# LaCROSSE / BRUSH INC.

Dear Valued Customer,

Your La Crosse Brush Inc. catalog had been composed to assist you in purchasing the cleaning products you require. We are a full line manufacturer and distributor of Brooms, Brushes and other Cleaning Products since 1926 and over 85 years of brush making experience is represented in this catalog.

With the recent acquisition of Ridgeview Products and Excel Brush Works assets, we are now combining for your convenience, our three companies into this one La Crosse Brush Inc. catalog.

For clarity and convenience, we have used the previous company names as brand names and are still using their respective part numbers referencing similar brushes. We have divided each into areas of their strengths as follows:

- Industrial Brushes - La Crosse Brush
- Food and Dairy Brushes - Ridgeview
- Retail Brushes - Excel

In addition to the standard catalog items, we will also design and manufacture specialty brushes to custom specifications.

We would like to thank you for your continued patronage. Your business is greatly appreciated and we look forward to serving you in the years to come. Any comments and suggestions are always welcome.

Sincerely,  
The La Crosse Brush Inc. Company Team

FINE SWEEP

### SOFT TIP SYNTHETIC FILL

One of our best sweeps for waxed and polished floors. This special multi-flagged synthetic fill will sweep dust like no other brush. Not recommended for use with sweeping compound.

Grey	Bristle	Block	Bristle Trim	Available Widths
515	Synthetic Fill	Lacquered Hardwood	3"	14",16",18",24",30",36"
5515	Synthetic Fill	Durable Plastic	3"	18" or 24"

FINE SWEEP

### 100% HORSEHAIR OR FINEST BLEND OF HORSEHAIR AND SYNTHETIC

This long wearing fill is ideal for smoother floors. Makes a very good general sweep. Can be used with sweeping compound.

Black	Bristle	Block	Bristle Trim	Available Widths
4100	100% Horsehair	Lacquered Hardwood	3"	18",24",30",36"
4000	Horsehair and Synthetic Blend	Lacquered Hardwood	3"	18",24",30",36"

FINE SWEEP

### POLYESTER FILL OR HORSEHAIR REPLACEMENT

The modern replacement for horsehair will not mat and has excellent bend recovery. Where dust and light debris is a problem, this is the answer. Long wearing and works well with sweeping compound. This soft blend of synthetic is ideal for smooth polished floors also long wearing. Works very well with sweeping compound. As a concrete finishing brush, for those contractors who want to save time, it can't be beat!

Black	Bristle	Block	Bristle Trim	Available Widths
305	Polyester Fill	Lacquered Hardwood	3"	18",24",30",36"
5305	Polyester Fill	Sanitary Plastic	3"	18" or 24"

MEDIUM SWEEP

### 100% TAMPICO FLOOR BRUSHES

Natural tampico fill, the old standard but still very popular floor brush. This natural black fiber is ideal for general sweeping. The 402 is ideal for paper plants where a dyed fiber can be an unwanted containment.

Black	White	Bristle	Block	Bristle Trim	Available Widths
400	-	Natural Tampico	Lacquered Hardwood	3"	14",16",18",24",30",36"
-	402	Natural Tampico	Lacquered Hardwood	3"	18",24",30",36"

MEDIUM SWEEP

### SYNTHETIC FILL - TAMPICO REPLACEMENT

This brush has all the durability of tampico but will not mat up. Can be used wet or dry and will not load up. Ideal for use with sweeping compound. Compare its price and sweeping ability and you can't go wrong!

Black	Bristle	Block	Bristle Trim	Available Widths
410	Synthetic Fill	Lacquered Hardwood	3"	12",14",16",18",24",30",36"
5410	Synthetic Fill	Durable Plastic	3"	18" or 24"

MEDIUM SWEEP

### BLENDED SYNTHETIC FILL

Our very best all around floor brush. Ideal for almost any type of use. The unique blend of fine and heavy synthetic fill makes this brush hard to beat. Works well with sweeping compound or oil dry.

