INTRODUCTION

Since the *Monthly Catalog of United States Government Publications (MOCAT)* was first published one hundred years ago, there have been few major format changes. Before this year, the most dramatic changes occurred in 1976, when the Anglo-American Cataloging Rules were first used to create catalog records for the MOCAT and, at the same time, these records were made available in electronic form through entry into the OCLC system. Of equal, or perhaps greater significance, are the changes to the MOCAT that are now taking place.

Beginning in 1996, a new CD-ROM version of the MOCAT will be introduced. Most of the features of the traditional paper version are included in the CD-ROM version. An online version of the catalog is now available on the World Wide Web. These new MOCAT formats will make it easier for users to retrieve information on Federal publications. The paper version of the MOCAT will continue to be available with shorter entries and a keyword title index. The microfiche version will be discontinued after the December 1995 issue. The magnetic tape version of the MOCAT will continue in its present form.

Users now have access to cataloged records of Federal publications in the following formats:

*Monthly Catalog of United States
Government Publications on CD-ROM*
(Monthly issues cumulate from beginning of year includes cumulative indexes)

*Monthly Catalog of United States
Government Publications (paper edition)*
(This new paper version of the MOCAT has short entries and a title keyword index (the CD-ROM version will include other indexes formerly included in paper version))

Online version of MOCAT available on GPO Access Federal Locator service via World Wide Web. (Users of the online Locator service can identify publications and locate a depository library that includes them in their collection. New records may be accessed daily on the Internet at: http://www.access.gpo.gov/su_docs)

USERS' GUIDE

Catalog Arrangement and Indexes

The bibliographic entries in the *Monthly Catalog* are arranged in Superintendent of Documents classification number order. Each record is also assigned a unique catalog number, which consists of a two-digit prefix representing the catalog year, followed by a sequential number beginning with 1 in the first issue of each year. Within this arrangement, the publications of each Government author are further identified by the name and address of the issuing agency.

Catalog entries in this catalog may be accessed by title keyword index (an alphabetical list of truncated titles, arranged by important words selected from publication titles).

Please consult the CD-ROM version of the MOCAT for indexing accessed by:

DOCUMENTS SALES INFORMATION

INTRODUCTION

The Superintendent of Documents of the U.S. Government Printing Office is authorized by law to sell copies of Government publications. The Superintendent of Documents currently sells more than 12,000 titles, which are just a small portion of the publications issued each year by the Federal Government. Prices for all U.S. Government publications sold by the Superintendent of Documents are established in accordance with Title 44 of the United States Code.

HOW TO ORDER PUBLICATIONS

1. Orders for Publications sold by the Supt. of Documents may be sent to: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954.
2. Customers may submit orders for publications by indicating the GPO stock number and price on the order form in this catalog. Photocopies of this form are acceptable. When ordering, please include the complete title for each publication requested.
3. If a GPO stock number does not appear in a *Monthly Catalog* text entry or if it does not say "For sale by the Superintendent of Documents," the publication cannot be ordered from the Government Printing Office.
4. Customers requesting subscription services, or single issues of a subscription service, should refer to the *U.S. Government Subscriptions Catalog*.
5. Customers may order by telephone from 8:00 a.m. to 4:00 p.m. Monday through Friday. You may have your orders charged to your VISA, MasterCard or Superintendent of Documents deposit account (see below). To place an order, please call (202) 512-1800.
6. Customers with telex equipment can charge their orders to their deposit account or credit card account by dialing #710-822-9413; USGPO WSH. Customers on the DIALOG system may transfer their orders via DIALORDER.
7. FAX Numbers to Use:
 - Price & availability information for publications & subscriptions (202) 512-2250.
 - New subscription orders (202) 512-2250.

THE HISTORY OF THE UNITED STATES

The history of the United States is a complex and multifaceted story that spans centuries. It begins with the early Native American civilizations, such as the Mayans, Aztecs, and Incas, who built sophisticated societies in the Americas. The arrival of European explorers in the late 15th and early 16th centuries marked the beginning of a new era of discovery and conquest. The Spanish, French, and British established colonies across the continent, each bringing their own cultural influences and political systems. The struggle for independence culminated in the American Revolution, which led to the formation of the United States as a sovereign nation. The early years of the republic were characterized by a period of growth and expansion, as the United States acquired vast territories through purchase and conquest. The Civil War, fought between 1861 and 1865, was a pivotal moment in the nation's history, as it resolved the issue of slavery and preserved the Union. The Reconstruction period that followed sought to rebuild the South and integrate African Americans into the fabric of American society. The late 19th and early 20th centuries saw the United States emerge as a global power, with its influence extending across the world. The Progressive Era brought about significant social and political reforms, while the Great Depression of the 1930s tested the nation's resilience. World War II, fought between 1941 and 1945, solidified the United States' position as a superpower and led to the formation of the United Nations. The Cold War era, which lasted from the late 1940s to the early 1990s, was a period of intense geopolitical tension between the United States and the Soviet Union. The end of the Cold War and the beginning of the 21st century have seen the United States continue to shape the world, facing new challenges such as globalization, terrorism, and climate change. The history of the United States is a testament to the power of human ingenuity, courage, and the pursuit of a better future.

FEDERAL DEPOSITORY LIBRARY PROGRAM

The Federal Depository Library Program was established by Congress to provide free public access to Government publications. Nearly 1400 public, academic, State, and law libraries serve as an information link with the Federal Government by maintaining collections of Government publications. These collections, which are tailored to local needs, are open to the public. Fifty-three of the libraries are designated as regional depository libraries. They have the responsibility of retaining material permanently and providing inter-library loan and reference services in their regions.

Copies of documents no longer available through the GPO Sales Program can usually be found in regional depository collections. To determine which depository libraries have selected copies of publications listed in this catalog, consult the Superintendent of Documents World Wide Web site and use the Locator Service. A complete listing of regional depositories follows. To obtain a complete listing of all depository libraries, write to:
