**MINUTES OF MEETING #432  
BOARD OF TRUSTEES KENTUCKY RETIREMENT SYSTEMS  
QUARTERLY MEETING DECEMBER 3, 2020 AT 10:00A.M.  
VIA LIVE VIDEO TELECONFERENCE DUE TO SB 150,  
SIGNED INTO LAW BY THE GOVERNOR ON MARCH 30, 2020,  
AND EXECUTIVE ORDER 2020-215 DECLARING A STATE OF EMERGENCY  
EFFECTIVE MARCH 6, 2020 DUE TO COVID-19**

At the meeting of the Board of Trustees held on December 3, 2020 the following members were present: David Harris (Chair), Joe Brothers, John Chilton, John Cheshire, Raymond Connell, Kelly Downard, JT Fulkerson, Joseph Grossman, Sherry Kremer, Matthew Monteiro, Keith Peercy, Betty Pendergrass, Jerry Powell, David Rich and Sec. Gerina Whethers. Staff members present were David Eager, Rebecca Adkins, Erin Surratt, Kathy Rupinen, Connie Davis, Kristen Coffey, Ann Case, Carrie Bass, Shaun Case, Phillip Cook, and Alane Foley.

Mr. Harris called the meeting to order.

Ms. Alane Foley called roll.

Mr. Harris introduced agenda item *Approval of Minutes- November 12, 2020*. A motion was made by Mr. Brothers and was seconded by Mr. Rich to approve the minutes as presented. The motion passed unanimously.

Mr. Grossman referred back to Mr. Jim Carroll's public comment from the November 2020 meeting requesting that meeting material be posted to the KRS website prior to the meeting, and wanted to confirm that this was completed. KRS staff did confirm that meeting material was posted to the website prior to the meeting.

Mr. Harris introduced agenda item *Actuarial Valuations*. Mr. Eager introduced Mr. Danny White and Ms. Janie Shaw from GRS. They were present to answer any questions from the Trustees. The actuarial valuations presentation was provided to the Board at the November 2020 meeting. Mr. Fulkerson made a motion and was seconded by Mr. Powell to approve the GRS actuarial valuations for year ending June 30, 2020 as presented. The motion passed unanimously.

Ms. Adkins discussed contribution rates for FY 2022. There was discussion regarding SB 249 and how the contribution rates are calculated. Mr. Brothers made a motion and was seconded by Ms. Pendergrass to approve the contribution rates as follows; CERS Non-Haz at 26.95%, CERS Haz at 44.33%, KERS Non-Haz at 85.03%, KERS Haz at 33.43% and SPRS at 146.06%. The motion passed unanimously.

| <b>Proposed Employer Contribution Rates<br/>FY 2022</b>   |                |                  |                                     |  |
|---|----------------|------------------|-------------------------------------|--|
| <b>Plan</b>   | <b>Pension</b> | <b>Insurance</b> | <b>2020<br/>Valuation<br/>Rates</b> | <b>Contribution<br/>Rate for<br/>Fiscal Year<br/>2022*</b> |
| CERS Non-Hazardous  | 23.88%         | 4.17%            | 28.05%                              | 26.95%   |
| CERS Hazardous  | 43.23%         | 8.73%            | 51.96%                              | 44.33%   |
| KERS Non-Hazardous  | 75.32%         | 9.71%            | 85.03%                              | 85.03%   |
| KERS Hazardous  | 33.43%         | 0.00%            | 33.43%                              | 33.43%   |
| SPRS  | 127.99%        | 18.07%           | 146.06%                             | 146.06%  |
| * Contribution rates for the CERS plans are limited to a 12% increase in the contribution rates from the prior fiscal year in accordance with KRS 61.565. |                |                  |                                     |  |

Mr. Harris introduced agenda item *Audit Committee Report*. Ms. Rebecca Adkins reviewed the financial report, administrative expenses, contribution report, penalty waiver and outstanding invoices. Mr. Eager advised that we have positive cash flow in the K plans. These reports were presented for informational purposes only.

Ms. Adkins and Mr. Chilton introduced agenda item *GASB 67 and 74 Reports*. These reports were presented and approved at the November 2020 Audit Committee meeting. Mr. Chilton made a motion and was seconded by Ms. Pendergrass to approve the GASB 67 and 74 reports as presented. The motion passed unanimously.

Mr. Harris introduced agenda item *Results of Independent Actuarial Audit of the June 30, 2019 Actuarial Valuations and the 2014-2018 Experience Study*. Ms. Adkins introduced Geoff Bridges and Matt Strom from Segal. Mr. Strom provided an overview of the report and recommendations to the Board. Mr. Brothers made a motion and was seconded by Ms. Pendergrass to accept the report as presented. The motion passed unanimously.

Ms. Pendergrass wanted to highlight Section III. Analysis of Actuarial Assumptions Employed. Specifically the second paragraph on page 169 of the meeting material that states, “The data presented in the Experience Study Report relies on capital market assumptions covering 7 to 10 year expectations for most of the investment consultants considered. These relatively short-term expectations were used to model distributions of 20-year geometric nominal returns. Applying the 7 to 10 year assumptions to a 20-year period typically would understate the expected geometric returns (assuming an environment where longer time horizons have higher expected returns).”

Mr. Chilton introduced agenda item *Approval of Financial Statement Audit FY June 30, 2020*. He introduced Joe Overhults and Simon Keemer from Dean Dorton Allen Ford. Mr. Overhults provided an overview of the clean audit. Ms. Pendergrass made a motion and was seconded by Mr. Monteiro to accept the financial statement audit as presented. The motion passed unanimously.

Mr. Harris introduced agenda item *Review and Approval of the Comprehensive Annual Financial Report (CAFR) for Year Ending June 30, 2020*. Ms. Rebecca Adkins provided a draft of the CAFR for review and provided details of how the CAFR is built and the timeline of putting it together. Mr. Eager and Ms. Pendergrass both gave kudos to the staff for the time and effort committed to this project.

Mr. Chilton made a motion and was seconded by Ms. Pendergrass to approve the CAFR as presented. The motion passed unanimously.

Mr. Harris introduced agenda item *CERS Health Insurance Trust Document*. Mr. Harris referred back to the discussions in November and the concerns on why this is needed and why now. Ms. Kathy Rupinen states that the statute mandates that there should be a trust in place on April 1,

2021. The legal team has worked with Ms. Pendergrass to make suggested changes to the PLR and would like to file the document as soon as possible with the IRS. Mr. Powell expressed frustration regarding not receiving documents in time to properly review. Ms. Pendergrass expressed her concerns with rushing this through without input from all of the CERS members. Mr. Brothers made a motion and was seconded by Mr. Chilton to approve the trust and seek a PLR. A roll call vote was taken with 10 Board Members voting Yes and 4 Board Members voting No. The motion passed.

Mr. Harris introduced agenda item *KRS Update*. Mr. Eager discussed the importance of stress testing and why it is necessary for KRS. Internally, KRS is holding all employee meetings to help keep employees connected with each other and executive staff. Also, there were discussions regarding Board Members emails and using ZIX.

A motion was made by Mr. Powell and seconded by Mr. Chilton to go in to closed session. The motion passed unanimously.

Mr. Harris read the following statement and the meeting moved into closed session: A motion having been made in open session to move into closed session for a specific purpose, and such motion having carried by majority vote in open, public session, the Board shall now enter closed session to consider litigation, pursuant to KRS 61.810(1)(c), because of the necessity of protecting the confidentiality of the Systems' litigation strategy and preserving any available attorney-client privilege and to discuss the potential appointment of an employee, pursuant to KRS 61.810(1)(f). It is necessary to enter closed session because of the sensitive nature of the material to be considered regarding this employee. All public attendees exited the meeting.

Mr. Harris called the meeting back in to Open Session.

Mr. Rich made a motion and was seconded by Ms. Pendergrass to adjourn the meeting, to meet again on February 18, 2021 or upon the call of the Executive Director or the Chair of the Board of Trustees. The motion passed unanimously.

Copies of all documents presented are incorporated as part of the Minutes of the Board of Trustees held December 3, 2020 except documents provided during a closed session conducted pursuant to the open meetings act and exempt under the open records act.

## CERTIFICATION

I do certify that I was present at this meeting, and I have recorded the above actions of the Directors on the various items considered by it at this meeting. Further, I certify that all requirements of KRS 61.805-61.850 were met in conjunction with this meeting.

