We, your Bonds and Salaries Committee after meeting with the Highway Committee wish to recommend that the two positions - "Highway Shop Clerk" and "Parts Man" be combined as one job. We

further recommend that that part of Resolution No. 44 of the November 1956 Session of the Board which set separate salaries for these jobs be rescinded and that the salary for the job of "Shop Clerk and Parts Man" be set at a minimum of \$1,000.00 to maximum of \$4,000.00.

We further recommend that because of the extra work caused by the great amount of delinquent and postponed taxes returned by the local taxing districts, that the County Treasurer be allowed extra clerk hire, not to exceed the sum of \$70.00. This amount to be used for additional help in typing the said delinquent tax lists.

Notice:

Section IX on page 4 of this resolution authorized the County Highway Commissioner, subject to supervision and control by the County Highway Committee, to employ, discharge, suspend, or reinstate county highway personnel. This change in form was made in view of Attorney General's opinions dated March 6 and March 24, 1945. If this form conflicts with any existing general rules or civil service plan, or if the County Board wishes to limit the authority which would be conferred by this provision, the attached form should be appropriately altered in consultation with the District Attorney.

Attention is directed to the fact that any action taken by the County Highway Committee in exercising its powers must, to be effective, be recorded in the minutes of the County Highway Committee's meeting.

SECTION I. The County Board of Supervisors of Iowa County, Wisconsin, regularly assembled, does hereby ordain that such funds as may be made available to the county for highway work in the year 1958 under the provisions of Section 20.420 and Chapter 83 of the Statutes and the additional sums herein appropriated shall be expended as hereinafter set forth:

BE IT RESOLVED that the County Highway Committee is authorized and directed to expend the said sum to the extent required, to match and supplement Federal aid for construction, right of way, and other costs on any Federal projects located on the county trunk highway system of said county, which are not recovered from Federal funds, and to expend any balance for constructing, repairing, and maintaining such county trunk highway system and the bridges thereon, including snow and ice removal and control, as directed in Section 83.10(1) of the Statutes, and to reimburse the general fund for

any expenditures that may be made therefrom pursuant to Section 83.01(6) of the Statutes.

BE IT RESOLVED, that the County Board does hereby appropriate the following sums for the purpose hereinafter set forth:

BE IT RESOLVED that this Board does hereby direct that any balance remaining in any appropriation for a specific highway improvement after the same shall have been completed may be used by the County Highway Committee to make up any deficit that may occur in any other improvement, which is part of the same item in the county budget, for which provision is herein made, and any balances remaining at the end of the year in any highway fund shall remain and be available for the same purpose in the ensuing year.

SECTION V. WHEREAS the exact amount of the funds that will become available from the state for highway purposes in the county under Section 20.420 of the Statutes will not be known until on or after June 30, 1958.

BE IT RESOLVED that the County Treasurer is hereby authorized and directed to make payments for the purposes for which such funds are to be used, as hereinbefore authorized, from any funds in the county treasury that are not required for the purposes for which appropriated prior to August 1, 1958, and to reimburse such funds in the county treasury from the sums received under Section 20.420 of the Statutes.

Communication (No. 14) relative to the Iowa County Jail was read.

September 11, 1957

Mr. Harley Hicks, Chairman of the Iowa County Board,
Dodgeville, Wisconsin

Dear Sir:

In accordance with Section 46.17 (3) of the Wisconsin Statutes,

the Iowa County Jail was inspected on August 13, 1957, and the following conditions were found:

1. Section 53.42 of the Wisconsin Statutes and the Attorney General's opinion in regard to these Statutes, which held that a jailer must be present, on duty, and awake whenever prisoners are confined, is not being complied with.

2. The jail does not have facilities for the separation of criminals from non-criminals and first offenders from hardened jail-wise prisoners as required by Section 53.36 of the Statutes.

3. The fire-exit door was stuck and could not be opened. The sheriff stated this would be corrected immediately.

4. Fly and insect screens were on only three of the six windows of the jail. There were screens stored in the basement but these were not of proper size for the three windows which at present do not have screens. The windows are not mesh protected to prevent the passage of articles of contraband into or out of the jail.