Black	Bristle	Block	Bristle Trim	Available Widths
505	Blended Synthetic Fill	Lacquered Hardwood	3"	18",24",30",36"
5505	Blended Synthetic Fill	Durable Plastic	3"	18" or 24"

COARSE SWEEP

### STIFF SYNTHETIC FILL

Heavily filled with a stiff maroon synthetic fill. A good brush for garages, driveways, factories or warehouses. This fill is water and oil proof. Won't mat down or load up.

Maroon	Bristle	Block	Bristle Trim	Available Widths
870	Synthetic Fill	Lacquered Hardwood	3"	18",24",30",36"
5870	Synthetic Fill	Durable Plastic	3"	18" or 24"

COARSE SWEEP

### SYNTHETIC PALMYRA REPLACEMENT

A good brush if you need that extra stiffness. This brush will do everything that a real palmyra will, plus more. As an economical choice this beats the real thing!

Brown	Bristle	Block	Bristle Trim	Available Widths
874	Synthetic Palmyra	Lacquered Hardwood	3"	18",24",30",36"
5874	Synthetic Palmyra	Durable Plastic	3"	18" or 24"

COARSE SWEEP

### PALMYRA PUSH BROOM

Palmyra is a natural fiber derived from the Borassus Flabellifer Palm Tree in India. Its medium stiff fiber is water resistant and long lasting. Push brooms made with Palmyra Fiber are excellent on rugged sweeping conditions.

Brown	Bristle	Block	Bristle Trim	Width
2114	Palmyra	Lacquered Hardwood	4"	14"
2118	Palmyra	Lacquered Hardwood	4"	18"
2124	Palmyra	Lacquered Hardwood	4"	24"
2130	Palmyra	Lacquered Hardwood	4"	30"
2136	Palmyra	Lacquered Hardwood	4"	36"

BORDER BROOM

### STIFF SYNTHETIC CENTER - SOFT TIP SYNTHETIC BORDER

An excellent brush for sweeping where you have a mixture of fine dust and heavy debris. Not recommended for use with sweeping compound.

Grey/Black	Bristle	Block	Bristle Trim	Available Widths
356	Synthetic Mix	Lacquered Hardwood	3"	18",24",30",36"
5356	Synthetic Mix	Durable Plastic	3"	18" or 24"

BORDER BROOM

### STIFF SYNTHETIC CENTER - MEDIUM SYNTHETIC BORDER

A good general sweep, ideal for garage use. Works very well with oil dry.

Black/Red	Bristle	Block	Bristle Trim	Available Widths
355	Synthetic Mix	Lacquered Hardwood	3"	18",24",30",36"
5355	Synthetic Mix	Durable Plastic	3"	18" or 24"

BORDER BROOM

### SYNTHETIC CENTER - BLENDED HORSEHAIR BORDER

Long wearing economical fill. Picks up debris and dust. A tough brush for tough jobs.

Grey/Black	Bristle	Block	Bristle Trim	Available Widths
360	Synthetic Mix	Lacquered Hardwood	3"	18",24",30",36"

BORDER BROOM

### WIRE CENTER - TAMPICO OR POLYPROPYLENE BORDER

One row of steel wire in the center makes this the only brush which will satisfactorily sweep certain areas.

Grey/Black	Bristle	Block	Bristle Trim	Available Widths
417	Wire/Tampico Mix	Lacquered Hardwood	3"	18" or 24"
417P	Wire/Polypropylene Mix	Lacquered Hardwood	3"	18",24",36"

All Floor Brushes use a standard threaded handle, sold separately. See page 17 for full line of LaCrosse Brush handles and handle accessories.

### FLOOR DRAIN BRUSHES AND HANDLES

FLOOR DRAIN BRUSHES

Don't forget to clean floor drains and floor drain sinks after scrubbing floors. Debris and bacteria can cause odors and food-borne illness. Chemical resistant, black bristles make it easy to keep this brush segregated from other color-coded brushes to help minimize cross-contamination. Available in four diameters and two handle lengths. Choose the diameter brush that matches the inside diameter (I.D.) of your drain opening.