---

Recording Secretary

We, the Chair of the Board of Directors of the Kentucky Retirement Systems and Executive Director of the Kentucky Retirement Systems, do certify that the Minutes of Meeting Number 432, held on December 3, 2020 were approved on February 18, 2021.

---

Chair of the Board of Directors

---

Executive Director

I have reviewed the Minutes of the December 3, 2020 Board of Trustees Meeting for content, form, and legality.

Date: February 18, 2021

Subject: Summary of Audit Committee Meeting

---

The Audit Committee held a regularly scheduled meeting on February 4, 2021.

**1. Three items were approved by the Audit Committee and are being forwarded to the Board of Trustees for ratification\***

- a. Results of the GASB 68 and GASB 75 Proportionate Share audits for fiscal year ended June 30, 2020 – passed unanimously.
- b. Four requests for Hazardous Duty Position Classifications – passed unanimously.
- c. Changes to the Board of Trustees application – passed unanimously, pending changes to the first item under the Conflict of Interest section. These changes were incorporated and are included Board Books.

**RECOMMENDATION: The Audit Committee requests the Board of Trustees ratify the actions taken by the Audit Committee.**

**2. The following items were also discussed during the Audit Committee meeting:**

- a. Information disclosures – 4 disclosures identified, effecting 321 members. None were determined to be disclosures or security breaches under state or federal law;
- b. Financial statements;
- c. Outstanding invoices – \$15,993,648 in outstanding invoices as of 12/31/2020;
- d. Employer penalty waivers – 34 penalties waived with a value of \$51,486;
- e. Year-end audit requirements;
- f. APA approval for external audit;
- g. Internal Audit Budget – 57.09% of budget remaining;
- h. Anonymous reports received – Nine open cases;
- i. Status of Board of Trustee elections – voting is now open for the three CERS positions (2,501 electronic votes cast with approximately 5,000 paper ballots in transit as of 2/11/2021). The terms for the two elected KERS members end 3/31/2022 and applications will be accepted starting in May 2021;
- j. Status of current internal audits – 18 current projects and 16 completed projects during FY 2021.

## **Report of Independent Auditors**

Audit Committee  
Kentucky Retirement Systems  
Frankfort, Kentucky

We have audited the accompanying schedules of employer allocations of Kentucky Retirement Systems' (KRS) Kentucky Employees Retirement System (KERS) Pension Fund and County Employees Retirement System (CERS) Pension Fund as of and for the fiscal year ended June 30, 2020, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (collectively, specified column totals) included in the accompanying schedules of pension amounts by employer of the KERS and CERS Pension Funds as of and for the fiscal year ended June 30, 2020, and the related notes.

### ***Management's Responsibility for the Schedules***

Management is responsible for the preparation and fair representation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocation and specified column totals included in the schedules of pension amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of employer allocation and specified column totals included in the schedules of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer.

**Kentucky Retirement Systems  
Report of Independent Auditors  
(Continued)**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the total of all participating entities for the KERS and CERS Pension Funds as of and for the fiscal year ended June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

***Other Matter***

We have audited, in accordance with auditing standards generally accepted in the United States of America, the combining financial statements of the KRS Pension Funds as of and for the fiscal year ended June 30, 2020, and our report thereon, dated December 3, 2020, expressed an unmodified opinion on those combining financial statements.

***Restriction on Use***

Our report is intended solely for the information and use of KRS management, Audit Committee, Board of Trustees, KRS Pension Funds employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

The accompanying notes are an integral part of the schedules.

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**  
**(Continued)**

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                   | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |
|---------------|---------------------------------|------------------------------------|-----------------------------|-------------------------------------|

The accompanying notes are an integral part of the schedules.

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**  
**(Continued)**

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                     | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |

The accompanying notes are an integral part of the schedules.

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**  
**(Continued)**

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |

The accompanying notes are an integral part of the schedules.

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**  
**(Continued)**

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                     | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**  
**(Continued)**

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name             | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |
|---------------|---------------------------|------------------------------------|-----------------------------|-------------------------------------|

DRAFT

**Kentucky Retirement Systems**  
**Schedule A - Schedule of Employer Allocations**  
**Fiscal Year Ended June 30, 2020**

**County Employees Retirement System (Non-Hazardous)**

*Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.*

| Employer Code | Employer Name                           | 2020 Actual Employer Contributions | 2020 Employer Allocation Percentage |
|---------------|---|------------------------------------|-------------------------------------|
| 20025         | JUDL ADM OFF OF THE COURT               | \$ 12,304,952                      | 2.489029%                           |

## **Kentucky Retirement Systems**

Kentucky Employees Retirement System (KERS)

County Employees Retirement System (CERS)

State Police Retirement System (SPRS) – Single Employer

Notes to Schedules of Employer Allocations and Pension Amounts by Employer  
For the Fiscal Year Ended June 30, 2020

### **Organization**

Under the provisions of Kentucky Revised Statute Section 61.645, the Board of Trustees (the Board) of Kentucky Retirement Systems (KRS) administers the Kentucky Employees Retirement System (KERS), County Employees Retirement System (CERS), and State Police Retirement System (SPRS). Although the assets of the systems are invested as a whole, each system's assets are accounted for separately, invested according to plan-specific asset allocation goals, and are used only for the payment of benefits to the members of that plan and a pro rata share of administrative costs, in accordance with the provisions of Kentucky Revised Statute Sections 16.555, 61.570, and 78.630.

The Board of Trustees, as of December 3, 2020, is comprised of David L. Harris, Chair, Governor Appointee; Keith Peercy, Vice Chair, elected by SPRS; W. Joe Brothers, Governor Appointee; John E. Chilton, Governor Appointee; Kelly Downard, Governor Appointee; Joseph L. Grossman, Governor Appointee; C. Prewitt Lane, Governor Appointee; J.T. Fulkerson, Governor Appointee; Matthew Monteiro, Governor Appointee; Thomas B. Stephens, Personnel Secretary Ex-Officio; and two vacant Governor Appointee positions; Raymond Campbell Connell, elected by KERS; Sherry Lynn Kremer, elected by KERS; Betty Pendergrass, elected by CERS; Jerry W. Powell, elected by CERS; and David Rich, elected by CERS.

KERS and CERS are cost-sharing multiple-employer defined benefit plans that cover all regular full-time members employed in non-hazardous and hazardous positions of any state department, board, agency, county, city, school board, and any additional eligible local agencies electing to participate. The plans provide for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances.

SPRS is a single-employer defined benefit plan that covers all full-time state troopers employed in a hazardous duty position by the Kentucky State Police. The plan provides for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. No schedule has been presented for SPRS, since it is a single-employer defined benefit pension plan.

### **Relationship to Combining Financial Statements**

The components associated with pension expense and deferred outflows and inflows of resources have been determined based on the net increase in fiduciary net position as shown in the Combining Statement of Changes in Fiduciary Net Position and in accordance with requirements promulgated by Governmental Accounting Standards Board (GASB) Statements No. 67 and 68. The net pension liability at June 30, 2020, is reported in the Notes to Combining Financial Statements and Required Supplementary Information.

**Kentucky Retirement Systems**  
**Notes to Schedules of Employer Allocations and Pension Amounts by Employer**  
**For the Fiscal Year Ended June 30, 2020**  
**(Continued)**

Based on guidance issued by GASB in connection with GASB statement No. 74, the 1% of pay member contribution for Tier 2 and Tier 3 members to a 401(h) subaccount are considered as an OBEB asset. As a result, the reported fiduciary net positions as of June 30, 2017 and later are net of the 401(h) asset balance.

**Summary of Significant Accounting Policies**

Employer contributions to KRS are calculated based upon creditable compensation for active members reported by employers. Employer contributions are accrued when earned and the employer has made a formal commitment to provide the contributions.

Net Investment income represents realized and unrealized gains and losses based on the fair value of investments, interest, and dividends, net of investment expenses. Investment income/loss is allocated to each plan based on the plan's ownership in the respective investment account.

The Schedule of Employer Allocations reflects employer contributions received for the fiscal year ended June 30, 2020, and includes the following for each individual employer:

- employer contributing entity and reporting code;
- the amount of the employer contributing entity's contributions; and,
- the employer contributing entity's contributions as a percentage of total employer contributions, as defined by this allocation.

The Employer Allocation Percentage has been rounded to six decimal places.

