Overview

HPE OfficeConnect 1405 Switch Series

Models

HPE OfficeConnect 1405-5G v2 Switch	J9792A
HPE OfficeConnect 1405 5G v3 Switch	JH407A
HPE OfficeConnect 1405-8G v2 Switch	J9794A
HPE OfficeConnect 1405 8G v3 Switch	JH408A
HPE OfficeConnect 1405 5 Switch	J9791A
HPE OfficeConnect 1405 8 Switch	J9793A

Key features

- Entry-level switching for small offices
- Plug and play; no configuration required
- Energy efficient, with EEE and idle-port power down (v2 models)
- Quality of Service (IEEE 802.1p and DSCP)
- 3-year warranty

Product overview

The HPE OfficeConnect 1405 Switch Series consists of plug-and-play unmanaged 5- and 8--port Layer 2 switches designed for small offices, in both Gigabit Ethernet and Fast Ethernet configurations. The 1405 Small Office switches are preconfigured for fast, easy installation, with connections using low-cost Ethernet copper cabling. They support administration-friendly features such as auto-negotiation and automatic cable type detection (MDI/MDIX), and are FCC Class B certified and approved for both business and home office locations. All models have energy-saving features such as Energy Efficient Ethernet (EEE) and idle-port power down. All models are fanless for quiet and "green" operation, and are designed for high reliability, long life, low power consumption, and low total cost of ownership. HPE OfficeConnect 1405 switches come with a 3-year warranty.

Overview

Features and benefits

Quality of Service (QoS)

• Traffic prioritization (IEEE 802.1p)

allows real-time traffic classification mapped to multiple hardware queues (Gigabit Ethernet v2 models support four hardware queues per port; other models support two hardware queues per port)

• Class of Service (CoS)

prioritizes traffic by honoring Differentiated Services Code Point (DSCP)

Connectivity

Auto-MDIX

automatically adjusts for straight-through or crossover cables on all 10/100 and 10/100/1000 ports

• Jumbo packet support (Gigabit Ethernet models only)

supports up to 9216-byte frame size to improve the performance of large data transfers

Performance

 Half-/Full-duplex auto-negotiating capability on every port doubles the throughput of every port

Ease of use

Flow control

helps ensure reliable communications during full-duplex operation

• Comprehensive LED display with per-port indicators

provides an at-a-glance view of status, activity, speed, and full-duplex operation

Unmanaged

provides plug-and-play simplicity

Compatible

supports Windows® and Mac OS platforms

Flexibility

Fanless design

enables quiet operation for deployment in open spaces

Additional information

• Green initiative support

provides support for RoHS and WEEE regulations

Energy savings

5- and 8-port models utilize the Energy Efficient Ethernet (EEE) standard (IEEE 802.3az) and idle-port power down for energy savings

Warranty and support

• 3-year warranty

See http://www.hpe.com/officeconnect/support for warranty and support information included with your product purchase.

Configuration

Build To Order:

BTO is a standalone unit with no integration. BTO products ship standalone are not part of a CTO or Rack-Shippable solution.

HPE OfficeConnect 1405 5 Switch

• 5 RJ-45 autosensing 10/100 ports See Configuration

NOTE:1

J9791A

HPE OfficeConnect 1405-5G v2 Switch

• 5 RJ-45 autosensing 10/100/1000 ports See Configuration

Summary of Changes

Date	Version History	Action	Description of Change:
04-Sep-2017	From Version 12 to 13	Changed	Updates made on Features and benefits
05-Dec-2016	From Version 11 to 12	Added	Models added: JH407A; JH408A
11-Nov-2016	From Version 10 to 11	Changed	Minor edits made on Configuration.
02-Sep-2016	From Version 9 to 10	Changed	Minor edits made on Technical Specifications
27-May-2016	From Version 8 to 9	Changed	Document name changed to HPE OfficeConne 1405 Switch Series. Configuration section adde Product description updated.
01-Dec-2015	From Version 7 to 8	Changed	Overview and Technical Specifications updated
15-Feb-2013	From Version 5 to 7	Changed	Updated the Product overview, Features and benefits, and Key features sections.
27-Nov-2012	From Version 4 to 5	Changed	Several models were removed from the document.
24-Aug-2012	From Version 3 to 4	Changed	Updated the Features and Benefits, Introduction and Accessories sections.
14-May-2012	From Version 2 to 3	Changed	Features and Benefits, Accessories, and the weight and dimensions for each spec were revised. Several new models were added as we
28-Oct-2011	From Version 1 to 2	Changed	Changes were made throughout, including changing the title.
