Tripod

"Traveller Pro" Tripod for Smartphones, GoPros, Photo Cameras, 105 - Ball

hama.

Thread/Connection	1/4" (6.4 mm), GoPro, Smartphone holder
Leg Segments	8 Sections (7x Extendible)
Material	Aluminium
Maximum Load	n/s
Tripod Head	Ball Head
Maximum Height	105 cm
Maximum Profile Thickness	19 mm
Minimum Height	23 cm
Weight	455 g

- Its compact size makes it ideal for travelling, holidays, hikes and outdoor trips
- Sensational, versatile photos and videos from original perspectives and unusual places
- For selfies and videos, perfect for video diaries, blogs and ideal for travel and out and about
- No more wobbly, skewed selfies
- Tripod leg covered with high-quality, durable rubber with a honeycomb pattern for outstanding grip
- Rotary ring on the tripod head allows a wide or narrow spread of the tripod legs depending on the setting
- Extremely flexible, suitable for a smartphone width from 4.8 – 9.5 cm (in horizontal format) thanks to the double extendable clamp spring holder
- Foam padding on the holder protects the smartphone case from scratches
- Patterned rubber feet for firm grip on smooth, slippery and uneven surfaces
- Space-saving design: the smartphone holder can be folded
- Smartphone holder is removable and compatible with other tripods
- Rotatable threaded plate for optimum connection of other adapters
- For connecting cameras with a GoPro connection
- Also suitable for cameras with ¼" thread

Bending Tripod „FlexPro for Smartphone, GoPro and photocameras, 27 cm"

Thread/Connection	1/4" (6.4 mm), 3D, Ball, GoPro, Smartphone holder
Maximum Height	27 cm
Minimum Height	16 cm

- The flexible legs are capable of bending up to 360° which allows optimal, secure attachment to various objects, e.g. railings, branches
- 3-in-1 system for smartphones, GoPro cameras and ¼-inch thread
- The ball head allows perfect alignment for shots in portrait and landscape format
- Its compact size makes it ideal for travelling, holidays, hikes and outdoor trips
- Sensational, versatile photos and videos from original perspectives and unusual places
- Stepless, individually bendable tripod legs — adaptable to many surfaces and objects and can be used as a monopod
- For selfies and videos, perfect for video diaries, blogs and ideal for travel and out and about
- No more wobbly, skewed selfies
- Tripod legs covered with high-quality, durable rubber with a honeycomb pattern for maximum flexibility and outstanding grip
- Rotary ring on the tripod head allows a wide or narrow spread of the tripod legs depending on the setting
- Extremely flexible, suitable for a smartphone width from 4.8 – 9.5 cm (in horizontal format) thanks to the double extendable clamp spring

SMARTPHONE/TABLET PHOTO ACCESSORIES

Smartphone Photo Lens

"Uni" 5-in-1 Lens Set, MC, for Smartphones and Tablets

hama

Set Contents in Pieces	12

- Five different lenses for five diffe-rent photo effects: 180° fish eye, 0.65X wide-angle, macro lens, polar filter and 2-way telephoto lens

1. Fish eye: Allows you to photo-graph the area surround the scene in an focused, distorted, hemispherical shape - for an artistic picture effect
2. Wide-angle lens: For widening the camera angle to depict a broa-der scene in the image
3. Macro lens: Works like a mini-ature microscope and is ideal for photographing small objects such as flowers or insects in detail
4. Polar filter with rotary mount, colour-neutral: Increases the contrast and brings depth to the picture, creates powerful colours and removes reflections. Depending on the filter setting, the contrast and depth change and non-metallic reflections (water, plastic, glass, etc.) are eliminated
5. 2x telephoto lens: for 2-times magnification, ideal for landscape shots and for making people in the distance appear larger

- High-quality glass lenses
- Multiple coatings
- Metal mounts
- Universal lens clip with metal mount fits a wide range of mobile phones / smartphones and tablets
- Simply attach using the clip-on quick connector on the camera lens
- Compact format, storage bag and clip-on make the lenses ideal for on the move - they can be easily used at any time
- Includes high-quality storage bag to offer the lenses maximum protection

