

IN5300 (SERIES)

InFocus
Bright Ideas Made Brilliant

Star Quality

Ease of Use - Sophisticated Features
Elegant Styling - Stunning Image Quality

IN5300 (SERIES)

Lasting brightness and color that stays.

The InFocus IN5300 Series delivers superior visual performance with DLP® DarkChip™ Technology, finely tuned with our own Brilliant Color™ enhancement, a maximum brightness of 4000 lumens, and up to WXGA (1280 x 800) resolution for true to life images in vivid detail. The optical lens shift allows for install flexibility, while DisplayLink™ provides instant set-up and hassle-free projection over USB. The series is network-ready and supports full analog and HD video connectivity. From complex spreadsheets to web-based content to HD video, the new InFocus IN5300 series brings star quality to every performance.

IN5302

XGA (1024 x 768)
DLP® DARKCHIP™

The InFocus IN5302 is the ideal XGA upgrade projector for facilities which have older XGA technology. The perfect cost effective alternative integrating DLP® reliability to your existing projection system.

IN5304

WXGA (1280 x 800)
DLP® DARKCHIP™

The InFocus IN5304 is the perfect WXGA enhancement projector for facilities that are looking to move to the new world of wide projection/images/visuals. The IN5304 embraces the new wide format standard in personal computers and video content.

Custom Skins

Choose your cover. With options in Matte Black, Matte White, Glossy Black, Walnut, or pre-primed custom skins, the IN5300 series blends beautifully with any décor.

Digital, Brilliant Color

The IN5300 series delivers a stunning combination of HD resolution and vivid detail in true-to-life colors with the latest DLP® DarkChip™ technology and InFocus award-winning BrilliantColor™ implementation. For lasting brightness and color that stays.

High Resolution XGA/WXGA

Designed for optimal flexibility, the IN5300 series is available in widescreen WXGA (1280 x 800) resolution to match the new wide format standard in personal computers and video content, or XGA (1024 x 768) resolution for legacy installations.

XGA
1,024 x 768 PIXELS

WXGA
1,280 x 800 PIXELS

The days of staring at an industrial looking box with cables on the ceiling has officially ended.

InFocus Product Director

Rich Connectivity

The IN5300 series features full analog connectivity with HD15, BNC and component inputs, and HDMI 1.3 for the latest in Computer and HD Video connectivity. Engineered to be Wireless-Ready with LiteShow II™, the IN5300 series also includes embedded networking and RS232 control for full projector management.

Unique "Blue Iris" Glow Ring

The exclusive InFocus "Blue Iris" glow ring notifies users - from experienced to novice - when the projector is powering up or down. No more guessing the status of the projector.

24/7 Non-Stop Projection

All new InFocus DLP® projectors are filter-free and are rated for 24/7 fail-safe operation, resulting in less maintenance and hours of worry-free use.

Crystal Clear Glass

Masterfully crafted glass lenses provide crystal clear, uniform and precise images.

LiteShow II™

The InFocus LiteShow II™ wireless adapter connects personal computers to InFocus digital projectors wirelessly. The high bandwidth 802.11 b/g connection supports simultaneous transmission of audio along with video/data content, providing a completely wireless multimedia presentation.

LiteTouch™ Keypad

The sleek backlit LiteTouch™ control panel provides one-touch access to the most commonly used projector functions.

High Performance Optics

Built-in horizontal and vertical lens shift allows mechanical alignment without optical distortion to retrofit legacy installations. Automatic sensors for ceiling detection and keystone means you will have a crisp, square image everytime. Pincushion and Barrel Distortion is eliminated, enabling the IN5300 series to project perfect images even on imperfect surfaces.

Projector Management

Control at your fingertips. The IN5300 series built-in web browser allows network administrators to remotely access and control the projector over standard LAN/WAN. The series is compatible with ProjectorNet™ 3.0, our free asset management software that enables you to conserve projector lamp life by scheduling On/Off times, and presetting maintenance events and anti-theft security alerts.

Dynamic Messaging System

Send dynamic messages for instant display to InFocus projectors using the InFocus Dynamic Messaging System (DMS). Perfect for general and important announcements such as schedule changes, weather warnings, breaking news and emergency notifications.

Horizontal and Vertical Lens Shift

Manual vertical shift - +5% to +30%
Manual horizontal shift - +/-15% at 105% vertical offset.

Intuitive and Easy to Use Interface

Over 20 years of customer feedback has gone into designing the IN5300 series best-in-class menu system. It is easy to navigate, has 17 standard languages and a unique intuitive flow.

Unique Cable Management System

The integrated cable management system provides easy access to the rich connector panel, aligning each cable to the cable router, keeping them organized and out of sight. The result: 100% hidden cables that look as good as the rest of your room.

SplitScreen™

Project images from 2 sources simultaneously and in a variety of configurations with InFocus SplitScreen™ technology. Perfect for viewing multiple presentations, videoconferencing and distance learning.

Optional Accessories

Projection Screens
Cables & Adaptors
Security Lock (SEC-LOCK-01)
Replacement Lamp (SP-LAMP-053)
LiteShow II™ Wireless Adapter (INLITESHOW2)
Ceiling Mount (SP-CEIL-INSTALL)
Commander Remote (HW-COMMANDER-2)
Glossy Black Skin Kit (TOP-03-GB)
Matte White Skin Kit (TOP-03-MW)
Walnut Skin Kit (TOP-03-W)
Primer Skin Kit (TOP-03-B)

DisplayLink™

Hassle-free, lightning fast-projection. DisplayLink™ Content over USB technology eliminates the need for bulky VGA cables and allows for computer and image set up in seconds without toggling or cumbersome function key combinations. DisplayLink™ makes projecting simple!

Warranty

Providing the highest quality products and support is very important to InFocus. The IN5300 series of digital projectors come standard with a 5-year limited factory warranty (including parts¹ and labor²) a 6 month limited lamp replacement warranty and 5 year DLP® warranty. Extended product and lamp warranty programs are also available. For more information, please visit: www.infocus.com/support
