EDITORIAL

Thank you to everyone who has already sent in their 2015 subscriptions - and a further thank you to everyone who made the cheques payable to "B Pickering" and not to MAP (onlt three of the latter so far! For those of you who are still to subscribe for 2015 an early renewal would be greatly appreciated, there is an amazing amount of extra administrative work to do in the first two weeks of January to get the 2015 year on track, as well as getting the January MAR produced. The fewer subscriptions arriving in those two weeks helps!

This issue sees the catching up of the August and September movements for many of the US in Europe airfields and this has resulted in a much smaller Foreign Section - hopefully, the November issue should see all sections back on an even keel.

As I mentioned last month, all you visitors to the USA this autumn please remember to send in your reports to Moray (and Andy for OoS) and forward any photos to me at "brianmap@btinternet.com". Ideally, serials, codes, units, special details/markings and any other information that would enhance a report in the magazine. Reports that only detail the serial and type with no other details are not very useful and cannot be reproduced in that form. Also reports that have been produced by feeding a serial into a database and then printing the resulting data are also questionable to their accuracy - you cannot beat the mark one eyeball!

COVER PHOTOGRAPH: French Air Force Mirage 2000N 368/125-AR of EC02.004 ina scheme celebrating the 50th Anniversary of the Forces Aeriennes Strategiques at Istres Le Tube on October 3rd (Roger Chenard)

Closing date for the November issue is 08.11.14

Due to a mass swop of the Typhoons to/from Coningsby that took place during September, it is impossible to know which aircraft are operated by 1 Sqn or 6 Sqn, so until this has been sorted I will be listing them as pooled aircraft between the two Squadrons as I do with 3/11 Squadron s at Coningsby.

D/52 AVN: A new C-12U, 84-0180, from E/52 AVN to replace 84-0156 which has not been seen in September.

Three UH-60As from C/1-214 AVN were parked on the ramp throughout the month - 82-23754, 82-23755 and 82-23756 (the latter wearing a as CAB badge on the engine intakes from its former unit C/5-158 AVN at Ansbach. The reason for their presence is believed to be that C/1-214 AVN has moved from Landstuhl AAF to Grafenwoehr AAF and reduced its complement to 6 UH-60As leaving the rest surplus to USAREUR requirements.

Also parked in a hangar throughout September were two US Army Reserve UC-35As 99-0100 and 98-0010.

ST JOHN'S, CANADA: Noted in September were (with thanks to "http://stjohns247.blogspot.com/" (the direction, East or West, is in brackets at the end of each line) -
