* **RightSight 2** and Speaker View, a new feature for Logitech Rally Bar and Rally Bar Mini, creates a more inclusive meeting experience for remote users by displaying two views on the meeting screen: one of the active speaker, and another that captures everyone in the room. As the conversation shifts to a different speaker, so does the camera. RightSight 2 is available as a software update for Rally Bar / Rally Bar Mini via Logitech Sync Management Software. Works for different VideoConference Software.

Microsoft TEAMS ROOM

Pleaes use the Jumstart Support to actviate Teams Room

► Jumpstart supports the IT administrator to successfully connect Teams Rooms to their Microsoft infrastructure.

Your purchase includes access to expert resources that support the initial integration of your room solutions with the software, networks, and systems used for Microsoft Teams Rooms meetings. Our experts will help resolve any issue and/or create a plan of action to gain normal operation of your room system for 90 days from the date of purchase.

Please note the following frequently asked questions:

Q: What is the default password to access settings and admin account?
A: The default password is **sfb**

Q: Where can I obtain detailed information for planning, deploying, and managing my Teams Rooms?
A: Visit Microsoft's TechNet resources https://docs.microsoft.com/MicrosoftTeams/rooms
Android: https://docs.microsoft.com/de-de/microsoftteams/devices/collab-bar-deploy
German: First Steps with Teams Rooms on Android: https://support.microsoft.com/de-de/office/erste-schritte-mit-teams-r%c3%a4ume-unter-android-68517298-d513-46be-8d6d-d41db5e6b4b2?ui=de-DE&rs=de-DE&ad=DE

Q: Why do Microsoft Teams Rooms solutions require updates out of the box?
A: Teams Rooms are built on applications, OS, and firmware that get regularly updated. **Before first use, be sure to check for updates and apply them** for best experience and performance.

To access JumpStart support:
1. Visit www.logitech.com/jumpstart .
2. Complete the support request form, including Tap Serial Number (S/N on box or product) and a description of the issue.
Please note that JumpStart services are delivered in English. You can expect a response within one business day.

LOGITECH EXTENDED WARRANTY: UNLOCK HUGE VIDEO COLLABORATION UPSELL OPPORTUNITIES AND HELP CUSTOMERS BETTER PROTECT THEIR CONFERENCE ROOM SYSTEM

The Logitech Extended Warranty: In a nutshell

The Logitech Extended Warranty offers up to three additional years of coverage to the original two-year Logitech hardware warranty.

That's a **total of up to five years coverage** for all components of a Logitech conference room system, including Microsoft Teams and Zoom Room bundles as well as standalone ConferenceCam and Appliance solutions. During this time, Logitech will replace the video collaboration hardware should it stop working.

The Extended Warranty helps customers better manage their complete meeting room solution by aligning Logitech with compute manufacturers' warranties.

Why sell Logitech Extended Warranty?

- **Unlock revenue opportunities** with an easy attach and increase average sales price.
- **Help customers protect their Logitech conference room system** for roughly 10% of the hardware cost.
- **Build loyalty and increase customer retention** by showing that Logitech looks after their conference room system investment.

Target customer: IT Decision Makers across SMB, MM, and Enterprise

KEY CHALLENGES OF DIFFERENT WARRANTY LENGTHS	KEY OUTCOMES OF EXTENDED WARRANTY SOLUTION
Complexity of managing VC equipment and keeping up with individual conference room components.	Easier management of the full conference room VC system with aligned hardware and compute warranty lengths.
Difficulty in properly amortizing the complete room solution and headaches over budgeting replacements and upgrades.	Amortization of the complete room solution over three or five years, covering all conference room equipment and allowing the full cost to be shifted into the purchase budget.
Unforeseen high repair and replacement costs should equipment stop working.	A warranty that helps save money overall by protecting the Logitech conference room system for an additional year – at roughly 10% of the hardware cost.
Unexpected conference room downtime due to equipment breakdowns, prolonged by lengthy internal purchasing processes and replacement installation delays.	Peace of mind for up to five years with protection for the total conference room system, and a product investment that follows a more natural depreciation lifecycle.