	00044339
6 BK	

3in1
"Uni" Lens Kit for Smartphones and Tablet PCs

hama

Set Contents in Pieces	7

- Three different lenses provide three different photo effects: 180° fisheye lens, 0.67X wide-angle lens and macro lens

1. Fisheye lens: allows you to capture distorted hemispherical shots - for an artistic visual effect of the pictures
2. Wide-angle lens: stretches the limits of your lens thus allowing you to capture large shots
3. Macro lens: works like a small mi-croscope and is ideal for picking up details when taking photos of small things like blossoms or insects

- Universal lens clip easily attaches to a wide range of devices (all mobile phones/smartphones and tablet PCs with a lens diameter of up to 13 mm)
- Easy to attach to the camera lens by means of the clip-on lens holder
- Due to the compact size, the storage pouch and the clip-on mounting option the lenses are ideal for on the go and can easily be used at any time
- Comes with a storage pouch for optimal protection of the lenses

"Smooth" Monostand, 155 Click, with Three-Arm Base

Thread/Connection	1/4" (6.4 mm)
Leg Segments	4 Sections (3x Extendible)
Material	Aluminium
Maximum Load	5000 g
Maximum Height	155 cm
Maximum Profile Thickness	28 mm
Minimum Height	63,5 cm
Weight	900 g

- Air lock system: stepless adjustment without screw clamps - for more speed when hunting for the perfect shot
- A cleverly attached joint at the end of the tripod ensures gentle and smooth movements and pivoting, with the joint allowing tilts of up to 20° in all directions
- Flexible alternative to large tripods: ideal when things have to happen fast, if there's not much space for a large tripod, for example, for photographing with large lenses, for animal shots with large focal lengths
- Also for fascinating 360° panoramic shots and vivid indoor and property photographs
- The monopod's three leg segments are extendable, and each of them is individually steplessly adjustable, making them perfect for custom positioning even up to eye level height
- Made from sturdy and lightweight aluminium, weighing 900 grams and, thanks to its small dimensions, is also suitable for travel
- Two quick-change plates, ideal for the use of a second camera
- Generous foam cladding for a non-

Neutral-Density Filter "Vario DC ND2-400, DC Double Coated"

Coating	Coated
Mount Thickness	7 mm
Type of Glass	High-Grade Lens Glass

- Lighting extension between +1 and +8 (ND2-400) aperture values possible
- Rotary mount for individual adjustment
- Coating: one layer on each side
- Quality class (glass): high-quality lens glass

  Picture impact:
- Allows large aperture openings, e.g. for portrait and outdoor shots in extreme brightness: Background noise causes the person being photographed to stand out significantly against the foreground.
- Running water is portrayed as soft by long exposure times
- In very dark conditions, creates an

Macro Lens Set

hama

Macro Lens Set „3 Parts (With Filter Case), 16-100 cm, AR Multi-Coated"

- Shooting distance independent of the focal length with:
  Macro lens +1 dptr: 50 - 100 cm
  Macro lens +2 dptr: 33.5 - 50 cm
  Macro lens +3 dptr: (+1 and +2): 25 - 33.5 cm
  Macro lens +4 dptr: 19 - 25 cm
  Macro lens +5 dptr: (+1 and +4): 16 - 20 cm
- Front thread for a second macro lens, a filter, a lens cap or a lens hood
- AR coating: two layers on each side, for enhanced spectral transparency
- Quality standard (glass): high-quality lens glass

Impact on the pictures:
- For attractive macro/close-up photographs
- Despite a greater camera-to-subject distance you will get full frame photos, especially with telephoto/zoom lenses
- The greater shooting distance allows correct illumination of subjects and small animals are not frightened away

"Quick Shoot Strap" Carrying Strap for SLR Cameras

Material	Neoprene
Maximum Length	150 cm

- The 18 air cushions (patented air cell technology) in the shoulder pad provide superior carrying comfort as they take on a form perfectly matched to the wearer's shoulder
- Super elastic neoprene acts as a shock absorber
- The 3-point safety lock allows the user to simply and quickly remove the camera from the strap; as it can only be opened by pressing three buttons, it also protects against theft
- Thanks to the slider, the camera glides from carrying position to shooting position in a flash without having to move the strap, the slider brake allows the camera to be fixed at any point
- A mounting plate adapts the tripod mount so that the tripod can still be used without having to unscrew the plate
- The strap does not get tangled thanks to the double guide bar on the slider
- Specially designed for DSLR cameras
- The 360° rotary connection allows the camera to be turned while still attached to the strap
- The mounting plate is attached to the tripod mount of the camera
- The rubberized surface of the mounting plate allows you to securely fix the camera
- High-quality, wide safety strap
- The strap's length is continuously adjustable
- A small accessory pocket has been