5. The metal floors of the cell block are sagged and the walls are buckled. The stone slabs of the floor are uneven and it is difficult to maintain the floors in a sanitary condition.

6. The cell-door locks which have been installed are of the "snap-lock" type and can be opened by prisoners. The cells are small and dark and the lighting system is inadequate.

7. The steps from the fire escape to ground level have sagged and there is a three-inch gap between the stairs and the jail building.

8. Toilet and lavatory have been installed in one cell; all other prisoners must use facilities in the bullpen or guard corridor.

It has been requested by county officials that this Department recommend such improvements as will bring the Iowa County Jail into compliance with Statutory and Department requirements. Because of the physical arrangement of the jail, minor changes cannot accomplish this and complete remodeling would be necessary.

This remodeling must meet the following minimum requirements of the Statutes and this Department:

1. Separate segregated sections in the jail should be provided for the separation of criminals from non-criminals and first offenders from the hardened criminals or the sexually deviated prisoners to provide for detention in accordance with Section 53.36 of the Wisconsin Statutes.

2. Single occupancy cells which have a minimum size of 5½ feet by 7½ feet and provide 400 cubic feet of air space for each cell should be provided.

3. Each cell shall be furnished with institutional type toilet and lavatory with integral drinking spout and single bunk of rigid construction securely fastened to the wall or floor.

4. Protected tamper-proof light of sufficient wattage to permit a prisoner to read in each cell should be provided.

5. Personnel to comply with Section 53.42 of the Wisconsin Statutes should be provided.

In our opinion, major remodeling of the present jail or construction of a new jail will be necessary to provide facilities which meet the above requirements.

If within ninety days officials of Iowa County do not initiate plans to provide suitable jail facilities which will meet Statutory and Department requirements for jails, the Iowa County Jail will be condemned for jail use. This would leave the alternative of arranging for the detention of prisoners in an approved jail in a nearby county, with the cost of such care to be paid for by Iowa County as provided in Section 53.34.

It is requested that immediately following the fall session of the

Iowa County Board, this Department be notified of whatever action has been taken.

Very truly yours,
 Wilbur J. Schmidt, Director
 State Dept. of Public Welfare

Robert G. Hoskins, District Attorney

Report (No. 23) of the Civil Defense Committee and coordinator was presented.

Dodgeville, Wisconsin, November 1, 1957

To the Honorable Board of Supervisors of Iowa County:

Gentlemen:

Your Civil Defense Committee and Coordinator report as follows: As authorized by you last spring we have proceeded in organizing Civil Defense in Iowa County on a limited basis consistent with safety and have had splendid cooperation. All town, village and city officials were urged to attend a mass meeting at the Court House on the evening of June 10, where the necessary steps were outlined by state and local officials. The meeting was well attended and a suggested plan for organization was handed out. This included securing directors, supervisors and assistants for every center.

To date centers have been arranged in eleven communities which comprise every village, town and city in the county with the exception of one village and one town. The directors and assistant directors are as follows:

Arena Town and Village—Kenneth L. Powers and Sam Sawle.

Avoca Village, Pulaski and Clyde Towns—John Pechan and Irvin Marklein

Barneveld Village and Brigham Town—Irving Williams and Max Theobald.

Cobb Village and Eden Town—Alvin Rhinerson and Kenneth Harris.

Dodgeville Town and City—George Harris and Bernard Holland.

Highland Town and Village—Robert Doescher and M. B. Pierick.

Hollandale Village and Moscow Town—Paul Fuchs and Malcom Swenson.

Linden Town and Village—R. O. Ralph and Clyde O. Faull.

Mineral Point City, Waldwick and Mineral Point Towns—B. J. Bollerud and H. Roy Dunn.

Ridgeway Village and Town—Emery Davis and Lavere Lewis.

Wyoming Township—Reuben Kritz and Warren Hoyer.

We have secured a complete 200 bed hospital unit from the Federal Government to be used in connection with the two Dodgeville Hospitals. It is expected to arrive immediately and will be stored in the General Hospital, St. Joseph's Hospital and Highway Shop. It provides all equipment necessary to operate a modern hospital including an auxiliary electric generating plant.