The components of the net pension liability of KERS and CERS for participating employers as of June 30, 2020, calculated in accordance with GASB Statement No. 67, are as follows (dollars in thousands):

|                         | CERS                 | CERS                | KERS                 | KERS              |
|-------------------------|----------------------|---------------------|----------------------|-------------------|
|                         | <u>Non-Hazardous</u> | <u>Hazardous</u>    | <u>Non-Hazardous</u> | <u>Hazardous</u>  |
| Total Pension Liability | \$ 14,697,244        | \$ 5,394,732        | \$ 16,472,733        | \$ 1,251,027      |
| Fiduciary Net Position  | <u>7,027,327</u>     | <u>2,379,704</u>    | <u>2,308,080</u>     | <u>690,350</u>    |
| Net Pension Liability   | <u>\$ 7,669,917</u>  | <u>\$ 3,015,028</u> | <u>\$ 14,164,653</u> | <u>\$ 560,677</u> |

**Actuarial Methods and Assumptions for Determining the Total Pension Liability and Net Pension Liability**

For financial reporting, the actuarial valuation as of June 30, 2020, was performed by Gabriel Roeder Smith (GRS). The total pension liability, net pension liability, and sensitivity information as of June 30, 2020 were based on an actuarial valuation date of June 30, 2019. The total pension liability was rolled-forward from the valuation date (June 30, 2019) to the plan's fiscal year ending June 30, 2020, using generally accepted actuarial principles.

**Kentucky Retirement Systems  
Notes to Schedules of Employer Allocations and Pension Amounts by Employer  
For the Fiscal Year Ended June 30, 2020  
(Continued)**

The Board of Trustees adopted new actuarial assumptions since June 30, 2018. These assumptions are documented in the report titled "Kentucky Retirement Systems 2018 Actuarial Experience Study for the Period Ending June 30, 2018". The Total Pension liability as of June 30, 2020, was determined using these updated assumptions.

House Bill 1 passed during the 2019 Special Legislative Session allows certain employers in the KERS Non-hazardous plan to elect to cease participating in the System as of June 30, 2020 under different provisions than were previously established. Senate Bill 249 passed during the 2020 legislative session delayed the effective date of cessation for these provisions to June 30, 2021. Since each employer's elections are unknown at this time, no adjustment to the Total Pension Liability was made to reflect this legislation.

Senate Bill 249 passed during the 2020 legislative session and changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of the Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020. There were no other material plan provision changes.

The actuarial assumptions are:

|                           |  |
|---------------------------|--|
| Inflation                 | 2.30%  |
| Payroll Growth Rate       | 2.0% for CERS Non-Hazardous and Hazardous, and 0.0% for KERS Non-Hazardous and Hazardous   |
| Salary Increases          | 3.30% to 10.30%, varies by service for CERS Non-Hazardous;<br>3.55% to 19.05% varies by service for CERS Hazardous<br>3.30% to 15.30%, varies by service for KERS Non-Hazardous<br>3.55% to 20.05%, varies by service for KERS Hazardous |
| Investment Rate of Return | 6.25% for CERS Non-Hazardous, and Hazardous, and<br>KERS Hazardous, 5.25% for KERS Non-Hazardous   |

The mortality table used for active members was a Pub-2010 General Mortality table, for the Non-Hazardous System, and the Pub-2010 Public Safety Mortality table for the Hazardous System, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2020. The mortality table used for the disabled members was PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

**Discount Rate**

The projection of cash flows used to determine the discount rate of 5.25% for the KERS Non-hazardous, and 6.25% for KERS Hazardous, assumes that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 24 years (closed) amortization period of the unfunded actuarial accrued liability.

**Kentucky Retirement Systems**  
**Notes to Schedules of Employer Allocations and Pension Amounts by Employer**  
**For the Fiscal Year Ended June 30, 2020**  
**(Continued)**

The projection of cash flows used to determine the discount rate of 6.25% for CERS Non-hazardous and CERS Hazardous assumes that the funds receive the required employer contributions each future year, as determined by the current funding policy established in Statute as last amended by House Bill 362 (passed in 2018). The discount rate determination does not use a municipal bond rate. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the Comprehensive Annual Financial Report (CAFR).

**Basis of Accounting**

The underlying financial information used to prepare allocation schedules is based on KRS's combining financial statements. KRS's combining financial statements for all plans are prepared using the accrual basis of accounting and are prepared in accordance with accounting principles generally accepted in the United State of America (GAAP) that apply to governmental accounting for fiduciary funds.

**Use of Estimates in Preparation of the Schedules**

The preparation of the schedules in conformity with GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures. KRS accrues employer contributions using estimates based on historical data. Actual results could differ from those estimates.

**Reconciliation of Employer Contributions**

The reconciliation between the employer contributions used for the Schedule of Employer Allocations and the Combining Statements of Changes in Fiduciary Net Position as of June 30, 2020, are presented below (\$ in thousands):

|   | CERS Non-Hazardous | CERS Hazardous | KERS Non-Hazardous | KERS Hazardous |
|---|--------------------|----------------|--------------------|----------------|
| Per Schedule A  | \$ 494,367         | \$ 175,623     | \$ 917,583         | \$ 60,176      |
| Retired Reemployed  | 9,759              | 3,318          | 27,617             | 2,587          |
| Other Employer Contributions  | 14,365             | (4,673)        | (1,337)            | 54             |
| Accruals  | (14,921)           | 3,732          | (313)              | 473            |
| Interest  | 77                 | 27             | 46                 | 8              |
| Write-Offs/Refunds  | (106)              | (50)           | (23)               | (915)          |
| Employer Pay Credit   | (30,758)           | (11,181)       | (12,798)           | (4,748)        |
| Sick Leave  | 2,471              | 1,405          | 7,327              | 1,461          |
| Outstanding Checks  | 57                 | -              | 43                 | -              |
| KRS   | -                  | -              | 9,623              | -              |
| KTRS  | -                  | -              | 810                | -              |
| Total   | 475,311            | 168,201        | 948,578            | 59,096         |
| Employer Contributions per Statement of Change in<br>Fiduciary Net Position | 475,311            | 168,201        | 948,578            | 59,096         |
|   | \$ -               | \$ -           | \$ -               | \$ -           |

**Kentucky Retirement Systems**  
**Notes to Schedules of Employer Allocations and Pension Amounts by Employer**  
**For the Fiscal Year Ended June 30, 2020**  
**(Continued)**

The items listed above are included in the contributions on the Combining Statements of Changes in Fiduciary Net Position, but are not included in the Schedule A (GRS reports). The contributions per Schedule A (GRS reports) represent actual contributions made related to the measurement period.

**Actuarial Methods and Assumptions used to determine the Actuarial Determined Contributions for the Fiscal Year 2020**

The following actuarial methods and assumptions were used to determine the actuarially determined contributions effective for fiscal year ending June 30, 2020:

|                               |  |
|-------------------------------|--|
| Valuation Date                | June 30, 2018 for CERS Hazardous and CERS Non-Hazardous<br>June 30, 2017 for KERS Hazardous and KERS Non-Hazardous   |
| Experience Study              | July 1, 2013 - June 30, 2018   |
| Actuarial Cost Method         | Entry Age Normal   |
| Amortization Method           | Level percent of pay   |
| Remaining Amortization Period | 25 years, Closed for CERS Hazardous and CERS Non-Hazardous<br>26 years, Closed for KERS Hazardous and KERS Non-Hazardous   |
| Payroll Growth Rate           | 2.0% for CERS Non-Hazardous and Hazardous, and 0.0% for KERS<br>Non-Hazardous and Hazardous  |
| Asset Valuation Method        | 20% of the difference between the market value of assets and the<br>expected actuarial value of assets is recognized   |
| Inflation                     | 2.30%  |
| Salary Increase               | 3.30% to 11.55%, varies by service for CERS Non-Hazardous; 3.05%<br>to 18.55%, varies by service for CERS Hazardous; 3.55% to 15.55%,<br>varies by service, for KERS Non-Hazardous; 3.55% to 19.55%, varies<br>by service for KERS Hazardous |
| Investment Rate of Return     | 6.25% for CERS Non-Hazardous and Hazardous, and<br>KERS Hazardous, 5.25% for KERS Non-Hazardous  |

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set-back four years for males) is used for the period after disability retirement.

**Deferred Inflows and Outflows of Resources**

The Deferred Inflows and Outflows of Resources, and Pension Expense included in the Schedule of Pension Amounts by Employer include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The Schedule of Pension Amounts by Employer does not include deferred outflows/inflows of resources

**Kentucky Retirement Systems**  
**Notes to Schedules of Employer Allocations and Pension Amounts by Employer**  
**For the Fiscal Year Ended June 30, 2020**  
**(Continued)**

for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net pension liability as of June 30, 2020 is based on the June 30, 2019 actuarial valuation rolled forward. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are amortized over a closed five-year period.

