

Universal Opening Flush Style Faceplate

December 1, 2022

CommScope is pleased to announce a new line of universal flush mounted faceplates. The universal opening design allows CommScope M series, SL series and KJ series (with adapter) jacks to be installed in the same port. Fewer material IDs means easier management of stock and lead times.

Design Features:

- Universal opening: Used both with M and SL series modular information jacks. Also used with KJ series jacks with an adapter 760248426.
- Material is UL 94 V-0 compliant
- 7 colors options
- Label and no label options
- 1/2/4/6 ports available
- Icon snap in

General Availability: Jan 2, 2023

Ordering Information:
