CUSTOM

Your design ideas, the needs of your staff, the ergonomic comfort, your budget...
These challenges are the foundation of our Custom Division of Fusion Consoles.

We strive to provide the highest standards of design innovations.
Our craftsmanship and attention to detail are benchmarks of quality.
Our combination of a welded frame and multiple types of finishes
assure strength, durability and aesthetics.

Our diverse use of materials allows us to tackle
projects both large and small.

We can design and manufacture a small
workstation for a nonlinear editor working out of
a home office and match the interior design of
that home

We can work as part of a team with
architects, interior designers, owners,
managers and post production personnel to
renovate a large facility. We provide consoles
for broadcast, editing, telecine, graphics,
command and control, audio post, and digital
cinema including ergonomic requirements
for sit-stand technology.

Whatever your requirements,
we will create innovative solutions to meet your design needs and budget.
Just call us.
