4. What is a “Booster pack”?

In the offered Smartplans (3 packages), Fair Usage Policy (FUP) will be applicable after crossing specific volumes of usage (i.e. 400, 500 & 650MB respectively for Lite, Medium, and Heavy pack). i.e. after the above mentioned volume, customers will be able to use internet @24 kbps.

If any customer wants to go back to h/her regular internet speed during the FUP applicable period, h/she can avail a booster of @ BDT 99 (+15% VAT). This booster will allow the customer to again enjoy regular internet speed for upto 200 MB. The booster 200MB data will have the same validity as the respective Smartplan pack the customer is enjoying. Once 200 MB is over (in the same period), customer will again fall into FUP and will enjoy unlimited internet @ 24 kbps till the end of validity period.

5. Do these Smartplans have Auto Renewal Feature?

Yes, Smartplans will be auto renewed automatically if the customer has sufficient balance or credit limit after the expiry date.

6. Can I stop the auto renewal option?

Yes, customers can cancel their auto renewal by sending sms <off> to 5000.

7. I’m an existing EDGE (P1/P2/P3/P4/P5/P6/P7/P9/P10/P11) package customer. Will I be able to migrate to these Smartplans?

Yes, existing EDGE customers can migrate to any Smartplans.

8. Which Internet Package users can opt in to the “Booster Pack” of Smartplan?

Only Smartplan customers can opt in to the Booster Pack.

9. Will the Internet Volume be carried forward in Smartplan?

No, internet volume will never be carry forwarded for Smartplans or Speed booster pack as they are unlimited packs with Fair Usage Policy.

10. What if I purchase booster pack mistakenly before falling into the FUP limit?

In such case, the system will treat the booster volume threshold from the purchase date of any of booster pack. For example : If a customer has 400MB left but still he opts in for Speed Booster pack; the system will consider 200MB Fair Usage Policy for the newly purchased Speed booster pack. Customer will not be able to use 400+200MB at regular speed (rather only 200 MB)

11. Will the other bundled services (Voice, SMS, MMS) be carried forward the time of renewal?

No, carry forward will not be applicable.

12. Will the other bundled services (Voice, SMS, MMS) be carried forward if I repurchase any Smartplan before expiry date?

Yes, in this case the bundle services (Voice, SMS, MMS) will be carried forward and the highest validity date will be set.

13. Will the Internet Volume be carried forward if I repurchase any Smartplan before expiry date?

No, as these are all unlimited Internet Plans, volume will not be carried forward rather the new threshold limit (of the last purchased pack) will be set with the new validity date.

14. What are the conditions for Voice Minute bundle of Smartplans?

Voice minutes will be applicable for all Off Net/On Net (only local operators) call cases including F&F, Super F&F and community. "My Zone" Customer can also avail the offer. However, My Zone discount will be applicable after consumption of the bundle minutes.

15. What are the conditions for SMS and MMS bundle of Smartplans?

SMS and MMS will be applicable for GP-GP only.

16. How can I check my remaining bundle (Voice, SMS, MMS) balance and expiry date?

Customer can check their remaining bundle (Voice, SMS, MMS) and expiry date by the following ways:

SMS : sending "view" to 5000

USSD : *500*60#

Sms charges for 5000 port is free. No charge is applicable through USSD

17. How can I check my Internet usage and expiry date?

Customer can check their Internet usage and expiry date by the following ways :

SMS : sending "usage" to 5000

USSD : *500*61#

Sms charges for 5000 port is free. No charge is applicable through USSD

18. Can I request for a Smartplan when I'm already enjoying the same Smartplan package?

Yes. While enjoying any Smartplan, customer can send request again for the same Smartplan.

19. Do I need to reconfirm (with y/n, after sending the Smartplan activation key word) before purchasing any Smartplan?

New Smartplan users will always have to re-confirm (with y/n) their Smartplan purchase after sending the activation request. However any existing Smartplan

customer taking another Smartplan package will not have to reconfirm after sending the activation request.

Example SMS (for new user): Dear Customer, for Smartplan XXX you will be charged Tk. YY for 30 days (including 15% VAT). If yes type Y or if no type N and send it to 5000

20. I'm a Business Postpaid user. How can I activate Smartplans or speed booster?

Key account managers will follow the same process currently followed for the Internet Package activation for Business Solutions Post Paid Customers. As per the process the BS postpaid customer will request the respective KAM and the KAM will get the Smartplan activated for the customer by the GP activation team.

21. Will I get notifications when I cross my FUP volume quota?

Yes, customers will get relevant notifications when they cross their FUP volume quota.

22. Can I deactivate my Smartplan package instantly?

Yes, it can be canceled/deactivated by sending sms "stop" to 5000. After canceling any Smartplan Internet browsing will not be possible, but remaining Voice, SMS and MMS can be used till expiry date. To check their remaining freebies (only when Smartplan is deactivated) they have to dial the following codes:

- I. Voice: *566*7#
- II. SMS: *566*2# (except for GPPP, VP, BPO); *566*3# (for GPPP, VP, BPO)
- III. MMS: *566*14#

23. Will I get auto renewal notifications before auto renewal?

Yes, all Smartplan customers will get 2 notifications before auto renewal same as existing Internet packages.

24. I'm a volume-based internet pack user (EDGE pack user). If I activate Smartplan then will my remaining data volume from the EDGE pack be added to my Smartplan?

No, user will be enjoying data as per the purchased Smartplan pack. Any previous unused data volume will be invalid after purchasing the Smartplan.

25. Will 10 sec/per second pulse be applicable for Smartplan talktime?

Yes, it is applicable based on existing product modality.

26. At what rate will I be charged (for voice, sms and mms) after finishing the freebies of Smartplan in a given period?

If customer finishes all the given freebies in a given period, s/he will be charged as per his regular package for the voice, sms and mms.