The total expenses of the coordinator to date are \$10.33 postage and supplies, \$1.67 telephone calls, \$15.50 mileage and \$84.00 salary for a grand total of \$112.94.

Volunteer Firemen in Dodgeville and Mineral Point will complete Red Cross first aid training in January and will then be available to teach classes in every Civil Defense center. Each community can go as far as it desires in a preparedness program and we have laid the groundwork to care for evacuees in a war emergency which we sincerely hope will never happen.

Report (No. 26) of the Committee on Hospital and Home was read.

Dodgeville, Wisconsin, November 8, 1957

To the Honorable Board of Supervisors of Iowa County:

Gentlemen:

We, your Committee on Hospital and Home beg leave to report that on the 8th day of November, 1957, we examined the accounts of the Hospital and Home for the fiscal year ending June 30, 1957.

The books of the Hospital and Home were checked and found in accordance with the County Clerk's accounts. The report of the revenues received at the institutions for the Hospital and Home were compared with the receipts issued by the County Treasurer and found them also to be correct.

We wish to recommend that an appropriation of \$5,000.00 be made for the upkeep of the Home and care of the home inmates. We further recommend that an appropriation of \$23,456.32 which is the amount due the hospital fund for the care of county patients at the County Hospital be made. The total county appropriation for the County Hospital, less collections in the amount of \$4,113.45 for the care of county patients is recommended in the amount of \$19,342.87. The anticipated state aids for the Hospital is \$134,832.86. The anticipated farm revenue is \$30,000.00. The total of the above mentioned appropriations and anticipated revenues will give the Iowa County Hospital a working fund of \$184,175.73 for the year 1958.

The matter of building a new home was given considerable discussion with the opinion that it would be more advisable to build a new home than to repair the old one.

} ss.

Harry S. Ivey, being duly sworn on oath, deposes and says:

1. That he is the duly qualified and acting Secretary of the

Southwestern Wisconsin Fair Association of the City of Mineral Point, Iowa County, Wisconsin.

2. That hereinafter appears a statement of the premiums paid by said Southwestern Wisconsin Fair Association in 1957, together with an estimate of state and county aids received thereon:

Total Open Class Premiums, Livestock -----	\$ 3,040.00	
Total 4-H Premiums -----	3,198.15	
Total Dairy Products Premiums -----	48.00	
Total Horticultural Premiums -----	42.75	
Total Household and Domestic Premiums -----	103.00	
Total Grain and Vegetable Premiums -----	38.50	
Total Culinary Premiums -----	132.00	
Total Educational Premiums -----	235.50	
Total Premiums -----	\$ 6,837.90	\$ 6,837.90
Less Premiums not covered by State Aid -----	171.20	
Less Entry Fees Collected -----	13.70	
Less Uncashed Premium Checks for 1956 -----	3.50	
Total Adjustment for State Aid Payable -----	\$ 188.40	\$ 188.40
Total Premiums Subject to State Aid -----		\$ 6,649.50
Total State Aid Received in 1957 -----	\$ 4,374.18	
Total County Aid Received in 1957 -----	2,000.00	
Total State and County Aid Received -----	\$ 6,374.18	\$ 6,374.18
Total Overrun on Premiums Paid by State and County Aids Anticipated and Received --		\$ 463.72

(N. B. In the 1956 report, explanation was made on the reduction on state aid claimed in premiums. In reflecting the 1956 results, the previous report will show that state aid was claimed in the sum of \$4,443.50 but the state aid on premiums paid amounted to \$3,705.12, or a reduction of Seventeen per cent (17%). It will therefore be realized that this item of state aid claimed in 1957 will be subject to the usual actual allowance by the Department of Fairs of the Wisconsin Department of Agriculture and will undoubtedly be subject to the similar downward adjustment in the proportion experienced in every other preceding year with the exception that eligible fair exhibits under state aid reached an all time high in 1955, coupled with the fact that every fair operated in this fair year. The anticipated reduction in premiums for the current year will be somewhere around ten per cent (10%) on the best reports available and as reported by the said Department of Fairs of the Wisconsin Department of Agriculture and in a figure of somewhere \$459.17.)

