

Snom D785 Quick Reference

Warm Transferring Calls

A warm (attended) transfer allows Users to speak privately with the receiving party before transferring the call. A warm transfer also confirms the availability of the receiving party.

1. While on a call, press the **Hold** **J** button.
2. Dial the phone number or extension of the receiving party.
3. Greet the receiving party and advise them of any important information.
4. Press **Transfer** **I**, then press the **Confirmation** **C** button to perform a warm transfer.

Blind Transferring Calls

A blind (unattended) transfer involves transferring the call to another number without speaking to the receiving party, regardless of whether they answer.

1. While on a call, press the **Transfer** **I** button.
2. Dial the phone number or extension of the receiving party.
3. Press the **Confirmation** **C** button before the receiving party answers to blind transfer the call.

Checking Voicemail

There must not be a call on the line when attempting to check voicemail.

1. Press the **Voicemail** **F** button or dial ***86**.
2. Enter the personal voicemail passcode, then press **#**. The default is **0000**.
3. Press **1** to listen to new or saved voicemails.
