Want to own your home a lot sooner? Talk to us.

That's right, it all begins with a chat. That way, we can introduce you to a rather clever computer program called the National Home Loan Simulator.

What it does is highlight the savings you can make by adjusting your loan repayment to suit your financial situation. Both now and in the future.

This kind of flexibility gives you the opportunity to not only reduce the period of time it takes to repay your loan, it can also reduce the amount of interest you pay.

Hence, this could save you thousands of dollars on your home loan repayments.

Now isn't that worth talking over?

Call 13 13 12 and we'll explain more. Or call into your nearest National Branch.

CLASS 385 - WHITE WINGS PLUM PUDDING. Cooked in basin. Pudding to be removed from basin for judging. (Entrants in this Class must use the recipe provided in Schedule).

INGREDIENTS:

250g each sultanas, seeded raisins, currants
125g mixed peel
60g blanched almonds, chopped
Finely grated rind of 1 lemon
125g White Wings Plain Flour
½ teaspoon salt
½ teaspoon nutmeg
1 teaspoon mixed spice
250g soft brown sugar
125g soft white breadcrumbs
4 eggs
250g butter, melted
½ cup milk
2 tablespoons brandy

METHOD:

Mix together the sultanas, chopped seeded raisins, currants, mixed peel, almonds and lemon rind. Sift together the flour, salt and spices. Combine the brown sugar and breadcrumbs with the fruit and flour mixtures. Lightly beat the eggs and combine with the slightly cooled melted butter, milk and brandy. Mix the dry ingredients with the moist ingredients. Place the mixture into a greased pudding basin, approximately two two and half litres in capacity. Place one thickness of greaseproof paper over the basin followed by a thickness of foil. Tie securely with string. Place the basin on a trivet in a large boiler of boiling water, ensuring the water comes two thirds of the way up the side of the basin. Cover the boiler with a well fitting lid making sure the water is continually replenished and that it remains on the boil. Boil steadily for six hours, then allow to cool and refrigerate.

- ¾ cup castor sugar
- 1 cup self raising flour, sifted 1-2 times
- 3 tablespoons water

Want to own your home a lot sooner? Talk to us.

That's right, it all begins with a chat. That way, we can introduce you to a rather clever computer program called the National Home Loan Simulator.

What it does is highlight the savings you can make by adjusting your loan repayment to suit your financial situation. Both now and in the future.

This kind of flexibility gives you the opportunity to not only reduce the period of time it takes to repay your loan, it can also reduce the amount of interest you pay.

Hence, this could save you thousands of dollars on your home loan repayments.

Now isn't that worth talking over?

Call 13 13 12 and we'll explain more. Or call into your nearest National Branch.

HAIR *by* IAMS

Your cat's coat is a clear reflection of the food you are feeding her. She is a strict carnivore (meat eater) and needs a food rich in protein. Only animal proteins will provide your cat with the nutrients she requires for proper hair, muscle, skin and bone development.

Iams dry cat and kitten foods are made with chicken, fish and egg, three of the purest, most natural sources of protein available. We only use premium grade chicken fat to meet a cat's high energy demands. The quality of these highly palatable ingredients is also

why Iams cats have a thick glossy coat and clean healthy skin.

Naturally we do not use artificial flavourings, colourings or preservatives. All our foods contain animal proteins and the optimal

balance of vitamins and minerals. As a result cats fed on Iams are less likely to develop food related kidney or bladder stones.

There is also more usable nutrition in every gram of Iams, canned or dry. So you won't need to feed as much, making it highly cost effective. Feed your cat Iams and you will probably see the benefits in just six weeks. Benefits like a thick glossy coat, small, well formed stools and a good all-round physical condition.

So you see, Iams keeps her as healthy on the inside as she looks on the outside.

1% FAT. 99% TASTE.

"I've tried a lot of milk looking for the right combination of taste and low fat. Tasmaid Pura Light Start is an easy winner. Rich in calcium for strong bones, but with only one percent fat, it's the perfect way for all the family to start the day."

Spend 24 hours as a cat and you'll swear off supermarket pet food forever.

Sleeping two-thirds of the day away may not look like hard work, but your cat still requires the maximum nutrition in Iams to look and feel her best.

Because much like the lion, who sleeps 20 hours a day, cats burn up massive amounts of energy in short bursts. Like jumping five times their height to swat at a moth.

So, to replenish that energy, your cat needs the concentrated, complete nutrition contained in Iams. She needs its real meat protein - which is easier to digest and utilize than the vegetable protein found in most supermarket cat foods and results in

smaller stool. She needs its quality fat for a shiny coat. Along with an optimal balance of carbohydrates, vitamins and minerals.

For the kind of efficiency that pays off in a healthier cat, look for Iams Cat Food or Kitten Food. You won't find it in supermarkets, but you will find it in veterinary clinics, pet shops and other specialty outlets. For more information
