

# **School License Agreement Annual Fee Worksheet - EMEA**

**DECEMBER 2017** 

**Academic Program Information Link** 

## **Product Selection & Bundle Calculation Instructions:**

As part of the compliance and annual order process, this worksheet must be sent to EMEA\_Contract\_Admin@Micro Focus.com (for Europe, Middle East, Africa) or contractadmin@Micro Focus.com (rest of world).

1. Select any of the bundles or products below by checking the box in the Model Selected column. Any combination of products or bundles may be selected for a minimum price of \$2.50 USD per enrollment or \$38.00 USD per Workstation. \$1000 minimum total purchase price.

2. Compute the Total Price based on the total cost of the products selected and compute the Annual Fee by multiplying the total Enrollment/Workstation/Mobile Device number by the total price. For example: 1 Bundle @ 2.50 plus 2 Additional products (\$0.60 ea) = \$3.70 total price x enrollment of 1,000 = Annual Fee

#### MOBILE DEVICE LICENSE:

Upon purchase of a license for ZENworks Mobile Management, the following terms become part of Your SLA.

To acquire a Mobile Device License, You must purchase a license for each Mobile Device. To acquire a FTE license, you must purchase a license for all FTE. Subject to the terms and conditions of this Agreement, the license purchase authorizes You to install and use one copy of the Mobile Management Application on each Mobile Device (for an FTE license, for each Mobile Device used by an FTE person). This license allows You to use the Software solely to manage licensed Mobile Devices. You may not use or allow the use of the Software other than for Your own internal purposes.

Mobile Device means each smartphone, tablet, laptop, netbook or other device with wireless capability: (1) on which any portion of the Software is installed or used, or (2) from which any portion of the Software is accessed.

Mobile Management Application means the module included with the Software that is installed on a Mobile Device for management by the server Software.

The Software may include a level of encryption data security for communications with Your email platform. You assume full responsibility for the establishment of appropriate security measures to control access to the solution. Airtime services are not provided by or through Micro Focus; You assume full responsibility for issues relating to use and the availability of airtime services.

#### ENROLLMENT LICENSE

The Enrollment count means the number of students enrolled in Customer (whether full or part-time) during the prior academic year.

The Enrollment number calculation for students must be demonstrated through a verifiable means that may include use of an audited annual report, an organization's human resource system, or the government website, government report, or other published report provided by Customer that shows accurate information.

Upon mutual agreement of the source of the data used for the Enrollment number calculation, Licensor will accept calculations based on the source that are up to one year old. The data source used for the calculation must be identified on the annual SLA Worksheet. The SLA Worksheet must be returned to Micro Focus along with Customer's purchase order.

Under the SLA, payment is based on either the student Enrollment number or the number of Workstations. However, subject to the SLA's terms, in addition to Customer's students, Customer's faculty, staff and students' parents are licensed to use the Software for school-related purposes.

### DESIGNATED AGREED UPON SOURCE OF DATA FOR ENROLLMENT CALCULATION
