6. The Council of the Society and the Director reserve the right to adjudicate on any entry or upon any question in dispute or doubt and to make any determination upon any matter whether covered by the conditions of entry or not and the decision so made shall be final and binding and the Society shall thereby have sole and absolute control of all matters affecting the conduct of the Show and the exhibits and exhibitors. We help to build the Australian way of life.

Ideas shape the future. Ideas spark research leading to new products and better processes. To an improved standard of living and increased life expectancy.

Every day, without knowing it, you're enjoying the benefits of ICI Australia's ideas.

The food you eat is protected by ICI products that help keep crops and animals healthy.

The clothes you wear contain modern fibres produced by ICI technology.

ICI produces the raw materials for a host of everyday items:

- From brake fluids to non-stick frying pans.
- From plastic lunch-wraps to washing-up liquids.
- From antiseptics to life-preserving heart drugs.

The products of our petrochemical industry play a big part in the life of every Australian.

Every year, ICI Australia spends nearly \$20 million on research, development and technical services aimed at making a better future for all Australians. And the hundreds of millions we are spending on new plants will provide more jobs, and more products, for that future.

ICI is people, products and progress. And we're planning on making a big contribution to the Australian way of life for many, many years to come.

ICI Australia Limited