"Air Comfort 125" Camera Carrying Strap, neoprene, black

Material	Neoprene
Maximum Length	125 cm

- The 18 air cushions (patented air cell technology) provide superior carrying comfort as they take on a form perfectly matched to the wearer's nape
- Super elastic neoprene material
- Especially durable
- Suitable for heavy cameras
- Loop clasp system
- Adjustable length: 70 - 125 cm

Black			00027209
	6	BK	
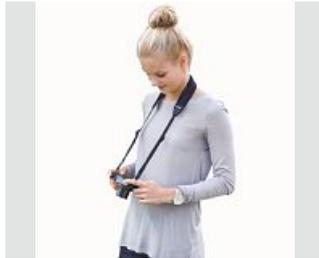

"Loop 130" Camera Carrying Strap, neoprene, black

Material	Neoprene
Maximum Length	130 cm

- The strap ends can easily and quickly be removed on the quick-release fastener
- Superior carrying comfort due to the elastic strap
- Especially durable thanks to super-elastic neoprene
- Adjustable length: 70 - 130 cm

Black			00027210
	6	BK	

"RC Strap" Carrying Strap for Photo Cameras

Material	Neoprene
Maximum Length	160 cm

- A mounting plate adapts the tripod mount so that the tripod can still be used without having to unscrew the plate
- The strap does not get tangled thanks to the double guide bar on the slider
- Super elastic neoprene acts as a shock absorber
- The slider allows the camera to glide from the carrying to the capture position in a flash, without moving the strap
- Breathable shoulder rest for excellent air circulation and comfortable carrying even for hours at a time
- Soft shoulder padding adapts perfectly to the shoulder anatomy and ensures excellent carrying comfort
- Additional securing of the shoulder strap with the fixing strap below the armpit
- The quick ball fastener allows the camera to be disconnected from the strap very quickly
- The 360° rotary connection allows the camera to be rotated without releasing it from the strap
- Fastening plate is mounted on the camera's tripod thread
- Fastening plate with cork for secure fixing of the camera
- High-quality, wide safety strap
- The strap length can be steplessly adjusted
- Length adjustable from 60 to 160 cm

Black			00027211
	6	BK	

"Pro II" Hand Strap

Material	Faux Leather, Plastic Material

- The 9 air cushions (patented air cell technology) in the hand strap provide superior carrying comfort as they take on a form perfectly matched to the wearer's hand
- A mounting plate adapts the tripod mount so that the tripod can still be used without having to unscrew the plate
- Universally usable for cameras with a B1/4" (6.4 mm) tripod mount and strap attachment

Black			00027501

"Delta Multi" Universal Charger for Lithium Ion Batteries and AA/AAA Cells

Colour	Black

- LED function indicator gives information about the charge state
- Mains supply of 100V-240V suitable for worldwide use in conjunction with a country-specific adapter
- USB connection for charging additional devices
- For all digital cameras and camcorders
- Easy to use
- The contacts are variably adjusted for different batteries on the charger's bottom side, therefore no need to touch the contacts on the upper side
- Automatically recognises the voltage and polarity of Lithium ion batteries
- Automatic charging procedure
- Automatic charging cut-off for protecting the batteries
- Comes with a 12V charging cable for use in vehicles

ACCESSORIES FOR FLASHES

Flash/Lighting Rail

hama.

Flash Bracket, 90°, foldable, black

Material	Metal, Plastic Material
Height	14 cm
Length	19 cm
Width	3.4 cm

- For all flash units, lights, synchromats and tilt heads with a standard accessory shoe
- For all photo/video cameras with a tripod socket
- Sliding A 1/4" (6.4 mm) camera screw and B 1/4" (6.4 mm) tripod socket
- Hand grip for ease of use
- With a hand strap for a secure hold
- Plastic surface
- Being foldable and compact, the bracket is ultra portable
- Larger illumination angle as the flash unit is attached next to the camera
- Prevents the effect of "red eye" as the flash comes from another angle and not directly from near the lens as this would be the case without a flash bracket
- Easy to use: the camera and flash unit are compactly attached to the flash bracket that ensures optimal weight shift for portrait shots

1/4" (6.4 mm)		00006831
	6	BK

hama.

"V" Flash Rail

Material	Metal, Plastic Material
Height	3.5 cm
Length	20 cm
Width	16.4 cm

- For devices such as flash units, lights, microphones, spirit levels, etc. with standard flash foot
- Suitable for photo / video cameras with flash shoe
- Also suitable for smartphones and all devices with a 1/4" thread
- Multiple options to attach accessories and arrange the shot
- Easy handling: accessories are attached compactly to the camera´s flash shoe

1/4" (6.4 mm)		00006810
	60	BK

hama.

Flash Rail, 30 x 177 mm, black/grey

Material	Plastic Material
Height	2.3 cm
Length	17.7 cm
Width	3 cm

- For all flash devices, lights, Synchromats and tilt heads with standard attachment base
- Suitable for photo / video cameras with tripod thread
- With a standard flash shoe and mobile camera screw A 1/4" (6.4 mm), tripod thread B 1/4" (6.4 mm)
- Plastic runner
- Wider lighting angle, because the flash device is attached next to the camera
- Prevents the "red-eye effect" because the flash is coming from a different angle, and not, as is the case without the flash rail, directly from the proximity of the lens
- Easy handling: the camera and flash device are compactly attached to the flash rail, and the flash rail ensures the ideal distribution of weight for portrait shots

1/4" (6.4 mm)		00006815
	6	BK

Flash Cable

"Optic Dry" Photo Cleaning Set, 3-part

- Set comprising:

  Dust Ex Brush:
- With brush, for removing heavy soiling and coarser particles
- Air blower removes dust, crumbs and other small particles without touching the surface
- Valve system for optimised blowing action
- Brush can be attached to the side when not in use
- Environment-friendly
- Talc-free

  Cleaning Cloth:
- Removes dirt and dust from all optical surfaces
- Especially high-quality microfibre cloth for lint-free cleaning
- Excellent cleaning effect thanks to high-quality fibre structure
- Microfibre cleaning cloth (80% polyester, 20% polyamide)

  Lenspen:
- Highly efficient and gentle cleaning of all optical surfaces, especially for lenses and filters
- Ready for use immediately, since the screw lock ensures automatic activation of the velvet surface and means that no special activation of the fibres is required
- Especially long-lasting, since no liquid can dry out or leak with dry cleaning
- Original Lenspen
- Removes durst, specks of grease and other dirt
- Does not dry out

		00005938

hama.

"Optic Dry Basic" Photo Cleaning Set

- Set consisting of:

  Lens pen:
- Allows highly effective and gentle cleaning of all optical surfaces, specially designed for lenses and filters
- Immediately ready for use as the screw closure ensures automatic activation of the velvety surface, no need to activate the fibers separately
- Particularly long service life as dry cleaning means that no liquid can dry out or run out
- Original lens pen
- Removes dust, grease spots and other smudges
- Does not dry out
- With a lens brush for dry precleaning
- Special coating for high-quality lenses
- Conveniently shaped pen with a clip for attachment and an ergonomic design
- Curved velvety surface
- Diameter: 13 mm, especially for lenses and filters

  Air blower:
- For gently cleaning cameras, sensors, mirrors, lenses and eyepieces
- Removes dust, crumbs and other small particles without touching the surface
- Valve system creates an optimal gust of air
- Environmentally friendly as neither liquid nor chemicals are required for cleaning
- Talc free

STORAGE MEDIA & ACCESSORIES

SD Memory Card

SD Memory Card
"Memory Fast", 80 MB/s

UHS Standard	UHS-I
Standard Speed Class	Class 10, UHS Speed Class 1
Video Speed Class	V10

