CONDITIONS OF SALE

All stock will be sold subject to the Auctioneers General Conditions of Sale, printed in this catalogue. Sheep will be sold subject to the Conditions of Sale for Breeding Sheep as approved by the Livestock Auctioneers Association. Cattle will be sold subject to the Special Terms and Conditions of Sale recommended by the National Cattle Breeders Association. No animal may be sold privately prior to the sale but must pass through the sale ring. The sale of substitute animals is NOT PERMITTED.

Animals which fail to reach the 'reserve price' may be sold by private treaty after the auction. Full commission will be charged on all such transactions which MUST BE conducted through the auctioneer.

SETTLEMENT: Settlement in full for stock purchased is due to the auctioneers immediately at the close of sale. Prospective purchasers, who are not known to the auctioneer, are asked to provide details of their ability to pay before bidding.

CLEARANCE OF STOCK: No animal shall be removed from the sale premises without an official PASS obtainable only from the auctioneers upon settlement or application, and such pass MUST be presented to the auctioneers before loading.

Neither the Rare Breeds Survival Trust nor the auctioneer accepts responsibility for stock after it has passed through the auction ring. Whilst the auctioneers will endeavour to assist in the correct trucking of sold animals, purchasers are reminded that all risks in respect of such animals pass to them at the fall of the hammer. Purchasers are entirely responsible for any costs or expenses which may arise due to the wrongful or incorrect locating, trucking or removal of stock, and they shall be liable for all costs of returning such stock to its proper destination.

All livestock entries must be identifiable by ear tag, brand or tattoo which must correspond with the catalogue entry. Any animal not so identifiable will be REJECTED from the sale. **Under no circumstances will substitute animals be allowed into the sale.**

INSPECTION: All entries will be inspected for general health, soundness and freedom from defects. Certain breed societies may appoint officials to inspect entries for breed type and/or genetic or other defects or deformities. In all cases the right is reserved to reject any animal which does not conform to the accepted standards and the decision of the Inspector(s) is final. Animals so rejected must be removed from the sale area forthwith, at the vendor's expense and will not be permitted to be sold.

BUYERS PREMIUM: A buyer's premium of 5% plus VAT will be added to the purchaser's account.

COMMISSION: Cattle, sheep and pigs will be sold in pounds and the auctioneers will charge a commission of 5% on the sale price realised. Poultry and Waterfowl will be sold in pounds sterling (£'s) and the auctioneers will charge a commission of 10% on the sale price realised with a minimum commission of £1 per lot.

In the event of any animal(s) or bird(s) failing to reach the minimum Selling Price, Upset Price or Reserve Price (if any) fixed by the vendor, half commission will be charged on the said price.

This sale is licensed and authorised by the appropriate local authority and by DEFRA and will be organised and conducted strictly in accordance with the regulations and special requirements of those bodies.

All stock is to be removed from the sale premises on the day of sale, unless prior arrangement is made with the auctioneers.

A limited amount of straw bedding will be provided by the auctioneers free of charge. Additional straw may be purchased, if required. Poultry/Waterfowl cages will be provided with wood shavings. All vendors must provide their own feedstuffs and drinking utensils.

WHY BUY A DEXTER:

- Dexter cattle are a compact and hardy breed given adequate shelter will stay out all year round
- Being truly dual purpose they are equally good at producing milk and beef
- Dexter beef is traditionally matured with excellent eating quality as recently seen on TV. Small, fine grained, well marbled joints are perfect for today's consumer.
- On a small scale enterprise two Dexters can be kept for the cost of a larger animal—thus ensuring fresh milk and beef all year round.
- Dexters make excellent mothers calving easily they will breed regularly for 14 years and more. Dexters can adapt to extreme climatic conditions and have been exported to all corners of the world.

