Home Automation

Our range of flat buttons has been designed for very low voltage currents, up to 48V. They are ideal for connected homes and projects involving home automation applications.

The mechanisms of our flat buttons are dry-contact and are therefore compatible with all the home automation protocols on the market.

It is now possible to harmonise your home automation applications (lighting, sound, roller shutters, temperature, etc.)

Cover plates and flat buttons can be engraved. This range is available in the M, Confidence and Fascination collections.

In the event of an order for delivery to a country other than mainland France, the Client shall be the importer of the Product(s) concerned. Customs duties or other local taxes, import duties or national government taxes may be enforceable. These duties and payments shall not be the responsibility of Modul Distribution. They shall be assumed exclusively by the Client, with respect to both declarations and payments to the competent authorities and organizations in the country of destination. The final price will depend upon the applicable INCOTERM for the Client, which will define the distribution of logistical and administrative costs between the Client and Modul Distribution.

If Modul Distribution allows a discount for payment in cash, the conditions for this discount shall be entered on the invoice.

When a client account is created, orders will be settled at the time of ordering (prepayment).

This mode of payment may be subject to change, in the event of the conclusion between the Parties of a written agreement for derogation therefrom. In this case, the due date for settlement shall be that indicated on the invoice.

In all cases, terms conferred shall not exceed those indicated in Article L.441-10 of the Commercial Code, namely, 45 days from the month-end or 60 days from the date of invoicing.

Settlement of orders shall be completed by bank transfer only.

Moreover, the term of validity of credits issued by the company shall be one year with effect from the date of issue thereof. No credit issued by the company which dates back more than one year shall give rise to any deduction in conjunction with a settlement or reimbursement.

6. DEFAULT OR ARREARS IN SETTLEMENT

In the event of any default or arrears in settlement, Modul Distribution shall be entitled:

- To immediately suspend the delivery of orders pending;
- To require the settlement of a delay penalty, to an amount equal to three times the statutory interest rate;
- To require the immediate settlement of all invoices, whether due for payment or otherwise;
- To require settlement in respect of all orders pending, prior to delivery;
- To initiate action at law for the recovery of sums due, which shall be subject to the addition of the above-mentioned interest on arrears, under the terms of a penalty clause, which shall be fixed at 20% of outstanding capital and interest, plus legal costs;
- To cancel the sale, and to require the settlement of compensation.

Any sums received shall be automatically offset against the oldest invoices outstanding, even if the amount thereof corresponds to other invoices.

GENERAL TERMS AND CONDITIONS OF SALE

7. RESERVATION OF OWNERSHIP

Ownership of Products ordered and/or delivered shall only be transferred in favour of the Client further to the full settlement of the price and ancillary charges, and subject to the impeccable fulfilment by the Client of all their obligations vis-à-vis Modul Distribution.

The Client shall assume, with effect from delivery, risks associated with the stewardship of Products, as defined in the present article.

Consequently, in the event of any outstanding default in settlement by the Client vis-à-vis Modul Distribution, we expressly reserve the right to recover such Products as are still in the possession of the former, the transfer of ownership whereof has yet to be completed.

8. EXCHANGE OR RETURN OF GOODS

No return of goods shall be accepted in the absence of the prior and written agreement of Modul Distribution to this effect, and in the event of the failure of the Client to observe the procedure described in Article 3 of the present GCS.

Terms governing returns are described in our "General conditions of return" (Annex 1), and our "Specific conditions of return" (Annex 2) attached hereto.

9. GUARANTEE

Products shall be guaranteed to the Client in accordance with Annex 3 of the present GCS.

10. INTELLECTUAL PROPERTY

The purchase of Products by the Client from Modul Distribution shall not confer in favour of the Client any intellectual property rights with respect to the distinctive symbols (such as logos and trademarks) of Modul Distribution, the contents of its website or the documentation of Modul Distribution or with respect to Products marketed by Modul Distribution and the appearance thereof (hereinafter "Elements"), which shall remain the full and exclusive property of Modul Distribution, or of its dealers who have been authorized to undertake the utilization thereof.

Any information, documentation or content pertaining to the Products of Modul Distribution, or to the representation thereof, shall be exclusively supplied by Modul Distribution, or by a representative appointed by the latter. The Client hereby undertakes to represent on their website, and/or at their points of sale, only such information, documentation and official content as shall be supplied or validated by Modul Distribution. The Client undertakes to use information, documentation or content disclosed by Modul Distribution exclusively for the purposes of the promotion and marketing of Products, in accordance with the present GCS, without geographical limitation and on any medium, including electronically. Any other utilization by the Client shall be subject to the prior and written authorization of Modul Distribution. The Client shall refrain from the conferral, in favour of any third party, of entitlements conferred by Modul Distribution in the context of the marketing and promotion of Products.

The Client hereby undertakes to utilize Elements in accordance with the entitlements and interests of Modul Distribution pertaining thereto, to respect and enhance, to the best of their ability, the image of trademarks and Products, and to refrain from any damage to the reputation thereof. Modul Distribution shall reserve the right to contest, terminate or seek reparation in respect of any utilization which it shall deem unfair or contrary to its image, its interests or to any entitlements conferred by the latter or conferred in its favour.

In the context of the execution of the agreement between Modul Distribution and the Client, either party may have occasion to collect personal data on the employees, agents and representatives of the other party. These data shall be collected and processed, in the context of actions assumed in the capacity of data controller, exclusively for the following purposes:

Data shall not be transferred outside the European Union.

Personal data collected in this context shall be conserved for the duration of the present agreement, notwithstanding the entitlement of either party to archive all or part of said data in order to fulfil their statutory obligations or establish their legal entitlements. The persons concerned shall enjoy a right of access, rectification, deletion or portability with respect to their data, together with an entitlement to object to the processing of their data or to request the limitation of such processing. These entitlements may be exercised directly vis-à-vis the party concerned.

12. ASSIGNMENT OF JURISDICTION

Relations governing the Client and Modul Distribution shall be subject to French law.

Any dispute pertaining to our sales, even in the event of the guarantee claims or multiple defendants, in the absence of amicable agreement, shall be referred to the exclusive jurisdiction of the Commercial Court of Versailles.

13. CONFIDENTIALITY

In the event of receipt by the Client of design analyses, plans, drawings and documents pertaining to Products (hereinafter "Confidential Information"), the latter shall undertake to protect the confidentiality thereof, and shall not publish, communicate or disclose said Confidential Information, by any means whatsoever, to third parties. Said Confidential Information shall remain the property of Modul Distribution.

14. PARTICULAR CONDITIONS

In the event of the conclusion of a written agreement between the Client and Modul Distribution, over and above the present GCS, said agreement shall constitute particular conditions for the modification or expansion thereof.
