What is State Employees Federated Appeal (SEFA)?

SEFA is the solicitation of State employees in their workplaces on behalf of approved charities, authorized through State Law and Regulations and supported by labor and management.

Through SEFA, state employees can support charities of their choice through a single pledge, easily paid through payroll deduction or by check.

Structure of SEFA

SEFA is made up of six regions. In those regions, there are 13 local area campaigns that organize the annual fund raising effort in State workplaces in their respective areas. Each local campaign has a Local Committee, composed of State employees and representatives of labor unions. They are responsible for the oversight of the local SEFA campaign. Each Region appoints two Local Committee members to the Statewide Council which provides guidance and support to the Local Committees. The Office of General Services (OGS) regulates SEFA and provides guidance and oversight.

The SEFA Charity Book

The Charity Book is a document or web-based display of charities that have met SEFA eligibility requirements. A sample charity listing is shown below with key elements shown in italics. Key elements include: the charities SEFA code, the IRS Business File name is in parentheses after the doing business as name, a 25-word statement of purpose, and its administrative and fundraising expense rate (AFR).

Making Informed Giving Decisions

The information below is included to help you identify charities that meet your interests and performance standards:

Sample Charity Listing

ABC Charity (Legal Name)

Code: 50-00567 (Region)

www.abccharity.org

EIN# 12-3456789 800-555-5555

We attack the causes of hunger and poverty by promoting effective and innovative community-based solutions that create self-reliance, economic justice, and food security. 15.8%

The Administrative and Fundraising Rate (AFR) represents the percentage of dollars spent on administering the charity. It is calculated as a percentage of the charities total support and revenue. Donors concerned about an excessive AFR should contact the charity and/or review its IRS Form 990, which is available to the public, for a complete explanation. Each situation is unique. Donors may contact the charity directly in order to better understand the financial status, service delivery record and governance policies of the charity before donating.

What Are The Costs Of The Campaign?

Funds are required to print materials, train volunteers, audit contributions and other administrative duties. All local campaign costs are reviewed and approved by the Local Committee governing the local campaign. On average, this cost is low compared with other fundraising campaigns. Therefore, donating to a charity through SEFA ensures every dollar you pledge goes a very long way toward helping others.

Do I Have To Donate Through SEFA?

Participation in SEFA is completely voluntary and can be done at any time during the year. If you choose to pledge, simply complete the pledge form found in this book or through the website @ www.sefanys.org.

What Is Continuous Giving?

A Continuous gift is a donation without an end date. Beginning this year, your pledge will be a continuous gift until you change or discontinue it. To change or discontinue your gift, simply complete the pledge form found in this book or through the website @ www.sefanys.org.

What Is ePledging?

In general terms, ePledging means that donors have the additional pledging tools of the charity book and pledge form available to them online. Beginning this year all local campaigns offer the online charity book and secure pledge transactions. This paperless process is one way SEFA is striving to go green and reduce administrative costs related to the processing of pledges. Please visit www.sefanys.org to pledge.

What Is The Payroll Deduction Option?

Payroll deduction makes it convenient for you to give. Payments on payroll deduction pledges begin on the first pay period beginning in January for new pledges received through the annual campaign. If your pledge is outside of the annual campaign, it will begin the following payroll after it is received by your payroll department. All pledges are considered Continuous Gifts and will not end under you change or discontinue your payroll deduction. There is no simpler way for you to make good things happen for so many people than to contribute using payroll deduction. Payroll deduction helps you care for your community and your world.

Will I Receive A Receipt For My Contribution?

You should keep a copy of your pledge form, as well as your final pay stub (if you made a payroll deduction contribution), as a receipt of your pledge. A State employee who makes a one-time (check or money order) contribution must maintain a bank record and a copy of the pledge form to show the name of the charities contributed to, the date of the contribution, and the amount of the contribution. You should consult a tax adviser to determine if additional verification of the donation is required by the IRS.

Can I Specify Which Charity Will Receive My Contribution?

Yes, SEFA is a donor-designated campaign. By using the code of the charity of your choice, you ensure that your donation goes to meet the needs that you feel are most important. Simply designate the charity(s) of your choice on your pledge form by entering its code and the amount you wish to pledge. All contributions are distributed as designated less the documented expenses for the operation of the local region and unfulfilled pledges.

You may designate your gift to as many approved charities as you'd like and any dollar amount through SEFA. To give to more charities than can be added to the pledge form, please complete additional pledge forms with your name on them, stapling them together. The top pledge form must contain the sum of all pledges. You cannot designate to a charity that is not approved by SEFA.

Adding charities not listed, or write-ins, is prohibited and donations to such charities will be treated as undesignated funds. In addition, pledges made using anything other than the assigned codes cannot be honored and will be treated as undesignated funds. Any pledges without a valid SEFA code will be considered undesignated. Undesignated funds are distributed proportionally to all charities in your region that received designations.

What Are Federations and Unaffiliated Charities?

A federation is a charitable organization that provides common fundraising, administrative and management services to its member charities. Member charities may pay dues or fees to that federation as a service charge. Unaffiliated charities are not members of a federation and participate in SEFA on their own.

What Happens if the Charity I Select Goes Out of Business Before All Funds Have Been Disbursed?

SEFA will disburse funds to designated charities until it is notified that the charity is unable to accept any further funds due to closure. The remaining designation to the charity will be disbursed as undesignated funds.

WHAT CAN YOUR DOLLAR DO?

\$2 A PAY CHECK = \$52 PER YEAR

Provide 1 year guided nature exploration to a preschool student in Head Start or Pre-K programs

Provide food for 2 dogs or cats for 3 weeks