- For real-time/broadcast recording; allows fast and direct data transfer between a memory card and a UHS-I capable terminal device
- SecureDigital-Extended-Capacity-Card (SDXC), compliant to the SD-3.01 standard
- Especially suited for real-time Full-HD video and 3D video recording
- Mechanical write protection (against inadvertent deletion)
- Incl. labelling field for short notes

SD Memory Card
"Memory Fast, narrow packaging", 80 MB/s

UHS Standard	UHS-I
Standard Speed Class	Class 10, UHS Speed Class 1
Video Speed Class	V10

- For real-time/broadcast recording; allows fast and direct data transfer between a memory card and a UHS-I capable terminal device
- SecureDigital High Capacity Card (SDHC), meets new SD 3.01 standard
- Especially suitable for real time full HD video and 3D video recording
- Mechanical write protection against accidental deletion
- With labelling field for short notes

SD Memory Card
"Memory Base", 22 MB/s

UHS Standard	UHS-I
Standard Speed Class	Class 10, UHS Speed Class 1
Video Speed Class	n/s

- For real-time/broadcast recording; allows fast and direct data transfer between a memory card and a UHS-I capable terminal device
- SecureDigital Extended Capacity Card (SDXC), complies with SD 3.0 specifications
- Ideal for high-resolution full HD video recording
- Mechanical write protection (against unintentional deleting)
- With a label area for short notes

SD Memory Card
"Memory Base, narrow packaging", 22 MB/s

UHS Standard	No
Standard Speed Class	Class 10
Video Speed Class	n/s

- Allows direct recording and play-back of films in FullHD
- SecureDigital High Capacity Card (SDHC), meets SD 2.0 standard
- Ideal for high-resolution full-HD video recording
- Mechanical write protection against accidental deletion
- With labelling field for short notes

Card Reader

hama.

USB 3.1 Type C UHS II OTG Card Reader, SD, grey

USB Standard	USB 3.1 Gen 1

- No more bothersome trying out: USB-C plugs can be plugged in at will
- Extremely fast data transfer rate (up to 312 MB/s) between the card and the PC when used with an appropriate UHS-II SD card
- Suitable for smartphones, tablet PCs, PCs and notebooks with USB Type C connection
- Suitable and tested for USB 3.1 Gen 1, but also works with USB 3.0 and USB 2.0 devices
- USB 3.1 Gen 1 is up to 10x faster than USB 2.0
- Super-speed data transfer at up to 5 Gbit/s
- Backwards-compatible with UHS I and non-UHS-enabled SD cards
- High-quality and robust metal housing
- LED function indicator provides information about the connection status

  Memory Cards:
- SD/SDHC/SDXC
- microSD/microSDHC/microSDXC (with adapter, not included in the extent of delivery)
- Operating system: Win 10/8/7/Vista/XP and MAC OS 9.x or later

Tripod Projection Screen, 125 x 125, white

Material Tube Body	Metal
Cloth Thickness	290 µm
Format	1:1 Standard
Projection Area	125 x 125 cm
Projection Diagonal	177 cm
Weight	5 kg
Gain-Value	1.1

- Mobile tripod projection screen suitable for business, study and leisure uses
- For all conventional kinds of front projection
- White screen made of PVC for unique colour brilliance and very fine contrasts, for rooms which are to be darkened, size 125 cm x 125 cm
- Black metal tube Ø about 7 cm
- Outstanding flat surface of the projection screen by fastening device at the tube
- Continuously variable adjustment of the screen height and the telescope tube
- The screen is pivotable by 360°
- Handy carrying grip made of red, high-quality plastic material with fixing button
- Stable three-legs tripod with anti-slip plastic foot caps
- Space-saving and easy for transport

OPTICAL PRODUCTS

Binoculars Holder

hama

"Alu" Binoculars Tripod Holder with 1/4" Thread

Thread/Connection	1/4" (6.4 mm)
Material	Aluminium
Colour	Black

- For wobble-free and lengthy observation since both hands remain free
- Firm position of the binoculars on the adapter and tripod
- Easy mounting of the binoculars: simply screw the adapter to the tripod and the binoculars to the adapter
- The binoculars remain fully operable
- Suitable for all binoculars with a 1/4" thread
- Adapter suitable for all tripods with 1/4" (6.4 mm) thread / connection

Smartphone Holder/Fixing

hama

Smartphone Holder for Spotting Scope/Binoculars/ Telescope with Ø 2.5-4.8 cm

Attachment	Tripod Thread 1/4"
Model	Spotting Scope / Binoculars / Telescope
Mounting	Screw-On Mounting
Mobile Phone Width	n/s

- Suitable for smartphones from 5.5 cm to 9.5 cm
- Suitable for spotting scopes, binoculars, telescopes and microscopes featuring eyepieces with a diameter from 2.5 cm to 4.8 cm
- Attach the smartphone holder to the eyepiece using the screw connection
- The smartphone is secured in a clamping bracket with a screw mechanism
- Clamping bracket and resting surface rubber-coated and padded to protect against scratches
- Compact and space-saving, also ideal for luggage
- Smartphone lens meets eyepiece lens: telephoto lens for the smartphone camera - maximum magnification factor for impressive shots with the smartphone via binoculars, telescopes and so on.
- Share sensational photos and videos directly in social media
- Also suitable as a smartphone holder for tripods with 1/4" standard thread

Binoculars
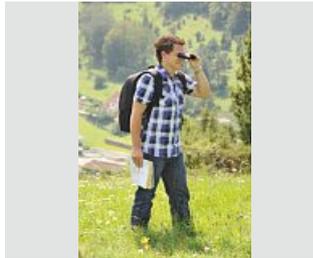

hama

"Optec" Binoculars, 8x21 Compact

Armouring	Rubber
Design	Roof
Diameter of Exit Pupil	2.62 mm
Field of View /1000 m	122 m
Focusing	Joint Focusing Arrangement
Lens Coating	Coated
Weight	165 g
Colour	Black

- The "Blue Coated" antireflection lens coating avoids reflections thus guaranteeing a clear image, especially in case of backlight and dusk or dawn
- Soft touch body for shock protection and an optimal grip, therefore ideal for travel, sport and leisure time
- Due to reversible eyecups also suitable for wearers of glasses
- Compensates up to +/-3 diopters thus delivering clear images for spectacle wearers
- Quick and easy to focus thanks to large focusing wheel

OPTICAL PRODUCTS

Index

Overview of all products from A to Z

1. General Information

We shall carry out deliveries exclusively in accordance with the following conditions. The purchasing party shall recognise these conditions of purchase as binding for all future transactions. Any agreement deviating from these terms requires our express written confirmation. No purchase conditions of the purchasing party that differ from the conditions stated here shall be considered valid unless they have been expressly accepted in writing by Hama. Our general terms and conditions shall be considered accepted upon receipt of the goods, at the latest.

We shall store and process customer information electronically, in so far as this is required for the proper conclusion of the given business transaction, in accordance with all relevant data protection regulations.

2. Quotation, Order and Minimum Order Value

Issuing a quotation does not obligate Hama to accept the order. Changes shall be made in writing. Technical details and illustrations of articles for sale in advertising brochures and other advertising information are not binding features, but instead descriptions or labelling of our products. Factory tolerances as considered usual within the trade shall be considered binding in all cases in so far as no special limits for acceptable deviation have been agreed upon.

Where samples have been provided, Hama shall make every effort to deliver to the quality and specifications of the relevant sample. Slight deviations shall not constitute grounds for a claim on the part of the ordering party.

a) Domestic orders

We shall apply a surcharge in the amount of € 4.00 for orders below the minimum net order value of € 50.00.

b) International orders

The minimum value for foreign orders shall be defined in a separate agreement.

3. Prices

All prices are ex works or warehouse and subject to legally stipulated value added tax at point of transaction. Postage and packaging costs are itemised separately on our invoices, as is transport insurance.

4. Delivery and Period of Delivery

Unless the period of delivery has been agreed upon in written form for a specific case, delivery dates are to be understood as approximate dates to which we shall adhere whenever possible. Should the period of delivery be exceeded, the purchasing party may set an appropriate extension of said period, after the end of which they may withdraw from the contract through written declaration of their intent to do so.

The period of delivery shall be considered adhered to if the object of delivery has left the factory or notification of readiness to ship has been sent before the end of said period.