\*Note: Handle NOT included - See handle chart below.

## METAL DETECTABLE PRODUCTS (THIS PAGE ONLY)

The DETECTABLE HYGIENE range has been specifically developed for the Food Processing Industry and adds a new dimension to the claims using "ALL DUE DILIGENCE."

The products in this range are all produced from a specially formulated material based on high impact food contact approved polypropylene. This material has the ability to be detected and rejected by typical metal detection machines used in the Food Processing Industry. Also, they are magnetic so can be removed by MAGNETIC SEPARATORS; they are X-RAY VISIBLE; they are detectable in FOIL WRAPPED products using ferrous-only metal detection machines.

All products are approved to EU, 90/128 for contact with food and the base material is FDA R1 approved and designed for use in hygienic environments.

As the products are plastic, they will not damage delicate and expensive production plant equipment should an accident occur and a product become entangled in equipment.

These products are COST-EFFECTIVE AGAINST STAINLESS STEEL.

The materials and products have been extensively tested on many different manufacturers' machines, production environments and machine sizes. Excellent detection results have been obtained, with indications of the smallest pieces able to be detected below:

Settings	2.0mm ferrous	1.0mm ferrous
Dry	9mm x 7mm	1.5mm x 1.5mm
Wet	5mm x 5mm	2.5 x 2.5mm

Due to the complex nature of metal detection in food, we cannot guarantee detection under all conditions.

DETECTABLE PRODUCTS

## DETECTABLE PADDLES

These one-piece paddles are produced from a specially formulated material based on high impact food contact approved polypropylene. This material has the ability to be detected and rejected by most typical metal detection machines used in the food processing industry. Cost-effective against stainless steel. Choose blades with holes or without holes, to enable use in solids or liquids.

Navy	Style	Paddle Head	Overall Length
10090478	No Holes	5 1/4" x 12"	47"
10091478	Holes	5 1/4" x 12"	47"

DETECTABLE PRODUCTS

## DETECTABLE SCRAPERS

These scrapers are produced from a specially formulated material based on high impact food contact approved polypropylene. This material has the ability to be detected and rejected by most typical metal detection machines used in the food processing industry.

Navy	Style	Material	Size
10096068	Small Flexi-Scraper	Polypropylene	4" x 6"
10096098	Large Flexi-Scraper	Polypropylene	4 3/4" x 9"
10095038	Small Scraper	Polypropylene	3" x 8"
10095048	Large Scraper	Polypropylene	4" x 10"

DETECTABLE PRODUCTS

## DETECTABLE SHOVEL

This one-piece shovel is produced from a specially formulated material based on high impact food contact approved polypropylene. This material has the ability to be detected and rejected by most typical metal detection machines used in the food processing industry. Cost-effective against stainless steel.

Navy	Material	Width	Overall Length
70092118	Polypropylene	11"	43"

## FLEXI-SCRAPERS

A popular tool in the food service industry, the Flexi-scraper is made of polypropylene material. The flexibility of these scrapers makes it quick and easy to scrape batter, cut dough, or remove food debris from curved or flat surfaces.

White	Material	Size
10016060	Polypropylene	4" x 6"
10016090	Polypropylene	4 3/4" x 9"

## SCRAPERS

Virtually unbreakable, these one-piece hygienic scrapers are lightweight and easy to use. Available in five colors.

White	Red	Yellow	Blue	Green	Material	Length
10015030	10015031	10015032	10015033	10015034	Polypropylene	3" Blade, 8" Overall
10015040	10015041	10015042	10015043	10015044	Polypropylene	4" Blade, 10" Overall

## UNIVERSAL STIRRERS

Universal stirrers are lightweight, yet tough and durable. One-piece polypropylene construction with hang-up hole for storage. Available in five Colors.