DRAFT

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

*Report of Independent Auditors*

Board of Trustees  
Kentucky Retirement Systems  
Frankfort, Kentucky

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the schedules of employer allocations of the Kentucky Retirement Systems' (KRS) Kentucky Employees Retirement System (KERS) Pension Fund and County Employees Retirement System (CERS) Pension Fund as of and for the fiscal year ended June 30, 2020, and the related notes to the schedules. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (specified column totals) included in the accompanying schedules of pension amounts by employer of the KERS and CERS Pension Funds as of and for the fiscal year ended June 30, 2020, and have issued our report thereon dated **February 18, 2021**.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered KRS' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of KRS' internal control. Accordingly, we do not express an opinion on the effectiveness of KRS' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether KRS' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations,

**Kentucky Retirement Systems  
Report on Internal Control  
(Continued)**

contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Kentucky County Employees Retirement System

GASB Statements No. 68 Accounting and Financial  
Reporting for Pensions as of June 30, 2020

December 22, 2020

Board of Trustees  
Kentucky Retirement Systems  
Perimeter Park West  
1260 Louisville Road  
Frankfort, KY 40601

**Subject: GASB 68 Reporting Information for Measurement Period Ending June 30, 2020**

Dear Members of the Board:

This report contains information for the **Kentucky County Employees Retirement System (CERS)** in connection with the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions." This information can be used by participating employers for financial reporting for fiscal years ending between (and including) June 30, 2020 and June 30, 2021. The information provided herein was prepared for the purpose of assisting the Kentucky Retirement Systems (KRS) and participating employers in compliance with the financial reporting and disclosure requirements of GASB Statement No. 68.

The liability calculations presented in this report were performed for the purpose of satisfying the requirements of GASB No. 68 and are not applicable for other purposes, such as determining the plans' funding requirements. The calculation of the plan's liability for other purposes may produce significantly different results. This report may be provided to parties other than the Board of Trustees of the Kentucky Retirement Systems only in its entirety and only with the permission of the Board. GRS is not responsible for unauthorized use of this report.

The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. Senate Bill 249 passed during the 2020 Legislative Session and changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Members of the Board  
December 22, 2020  
Page 2

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

This report provides the Collective Pension Amounts under GASB Statement No. 68 which will be allocated to employers participating in the CERS Non-Hazardous and Hazardous Retirement Systems. The proportionate share of the Collective Pension Amounts for employers that participate in these cost-sharing multiple employer systems maintained by KRS are provided in an appendix to this report.

This report is based upon information furnished by the Retirement System, which includes benefit provisions, membership information, and financial data. We did not audit this data and information, but we did apply a number of tests and concluded that it was reasonable and consistent. GRS is not responsible for the accuracy or completeness of the information provided by the Retirement System. This report complements the GASB 67 accounting valuation report as of June 30, 2020, which was provided to KRS for plan accounting purposes, as well as the "Actuarial Valuation Report as of June 30, 2019", which was provided for plan funding purposes. Together, these reports should be considered as a complete report for the measurement period that ended June 30, 2020. Please see the GASB 67 accounting valuation report as of June 30, 2020 for additional discussion of accounting information and the actuarial valuation report for information regarding the nature of actuarial calculations, participant data, economic and demographic assumptions, and benefit provisions.

Based on guidance issued by GASB in connection with GASB Statement No. 74, the 1% of pay member contributions for Tier 2 and Tier 3 members to a 401(h) subaccount are considered an OPEB asset. As a result, the reported fiduciary net positions as of June 30, 2017 and later are net of the 401(h) asset balance.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements; and changes in plan provisions or applicable law.

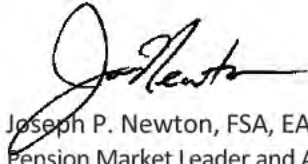

This report was prepared using our proprietary valuation model and related software which in our professional judgment has the capability to provide results that are consistent with the purposes of the valuation. We performed tests to ensure that the model reasonably represents that which is intended to be modeled.

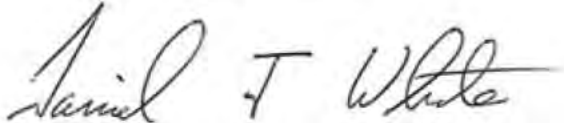

Members of the Board

## **SECTION 1**

---

### **DISCUSSION**

## Discussion

### Accounting Standards

For pension plans that are administered through trusts or equivalent arrangements, Governmental Accounting Standards Board (GASB) Statement No. 68 establishes standards of financial reporting for employers whose employees participate in a pension plan.

The following discussion provides a summary of the information that is required to be disclosed under GASB Statement No. 68. A number of the required disclosure items under this standard are provided in this report. However, certain information, such as notes regarding accounting policies and investments, are not included in this report. As a result, the employers are responsible for preparing and disclosing the non-actuarial information needed to comply with these accounting standards. Much of this additional information can be readily obtained from KRS's 2020 Comprehensive Annual Financial Report.

### Financial Reporting Overview

GASB 68 requires employers to recognize the net pension liability and the pension expense on their financial statements. The net pension liability is the total pension liability, less the amount of the plan's fiduciary net position. In actuarial terms, this is analogous to the accrued liability as measured using the individual entry age normal actuarial cost method less the market value of assets (not the smoothed actuarial value of assets used in the actuarial funding calculations based on the Board's adopted assumptions and methods).

### Timing of the Valuation

For the employer's financial reporting purposes, the net pension liability and pension expense should be measured as of the employer's "measurement date" which may not be earlier than the employer's prior fiscal year-end date. The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. Senate Bill 249 passed during the 2020 Legislative Session and changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

## Employer Contributions after the Measurement Date and before the Employer's Fiscal Year End

Paragraph 57 of GASB No. 68 indicates that employer contributions made subsequent to the measurement date of the Net Pension Liability and prior to the end of the employer's reporting period should be reported by the employer as a deferred outflow of resources related to pensions. The information contained in this report does not incorporate any contributions made to the pension plan subsequent to June 30, 2020.

## Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

A single discount rate of 6.25% was used for both the non-hazardous and hazardous system to measure the total pension liability for the fiscal year ending June 30, 2020. This single discount rate was based on the expected rate of return on pension plan investments for each system. Based on the stated assumptions and the projection of cash flows as of each fiscal year ending, the pension plan's fiduciary net position and future contributions were projected to be sufficient to finance all the future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability for each system.

The projection of cash flows used to determine the single discount rate must include an assumption regarding actual employer contributions made each future year. Except where noted below, the future contributions are projected assuming that each participating employer in the System contribute the actuarially determined employer contribution rate each future year calculated in accordance with the current funding policy, as most recently revised by Senate Bill 249, passed during the 2020 Legislative Session. This includes the phase-in provisions from House Bill 362 (passed in 2018) that applies to the CERS Funds as well as the provisions from Senate Bill 249 (passed in 2020) which kept CERS contributions level for fiscal year ending 2021.

If there is a future pattern of legislation that has a resulting effect of employers making contributions less than the actuarially determined rate, we may be required to project contributions that are reflective of actual contribution efforts regardless of the stated funding policy (as required by paragraph 42 of GASB Statement No. 67).

## Methodology for Proportionate Shares

The proportionate share of the Collective Pension Amounts for employers that participate in the CERS Non-Hazardous and Hazardous Retirement Systems are provided in an appendix to this report. The allocation of the employers' proportionate share of the Net Pension Liability and Pension Expense was determined using the employers' actual contributions for the fiscal year ending June 30, 2020. This method is expected to be reflective of the employers' long-term contribution effort as well as be transparent to individual employers and their external auditors.

## Non-Employer Contributions

Non-employer contributions will be allocated according to each employer's proportionate share, as described previously. There were no non-employer contributions during fiscal year ending June 30, 2020 for either the non-hazardous or hazardous funds.

## Summary of Population Statistics

The total pension liability described in this report is based on the plan membership as of June 30, 2019:

| Membership Status  | <u>Non-Hazardous</u> | <u>Hazardous</u> |
|--|----------------------|------------------|
|  | (1)                  | (2)              |
| Inactive plan members currently receiving benefits:              | 64,539               | 10,023           |
| Inactive plan members entitled to but no yet receiving benefits: | 91,543               | 3,422            |
| Active plan members:   | 81,506               | 9,474            |
| Total plan members:  | 237,588              | 22,919           |

## Recognition of Deferred Outflows and Inflows of Resources

According to paragraph 33 of GASB Statement No. 68, *differences between expected and actual experience and changes in assumptions* are recognized in pension expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive members) determined as of the beginning of the measurement period.