The period of delivery shall be extended in the event of industrial disputes, particularly strikes and lockouts, as well as unpredicted obstructions beyond our control such as disruption of production, delay in the delivery of essential materials and other such disruptions that demonstrably bear on the delivery of the goods to be delivered. The same applies should such eventualities affect subcontractors. The period of delivery is extended according to the duration of such eventualities and obstructions. Should delivery become impossible or unreasonable, we are released from the responsibility of making delivery.

We are also not responsible for the aforementioned circumstances if they occur during an already existing delay. In important cases, the onset and conclusion of such obstructions shall be communicated by Hama to the ordering party at the earliest possible occasion.

The purchasing party shall have no right to compensation for delayed delivery, unless deliberate or gross negligence on our part can be demonstrated.

We are entitled to undertake partial deliveries in acceptable and reasonable quantities. Disputes over partial delivery do not entitle the purchasing party to refuse further partial deliveries.

5. Shipping and Transfer of Risk

All deliveries take place at the expense of the purchasing party.

The choice of route and means of transport are determined by Hama to ensure the swiftest transportation and punctual arrival to the best of its knowledge but without liability on the part of Hama.

Risk shall be transferred to the purchasing party when the object of delivery is received by the forwarding agent, carrier or other transporting agent – including those that are employed by us – and in any case no later than when the object leaves the factory or warehouse. This also applies to FOB and CIF transactions.

Goods for which notice has been given that they are ready for dispatch on the agreed upon date must be retrieved immediately. Hama is otherwise at liberty to store goods at the cost and risk of the customer as it considers fit, and to charge such goods as ex works or warehouse. The same applies if delivery cannot occur as a result of failure or suspension of transport, or of other conditions for which we cannot be held responsible. Should the ordering party delay acceptance of delivery for more than fourteen days after receiving notification of availability either intentionally or through gross negligence, Hama shall be, after an extension of a further fourteen days, entitled to withdraw from the contract or to demand compensation for breach of contract.

6. Terms of Payment

a) Creditworthiness

In the case of delayed payment and justified concerns as to the solvency and creditworthiness of a purchasing party, Hama is within its rights to demand securities or advance payment for pending deliveries and to make all claims of the financial transaction immediately payable without affecting our other rights.

b) Terms of Payment, Domestic

Payment shall be made in cash or by transfer of funds at a discount of 2 per cent of the invoice amount if made within ten days, or without any discount on the fixed price if made within thirty days. Payment shall be made irrespective of receipt of goods. In the absence of other agreements, advance payment shall be required. Payment by the ordering party shall be considered in default if such payment has not been made within the payment period starting upon receipt of the invoice. Set-off and retention rights shall only be granted to the ordering party if counterclaims are legally recognised, beyond dispute or recognised by Hama.

We only accept rediscountable bills of exchange from the Bundesbank by special arrangement and on account of payment. Bills of exchange or cheques shall, subject to receipt, be credited with the value date of the day on which Hama shall finally have access to the proceeds. All costs incurred thereby are the responsibility of the purchasing party.

If the payment deadline is exceeded, article 288 of the German Civil Code shall apply.

c) Terms of Payment, International

Only written terms of payment are valid for export trade. In the absence of such agreements, advance payment shall be required.

7. Retention of Title

Hama itself shall retain title of delivered goods until such time as the customer has made all payments resulting from the transaction, including those covering interest and costs, and any necessary balancing of a current account and any cheques or bills given in payment have been fully honoured. As long as payment resulting from the transaction remains due, the following shall apply:

The purchasing party is within its rights to sell, process or use goods subject to this retention of title within the normal course of business. Should the purchasing party be placed in default due to outstanding payments, all factory-condition goods in the hands of the purchasing party and/or goods still to be received shall be put at our disposal.

Should any goods to which Hama maintains title be sold, all claims to reimbursement shall be transferred to Hama without any particular act of transfer being required when demand is made.

The purchasing party may collect such claims as have been transferred to Hama, but must immediately redirect collected funds to Hama. The same also applies to all claims arising from any other service provided by Hama.