REASONS FOR BUYING AT THIS SALE:

- More choice than buying privately
- Independently inspected for breed standard by Border Dexter Group inspectors
- Inspectors will be available to offer advice to new purchasers
- Pre-sale viewing available by appointment

Regulations for Northern Sale held under the Auspices of the RFBS Ltd

1. The sale will be as per the order of sale page. All lots will be sold in £.
2. All animals must be earmarked in accordance with the Society's regulations. Each animal presented for sale must be stenciled or paint marked with the appropriate lot number before it is presented for inspection.
3. Any error of description in the catalogue will be notified and announced by the Auctioneer at the time of the sale.
4. Rosettes for the following: Champion, Reserve Champion, First, Second, Third, Fourth and Special Prizes.
5. Rams must be haltered during judging and the purchaser of each animal must be supplied with a halter by the vendor.
6. Vendors must provide food for their sheep and wood chips or shavings for the pens.
NO STRAW.
7. Breeders are responsible for the registration of all entries in the Society's Flock Book. There will be no refund of the registration if the animal is unsold and subsequently butchered.
8. Vendors should notify reserve prices to the Auctioneers prior to the commencement of the sale. Animals for which no notification has been given will be presumed for sale without reserve. The upset price for ram lambs and shearing rams is £100. It is the responsibility of the vendor to set a reserve price if they wish to ensure that their animals are sold for breeding purposes.
9. Certificates of Pedigree for all sheep will be posted to purchasers after the sale. Certificates for lots unsold will be returned to the vendor.
10. Vendors shall ensure that each entry is adequately prepared for sale.
11. No sheep are to be penned before they are inspected by a steward appointed by the Council - they have the authority of the Council to reject unhealthy or sub-standard sheep. Vendors of sheep rejected by the inspectors have the right of appeal to the Show Appeals Committee. The decision of the Show Appeals Committee is final. Rejected sheep cannot be offered for sale. They will be identified with a red paint mark at the base of the neck and removed from the sale pens.
12. All animals entered or exposed for sale must be the bona fide property of the vendor at the time of entry to the sale and be free of liens, charges, and incumbents.
13. Each animal forward at the sale must be exposed for sale by auction before any private sale shall be permitted or recognised by the Auctioneers.
14. All animals must be forward for sale unless covered by a veterinary certificate.
15. All trophies won will be presented by the judge at the time of winning. All trophies to be returned to the Secretary with four weeks of the following year's sale, or at the specific request of the Society. Any animal not sold when a reasonable bid is offered will forfeit any trophies awarded.
16. All members presenting sheep for sale must have adequate public liability insurance
17. A commission of 5% will be charged by the auctioneers on all sales.

Additional Guidelines re Substitutions:

- i) Substitutions are strictly only allowed to replace animals that have been taken ill, are injured, or have died.
- ii) The Secretary must be notified as soon as possible. The pedigree certificate of the substitute must be forwarded to the office if time allows, or handed to the Secretary on the morning of the sale.
- iii) The breeder can self certify ill health of the sheep or provide photographic evidence of the animal's injury but the Society retains the right to insist on a veterinary certificate where deemed appropriate.
- iv) In the event of the death of an animal, the breeder must provide a copy of the certificate of disposal or other appropriate evidence to the Secretary as soon as is practicably possible.
- v) A sheep may be substituted for an original entry provided that any substitution is a sheep in the same class.
- vi) The substitute must be clearly marked with a yellow dot at the base of the neck, at least one inch in diameter.
- vii) The substitute's pen must be clearly marked and include details of the animal's dam, sire, grand dam and grand sire clearly available for potential purchasers to see.
- xiii) The Auctioneers must be informed of the change so that a clear announcement can be made when the substitute animal enters the sale ring

Genetic Testing Results : Disclaimer

White fleeced Ryeland sheep have the ability to produce coloured fleeced Ryeland sheep due to the expression of a recessive coloured gene. Not all white fleeced Ryelands carry the recessive coloured gene. When they don't, they are referred to as homozygous (WW) and cannot produce coloured fleeced lambs. White fleeced Ryeland sheep that carry the coloured recessive coloured gene are known as heterozygous (WH) and can sometimes produce coloured fleeced lambs if mated with another heterozygous Ryeland. The Society offers members a genetic testing service, carried out by Cardiff University, to test white fleeced Ryeland sheep to determine if they have the genetic ability to produce coloured fleeced lambs. Vendors that are submitting animals for sale and that have been previously tested are permitted to publish the result obtained at their discretion in this catalogue as homozygous (WW) or heterozygous (WH). Please note that where genetic testing results are included, that those results are an indication only and no form of guarantee or warranty is offered by the Vendor, Auctioneer, Ryeland Flock Book Society or Cardiff University for the accuracy of the result.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