At the beginning of the 2020 measurement period, the expected remaining service lives of all employees and the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the 2020 measurement period was the following for each retirement system.

| Development of the Average Expected Remaining Service Life       | <u>Non-Hazardous</u> | <u>Hazardous</u> |
|--|----------------------|------------------|
|  | (1)                  | (2)              |
| Total expected remaining service lives of all employees (years): | 744,978              | 100,665          |
| Total plan members:  | 237,588              | 22,919           |
| Average expected remaining service life (years):                 | 3.14                 | 4.39             |

Differences between projected and actual earnings on pension plan investments should be recognized in pension expense using a systematic and rational method over a closed five-year period. For this purpose, the deferred outflows and inflows of resources are recognized in the pension expense as a level dollar amount over the closed period identified above.

## **SECTION 2**

| System<br>(1)             | Actuarially<br>Determined<br>Contribution <sup>1</sup><br>(2) | Total Employer<br>Contributions<br>(3) | Contribution<br>Deficiency<br>(Excess)<br>(4) | Covered Employee<br>Payroll <sup>2</sup><br>(5) | Actual Contributions<br>as a Percentage<br>of Covered Payroll<br>(6) |
|---------------------------|---|--|---|---|--|
| CERS Non-Hazardous System | \$ 554,612  | \$ 475,416                             | \$ 79,196                                     | \$ 2,462,752                                    | 19.30%   |
| CERS Hazardous System     | \$ 206,922  | \$ 168,443                             | \$ 38,479                                     | \$ 559,551                                      | 30.10%   |

Note:

<sup>1</sup> Actuarially determined contribution rate for fiscal year ending 2020 is based on the contribution rate calculated with the June 30, 2018 actuarial valuation.

<sup>2</sup> Based on derived compensation for fiscal year ending 2020 using the provided employer contribution information.

## Notes to Schedule of Employers' Contributions

The actuarially determined contribution rates effective for fiscal year ending 2020 that are documented in the schedule on the previous page are calculated as of June 30, 2018. Based on the June 30, 2018 actuarial valuation report, the actuarial methods and assumptions used to calculate these contribution rates are below:

| Item   | CERS<br>Non-Hazardous   | CERS<br>Hazardous   |
|--|---|---|
| Determined by the Actuarial Valuation as of: | June 30, 2018   | June 30, 2018   |
| Actuarial Cost Method:                       | Entry Age Normal  | Entry Age Normal  |
| Asset Valuation Method:                      | 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized | 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized |
| Amortization Method:                         | Level Percent of Pay  | Level Percent of Pay  |
| Amortization Period:                         | 25 Years, Closed  | 25 Years, Closed  |
| Payroll Growth Rate:                         | 2.00%   | 2.00%   |
| Investment Return:                           | 6.25%   | 6.25%   |
| Inflation:                                   | 2.30%   | 2.30%   |
| Salary Increases:                            | 3.30% to 11.55%, varies by service  | 3.05% to 18.55%, varies by service  |
| Mortality:                                   | RP-2000 Combined Mortality Table, projected to 2013 with Scale BB (set back 1 year for females)                   | RP-2000 Combined Mortality Table, projected to 2013 with Scale BB (set back 1 year for females)                   |

## Exhibit 8

### Statement of Collective Deferred Outflows and Inflows of Resources to be recognized in Future Pension Expense by Year

| Period             | CERS<br>Non-Hazardous | CERS<br>Hazardous     |
|--------------------|-----------------------|-----------------------|
| (1)                | (2)                   | (3)                   |
| 1. Fiscal Year + 1 | \$ 309,256,403        | \$ 125,026,254        |
| 2. Fiscal Year + 2 | 203,494,925           | 71,572,471            |
| 3. Fiscal Year + 3 | 92,855,933            | 45,953,703            |
| 4. Fiscal Year + 4 | 77,083,589            | 33,223,663            |
| 5. Fiscal Year + 5 | -                     | -                     |
| 6. Thereafter      | -                     | -                     |
| <b>7. Total</b>    | <b>\$ 682,690,850</b> | <b>\$ 275,776,091</b> |

Note: The deferred outflow and inflow of resources that are projected to be recognized in future pension expense shown in the table above are for the established bases that are allocated in proportionate share to the participating employers in the System and do not include bases established for individual employers attributable to changes in proportionate shares and differences between employer contributions and the proportionate share of plan contributions.

## **SECTION 3**

---

### **DOCUMENTATION OF SUPPORT FOR INVESTMENT RETURN ASSUMPTION**

## Long-Term Expected Investment Return

The long-term expected rate of return was determined by using a building block method in which best estimate ranges of expected future real rates of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class is summarized in the table below. The current long term inflation assumption is 2.30% per annum for both the non-hazardous and hazardous system.

### Applicable for the Non-Hazardous and Hazardous System

| Asset Class                                  | Target Allocation | Long-Term Expected Real Rate of Return |
|--|-------------------|--|
| <b>Growth</b>                                | <b>62.50%</b>     |  |
| US Equity                                    | 18.75%            | 4.50%                                  |
| Non-US Equity                                | 18.75%            | 5.25%                                  |
| Private Equity                               | 10.00%            | 6.65%                                  |

# Kentucky Employees Retirement System

GASB Statements No. 68 Accounting and Financial  
Reporting for Pensions as of June 30, 2020

December 22, 2020

Board of Trustees  
Kentucky Retirement Systems  
Perimeter Park West  
1260 Louisville Road  
Frankfort, KY 40601

**Subject: GASB 68 Reporting Information for Measurement Period Ending June 30, 2020**

Dear Members of the Board:

This report contains information for the **Kentucky Employees Retirement System (KERS)** in connection with the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions." This information can be used by participating employers for financial reporting for fiscal years ending between (and including) June 30, 2020 and June 30, 2021. The information provided herein was prepared for the purpose of assisting the Kentucky Retirement Systems (KRS) and participating employers in compliance with the financial reporting and disclosure requirements of GASB Statement No. 68.

The liability calculations presented in this report were performed for the purpose of satisfying the requirements of GASB No. 68 and are not applicable for other purposes, such as determining the plans' funding requirements. The calculation of the plan's liability for other purposes may produce significantly different results. This report may be provided to parties other than the Board of Trustees of the Kentucky Retirement Systems only in its entirety and only with the permission of the Board. GRS is not responsible for unauthorized use of this report.

The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. House Bill 1 passed during the 2019 Special Legislative Session and allowed certain agencies in the Non-Hazardous plan to elect to cease participating in the System as of June 30, 2020 under different provisions than were previously established. Senate Bill 249 passed during the 2020 Legislative Session and delayed the effective date of cessation under these provisions to June 30, 2021. Since each employer's election is unknown at this time, we did not make any adjustment to the Total Pension Liability to reflect this legislation.

Members of the Board  
December 22, 2020  
Page 2

Senate Bill 249 also changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

This report provides the Collective Pension Amounts under GASB Statement No. 68 which will be allocated to employers participating in the KERS Non-Hazardous and Hazardous Retirement Systems. The proportionate share of the Collective Pension Amounts for employers that participate in these cost-sharing multiple employer systems maintained by KRS are provided in an appendix to this report.

This report is based upon information furnished by the Retirement System, which includes benefit provisions, membership information, and financial data. We did not audit this data and information, but we did apply a number of tests and concluded that it was reasonable and consistent. GRS is not responsible for the accuracy or completeness of the information provided by the Retirement System. This report complements the GASB 67 accounting valuation report as of June 30, 2020, which was provided to KRS for plan accounting purposes, as well as the "Actuarial Valuation Report as of June 30, 2019", which was provided for plan funding purposes. Together, these reports should be considered as a complete report for the measurement period that ended June 30, 2020. Please see the GASB 67 accounting valuation report as of June 30, 2020 for additional discussion of accounting information and the actuarial valuation report for information regarding the nature of actuarial calculations, participant data, economic and demographic assumptions, and benefit provisions.

Based on guidance issued by GASB in connection with GASB Statement No. 74, the 1% of pay member contributions for Tier 2 and Tier 3 members to a 401(h) subaccount are considered an OPEB asset. As a result, the reported fiduciary net positions as of June 30, 2017 and later are net of the 401(h) asset balance.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements; and changes in plan provisions or applicable law.