The purchasing party is not entitled to pledge goods or ceded claims or to use such goods or claims as securities. Hama must be immediately notified of seizures by third parties. The purchasing party is obligated to insure goods against fire damage and theft and to furnish proof of insurance upon request. The retention of title extends to cover new items produced by processing. If property of the purchasing party is mixed or combined with items owned by Hama, Hama acquires partial ownership under articles 947/948 of the German Civil Code. On the request of the purchasing party, Hama shall release its securities in so far as the value of our securities exceeds more than 20 % of the claim on a non-temporary basis. The choice of securities to be released lies with Hama.

8. Claims for Defects and Warranty

a) Claims for Defects

Hama warrants that its goods shall be free of material defects and defects of title at the time of transfer of risk. The warranty period begins with receipt of the goods by the customer and lasts two years.

Received goods shall be checked on receipt as to proper quality. The purchasing party shall notify Hama of any detectable defects in writing within fourteen days of receipt of goods. Hidden defects shall be reported in writing as soon as they are detected, at the latest within two years after receipt of goods. In the event of justified complaints made within the appropriate period, Hama shall rectify the defects, exchange the goods, or issue a credit note at its discretion.

b) Warranty

Hama warranties some of its products as indicated on the relevant product warranty card. Defects of material or fabrication shall be rectified within the warranty period by repair or replacement at Hama's discretion.

The warranty does not cover claims for damages of any kind, particularly not for replacement due to consequential damage. If the device in question is still under warranty, it shall be sent to Hama along with details of the defect and the dealer's receipt as proof of warranty.

c) Voiding of Claims for Defects and Warranties

In the case of defects caused by force or improper use, as well as in the case of repairs or actions by the purchasing party or third parties without our express written consent, the right to claim for defects and the warranty become null and void.

In the case of articles subject to wear and tear, no damage resulting from use over and above appropriate norms shall constitute a defect.

d) Reimbursement of Expenses

Reimbursement of expenses pursuant to article 439 II of the German Civil Code shall be agreed with Hama on an individual basis. This only applies to purchasing parties who themselves sell the goods they receive to private individuals. Any further liability for other reimbursement of expenses is excluded by Hama. The purchasing party has no other rights.

e) Postage and Shipping Costs

The sender is responsible for initially paying the postage and shipping costs for any shipments sent to Hama relating to claims for defects, warranties, product liability claims and similar matters. These costs will be reimbursed once the validity of the claim is acknowledged.

9. Disclaimer

Regardless of the legal basis of such claims, our liability for damages is limited to intentional acts and gross negligence, including intentional acts and gross negligence on the part of our representatives and agents. In so far as no intentional breach of duty exists, liability is limited to foreseeable damage that typically occurs. In the case of breach of an essential cardinal duty, we assume liability irrespective of the degree of fault. However, our liability is limited here to foreseeable damage that typically occurs.

Liability due to non-accidental injury to life, limb or health is not affected. Liability is also not affected in so far as it is mandated by the German Product Liability Act, in the case of wilful deception or if a warranty is provided.

10. Returns

If it is necessary to clear merchandise, the scope and execution is generally to be clarified with us or with our field service. The following products are excluded from merchandise clearing: products from the technical price-list and weekly price-list (WPL), picture frames, opened display items, items with minimum order quantities and products that have been discontinued from our line. We also reserve the right to exclude from merchandise clearing individual product ranges that might be damaged during transport, that were delivered as part of a sales campaign or that could result in increased costs/procedures for returns and disposal.

Goods must be returned in the original packaging and with all shipping costs paid by the sender. The invoice belonging to the original delivery must accompany the shipment. Credit notes from the return of goods may only be charged against new orders of goods. Credit notes are subject to relevant deductions. Handling costs are set at fifteen per cent of the credited value of goods.

11. Applicable Law

The material law of the Federal Republic of Germany shall apply. International law on the purchase of moveable goods shall not apply, even if the purchasing party has headquarters abroad.

12. Place of Performance and Jurisdiction

The place of performance for both parties is Monheim, Bavaria, Germany. In the event of any disputes arising from contractual conditions, all lawsuits are to be filed at the court whose jurisdiction covers our headquarters if the ordering party is a merchant under commercial law, a legal entity under public law or a special fund under public law. We also reserve the right to file lawsuits at the location of the headquarters of the purchasing party.
