4 percent Convertible Bonds, of \$1,000.00 face value each, due 1955 bearing the numbers 799, 36310 and 36311, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds, including particularly, but not limited to, the redemption proceeds resulting from said bonds being called for retirement on December 1, 1945,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Theodor Bauer, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on April 18, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

GEORGE EDWARD PAPE

In re: Trust under will of George Edward Pape, deceased. File F 28-31129.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Clara Prior Luederitz and Willy (Wilhelm) Prior, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons named in subparagraph 1 hereof, in and to the trust established under the will of George Edward Pape, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by Frederick J. Singley, Jr., substituted Trustee, acting under the judicial supervision of the Circuit Court of Baltimore City, Maryland,

and it is hereby determined:

4. That to the extent that the above named persons are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on May 2, 1951.

For the Attorney General.

CREDIT SUISSE

In re: Accounts maintained in the name of Credit Suisse, Basle, Switzerland, and owned by persons whose names are unknown. F-63-60 (Basle).

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A set forth below and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall

have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on April 11, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.