This report was prepared using our proprietary valuation model and related software which in our professional judgment has the capability to provide results that are consistent with the purposes of the valuation. We performed tests to ensure that the model reasonably represents that which is intended to be modeled.

To the best of our knowledge, this report is complete and accurate and is in accordance with generally recognized actuarial practices and methods. All three of the undersigned are Enrolled Actuaries. They are independent actuaries and members of the American Academy of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. They are also experienced in performing valuations for large public retirement systems.

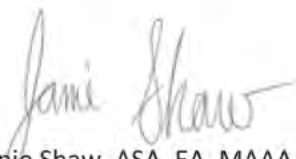

Respectfully submitted,

## **SECTION 1**

---

### **DISCUSSION**

## Discussion

### Accounting Standards

For pension plans that are administered through trusts or equivalent arrangements, Governmental Accounting Standards Board (GASB) Statement No. 68 establishes standards of financial reporting for employers whose employees participate in a pension plan.

The following discussion provides a summary of the information that is required to be disclosed under GASB Statement No. 68. A number of the required disclosure items under this standard are provided in this report. However, certain information, such as notes regarding accounting policies and investments, are not included in this report. As a result, the employers are responsible for preparing and disclosing the non-actuarial information needed to comply with these accounting standards. Much of this additional information can be readily obtained from KRS's 2020 Comprehensive Annual Financial Report.

### Financial Reporting Overview

GASB 68 requires employers to recognize the net pension liability and the pension expense on their financial statements. The net pension liability is the total pension liability, less the amount of the plan's fiduciary net position. In actuarial terms, this is analogous to the accrued liability as measured using the individual entry age normal actuarial cost method less the market value of assets (not the smoothed actuarial value of assets used in the actuarial funding calculations based on the Board's adopted assumptions and methods).

### Timing of the Valuation

For the employer's financial reporting purposes, the net pension liability and pension expense should be measured as of the employer's "measurement date" which may not be earlier than the employer's prior fiscal year-end date. The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. House Bill 1 passed during the 2019 Special Legislative Session and allowed certain agencies in the Non-Hazardous plan to elect to cease participating in the System as of June 30, 2020 under different provisions than were previously established. Senate Bill 249 passed during the 2020 Legislative Session and delayed the effective date of cessation under these provisions to June 30, 2021. Since each employer's election is unknown at this time, we did not make any adjustment to the Total Pension Liability to reflect this legislation.

Senate Bill 249 also changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

### **Employer Contributions after the Measurement Date and before the Employer's Fiscal Year End**

Paragraph 57 of GASB No. 68 indicates that employer contributions made subsequent to the measurement date of the Net Pension Liability and prior to the end of the employer's reporting period should be reported by the employer as a deferred outflow of resources related to pensions. The information contained in this report does not incorporate any contributions made to the pension plan subsequent to June 30, 2020.

### **Single Discount Rate**

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

Single discount rates of 5.25% for the non-hazardous system and 6.25% for the hazardous system were used to measure the total pension liability for the fiscal year ending June 30, 2020. This single discount rate was based on the expected rate of return on pension plan investments for each system. Based on the stated assumptions and the projection of cash flows as of each fiscal year ending, the pension plan's fiduciary net position and future contributions were projected to be sufficient to finance all the future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability for each system.

The projection of cash flows used to determine the single discount rate must include an assumption regarding future employer contributions made each year. The future contributions are projected in accordance with the current funding policy, as most recently revised by Senate Bill 249, passed during the 2020 Legislative Session. If there is a pattern of legislation that has a resulting effect of employers making contributions less than the actuarially determined rate, we may be required to project contributions that are reflective of recent actual contribution efforts regardless of the stated funding policy (as required by paragraph 42 of GASB Statement No. 67). Legislation has been enacted for multiple years (for FY 18/19, FY 19/20, and FY 20/21) that allowed certain employers (referred to as "Quasi" agencies) in the KERS Non-Hazardous Fund to contribute 41.06% of pay into the retirement fund, which is significantly less than the actuarially determined contribution rate. We have confirmed that the single discount rate used in the GASB calculations remains unchanged if these Quasi agencies were assumed to continue making contributions at a reduced rate in future years.

## Methodology for Proportionate Shares

The proportionate share of the Collective Pension Amounts for employers that participate in the KERS Non-Hazardous and Hazardous Retirement Systems are provided in an appendix to this report. The allocation of the employers' proportionate share of the Net Pension Liability and Pension Expense was determined using the employers' actual contributions for the fiscal year ending June 30, 2020 for the KERS Hazardous fund. This method is expected to be reflective of the employers' long-term contribution effort as well as be transparent to individual employers and their external auditors.

House Bill 1, passed during the 2019 special legislative session, allowed certain employers within the KERS Non-Hazardous System to contribute less than the actuarially determined contribution during fiscal year ending June 30, 2020. Despite this being the second year the contribution reduction has been granted for these employers, we do not expect this to be a long-term funding policy change. Because this is not expected to be an ongoing contribution reduction, determining the KERS Non-Hazardous employers' proportionate share based on the employers' actual contributions would not be reflective of the employers' long-term contribution effort. As a result, the proportionate share calculations for employers of the KERS Non-Hazardous System were based on the employers' covered payroll provided for fiscal year ending June 30, 2020, which would result in the same proportionate share allocation if all the participating employers contributed the same contribution rate. Note, this is the same methodology used for the proportionate share calculation for the KERS Non-Hazardous employers at the June 30, 2019 measurement date. It is our opinion that this is reasonable and appropriate, and complies with applicable requirements under GASB No. 68.

## Non-Employer Contributions

Non-employer contributions will be allocated according to each employer's proportionate share, as described previously. There were no non-employer contributions during fiscal year ending June 30, 2020 for either the non-hazardous or hazardous funds.

## Summary of Population Statistics

The total pension liability described in this report is based on the plan membership as of June 30, 2019:

| <b>Membership Status</b>   | <b><u>Non-Hazardous</u></b> | <b><u>Hazardous</u></b> |
|--|-----------------------------|-------------------------|
|  | (1)                         | (2)                     |
| Inactive plan members currently receiving benefits:              | 47,410                      | 4,537                   |
| Inactive plan members entitled to but no yet receiving benefits: | 51,914                      | 6,248                   |
| Active plan members:   | 33,696                      | 3,705                   |
| <b>Total plan members:</b>                                       | <b>133,020</b>              | <b>14,490</b>           |

## Recognition of Deferred Outflows and Inflows of Resources

According to paragraph 33 of GASB Statement No. 68, *differences between expected and actual experience and changes in assumptions* are recognized in pension expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive members) determined as of the beginning of the measurement period.

At the beginning of the 2020 measurement period, the expected remaining service lives of all employees and the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the 2020 measurement period was the following for each retirement system.

| Development of the Average Expected Remaining Service Life       | <u>Non-Hazardous</u> | <u>Hazardous</u> |
|--|----------------------|------------------|
|  | (1)                  | (2)              |
| Total expected remaining service lives of all employees (years): | 301,209              | 32,252           |
| Total plan members:  | 133,020              | 14,490           |
| Average expected remaining service life (years):                 | 2.26                 | 2.23             |

Differences between projected and actual earnings on pension plan investments should be recognized in pension expense using a systematic and rational method over a closed five-year period. For this purpose, the deferred outflows and inflows of resources are recognized in the pension expense as a level dollar amount over the closed period identified above.

Note:

<sup>1</sup> Actuarially determined contribution rate for fiscal year ending 2020 is based on the contribution rate calculated with the June 30, 2017 actuarial valuation.

<sup>2</sup> Based on derived compensation for fiscal year ending 2020 using the provided employer contribution information.