White	Red	Yellow	Blue	Green	Material	Size
10005110	10005111	10005112	10005113	10005114	Polypropylene	1 1/2" x 15 1/2"

## SCOOPS

Available in three sizes for a multitude of tasks. Move ice in restaurants or supermarkets. Move powdered milk, cake flour, or grains in processing plants. Scoops are lightweight with finger grips for ease of handling. Available in five colors.

Size	White	Red	Yellow	Blue	Green	Capacity	Width
Small	10020040	10020041	10020042	10020043	10020044	17 1/2 oz.	4"
Medium	10020050	10020051	10020052	10020053	10020054	26 1/2 oz.	5"
Large	10020060	10020061	10020062	10020063	10020064	35 oz.	6"

## PADDLES

These paddles have been designed to offer the widest choice of application. Choose blades with holes or without holes, to enable use in solids or liquids. Available in solid one-piece construction or choose the heavy-duty two-piece paddle with a stainless steel handle.

White	Description	Paddle Head	Overall Length
10060470	One-Piece Paddle, no holes	5 1/4" x 12"	47"
10061470	One-Piece Paddle, with holes	5 1/4" x 12"	47"
10065700	Paddle Head w/Stainless Steel Pole & Grips	5 1/4" x 12"	70"

## ONE-PIECE HYGIENE SHOVELS

The One-Piece Hygiene shovel range is manufactured to the highest specification and standards expected in the food industry worldwide. The tough, one-piece construction minimizes bacteria build-up. "D" style handle. Available in five colors.

White	Red	Yellow	Blue	Green	Material	Size

### UNIFORK WITH EXTENDED D-GRIP SHAFT

The unique design of the Unifork gives superior handling performance compared to other forks due to a curved back, tapered tines and deep pan shape. Ideal for mulch, meat, fruits and vegetables. -30°C to +80°C

Red	Material	Width	Overall Length
H-135	Polypropylene Head/Polypropylene Shaft	10 1/2"	45"

### UNIRAKE

The Unirake gives superior handling compared to other rakes due to a reinforced back and long tapered tines. Ideal for mulch, meat, fruits and vegetables. Tyne length 10.25". -30°C to +80°C

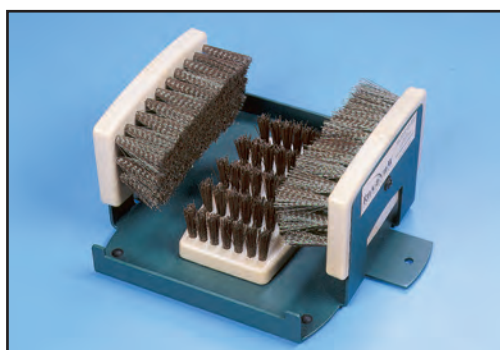

Red	Material	Width	Overall Length
HR14015	Polypropylene Head/Fiberglass Shaft	8 1/4"	69 1/2"

### HAND AND NAIL BRUSHES

Our exclusive hand and nail brushes have soft polyester bristles in your choice of bristle color, and now even block color, for effective work zone segregation. Block is made of synthetic material and easy to grip when wet. Hang-up hole. Available in five colors. *An innovative product by RidgeView Products.*

No.	Color	Bristle	Bristle Trim	Block Size
60100040	White	Soft Polyester	7/16" & 3/4"	2" x 5"
60100041	Red	Soft Polyester	7/16" & 3/4"	2" x 5"
60100042	Yellow	Soft Polyester	7/16" & 3/4"	2" x 5"
60100043	Blue	Soft Polyester	7/16" & 3/4"	2" x 5"
60100044	Green	Soft Polyester	7/16" & 3/4"	2" x 5"

### BOOT AND SHOE BRUSHES

Great for cleaning boots or shoes before entering a food safety zone. Softer upper bristles coddle the upper portion of boot or shoe for effective cleaning. Stiff, lower bristles are specifically for that hard to get mud or dirt on soles and heels. Weather resistant polypropylene bristles and brush blocks for lasting ruggedness. Heavy-duty carbon steel base for long life. Powder coat finish on base. Easy to clean with hose or soap and water. *An innovative product by RidgeView Products.*