3. That the Two Thousand Dollars of County Aid awarded to the Southwestern Wisconsin Fair Association of the City of Mineral Point, Iowa County, Wisconsin, for the 1957 fair was allocated to, used, applied to, and expended in the payment of premiums, judging, and general administration of the farm show as appears from the foregoing statement.

4. That your affiant makes this Affidavit in an effort to comply with the provisions of Section 49.86 of the Revised Wisconsin Statutes, and for no other reason.

Further your affiant saith not.

Resolution (No. 13) favoring establishment of a branch experimental station in this area was read.

To The College of Agriculture, University of Wisconsin
Gentlemen:

Whereas many farmers in the Southwest area of Wisconsin feel that more experimental data is needed on the unglaciated soils of this area, and

Whereas pasture land constitutes around 50% of the total acreage and our pastures have long been neglected, and

Whereas blue grass pasture lands have great economic importance in our farm program, and

Whereas no other area of Wisconsin fattens as many beef cattle on blue grass pastures, and

Whereas farmers would like experimental data on fattening cattle on blue grass compared to dry lot feeding, and

Whereas this area is of hilly terrain we need research on the value of blue grass in relation to soil conservation and water holding capacity, and

Whereas farmers feel they could use more information in regards to small grain problems, liming, and fertilizer, now therefore,

BE IT RESOLVED, that this board go on record as favoring the establishment of a Branch Experimental Station in this area with special emphasis to beef production for the purpose of research information on the above mentioned things and other problems common to this area.

Resolution (No. 14) from Lafayette County relative to mining industry in this area was read.

To the Honorable County Board of Supervisors:

Whereas, the mining of lead and zinc has always been an important industry in this area and

Whereas, most mines are closed today as a result of depressed prices of this ore, and

Whereas, this situation has caused much unemployment in the area, and

Whereas, the principal cause of the low price of ore is competition of foreign markets,

Be it resolved, by the Iowa County Board of Supervisors that Congress be urged to pass appropriate legislation increasing duties on lead and zinc and for imposing quota on such imports and copies of this resolution be sent to each Senator from Wisconsin, each member of Congress from Wisconsin, the President of the United States and the Tariff Commission.

**ANNUAL REPORT OF THE
IOWA COUNTY PUBLIC WELFARE DEPT. - 1957**

Dodgeville, Wisconsin, January 21, 1958

Honorable Board of Supervisors, Iowa County, Dodgeville, Wis.
Gentlemen:

We herewith submit the annual report of the Iowa County Public Welfare Dept. for the year 1957. We have attempted to present a concise, meaningful report which reflects the performance and responsibilities of this agency. There are numerous areas which we would like to elaborate on, however, we believe this would be cumbersome and perhaps, in some instances, uninteresting.

We wish to make special mention of the greatly improved office space with which we were favored during the past year. The partitions are now complete and we invite you in to see the finished product. This improvement has already paid dividends in volume of work put out, and equally important, the clients and workers have some privacy during interviews and working hours. The addition of dictating and transcribing equipment is now an indispensable part of our daily regimen, and for this we also wish to express our gratitude. We are confident the expenditures for these items will pay huge dividends in the form of increased quantity and quality of staff performance.

Very truly yours,

Lloyd A. Anderson, Director
Iowa County Public Welfare Dept.

CHILD WELFARE

On August 1, 1957 we obtained the part-time services of a staff member to provide casework services in the Child Welfare area. One might suspect that we would have difficulty finding a sufficient number of cases to provide a "proving ground" for the worker, but quite to the contrary, we had an over-supply. These referrals came to the office in a matter of a few months and sad but true, many were not serviced because of lack of staff.

During the last quarter of 1957 we had a total of 45 children under care. In addition to these, we had a back-log of cases which needed service but were not considered active because of lack of staff time. There is only one way which this caseload will go and that is up! These cases have been in the county but probably not heard of since there was no place to which they could be referred. We have a large number of children in our Aid to Dependent Children and General Relief cases who also need service, but we have provided service in only those which seemed most urgent.

From our experience in the past few months we have become increasingly aware of the need for service. This has been obviated by the fact that we had to begin training an inexperienced worker, and the demands for services were much greater than even an experienced worker could have serviced.