## Notes to Schedule of Employers' Contributions

The actuarially determined contribution rates effective for fiscal year ending 2020 that are documented in the schedule on the previous page are calculated as of June 30, 2017. Based on the June 30, 2017 actuarial valuation report, the actuarial methods and assumptions used to calculate these contribution rates are below:

| Item   | KERS<br>Non-Hazardous   | KERS<br>Hazardous   |
|--|---|---|
| Determined by the Actuarial Valuation as of: | June 30, 2017   | June 30, 2017   |
| Actuarial Cost Method:                       | Entry Age Normal  | Entry Age Normal  |
| Asset Valuation Method:                      | 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized | 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized |
| Amortization Method:                         | Level Percent of Pay  | Level Percent of Pay  |
| Amortization Period:                         | 26 Years, Closed  | 26 Years, Closed  |
| Payroll Growth Rate:                         | 0.00%   | 0.00%   |
| Investment Return:                           | 5.25%   | 6.25%   |
| Inflation:                                   | 2.30%   | 2.30%   |
| Salary Increases:                            | 3.55% to 15.55%, varies by service  | 3.55% to 19.55%, varies by service  |
| Mortality:                                   | RP-2000 Combined Mortality Table, projected to 2013 with Scale BB (set back 1 year for females)                   | RP-2000 Combined Mortality Table, projected to 2013 with Scale BB (set back 1 year for females)                   |

**Exhibit 4**  
**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**  
**(\$ in thousands)**

| System<br>(1)             | 1.00% Decrease<br>(4.25% for Non-Hazardous)<br>(5.25% for Hazardous)<br>(2) | Current Discount Rate<br>(5.25% for Non-Hazardous)<br>(6.25% for Hazardous)<br>(3) | 1.00% Increase<br>(6.25% for Non-Hazardous)<br>(7.25% for Hazardous)<br>(4) |
|---------------------------|---|--|---|
| KERS Non-Hazardous System | \$ 16,223,729   | \$ 14,164,653  | \$ 12,472,483   |
| KERS Hazardous System     | \$ 717,449  | \$ 560,677   | \$ 433,056  |

## Exhibit 5

### Components of Aggregate Pension Expense (Measurement Date of June 30, 2020)

| Component<br>(1)   | KERS<br>Non-Hazardous<br>(2) | KERS<br>Hazardous<br>(3) |
|--|------------------------------|--------------------------|
| 1. Total service cost:   | \$ 179,701,956               | \$ 25,568,265            |
| 2. Interest on total pension liability:  | 832,177,810                  | 74,356,962               |
| 3. Current-period benefit changes:   | 0                            | 0                        |
| 4. Member contributions:   | (96,593,955)                 | (19,768,552)             |
| 5. Projected earnings on plan investments:   | (117,842,865)                | (42,641,991)             |
| 6. Administrative expense:   | 11,941,243                   | 1,175,931                |
| 7. Other:  | -                            | -                        |
| 8. Recognition of deferred outflows/<br>(inflows) due to liabilities: <sup>1</sup> | 389,026,124                  | 31,115,080               |
| 9. Recognition of deferred outflows/<br>(inflows) due to assets: <sup>2</sup>      | 22,000,330                   | 7,330,940                |
| <b>10. Total Aggregate Pension Expense:</b>  | <b>\$ 1,220,410,643</b>      | <b>\$ 77,136,635</b>     |

<sup>1</sup> Liability experience and assumption changes.

<sup>2</sup> Difference between projected and actual investment experience.

## Exhibit 8

### Statement of Collective Deferred Outflows and Inflows of Resources to be recognized in Future Pension Expense by Year

| Period             | KERS<br>Non-Hazardous | KERS<br>Hazardous    |
|--------------------|-----------------------|----------------------|
| (1)                | (2)                   | (3)                  |
| 1. Fiscal Year + 1 | \$ 212,146,710        | \$ 15,468,472        |
| 2. Fiscal Year + 2 | 17,129,427            | 5,033,072            |
| 3. Fiscal Year + 3 | 12,254,573            | 7,967,207            |
| 4. Fiscal Year + 4 | 13,068,631            | 7,180,661            |
| 5. Fiscal Year + 5 | -                     | -                    |
| 6. Thereafter      | -                     | -                    |
| <b>7. Total</b>    | <b>\$ 254,599,341</b> | <b>\$ 35,649,412</b> |

Note: The deferred outflow and inflow of resources that are projected to be recognized in future pension expense shown in the table above are for the established bases that are allocated in proportionate share to the participating employers in the System and do not include bases established for individual employers attributable to changes in proportionate shares and differences between employer contributions and the proportionate share of plan contributions.

## **SECTION 3**

---

### **DOCUMENTATION OF SUPPORT FOR INVESTMENT RETURN ASSUMPTION**

## Long-Term Expected Investment Return

The long-term expected rate of return was determined by using a building block method in which best estimate ranges of expected future real rates of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class is summarized in the table below. The current long term inflation assumption is 2.30% per annum for both the non-hazardous and hazardous system.

| Asset Class                                  | Non-Hazardous                                |                      | Hazardous                                    |                      |
|--|--|----------------------|--|----------------------|

Frankfort, KY 40601

**Subject: GASB 68 Reporting Information for Measurement Period Ending June 30, 2020**

Dear Members of the Board:

This report provided herein contains information for the **State Police Retirement System (SPRS)** in connection with the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions." This information can be used by the State of Kentucky for fiscal years ending between (and including) June 30, 2020 and June 30, 2021, for the financial reporting and disclosure requirements of GASB Statement No. 68.

The liability calculations presented in this report were performed for the purpose of satisfying the requirements of GASB No. 68 and are not applicable for other purposes, such as determining the plans' funding requirements. The calculation of the plan's liability for other purposes may produce significantly different results. This report may be provided to parties other than the Board of Trustees of the Kentucky Retirement Systems only in its entirety and only with the permission of the Board. GRS is not responsible for unauthorized use of this report.

The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. Senate Bill 249 passed during the 2020 Legislative Session and changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Members of the Board

Page 2

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

This report is based upon information furnished by the Retirement System, which includes benefit provisions, membership information, and financial data. We did not audit this data and information, but we did apply a number of tests and concluded that it was reasonable and consistent. GRS is not responsible for the accuracy or completeness of the information provided by the Retirement System. This report complements the GASB 67 accounting valuation report as of June 30, 2020, which was provided to KRS for plan accounting purposes, as well as the "Actuarial Valuation Report as of June 30, 2019", which was provided for plan funding purposes. Together, these reports should be considered as a complete report for the measurement period that ended June 30, 2020. Please see the GASB 67 accounting valuation report as of June 30, 2020 for additional discussion of accounting information and the actuarial valuation report for information regarding the nature of actuarial calculations, participant data, economic and demographic assumptions, and benefit provisions.

Based on guidance issued by GASB in connection with GASB Statement No. 74, the 1% of pay member contributions for Tier 2 and Tier 3 members to a 401(h) subaccount are considered an OPEB asset. As a result, the reported fiduciary net positions as of June 30, 2017 and later are net of the 401(h) asset balance.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements; and changes in plan provisions or applicable law.

This report was prepared using our proprietary valuation model and related software which in our professional judgment has the capability to provide results that are consistent with the purposes of the valuation. We performed tests to ensure that the model reasonably represents that which is intended to be modeled.

## Notes:

<sup>1</sup> Does not include 401(h) assets<sup>2</sup> Employer contributions include a \$1.086 million appropriation from the State's General Fund.<sup>3</sup> Does not include 401(h) contributions and investment income on 401(h) contributions.

## Report Purpose and Scope

Under GASB No. 68, employers must report the net pension liability, pension expense, and related deferred inflows and outflows of resources associated with providing retirement benefits to their employees (and former employees) in their basic financial statements. In addition, extensive note disclosures and related Required Supplementary Information are also required. The purpose of this report is to provide the employer with the actuarially calculated pension amounts.

Actuarial information required to be reported or disclosed by GASB No. 68 are contained in this report. However, the following information is not included in this report because it is not actuarial in nature:

- **Pension Plan Description** - A description of the plan is provided by KRS, and also in the KRS Comprehensive Annual Financial Report (CAFR), both found on their website. The State can use the description information and provide their respective plan provisions in their disclosure.

## Financial Reporting Overview

GASB 68 requires employers to recognize the net pension liability and the pension expense on their financial statements. The net pension liability is the total pension liability, less the amount of the plan's fiduciary net position. In actuarial terms, this is analogous to the accrued liability as measured using the individual entry age normal actuarial cost method less the market value of assets (not the smoothed actuarial value of assets used in the actuarial funding calculations based on the Board's adopted assumptions and methods).

In addition, employers are responsible for allocating the pension amounts between the governmental activities and business-type activities columns of the government-wide financial statements and between individual proprietary funds.

## Timing of the Valuation

For the employer's financial reporting purposes, the net pension liability and pension expense should be measured as of the employer's "measurement date" which may not be earlier than the employer's prior fiscal year-end date. The total pension liability, net pension liability, and sensitivity information shown in this report are based on an actuarial valuation performed as of June 30, 2019. The total pension liability was rolled-forward from the valuation date to the measurement date at June 30, 2020, using generally accepted actuarial principles.

There have been no assumption changes since June 30, 2019. Senate Bill 249 passed during the 2020 Legislative Session and changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. This change does not impact the calculation of Total Pension Liability and only impacts the calculation of the contribution rates that would be payable starting July 1, 2020.