Black	Style	Bristle	Bristle Trim	Block Length	Base Size
70100007	Complete	Polyester	1" - 1 1/2"	4"	9" x 11"
70100107	Replacement Brushes	Polyester	1" - 1 1/2"	4"	-

### BRUSH CARE

- Wash, Rinse, Sanitize and Air Dry all brushes after each use.
- Hang brushes on a brush rack when not in use.
- Regularly check the condition of each brush and evaluate the cleaning performance.
- Replace worn and matted brushes.
- Using these steps will help ensure the quality and safety of food products.

### UTILITY / UTENSIL BRUSHES

An excellent choice for those small cleaning jobs. Use the large brush for cleaning knives safely. Features crimped, medium-stiff polyester bristles. Hang-up hole. Available in five colors.

Ridgeview / LaCrosse	White	Red	Yellow	Blue	Green	Bristle	Bristle Trim	Block Size

734	Crimped Brass Wire Fill	7 x 8	Hardwood	2 1/4" x 3 1/2" Brush, 20" Overall Length

### STAINLESS STEEL SPONGE

This large sponge can be used wherever you have tough cleaning problems. Fast cutting action. Individually bagged in a box of 12, six boxes per case.

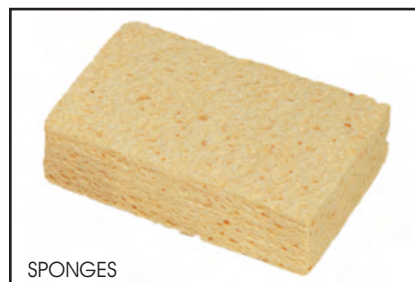

No.	Size
146	50 gram.

### CELLO-CLOTH SPONGE

Convenient and easy to use, these compressed sponges are reinforced with thread for added strength. Sanitary and durable.

No.	Size
145	9 1/4" x 9 3/4" x 1/8"

### CELLULOSE SPONGES

Sponges for washing and sanitizing. This close grained cellulose sponge rinses clean and fresh. Will carry more water or solution for better results.

No.	Size
242	7 1/2" x 4 1/4" x 2"

### COMBINATION SPONGE & NYLON PAD

A durable sponge on one side and a tough nylon scouring pad on the other. Five sponges per box, eight boxes per case.

No.	Size
243	6 1/2" x 4 3/4" x 1"

### NYLON SCOURING PADS

These long lasting nylon scouring pads are ideal for many uses. 10 pads per box, six boxes per case.

No.	Style	Size
616	Heavy Duty	6" x 9" x 1/2"
668	Medium Duty	6" x 9" x 1/4"

### HOLD-A-PAD HOLDER AND REFILL PADS

Convenient, versatile cleaning tool for holding nylon scouring pads. Swivel handle. Uses standard threaded handle, sold separately.

No.	Items	Material	Size
1400	Hold-A-Pad & Two Pads	Plastic / Nylon	4 5/8" x 10" x 1"
1401	Heavy Duty Refill Pad*	Nylon	4 5/8" x 10" x 1"
1402	Medium Duty Refill Pad*	Nylon	4 5/8" x 10" x 1"
1403	Light Duty Refill Pad*	Nylon	4 5/8" x 10" x 1"

\* Refill Pads - 5 Pads/Box, 4 Boxes/Case

**INTRODUCTION**

Solvent and chemical resistance refers to the ability of a fiber to retain its important physical properties. The resistance of fibers to chemicals depends not only on the type of fiber and the chemical, but concentration, temperature, time, fiber diameter, stress, etc. The following are general comments on solvent and chemical resistance, followed by a more specific table.