Then, too, we must remember that this type of service does not produce miracles overnight. It takes years for parents and/or children to get to the point where there is a need for a referral to a case-worker agency. Why then, or how, can one expect that the agency

can transform the personalities of these persons in a comparatively short time.

On the other hand, it has been gratifying to hear reports of marked improvements in home situations that we initially believed might be next to hopeless. We are also happy to report that we have formulated some very definite plans in a number of cases and the entire program is definitely "taking shape." We have some very clearly defined goals and during the next year we expect the entire area of child welfare services to broaden.

It is quite apparent that punishing or institutionalizing problem children and/or parents is not the most practical method of attempting to get at the basic problems. These areas can best be alleviated by working through the problems on a direct contact basis in the person's own home and then, and only then, can we expect that we shall make strides in correcting an already serious situation. We can point to quite a number of families in Iowa County who have already derived benefits from casework services and you may rest assured that this area will be of even greater concern in the ensuing year.

GENERAL RELIEF

The Board of Public Welfare and the Director discussed the entire area of General Relief in the February and March 1957 meetings. The philosophies and the general theory upon which the Board wished the program administered was founded. The members were in general agreement that they wanted people provided for, but felt strongly that able bodied persons should be made to assume the responsibility of supporting themselves and their families.

During the past year there has been a very noticeable reduction in relief expenditures. Perhaps the best measurement can be provided by monthly statistics compiled by the State Department of Public Welfare, as listed below:

Average Per Cent Change	Per-Cent Change from 1956 - Statewide		Per Cent Change from 1956 - Iowa County	
	Persons	Grants	Persons	Grants
	plus 7.77	plus 10.62	minus 54.95	minus 54.43

From this chart it will be noticed that the number of persons and the amount of money spent denoted substantial increases state-wide, while Iowa County experienced a decrease of over one-half in both number of persons and amount of money expended. Total gross expenditures dropped from \$44,294.31 in 1956 to \$19,755.61 in 1957, and the average caseload decreased from 59 cases to 27 cases per month.

Expenditures —

ADMINISTRATION

The statistical information for this area is based on the period beginning November 1, 1956 and ending October 31, 1957. This is necessary as complete data received from the State Department of Public Welfare on reimbursement is approximately two months in arrears.

WELFARE BOARD AND ITS FUNCTION

Under the very able guidance of the Board of Public Welfare, the County Department has shown improvement in numerous administrative areas. As you know, those persons now serving on the Board of Public Welfare are Mr. Harry Reynolds, Chairman, Mr. Warren Hoyer, secretary, and Mr. James Harris, Jr. This group has been most helpful to the department in taking a definite stand on guiding philosophies and board administrative policies, which are so necessary in the operation of a public agency.

The group has met a minimum of once a month, and more frequently, when the need arose. In our regular meetings, this group has scrutinized and studied numerous issues, policies, and financial matters. It is most heartening to work with a committee composed of intelligent, questioning, individuals who do not subscribe to a "rubber stamp" type of operation. These men have met with various professional men, studied problems referred, and have always given the director a definite answer on questionable areas involving the operation of your department.

The entire staff appreciates the fine cooperation and mature judgment exercised by this group.

Undoubtedly the most important function of the Board of Public Welfare is the statutory duty to "supervise the working of the county department of public welfare and shall be a policy-making body determining the broad outlines and principles governing the ad-

ministration of the functions, duties and powers assigned to said department, etc."

What are the elements of good administration and how can we attain them? It appears that there are certain fundamentals which are basic to a successful administration: (1) effective relations in policy-making and determining the "broad outlines and principles" between the Welfare Board and the Director; (2) ability of the Director to adapt and incorporate these policies formulated by the Board into workable, usable tools on the operational level; and (3) skill of the director or supervisors in winning the collaboration of the staff members so the objectives of the policies can be successfully accomplished.

From the above, it will be noted that every member of the staff—yes, the Welfare Board members are considered a part of the staff—has clearly defined, specific responsibilities and authorities, and if any member fails, the entire scheme of operation suffers. If, on the other hand, each person accepts and shoulders his part of the load, we shall then have reached the epitome in administration. Our jobs are to serve the public and we, in those jobs are functioning as servants of policy. This then, to determine these policies, is the reasoning behind the importance of the task set before your Board of Public Welfare.