Additionally, House Bill 271 passed during the 2020 Legislative Session and removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries. This did not have a material (or measurable) impact on the liability of the plans and therefore, we did not make any adjustment to the Total Pension Liability to reflect this legislation. There were no other

material plan provision changes and it is our opinion that these procedures are reasonable and appropriate, and comply with applicable requirements under GASB No. 68.

### **Employer Contributions after the Measurement Date and before the Employer's Fiscal Year End**

Paragraph 57 of GASB No. 68 indicates that employer contributions made subsequent to the measurement date of the Net Pension Liability and prior to the end of the employer's reporting period should be reported by the employer as a deferred outflow of resources related to pensions. The information contained in this report does not incorporate any contributions made to the pension plan subsequent to June 30, 2020.

### **Single Discount Rate**

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

A single discount rate of 5.25% was used to measure the total pension liability for the fiscal year ending June 30, 2020. This single discount rate was based on the expected rate of return on pension plan investments for the system. Based on the stated assumptions and the projection of cash flows as of each fiscal year ending, the pension plan's fiduciary net position and future contributions were projected to be sufficient to finance all the future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability for each system.

The projection of cash flows used to determine the single discount rate must include an assumption regarding actual employer contributions made each future year. The future contributions are projected assuming that the full actuarially determined contribution is contributed each future year, calculated in accordance with the current funding policy, as most recently revised by Senate Bill 249, passed during the 2020 Legislative Session.

## Summary of Population Statistics

The total pension liability described in this report is based on the plan membership as of June 30, 2019:

|  |              |
|--|--------------|
| Inactive plan members currently receiving benefits:              | 1,647        |
| Inactive plan members entitled to but no yet receiving benefits: | 557          |
| Active plan members:   | 883          |
| <b>Total plan members:</b>                                       | <b>3,087</b> |

## Recognition of Deferred Outflows and Inflows of Resources

According to paragraph 33 of GASB Statement No. 68, *differences between expected and actual experience and changes in assumptions* are recognized in pension expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive members) determined as of the beginning of the measurement period.

At the beginning of the 2020 measurement period, the expected remaining service lives of all employees was 10,691 years and the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the 2020 measurement period was 3.46 years (10,691 total expected remaining service period divided 3,087 plan members).

Differences between projected and actual earnings on pension plan investments should be recognized in pension expense using a systematic and rational method over a closed five-year period. For this purpose, the deferred outflows and inflows of resources are recognized in the pension expense as a level dollar amount over the closed period identified above.

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

As of June 30, 2020, the Net Pension Liability is \$755,287,884. Below is a table providing the sensitivity of the Net Pension Liability to changes in the discount rate. In particular, the table shows the plan's Net Pension Liability if it were calculated using a single discount rate that is one-percentage point lower or one-percentage point higher than the single discount rate:

| 1% Decrease<br>4.25% | Current Single Rate<br>Assumption 5.25% | 1% Increase<br>6.25% |
|----------------------|---|----------------------|
| \$891,868,009        | \$755,287,884                           | \$644,122,398        |

## Notes:

- <sup>1</sup> Actuarially determined contribution rate for fiscal year ending 2020 is based on the contribution rate calculated with the the June 30, 2017 actuarial valuation.
- <sup>2</sup> Contributions for fiscal year 2020 include a \$1.086 million appropriation from the State's General Fund.
- <sup>3</sup> Based on derived compensation using the provided employer contribution information for fiscal years 2017 and later.

## Notes to Schedule of Employers' Contributions

The actuarially determined contribution rate effective for fiscal year ending 2020 that is documented in the schedule on the previous page was calculated as of June 30, 2017. Based on the June 30, 2017 actuarial valuation report, the actuarial methods and assumptions used to calculate this contribution rate is below:

| Item  | SPRS  |
|---|---|
| Determined by an Actuarial Valuation as of: | June 30, 2017   |
| Actuarial Cost Method:                      | Entry Age Normal  |
| Asset Valuation Method:                     | 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized |
| Amortization Method:                        | Level Percent of Pay  |
| Amortization Period:                        | 26 Years, Closed  |
| Payroll Growth Rate:                        | 0.00%   |
| Investment Return:                          | 5.25%   |
| Inflation:                                  | 2.30%   |
| Salary Increases:                           | 3.05% to 15.55%, varies by service  |
| Mortality:                                  | RP-2000 Combined Mortality Table, projected to 2013 with Scale BB (set back 1 year for females)                   |

### **DOCUMENTATION OF SUPPORT FOR INVESTMENT RETURN ASSUMPTION**

## Long-Term Expected Investment Return

The long-term expected rate of return was determined by using a building block method in which best estimate ranges of expected future real rates of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class is summarized in the table below. The current long term inflation assumption is 2.30% per annum.

| <b>Asset Class</b>                           | <b>Target Allocation</b> | <b>Long-Term Expected Real Rate of Return</b> |
|--|--------------------------|---|
| <b>Growth</b>                                | <b>53.50%</b>            |   |
| US Equity                                    | 15.75%                   | 4.50%   |
| Non-US Equity                                | 15.75%                   | 5.25%   |
| Private Equity                               | 7.00%                    | 5.15%   |
| Specialty Credit/High Yield                  | 15.00%                   | 3.90%   |
| <b>Liquidity</b>                             | <b>23.50%</b>            |   |
| Core Bonds                                   | 20.50%                   | -0.25%  |
| Cash   | 3.00%                    | -0.75%  |
| <b>Diversifying Strategies</b>               | <b>23.00%</b>            |   |

## **Report of Independent Auditors**

Audit Committee  
Kentucky Retirement Systems  
Frankfort, Kentucky

We have audited the accompanying schedules of employer allocations of Kentucky Retirement Systems' (KRS) Kentucky Employees Retirement System (KERS) Insurance Fund and County Employees Retirement System (CERS) Insurance Fund as of and for the fiscal year ended June 30, 2020, and the related notes. We have also audited the total for all entities of the columns titled net Other Postemployment Benefits (OPEB) liability, total deferred outflows of resources, total deferred inflows of resources, and total OPEB expense (collectively, specified column totals) included in the accompanying schedules of OPEB amounts by employer of the KERS and CERS Insurance Fund as of and for the fiscal year ended June 30, 2020, and the related notes.

### ***Management's Responsibility for the Schedules***

Management is responsible for the preparation and fair representation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the schedules of employer allocations and the specified column totals included in the schedules of OPEB amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocation and specified column totals included in the schedules of OPEB amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of employer allocation and specified column totals included in the schedules of OPEB amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer.

**Kentucky Retirement Systems  
Report of Independent Auditors  
(Continued)**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total OPEB expense for the total of all participating entities for the KERS and CERS Insurance Fund as of and for the fiscal year ended June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

***Other Matter***

We have audited, in accordance with auditing standards generally accepted in the United States of America, the combining financial statements of the KRS Insurance Fund as of and for the fiscal year ended June 30, 2020, and our report thereon, dated December 3, 2020, expressed an unmodified opinion on those combining financial statements.

***Restriction on Use***

Our report is intended solely for the information and use of KRS management, Audit Committee, Board of Trustees, KRS Insurance Fund employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Kentucky Retirement Systems  
Schedule A - Schedule of Employer Allocations  
Fiscal Year Ended June 30, 2020  
(Continued)

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                                   | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |

Kentucky Retirement Systems  
Schedule A - Schedule of Employer Allocations  
Fiscal Year Ended June 30, 2020  
(Continued)

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |
|---------------|------------------------------|------------------------------------|-----------------------------|-------------------------------------|

Kentucky Retirement Systems  
Schedule A - Schedule of Employer Allocations  
Fiscal Year Ended June 30, 2020  
(Continued)

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                                      | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |

Kentucky Retirement Systems  
 Schedule A - Schedule of Employer Allocations  
 Fiscal Year Ended June 30, 2020  
 (Continued)

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name                           | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |
|---------------|---|------------------------------------|-----------------------------|-------------------------------------|

Kentucky Retirement Systems  
 Schedule A - Schedule of Employer Allocations  
 Fiscal Year Ended June 30, 2020  
 (Continued)

**Kentucky Employees Retirement System (Non-Hazardous)**

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

| Employer Code | Employer Name             | 2020 Actual Employer Contributions | 2020 Actual Employer Salary | 2020 Employer Allocation Percentage |
|---------------|---------------------------|------------------------------------|-----------------------------|-------------------------------------|