**MATERIAL INFORMATION**

**POLYESTER**

Heat distortion point is 250°F

Polyester has excellent resistance to most substances. It is resistant to acids, oxidizers such as hydrogen peroxide and most solvents. Polyester has excellent resistance to hydrocarbon fuels, oils and lubricants. However, it is attacked by strong alkalis such as concentrated solutions of sodium hydroxide (lye or caustic soda), calcium hydroxide (lime, mortar), ammonia, trisodium phosphate or sodium carbonate (washing soda, soda ash).

**NYLON**

Heat distortion point is 250°F

Nylon has excellent resistance to most substances. However, it is attacked by oxidizing agents, organic acids, mineral acids and aromatic alcohols. Nylon has excellent resistance to hydrocarbons (such as gasoline, kerosene and diesel fuel), oils, cleaning solutions and alkalis. It will absorb small amounts of water, low molecular weight alcohols (methyl, ethyl or isopropyl alcohols) and chlorinated solvents and be plasticized to them.

**POLYPROPYLENE**

Heat distortion point is 225°F

Polypropylene offers excellent resistance to most water soluble chemicals, including fairly strong acids or alkalis and simple hydrocarbons. It may be attacked by oxidizing agents such as hydrogen peroxide, chlorinated solvents such as 1,1,1-trichloroethane and aromatic solvents such as xylene, especially at higher temperatures.

**RATINGS**

**S: SATISFACTORY** - The material should give good service life when used with this chemical.

**M: MARGINAL** - Depending on temperature concentration, exposure, expected life, etc. The material may or may not give adequate performance. Specific testing for the application is recommended.

**U: UNSATISFACTORY** - The material will deteriorate in hours to weeks when used with this chemical.

La Crosse Brush's Excel line offers retailers the same quality brushes only in quantity. Display cartons and systems are offered as well, making in store POP displays in a snap. With the products conveniently packaged and UPC symbols already in place, adding these quality products to your inventory is a simple process. Please call for additional details and to order.

### 7" ROOFER WITH HANDLE BULK

Works very well for applying roof coating. Works well for cleaning, or as applicator on concrete walls.

Count	Packaging Available
12	Plain pack

### 3 KNOT WITH HANDLE BULK

Roofing brushes spread heavier coatings in hard to reach places such as around chimneys, metal flashing and 90 degree corners. Has three fiber knots securely anchored in a hardwood block.

Count	Packaging Available
12	Plain pack

### DRIVEWAY COATER DISPLAY

Filled with stiff Polypropylene fiber with an insert squeegee, this brush gives a fast and even distribution of blacktop coatings. Also used for light sweeping or scrubbing on the deck, in the garage or on the patio.

### 18" DRIVEWAY COATER WITH HANDLE

Count	Packaging Available
12	Plain pack
18	Display Carton
24	Display Carton
36	Display Carton

### 24" DRIVEWAY COATER WITH HANDLE

Count	Packaging Available
24	Display Carton

### FLOOR SWEEP DISPLAY

Convenient and easily set up, this durable display unit comes ready for your retail location. Display contains 12 floor brooms, available in 18" or 24" broom, complete with handle. Any style of broom can be chosen for the display, or chose several styles for a variety pack.

### 18" FLOOR SWEEP WITH HANDLE

Count	Packaging Available
6	Plain pack
12	Display Carton

### 24" FLOOR SWEEP WITH HANDLE

Count	Packaging Available
6	Plain pack
12	Display Carton

### HEAVY-DUTY COATER BULK

Heavy Duty Coaters are used to apply solutions, paste, tar and other coatings on concrete surfaces such as foundations and cement block walls.

Count	Packaging Available
12	Plain pack

### WIRE DISPLAY RACK

This revolving wire rack display is truly a versatile display option. This retail display is built with sturdy and strong white wire, and is easy to assemble. An assortment of grid hooks are supplied, allowing you to set up and display your products how you see fit. This wire rack stands at a height of 6 ft. tall and attracts customer attention easily. This wire rack display allows customers to easily view the products available for purchase by simply turning the display. Please call for additional details and to order.
